## Help Safeguard your Business and your Family with a **Lifecycle Buy-Sell Agreement**

Four ways a lifecycle buy-sell strategy helps protect your business

1. If your business experiences a **downturn**
2. If you (or another business owner) **become disabled**
3. If you (or another business owner) **depart the business**
4. If you (or another business owner) **die**

A succession strategy for every stage of your business

### Why life insurance?

Permanent, cash value life insurance is a long-term financial tool that can provide an immediate source of funds with which can help:

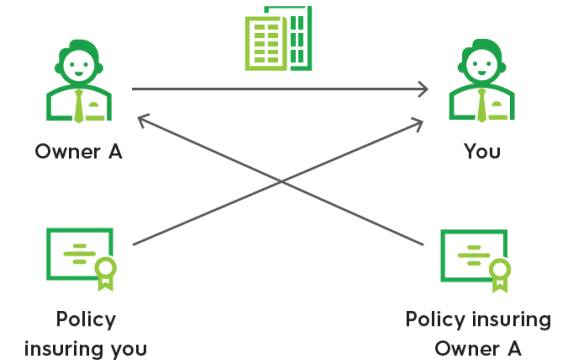

- Ensure business continuity and maintain marketability
- Promote a clean transition of business ownership
- Demonstrate stability through a stressful time
- Take the pressure off surviving family members

---

**Because your  
business is  
your life**

---

### How does a lifecycle buy-sell agreement work?

- You and your business partner(s) enter into a buy-sell agreement prepared by an attorney.
- The agreement stipulates how a partner's share of a business may be reassigned
- Each business owner applies for and owns a life insurance policy on the other owner(s).

**To learn how** a buy-sell arrangement can help provide you and your business a more certain future, contact Lacy Fonseca today at:
