

Practitioners... Join us on June 13, 2023, 7:30pm CST at the UWF to learn how Dr. Jeffery Hubbard is growing his practice by offering his patients the Stem Cell Activation Therapy!

People who were suffering from acute pain, and inflammation, chronic fatigue, and restless sleep, as well as so many other health challenges, found relief with this all-natural product that activates your very OWN stem cells, w/o the use of injections or drugs.

Dr. Hubbard will share the science, testimonials, and how you too can help your clients and create substantial income to grow your practice.

Hosted by Patching with Susie and Sharon!

Click below for event details and register to save your seat! Snacks & Refreshments will be served. Susie/214-883-2731 or Sharon/214.405.2943
