RAISING THE STANDARDS OF AVIATION™

Annual Meeting

Industry/Educator Forum Agenda

Hosted by

**JACKSONVILLE
UNIVERSITY**

February 18, 2026
Jacksonville, FL, USA

Panel 1:
**Navigating Risk: Aviation Insurance
 Trends Impacting the Industry**

This panel brings together top brokers and underwriters to discuss emerging trends impacting aviation programs. Learn how shifts in risk assessment, coverage strategies, and regulatory changes influence the insurance market. Discuss how these developments connect to curriculum for aviation managers and maintenance professionals. Gain a deeper understanding of how aviation insurance affects flight programs and learn strategies to better prepare your students for careers in this critical sector of aviation.

Tom Hauge, Wings Insurance; Sean Kallsen, LLJohns Aviation Insurance; Amanda Kirk, Starr Aviation; and Todd Fallbacher, Old Republic Insurance Group

Panel 2:
**Cleared for Green: Driving Innovation
 in Aviation Sustainability**

Discover how industry giants are reducing environmental impact, advancing cleaner technologies, and preparing the next generation for a greener future in aerospace. Participants will gain valuable insights to bring back to their classrooms and companies, from real-world applications of sustainable aviation fuel and next-gen aircraft design to the different corporate initiatives shaping a more responsible and sustainable aviation industry. This session will empower, and provide you insight into how you can inspire students with the cutting-edge knowledge of the work happening in today's aviation industry.

Emma Galarza, Delta Air Lines; and Eric Kaduce, Boeing
