

GAME RULES

Game Packages are available for purchase at [registration](#) and day-of check in. No Game Packages can be purchased after the shotgun start. Raffle tickets will be available for purchase at any point prior to and during the event.

PINK TEES

A golfer may use the pink tee at any hole. For the men, use of a pink tee allows the golfer to move up from the white tee to the green tee. For the women, a golfer may move from the green tee to the junior tee, or if no junior tee is present at the hole, the golfer may tee off from the front of the fairway. A tee is used only once, regardless if it breaks or remains intact. If all members of the foursome wish to use a pink tee at any given hole, a new pink tee must be played for each member.

STRINGS

Strings, sold in 1 ft lengths, allow the golfer to move the ball from its current position any direction the golfer wishes within the length of the string. Strings may be tied together and used to increase the distance a ball may be moved. Once used, a string must be discarded. Strings may be used to improve your position or to place the ball in the cup.

MULLIGANS

Mulligans allow a golfer a re-do of a swing. A mulligan may only be used once.
