Gulf Breeze Hospital Nurse Honored with DAISY Award

PENSACOLA, Fla. (Feb. 6, 2024) – Catie Chamberlin, R.N., has been honored with the DAISY Award for Extraordinary Nurses. Chamberlin works in the Post Operation at Gulf Breeze Hospital.

Chamberlin was recognized by a patient’s spouse for the extraordinary care she provided. “What I truly appreciated was how she took great patience with me in going through discharge instructions,” the nomination read. “Everything was written down in the paperwork, but Catie took the time to thoroughly explain it all. By far, Catie is one of the best nurses I think I’ve ever had the pleasure of meeting.”

The DAISY Award is part of a national merit-based recognition program established by the DAISY Foundation. It celebrates the education, training and skills nurses put into their work daily and, especially, the devoted care they give their patients. Nominations can be submitted by patients, families, physicians and colleagues. Names from nominations are removed to be anonymous before being reviewed by a selection committee. One nurse is then chosen as the DAISY Award winner. DAISY Awards are presented regularly, usually monthly or quarterly.

“The DAISY Award is a wonderful way for Baptist Health Care to recognize nurses for the expert, compassionate care they provide every day. Nurses serve as patient advocates and skilled care providers,” said Baptist Health Care Vice President and Chief Nursing Officer Joyce Nichols, APRN, FNP-BC, CWON. “The role of the front-line nurse has never been more important. We are proud to participate in the DAISY Award program and to recognize our nurses for providing a healing touch to their patients, both physically and emotionally.”
