Statutorily, the Public Library Fund (PLF) receives 1.66 percent of the revenue from all state General Revenue Fund (GRF) tax sources. HB 110 (134th General Assembly) temporarily increased this percentage to 1.70 percent for FY 2022 and FY 2023. Therefore, the above, reflects 1.70 percent of the revenue from all state GRF tax sources for January-June 2023 and 1.66 percent from July-December 2023. Distributions from the PLF to the Ohio Public Library Information Network and the Library for the Blind are then taken from the PLF for the January-June 2023 period only. This entitlement estimate is based on the aforementioned percentages of projected GRF tax sources (net of the aforementioned transfers) from the previous month (plus adding back the previous month's PLF and Local Government Fund transfers), multiplied by your county's computed share of the total PLF. Your county's share was determined pursuant to the formula contained in RC sections 5747.46 and 5747.47.

Note that the above figures are *estimates*, reflecting the current best projection of state tax revenues during Calendar Year 2023. Please remember that actual 2023 distributions to your county's undivided public library fund will vary from the above estimate by an unknown degree

As provided under Ohio law, in June 2023 we will issue an updated entitlement estimate for calendar year 2023.

¹ These transfers are set in each state budget. HB 110 (134th General Assembly) set the transfer amounts for FY 2022-FY 2023 (July 2021-June 2023). plf 2023 Dec 2022 forecast
