

# Intro for Chamber

Hello Pensacola! My name is Logan Rodgers. I'm the new General Manager at Walk-On's Sports Bistreaux here in Pensacola. We're located at 1240 Airport Blvd where TGI Fridays used to be. I've been here a few months and I figure it's time to get out in the community and be more involved locally. I was born and raised here, graduating from Pensacola Catholic High School in 2006. I started working in restaurants later that year and I've been in the industry for most of my life since then. I literally grew up in Pensacola's restaurants and I have amazing memories of the people I worked with and served during that time.

I moved away a couple times, most recently to Tallahassee in 2020. Coming back to Pensacola wasn't part of my plans until I got this opportunity to come back and help a struggling restaurant that was still in its first year. We celebrate our one year anniversary at the end of the month.

If you haven't been to Walk-On's yet, come try us out! We offer hand pattied burgers, loads of sandwiches, and a special selection of fresh seafood and Louisiana inspired cuisine. Love boudin, shrimp and grits, gumbo or red beans and rice? We got you covered! We have two happy hours each day Monday through Friday. One is 3-6 and the other 9-close. Saturday's is 3-5 for an extra "power hour".

When you come in please ask for me! I'd love to meet each of you and get to know the others in our community!
