Other Experience

Entrepreneur - Established a guttering business, C&R Gutterworks, from the ground up (2010-present). Being Co-owner of C&R Gutterworks requires collaboration, team-work, and dedication skills.

Public Address Announcer for World Cup of Softball (2004-present), NCAA Women College World Series (2004-present), Big XII Softball Tournament (2004-present) and the University of Oklahoma—softball, basketball, baseball, gymnastics, wrestling (2002-2010), Master of Ceremony for NCAA Women’s College World Series Banquet (2005-present).

Press Conference mediator for NCAA Division I Women’s National Basketball Tournament.

Through the experiences of public address announcer and mediator, I have had to collaborate and be a team player. I must be able to follow directions, live up to expectations, and make last-minute adjustments to make on-the-spot changes when needed. I must be able to take direction from several entities (ESPN, OU, the NCAA, and USA Softball). Skills learned through professional public address announcing will be valuable as a school administrator.
