BEAT THE BLOODSUCKERS

Mosquito Joe® is dedicated to one thing: getting rid of mosquitoes, so you can enjoy being outside again. We also know mosquitoes are more than just an annoyance, they're a real health problem around the world. That's why we're partnering with **United to BEAT MALARIA** and raising money through our Beat the Bloodsuckers campaign to send life-saving mosquito nets to families in Sub-Saharan Africa, Latin America and the Caribbean. **United to BEAT MALARIA** is a global grassroots campaign to raise awareness and funding to fight malaria, a preventable disease that claims the life of a child every two minutes.
