The North Atlantic Component invites you to the 2011 Biennial meeting, September 18-22, 2011.

Celebrated Tradition With A Touch of Southern Charm

It has been said that Charleston in South Carolina is a city to be savored. From the clip-clop of a horse-drawn carriage against worn cobblestone, to the stately columns that frame historic antebellum mansions, Charleston is a city unlike any other. Enveloped in romance and history, her storied lanes and celebrated buildings speak of pain and revival.

As Charleston was the cultural center of America during the late 1700s, today she is still full with rich diversions. A lively downtown is anchored by many of the finest restaurants in the SE. At her heart lie intimate courtyards. Moss covered oaks provide shade as colorful hues flourish. Along the shops of King Street, the slate sidewalks and lamp-lit lanes are a nod to the city's rich traditions.

Beyond the waterfront and Charleston harbor, you will find the dark blue waters of the Atlantic Ocean. It is here where Charleston emerged as an English settlement in 1680. Over the years, her harbor has seen everything from pirate ships to modern day sailboats. Today, the port of Charleston is one of the most active on the East Coast.

We have chosen as our meeting hotel Charleston Place, located in the heart of the city. Charleston Place, an Orient-Express owned hotel, offers an engaging first impression with a stunning grand entrance off Market Street. In the main lobby, marble floors, a sweeping grand staircase and a hand-blown Venetian glass chandelier provide a glimpse into the hotel's elegant grandeur. Spacious and carefully appointed rooms, two 4-star restaurants, impeccable gardens, a full spa and health club recently voted "Best City Hotel Spa" in North America by readers of Travel & Leisure magazine, and exclusive shops all await our members, significant others and guests. Apart from the stately elegance and first-class facilities, Charleston Place is known for its people. Providing impeccable, personalized service is the hallmark of Southern hospitality and one of the many reasons we chose to have our meeting here.

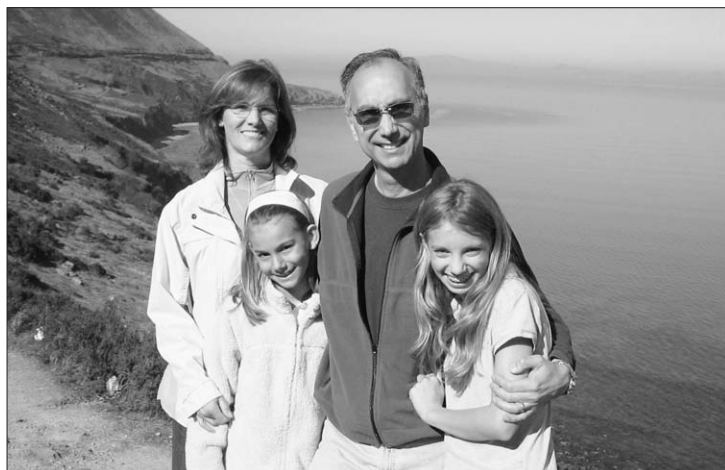

For special events, on Monday evening, we will enjoy blues, brews and BBQ at Boone Hall Plantation. This is Southern Hospitality as its finest, all to be enjoyed at one of Charleston's true treasures, Boone Hall Plantation. On Wednesday evening, we will have a gala event dinner at the Riviera Theatre. The dinner in this theatre, which is listed on the National Registry of Historic Places, will truly be one to remember...so plan on being there for it! You won't want to miss it!

But wait, there's more...the scientific meeting will be the usual high quality presentations for which the Angle Society is famous. But best of all, the fellowship...need we say more?

Please mark your calendar now for the 2011 Biennial meeting in Charleston.

September 18-22, 2011.

THE ANGLE HERITAGE CAMPAIGN UPDATE

Sept 17, 2010

The Campaign continues to strive to reach our goal of \$2 million in pledges to create an endowment that will provide access to *The Angle Orthodontist* to anyone seeking orthodontic information, complimentary via our website, thereby, further establishing the Angle Society's role in the support of excellence and leadership in orthodontics.

In addition to our members continued support, our plan is to solicit more support from the dental/orthodontic corporations with the help of Dr. Dave Musich.

We also plan to update *The Angle Orthodontist* website soon with a more prominent request for donations from those accessing the journal articles from around the world.

Lastly, with the \$150,000 matching anonymous donation that was announced just prior to the 2009 Biennial meeting still on the table, we encourage all of our members to remember that every little bit helps. Whether it is a case pledge, one time or monthly cash donation, estate pledge, grateful patient pledge or honorarium donation, it will be matched 100%! I hope that each of you will consider a very small monthly donation to the AHC as you write your monthly checks. Please let us know what works best for you.

