And, for the first time ever, senior leadership from the **Department of Planning & Permitting** will address the public, and plans examiners will be onsite, live for interaction. In addition, we will hold a **Design Panel** that will offer a unique interactive experience - build a mood board and travel through the Show to see similar products and ask questions. Lastly, there will be a **Kupuna-in-Place Panel** to discuss hands-on ways to keep kupuna at home for as long as possible.”
