Systems Technology Group, Inc. (STG) established in 1994 is an Arizona-based technology consulting services firm. Doing business as READsquared, we have enjoyed significant success with our year round reading program solution, the READsquared Enterprise Edition. The READsquared Enterprise Edition is comprehensive and highly-configurable software for developing, implementing, managing, and reporting on your Summer Reading Programs (or Fall, Winter, and Spring too!).

The READsquared Enterprise Edition allows your library to custom tailor the patron experience with targeted features, functions, and content by age, and promotes community support thru collaboration with schools, museums, and program sponsors.

Product we are offering - READsquared Reading Program Solution (R2017)

All support levels of the READsquared Enterprise Edition include:

- Unlimited Branches
- Includes free unlimited functional/training support incidents
- Includes themed summer, winter, fall and 1000 Book Programs setup on your Organizations behalf
- Unlimited Programs, Badges, Events, Reading Lists, Prizes, Games, Missions and Literacy Testing and more!
- Curated Book Recommendations – Receive weekly recommendations from your library's catalog
- Social Interaction – Share accomplishments and activities such as reading, book reviews, attending events, completing missions, wish lists, badges etc.
