Spring 2014

PRESIDENT'S MESSAGE – SPRING 2014

I am certain that many of you are most pleased that spring has arrived! Those on the east coast and southern regions were hit with many severe storms this year and in the northwest the rain has caused some serious mud slides resulting in a lot of heartache and damage. I was recently in Atlanta and spoke to an orthodontist from Augusta who owned a horse ranch and experienced a very bad ice storm. She described the evening of the storm when many of the trees were broken with the cold and wind. She was unable to gather all of her horses in the barn before the storm hit but they amazingly survived. On the other hand, those of us in the southwest have essentially been experiencing drought conditions and will certainly experience water rationing this summer.

Most of you are involved with your Component meetings at this time of year, and I hope that they are all going well. The Southern California Component recently held our meeting at Universal Studios and had an excellent meeting. On Friday the regular membership presented cases as well as 6 new Affiliates and 3 new Regular members. We also had member presenta-

tions on Friday afternoon. On Saturday, Dr. Greg Huang from University of Washington provided us with an excellent presentation on evidence based orthodontics. He talked about a variety of topics and showed some of the research that has been carried out in these areas. It was really a great presentation. On Sunday morning we had Dr. Jim Vaden from the University of Tennessee speak to us. It was most interesting to hear him speak on many of the edgewise concepts that certainly have value to current day orthodontics. The entire meeting was a big success!

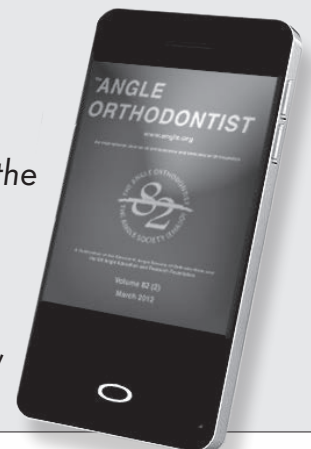

Our Component is busy preparing for the Biennial meeting which will be held in Pasadena, California at the Langham Huntington on September 25-29, 2015. We hope to provide Angle members with another special Biennial both from a scientific and educational standpoint as well as from a social standpoint. We look forward to each Component selecting two speakers for this worthwhile program. The Los Angeles area is a great area for entertainment. We are considering such locations as the Getty Museum and the Huntington Library for our social events. We hope that you will join us in sunny Southern California! ■

The Angle Orthodontist is now available on your smartphone or tablet.

Go to www.angle.org to download it and enjoy the benefits of open access to the Angle Orthodontist from your mobile device.

Open Access for Everyone, Everywhere, for Ever!

Your Angle Society Membership Dues

Angle Society dues are billed separately for your EHASO and Component memberships.

Your EHASO dues are sent directly to the Central Office in Lawrence Kansas and include payment for your mandatory *Angle Orthodontist* journal subscription. The EHASO office sends you a bill for this payment in the Fall of each year. Questions regarding EHASO dues can be directed to Rachel Schwien, 810 E. 10th Street, Lawrence, KS 66044. (785) 865-9215, phone; angle@allenpress.com, email.

Component dues are separate and are billed individually by each Component's office. The amount of dues charged by each component is determined within each Component. These dues and questions about them should be sent to your Component's treasurer.

Angle Orthodontist Gift Subscriptions

Angle members automatically receive *The Angle Orthodontist*. But many other clinicians seldom see our journal. If you have a friend or a study club member who falls in this category, why not consider giving him or her a gift subscription to *The Angle Orthodontist*? Your action will benefit your friend, and will help support one of the finest journals in Dentistry! A one-year subscription in the USA is just \$365, and a two-year subscription is \$675. Rates are slightly higher for subscribers outside the US and for institutions.

To give a gift subscription, write to: *The Angle Orthodontist*

2014 Annual Meeting

Congratulations to our Past president Randy Wright for the excellent Annual Meeting at the **Disney Boardwalk Hotel** January 18-22, 2014. Jay Whitley, the program chair, planned an exciting scientific program with topics ranging from TMJD to Dean's perception of dental education.

The panel discussion on the future of Dental/Orthodontic Education moderated by Jim Vaden, elicited interesting discussions concerning the paths of dental and orthodontic education. Seventeen scientific papers were presented. Two were presented in partial fulfillment of admission requirements. The social programs provided the venue for member's interaction in a friendly setting.

Randy and Maria Wright dressed up for the Disney experience.

G.P. Schmidke and Libby Graham socializing during the cocktail hour.

