Chamber Summer Mixer Makes a Splash!

The Chamber's Summer Mixer – a sizzling hot time!

The Chamber's Summer Mixer on July 17, 2025, was the perfect way to celebrate two things we love - sunny summer days and the one-year anniversary of The Chamber's move to the Aurora Federal Credit Union Building at 610 S Abilene St, Aurora, CO 80012!

It was a sizzling hot July afternoon, but that didn't stop nearly 250 attendees from joining in the fun. With 33 booths showcasing businesses, non-profits, and plenty of tasty food and drinks, there was something for everyone. And the highlight? A dunk tank where members got to 'splash' Chamber President & CEO Naomi Colwell.

The day was filled with laughter, connections, and cool summer vibes. From networking under the sun to cheering on the dunk tank challengers, this lively celebration brought Chamber members together for an unforgettable afternoon of fun. ■

A New Chapter: Women in Business Conference

This year marks an exciting expansion of the annual Unsung Heroes Luncheon into a full-day Women in Business Conference. The event will celebrate resilience, inspiration, strength, and empowerment. In addition to the presentation of the Unsung Hero Award, the conference will feature breakout sessions, a panel discussion with local leaders, and opportunities for professional growth and connection.

By broadening the scope of this important

recognition event, The Chamber seeks to amplify the voices and stories of women whose leadership and service continue to shape the community in powerful ways.

Nominations for the 2025 Unsung Hero Award are now open and will be accepted through September 12, 2025. Community members are encouraged to submit nominations to recognize those whose dedication and service have made a meaningful difference. [Nomination Form](#). ■

ARTS + BUSINESS CONNECTION

Kent Monkman: History is Painted by the Victors at DAM

Tuesday, July 5, 2025

On Tuesday, July 5, members of The Chamber's Arts + Business Connection were treated to an extraordinary cultural experience at the Denver Art Museum: a private viewing of *Kent Monkman: History is Painted by the Victors*, led by DAM Curator of Native Arts John Lukavic.

History is Painted by the Victors challenges traditional Western art history, confronting colonial legacies and amplifying Indigenous voices. Monkman is known for his bold reimagining of history, using art to question and reclaim stories shaped by Western

European and American traditions.

The exhibition is a compelling reminder of the power of art to spark conversation and inspire change. It's a celebration of Indigenous culture, resilience, and the importance of re-examining history through a more inclusive lens.

PMI's Invested in America Campaign

Philip Morris International's U.S. affiliate, PMI U.S., launched its "Invested in America" campaign in July 2025, highlighting over \$800 million in nationwide investments to expand smoke-free manufacturing, create jobs, and drive economic growth. A central focus is the \$600 million Aurora, Colorado facility - an advanced site producing FDA-authorized, smoke-free alternatives for the nearly 30 million American adults who smoke. The Aurora project alone is expected to generate about 500 high-paying jobs, reinforcing PMI U.S.'s role in revitalizing local economies.

AmbassadorSpotlight: Phil Gibson

Whether he is helping a first-time buyer find their dream home or perfecting his famous smoked mac 'n' cheese, Phil Gibson's energy, dedication, and genuine love for connecting with people shines through. That passion for connecting has been the hallmark of his journey - from a successful 30-year career in healthcare sales and management to building a top-tier real estate business alongside his wife, Beth.

Born and raised in Littleton, Colorado, Phil graduated from Littleton High School and Colorado State University (Go Rams!), where he met Beth. After seven years in Houston, the couple returned to Colorado, raising their three children in southeast Aurora.

He decided to transition from healthcare to join Beth in real estate seven years ago, so they could grow a business on their own. Together they have consistently

Beth and Phil Gibson

ranked among the top 5% of their 400+ agent office. Phil says that "It's been extremely rewarding helping individuals, couples, families, and investors

accomplish their goals of homeownership and building a wealth foundation."

Already familiar with Chambers of Commerce, Phil joined the Aurora Chamber eight years ago, impressed by its great reputation and connections through Rotary. As an ambassador, he thrives on supporting fellow business owners, learning their goals, and connecting them to valuable resources. Involvement in committees like BRMAC, Arts+Business Connection, Transportation, and the Achieve Leads group he is a member of, has deepened his community insight and expanded his network.

And when he's not working, at a Broncos game, volunteering, or involved in the Chamber? You might find him by the grill or smoker, turning out BBQ, signature sauces, and his award-worthy smoked mac 'n' cheese! ■
