

The image features a collage at the top. On the left is a photograph of a tall, white water tower against a clear blue sky. In the center is the logo for 'The TANK QUEEN', which includes the text 'The TANK QUEEN' in a serif font, 'Serving the Tank Industry Since 1995' in a smaller font below it, and a small illustration of a water tower to the right. On the right is a graphic of a network of interconnected nodes and lines, resembling a molecular or structural model.

Water Tank Rehabs
Steps to Make Them
Easy & Lasting

All Tanks... Require Maintenance!

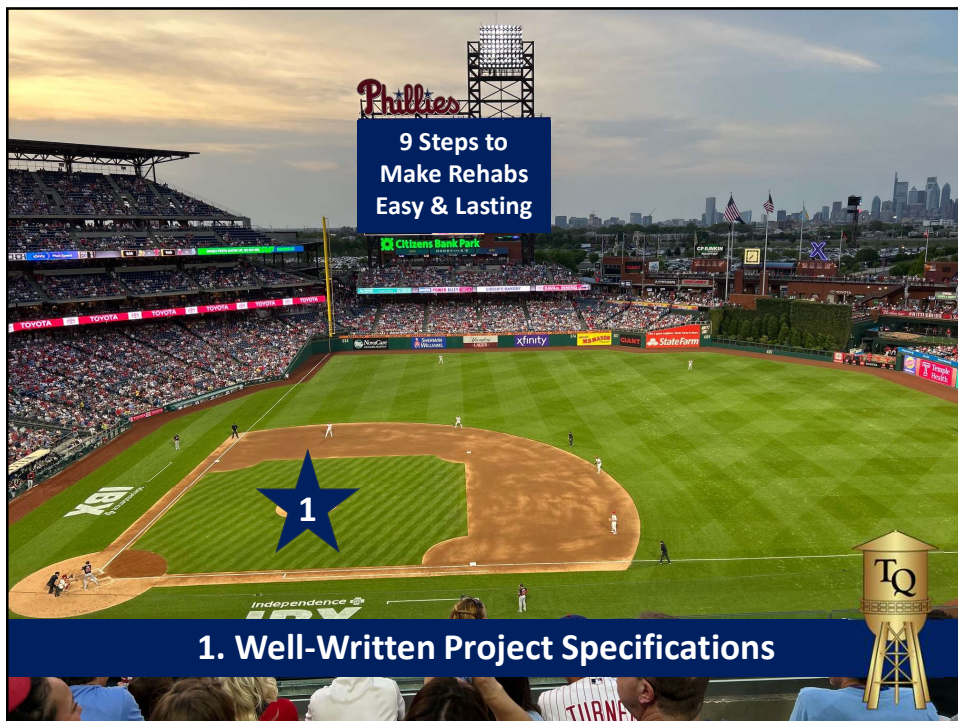

The image shows three different types of water tanks. On the left is a 'Bolted Steel' tank, which is a large, cylindrical tank with a blue ladder on the side. In the center is a 'Welded Steel' tank, which is a tall, white, cylindrical tank with a spherical top. On the right is a 'Concrete' tank, which is a large, cylindrical tank with a flat top and a small access structure.

Lessons Learned

- You don't know what you don't know.
- Think carefully before cutting and pasting.
- Tank manufacturers, contractors, and suppliers want to help.
- In this industry, we help each other.