2015 Annual Meeting

The Naples Beach Hotel and Golf Club, will be the venue for the 2015 meeting. The meeting will be held January 23rd- 28th. The program chair for this meeting is Libby Graham.

2017 Angle Biennial Meeting

The 2017 Angle Biennial Meeting will be held in Chicago, Ill. on September 6th-10th at the Drake Hotel. Please mark the dates in your calendars!! The General Chair, Ron Snyder; Scientific Chair, Steve Marshall and Local arrangements Chair, Robyn Silberstein are planning a one of a kind program to celebrate the influence of Anna Angle in the EHASO existence.

David Kinser with wife Sharon congratulating Randy Wright on a job well done as President of the Angle Midwest. David Kinser was the sponsor for Randy for admission into the Angle Society.

By-laws changes

Membership Classification

The By-laws committee revised the membership classification as follows: The membership in this Society shall be in four classes: Affiliate, Active, Active member -at-large and Senior (Active and Retired). The prospective Affiliate category was eliminated to conform with the EHASO National By-laws. This change was approved by the members.

Membership News

The Angle Midwest congratulates its members that were recognized for their dedication to the elevation of the standards of orthodontic practice and dedication to orthodontic education. They are:

John S. Casco recipient of the American Board of Orthodontists 2014 Albert H. Ketcham Award.

Eustaquio A. Araujo, recipient of the AAOF 2014 Joseph and Louise Jarabak Award.

Vance Dykhouse recipient of the American Board of Orthodontists Dale Wade Award.

James A. McNamara was selected to give the Angle Memorial Lecture at the AAO 2014 Annual meeting.

Congratulations to all the awardees for their many years of unselfish dedication to our profession.

Anthony Puntillo and Richard Kulbersh were elected to the AAO House of Delegates representing the GLAO.

Congratulations to Toru Deguchi and Jack King for their completion of the requirements towards active membership in the EHA-SO/Angle Midwest Component. Their names will be placed in the spring ballot for membership vote. ■

Future Meetings

2015 - 51st Annual Meeting, March 25-28, Nashville, TN

2015 - 41st Biennial Meeting, September 25-29, Pasadena, California

Meeting Highlights

The North Atlantic component of the Angle Society recently held its annual meeting and celebrated its fiftieth anniversary at the St. Regis hotel in Rome, Italy from April 2nd to the 5th. The members were pleased as always to have one of its founding members in attendance, Dr. Dan Subtelny. A moment of silence was observed for Dr. Tirk, and Dr. Brader, founding members of the component who passed away this previous year.

Dr. Nanda officially opens the scientific program.

The North Atlantic component at work

A frenetic and lively opening reception on Wednesday evening, which seemed to end as fast as it started, was followed by a full day of presentations on Thursday. The historic meeting space was simultaneously grand, opulent, and intimate, which made the meeting most enjoyable. Kudos to Len Rothenberg, our now past president, for the meeting arrangements. Presentations on Thursday consisted of a member presentation by Jack Burrows on open bite correction with skeletal plates. Five presentations for membership followed and demonstrated a significant amount of hard work by all. The society celebrated the presenters' membership that evening at the festive banquet held in the Ritz Ballroom, a room that did stand up to its name without question. A hearty congratulations and welcome goes out to Ali Darendeliler, Darek Sanders, Jorge Coro, Roberto Velasquez, and James Thacker.

The Friday program consisted of a wonderful social event for all attendees. The Vatican's Sistine Chapel, the Coliseum, and the

Roman Forum were all presented in up close and intimate detail with the aid of small group tours. A rustic style casual luncheon was held at a nearby historic tavern which allowed for a wonderful opportunity of interaction and a seemingly endless supply of wine. A sincere thank you goes to Randi Rothenberg for all her help as social chair.

The Banquet at the St Regis. The North Atlantic component celebrates its 50th Anniversary!

Dr. Kitafusa and Dr. Spoon at the welcoming reception

Dr. Shroff thanking Dr. Kitafusa for his commitment in his photographic documentation our meetings for many years.