Please send your pledges and/or payments directly to Dr. Phil Campbell at E.H. Angle Education and Research Foundation, Dept. of Orthodontics, Baylor College of Dentistry, 3302 Gaston Ave., Dallas, TX 75246. Or contact him by e-mail at pmc4747@sbcglobal.net. You may also contact your Component AHC Chairperson or Dr. Rick McLaughlin's office at (619) 225-1611 or ljbraces@aol.com for additional information on the Campaign or to make a pledge by phone or e-mail. For an update on the pledges to date, please refer to the inside cover of the Angle journal.

Angle Orthodontist Gift Subscriptions

Angle members automatically receive *The Angle Orthodontist*. But many other clinicians seldom see our journal. If you have a friend or a study club member who falls in this category, why not consider giving him or her a gift subscription to *The Angle Orthodontist*? Your action will benefit your friend, and will help support one of the finest journals in Dentistry! A one-year subscription in the USA is just \$315, and a two-year subscription is \$600. Rates are slightly higher for subscribers outside the US and for institutions.

Obituary

It is with sadness that we report the passing of Marshall Deeney, DDS, in June 2010, after a brief bout with pancreatic cancer. Marshall is a past president of the Angle North Atlantic Component and was a part-time faculty member at the Eastman Institute of Oral Health (EIOH, formerly the Eastman Dental Center) for 33 years—beginning immediately after completing his residency in 1977. For the last couple of years, after leaving private practice, Marshall served as the Orthodontic Program Director

of EIOH. He received many Part-time Faculty Awards and the Iranpour Award for Excellence in Clinical Education at EIOH. In 2008, he received the AAOF Faculty Development Award.

Immediately after receiving his B.S. and D.D.S. degrees from the University of Toronto he practiced general dentistry with his father for four years.

Marshall led by gently nudging you in the right direction. He started as the captain of three varsity teams in high school. As the instructor of the Biomechanics course, he would lead you to the correct answer by building on what you already knew. He relished teaching and orthodontics and his enthusiasm was contagious.

Marshall is survived by his wife Marie-Elena, children Beth, Drew, and Patrick, and grandchildren. Of course all of us will miss his easy-going strength of character. ■

News:

President Jim Fasy will host the 2011 Angle East meeting in Providence, Rhode Island, March 24-27. President-elect Hugh Phillis anticipates the program will consist of 15-16 presentations and reminds members to forward information about guests to him. Meeting announcements will be available on the Angle East website (www.Angleeast.org). The meeting would be held at the Renaissance Hotel, the number one business hotel in Providence.

It's walking distance from the Providence Place Mall and directly across the street from the capital. As part of the revitalization of downtown Providence, the luxurious Renaissance Providence Hotel opened in 2007; it is a monumental building originally planned as a Masonic Temple but never was finished, and in 1929 it was abandoned.

Membership of the Angle East's Standing Committees has been finalized. The Examination Committee is chaired by Sylvain Chamberland '11, with Daniel Tanguay '12, David Briss '13, Anne Todd

'14, and Mike Bronsky. The Outreach Committee is composed of Chair Yves Bolender, Paul Batastini '12, Michael Vermitt '13, and Marcel Korn ex-officio. The Academic Committee's members are Caroll Ann Trotman '11 Chair, Miri Shalish '12, and Samir Bishara '13. The Bylaws Committee is chaired by Jay Bowman '11 with John Voudouris '12 and Anne Todd '14. Nominations are handled by Chair Howard Anstendig '11, Michael Cognata '12, and Donald Taylor '13. Thomas Fisher '11 chairs the Awards Committee; other Awards Committee members are Nicholas Barone '12 and Peter Greco '13. The Local Arrangements Chair for the Providence meeting is Nicholas Barone '11.

Carroll Ann Trotman, Chair of the Academic Committee, has developed strong guidelines for papers and a firm timeline for submission that will help Angle East sponsors better assist their guests and affiliates (ctrotman@umaryland.edu). Sylvain Chamberland notified members of the Examination Committee's implementation of a more reliable, replicable and standardized exam process. The clarified documents include the synopsis of the case report, a resume template, evaluation forms for the initial/progress/final case presentations, and a revised oral rating scale (drsylchamberland@biz.videotron.ca). Caroll Anne Trotman and Sylvain Chamberland can be contacted for further information.

