WHY SHELBY COUNTY?

LOCATION FEASIBILITY

Shelby County is within a day's drive of half the U.S. population, conveniently located within the "Golden Triangle," where Louisville is 35 miles west, Lexington is 45 miles east and Cincinnati is 92 miles north.

LOGISTICS

Shelby County's central location is a logistical dream! Located at the center of a 34-state distribution area in the eastern United States, Shelby County provides easy access to Interstates 64, 71 & 75. Louisville International airport, which includes the UPS Worldport, is a 35-minute drive. Lexington's Bluegrass airport is 45 minutes away. There is also a DHL Hub 90 minutes north at the Cincinnati/Northern Kentucky International Airport. There are two major rail networks, Norfolk Southern and RJ Corman (CSX lines), running through Shelby County and 35 minutes for barge traffic on the Ohio River at Louisville-Jefferson County Riverport.

Shelby County ranks among the lowest in the nation for cost of doing business. Kentucky's innovative and progressive tax incentive programs provide flexible financial assistance businesses need when locating, expanding, or reinvesting in the state. Kentucky has the lowest cost of electricity in the industrial sector.

QUALITY OF LIFE

Life outside the office just couldn't be better than it is in Shelby County, Kentucky. Our breathtaking countryside is home to the heart and soul of the American Saddlebred industry. The city of Simpsonville has been designated the Saddlebred Capital of the World. Our parks are among the finest in the state. Shelby County is the perfect place to raise a family; enjoy the benefits of a small town just a short distance from the sights and sounds of city life.

RESOURCES

Not only are our primary and secondary schools exceeding their goals to graduate a college and career ready workforce, but they are also committed to working with local businesses to ensure a trained competent workforce can be found right here in Shelby County. A Workforce Development Coordinator facilitates communication and training between the school system and local businesses, preparing students for positions with local companies. The Cabinet for Economic Development offers additional workforce training and recruiting assistance for new and existing employees at no charge. They can take a personalized look at your business needs and develop a comprehensive plan. Industrial businesses can benefit from Shelby County Associated Industries (SCAI), which is a forum for plant managers, owners and lead staff to discuss issues affecting local industry at bi-monthly meetings. SCAI established a Training Consortium that provides training opportunities at a reduced rate.

HOW TO USE THIS GUIDE CHECKLIST

USE THIS CHECKLIST TO BUILD YOUR BUSINESS:
DON'T BE AFRAID TO REACH OUT WITH QUESTIONS!
NOTES:

DATE
COMPLETED

Page 3

Determine your business plan & structure.
