*Prestigious Awards Celebrate Outstanding Design & Construction Projects*

HONOLULU (November 16, 2022) – BIA Hawaii is pleased to announce the 2022 Winners of the annual Building Industry Design & Construction Awards competition. For over 35 years, BIA has conducted a competition featuring the best in remodeling and new construction projects statewide in partnership with NKBA Aloha Chapter. The competition is one of the most prestigious in the state.

The esteemed awards recognize achievements of our industry professionals. Categories represent a cross section of the building and construction spectrum. Judging is based on creativity, use of materials, craftsmanship, functionality, and design principles. The award-winning designs incorporate the latest technologies and products on the market today. Categories range from sustainable living and luxurious outdoor spaces to commercial and retail spaces. The competition inspires the exciting possibilities in our industry.

“The 2022 BIDCA Awards honor and highlight outstanding projects in our industry,” said Jess Leorna, BIA Hawaii CEO. “The building industry remains strong in our commitment to innovate and create projects that reflect amazing architecture and design. New this year is the Best in Hawaii Living award to highlight projects that exemplify Hawaiian values and create meaningful life experiences in Hawaii.”

The BIDCA awards honor the professionals who build our communities with dedication, perseverance, and creativity.
