Dear Samantha,

Sentrum Marketing, LLC has been in business since 2008 supplying first Russian language Books, Audio Books, DVDs and Magazines and more recently Chinese and Ukrainian language materials to public libraries around the country. Our customers include New York and Brooklyn Public Libraries as well as the libraries in Boston, Chicago, Los Angeles, and many other towns and cities as well.

For purchasing materials from Sentrum, libraries can register on the Sentrum web site, [sentrumbookstore.com](http://sentrumbookstore.com) and then order whenever they like on the site. If they prefer they can email us an order in Excel format and we will process the order. Or they can ask us to produce a pro forma based on their instructions. For example, they could say they want to spend \$2,000, 50% adult fiction, 25% adult non-fiction, 25% children's. We will send the Pro Forma for their approval. All orders will receive a 10% discount.

In addition, we can offer titles with OCLC MARC record numbers and we do not charge for freight.

We look forward to working with you.

Sincerely,

Ira Tatelbaum, CEO
