United Way of West Florida Seeks Ambassadors to Make a Difference in the Community

Pensacola, FL – United Way of West Florida is excited to announce the launch of its Ambassador Program, inviting passionate and dedicated individuals to serve as Ambassadors and contribute to strengthening our community.

As an Ambassador for United Way, you have the opportunity to sharpen your leadership skills, foster meaningful community connections, and become part of a collective effort that transcends any one person or organization. United Way is seeking individuals who are committed to making a lasting impact and driving positive change in the lives of those in need.

By joining the Ambassador Program, volunteers will dedicate approximately 10 hours per month from June through December to support United Way's mission of raising funds to address critical needs within our community. These critical needs include but are not limited to education, health, financial stability, and basic human needs. Ambassadors will play a vital role in helping United Way meet these pressing needs and bring about positive, sustainable change.

Being an Ambassador for United Way of West Florida offers numerous benefits. It provides a platform to expand your leadership skills, enhance your professional network, and develop a deep understanding of the challenges faced by individuals and families in our community. As an Ambassador, you will also have the opportunity to collaborate with like-minded individuals, share your expertise, and contribute to innovative solutions that drive community progress.

United Way of West Florida welcomes individuals from all backgrounds, experiences, and professions to apply for the Ambassador Program. Whether you are a business professional, a community leader, a young philanthropist, or someone simply passionate about making a difference, we invite you to join us in our mission to create lasting change and improve lives.
