**SUBJECT: INFRASTRUCTURE INVESTEMENTS TO REDUCE FLOOD RISK IN THE CAPITAL REGION**

**APPENDIX**

Reliable annual Energy and Water appropriations are essential to reducing flood risk for urban centers and rural agricultural areas that are critical to the Capital Region, the national economy, and food security. We request support for FY 2027 funding to protect more than 2.3 million residents across 50 communities and over \$250 billion in property.

**Corps of Engineers – Civil  
Department of the Army**

Recommended language under Construction: West Sacramento, CA. – The Corps is reminded that this project remains an authorized federal project and is encouraged to include appropriate funding in this account for future budget submissions before previously appropriated carryover is exhausted.