Angle East members learned that Sandy Vanarsdall, wife of Robert "Slick" Vanarsdall died very suddenly on September 7. Her funeral was held on Friday, September 17, 2010, at the University Chapel of St. Thomas of Villanova, 1229 Lancaster Avenue, Villanova, Pennsylvania. ■

News

This June, the Angle Northwest Component met for their one day scientific and business meeting at the Bellevue Hotel and Athletic Club. This was the first time our component has met at this hotel and the membership was extremely pleased with the new facility. The new meeting location and quality scientific program resulted in excellent attendance with a good mixture of retired, regular, and affiliate members.

Our scientific session began with a joint presentation by Drs. Andrea Laidlaw and Joe Safirstein. Their talk was entitled, "How

NW Component members show honorary member James Clark appreciation with a standing ovation.

Vince Kokich Sr, Don Joondeph, and Peter Shapiro thank, congratulate and honor Jim Clark.

Would You Treat This Case? An Interactive Treatment Planning Session and Discussion of Issues Facing the New Orthodontist." Their presentation stimulated spirited discussion within the membership that carried on throughout the meeting. This was Drs. Laidlaw's and Safirstein's final requirement for regular membership and they were congratulated and welcomed as regular members.

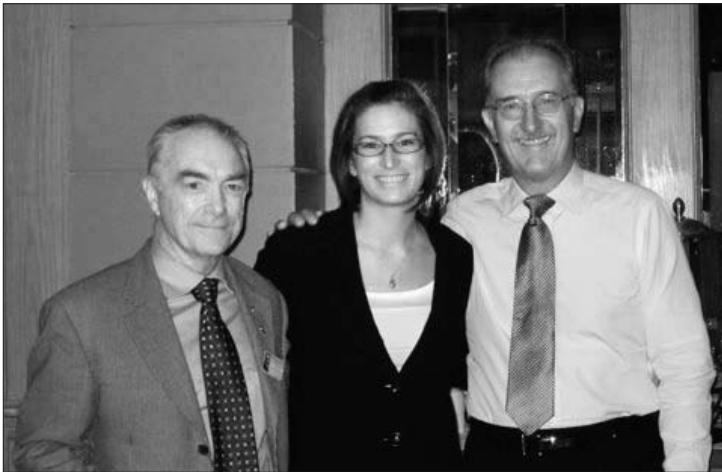

The second presentation of the morning was given by Dr. Doug Ramsay and entitled, "Thumb and Finger Sucking Habits

from Freud to Linus." This fascinating talk reviewed a common clinical dilemma faced by all orthodontists. His review of the literature as to how best to treat these habits resulted in many take-home practice pearls for the members.

The luncheon gave us a chance to honor Mr. James Clark, a significant friend and contributor to our specialty. Mr. Clark, a professional photographer and longtime employee of the Orthodontic Department at the University of Washington, was instrumental in helping faculty, graduate students and many mem-

bers of our component recognize the importance of excellence in clinical photography. His help and expertise was instrumental in elevating the quality of published scientific articles, lecture presentations, and case presentations to both the Angle Society and the ABO. He helped many of us transition from film-based to digital photography, and understood PowerPoint and Keynote software while the rest of us were still sorting slides. Jim had been battling A.L.S. for several years and we were fortunate he was able to attend our meeting where he received a standing ovation from the members. He unfortunately passed away in August, his companionship and expertise will be greatly missed.

The afternoon session began with a case presentation by Dr. Paul Pocock. Paul reviewed one of his clinical cases and emphasized the importance of cooperation in achieving excellence in orthodontic treatment. Paul shared many of the "tricks" he utilizes in his private practice to help keep patients motivated. This presentation was the final requirement for regular membership and Dr. Pocock was congratulated for achieving regular membership status.

The final presentation of the day was a special treat in that it involved our first father-daughter joint presentation. Dr. Vince Kokich Sr. and his daughter, Mary Kokich-Boer, gave an outstanding presentation entitled, "Effective Teaching – The Art of Engagement." Mary is an elementary school teacher and she combined her teaching skills with Vince's orthodontic teaching/lecturing expertise to show the membership how to create an effective presentation. Vince and Mary are a very capable team and interacted with the audience throughout their presentation. It was particularly enjoyable to listen to Vince and Jim Clark (our honoree) trading advice back and forth, much to the benefit of our membership.

