

Where in the world can you find Language Sets?

No worries!

No need to search far and wide for World Language Sets. **MCBV** has more languages and more choices than any other vendor. Just follow these 4 easy steps and you will be on your way to creating or enriching your World Language Collection.

Step 1: Choose a language

Our most popular languages (all 17 of them) are: Arabic, Bengali, Chinese, French, German, Gujarati, Hindi, Italian, Korean, Panjabi, Persian, Polish, Russian, Spanish, Tagalog, Urdu, and Vietnamese.

Step 3: MARC records

MARC records are included with our World Language Sets. Just tell us how you want 'em.

- OCLC number only (you have your own people to do the local editing)
- Simple matching OCLC record (your people don't have time for searching, but will do the local editing)
- Upgraded matching OCLC record. Our people will do the following: a) upgrade it to full level; b) check and correct access points; c) add a LCCN or Dewey call number; d) add up to 3 subject headings as needed.
- MARC records are sent via email attachment or can be sent directly to your local OCLC online save file.

Step 2: Build your set

Our World Language Sets are not prepackaged. They are made to order.

- Adult or Children?
- Fiction or Nonfiction?
- Native authors or Translations?

Tell us your selection preferences and we'll build your set. 25 books coming right up!

Step 4: Accept delivery

Shipping is included in our World Language Set price. All you need to do is wait at the loading dock for the UPS guy!

Step 5: Processing (optional)

Shelf-ready processing is available for a nominal additional charge. We will be more than happy to affix spine labels, barcodes, security tags, property stamps, etc.
