For Immediate Release

Ferry Pass Middle School Odyssey Teams Rank Top Quarter at World Finals

Pensacola, FL - Two teams from Ferry Pass Middle School competed at the Odyssey of the Mind World Finals on the campus of Michigan State University in East Lansing, Michigan May 25-27.

Both teams, representing the state of Florida, performed exceptionally, ranking in the top quarter of all teams! FPMS Problem 3 "Classics...The Walls of Troy" placed 16th out of 54 International Teams. FPMS Problem 5 "The Most Dramatic Problem Ever" placed 15th out of 66 International Teams.

Competition consisted of a Long Term Problem solution performance for each Problem that teams have worked on for many months and a Spontaneous Problem the teams must complete and get scored on without prior knowledge of what it is.

The FPMS teams met students from all over the world, exchanging ideas and culture at the International Fest and throughout the week. One such activity that brought all ages and cultures together was the very popular activity of PinTrading. Each State/Region/Country produces special pins each year, which make collectors keen on collecting the most unique and hard to find individual pins and pin sets.

The students made memories to last a lifetime and want to thank all of the community members that so generously donated making this trip possible!