Our next winter meeting will be in Vancouver, British Columbia, February 3-5, 2011, at the Fairmont Waterfront Hotel. Vancouver hosted the Winter Olympics in 2010 and we are all looking forward to enjoying the hospitality and sites of one of the world's finest cities. ■

In Memoriam

Robert F. Schoenwetter

1915-2010

Dr. Robert Schoenwetter passed away on April 28, 2010, in Oshkosh, Wisconsin. He was born on January 11, 1915, in Beaver Dam, Wisconsin, the son of Dr. Albrecht and Leona Schoenwetter. After graduating from Beaver Dam High School, he attended the University of Wisconsin at Madison for his pre-dental education. Following graduation, he entered the Marquette University School of Dentistry, then entered the University of Illinois Department of Orthodontics, graduating with a Master of Science degree. Upon completing his education, he started his practice of orthodontics in Oshkosh in 1940.

Two years after starting his practice, World War II was raging and he entered the US Navy, serving at the Submarine Base at Pearl Harbor and at the Wisconsin General Hospital of the University of Wisconsin-Madison. He married Sue Viering in 1944 with whom he shared his life for 62 years until her passing in 2007.

Dr. Schoenwetter actively pursued his education throughout his career, attending post-graduate courses at the University of Minnesota, Northwestern University and the University of Illinois. He published 18 original research papers and presented two papers to the European Orthodontic Society in Paris. He was equally active in professional and civic associations, serving as president of the Oshkosh Chamber of Commerce, Oshkosh Downtown Rotary Club, the Winnebago County Dental Society, and the Fox Valley Dental Society. He was a long-time member of the Midwestern Component of the Edward H. Angle Society (now Angle Midwest) and served as its president in 1961. His one son-in-law, Dr. Thomas Sperry, now deceased, also was a member of Angle Midwest. Another son-in-law, Dr. Larry Johnson, is an orthodontist in Oshkosh.

Bob was a much-loved and loving father and grandfather, leaving three daughters, Jody (Bob) Orthey, Jill Sperry (wife of Tom Sperry, now deceased), and Jane (Larry), nine cherished grandchildren, and nine beloved great-grandchildren. He will be missed by his wonderful family and his many friends and colleagues.

ABOUT THIS MONUMENTAL SOURCEBOOK ON THE BEGINNINGS OF
MODERN ORTHODONTICS...

This is a 4-volume limited-edition hardcover book set of over 3400 pages. Dr. Angle's correspondence and business accounts from 1899 to 1910, among his most creative years, are included. In addition, all of his patents - 45 USA patents and 1 Canadian patent - from 1889 to 1934 (posthumous) are reproduced. These historic materials were preserved by Dr. Anna Hopkins Angle and are now part of the archives of The Angle Society. Typed and handwritten documents have been retyped for legibility and arranged chronologically. In addition, the volumes feature chapters on Angle's life, students, and complete bibliographies of works by and about Angle, as well as 2 comprehensive indexes, by letter recipient and by subject matter.

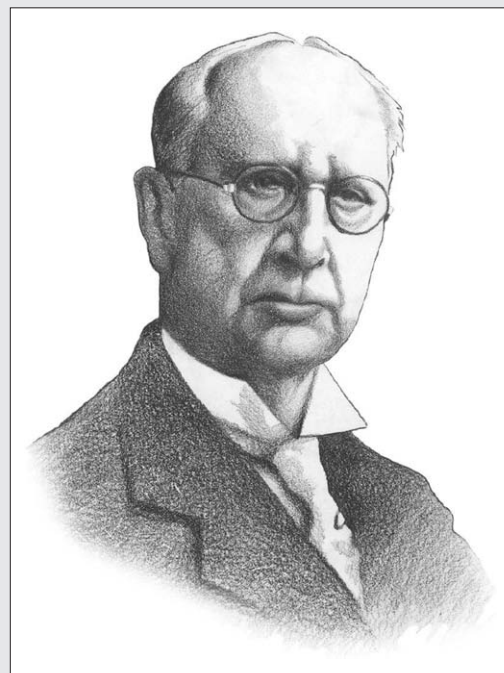

The book set is published on a non-profit basis by The Angle Society for reference libraries, educational/research institutions and individuals. The 4-volume set is priced at US \$2000, plus shipping, payable by US check, MasterCard or VISA.

Purchase copies of this valuable one-of-a-kind educational resource for the libraries of your orthodontic department and dental school. What wonderful tax-deductible gifts that would make!
