BASE10

Disease Management Platform

Let's get back to work millions are waiting

• • •

WE HELP CREATE A SAFER AND OSHA COMPLIANT WORK ENVIRONMENT THROUGH PROVIDING COVID-19 TESTING, VACCINATION TRACKING AND REPORTING

COVID-19 testing & vaccination management for employers

- The BASE10 platform tracks vaccination data for vaccinated employees and streamlines weekly testing for unvaccinated employees
- Automated weekly test kits for unvaccinated and partially vaccinated employees with 48-hour turnaround time, with the option to test at home and ship overnight to lab
- Comprehensive & customizable dashboards for real-time data
- Proven system with over 500,000 COVID-19 testing and vaccination cases recorded and counting
- Streamline process for faster vaccination tracking; prevent outbreaks in your organization without losing your staff