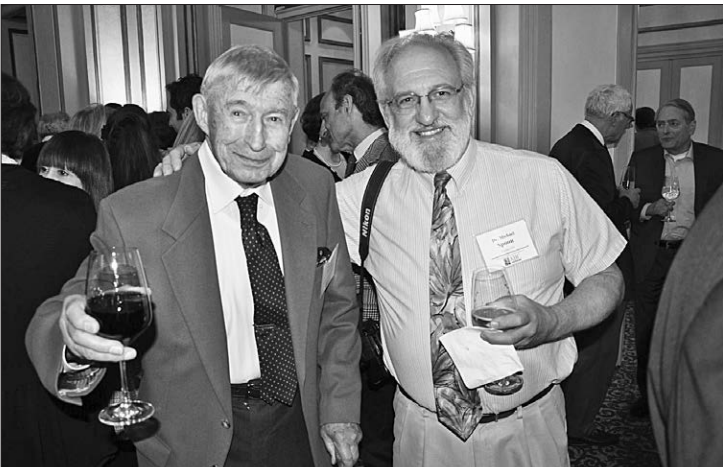

Dr. Kate Vig reviewing Dr. Burden' paper entitled: "The contribution of Orthodontics to health and well-being"

Dr. McKenna and Vice President, Dr. Legan

Dr. Kitafusa and Dr. Iseri

Dr. Subtelny and Dr. Spoon.

The meeting concluded on Saturday, after informative member presentations by Donald Burden on Contributions of Orthodontic Treatment to Health and Well Being, Alfred Griffin on the direction of Orthodontic research, Haluk Iseri on vertical control of skeletal open bites with mini screws, Paul Brown on quality control in bracket manufacturing, Junji Sugawara on distalization of mandibular molars with skeletal anchorage, and Gary McKenna on correction of ectopically erupting molars. And another heart felt thank you to Michael Spoon for arranging interesting topics as well as thoughtful evaluations and comments by the reviewers. The ending business meeting concluded the scientific meeting and announced the next annual meeting to be held in Nashville, TN. We are all looking forward to it! ■

President	Kolman Apt
President-Elect	Carroll-Ann Trotman
Vice President	Daniel Tanguay
Secretary-Treasurer	Kambiz Moin and Anne Todd
Editor	David De Franco
Historian	Sheldon Peck
Director	Peter Greco

Next meetings:

2015, March 27-29 (President Kolman Apt). Location: Washington, D.C. - The Westin Georgetown

2016, March 24-27 (President Carroll-Ann Trotman). Location: Boston, MA

News:

The 2014 Angle East meeting was held in Paris, France from April 11 to April 15 at the Université Paris Diderot, UFR d'Odontologie Garancière. Robert Garcia, the Dean of the Dental School and Active Member of Angle East made arrangements for the scientific meetings as well as the social events. The University is situated on the Left Bank of Paris near Saint Germain des Prés, one of the touristic capitals of the world with old Parisian charm, museums, shops, restaurants and cafés. President Marcel Korn and Program Chairman Kolman Apt put together an interesting meeting of scientific research papers, critiques, clinical case presentations

and pearls. The same presentation format of last year's meeting was used. The academic evidence-based presentations and clinical papers were followed by a critique and then a general discussion period. The case presentations and pearls were nicely interspersed in the program between the scientific papers.

Guided tours, organized by the President's wife Gail Korn, were available for Angle East members after each scientific session. The tours included Louvre and Wine Man Tour, Paris Must-See Tour, Paris Montmartre Tour and Chateau de Versailles Tour.

The Angle East group enjoyed three evenings together. On Friday evening members and guests were united at the Welcome Reception at Le Procope Restaurant, Rue de l'Ancienne Comédie, founded in 1686 by Francesco Procopio dei Coltelli of Palermo, Sicily. On Sunday evening, there was a Church Concert at the Eglise des Billettes followed by a Cocktail Reception. Organist Gilles Harlé and soprano Sophie Pattey performed classical music of J.S. Bach, W.A. Mozart, F. Chopin, S. Rachmaninov and J. Alain. The Grand Dinner Banquet took place at the Restaurant de Sénat on Monday evening. Robert Garcia arranged two private tours of the senate chambers for the Angle East members and guests before the banquet.

The Angle East speakers and their topics were David Mutsch (Congenitally Absent Maxillary Lateral Incisors: A Checklist for Treatment Planning), Ute Schneider-Moser (To Open or Close Spaces for Congenitally Missing Upper Incisors: Is this Really the Question?), Paul Batastini (The Profile Smile: A Stan-

Birte Melsen receiving the Brainerd Swain Award from President Marcel Korn for best paper at the 2013 Angle East meeting in New Paltz, New York.

Sheldon Peck embracing Vanarsdall immediately after presenting Slick with the Harvey Peck Memorial Award at the Grand Dinner Banquet

dard of Care), Daniel Tanguay (The Use of TADs as Temporary Implants), Mohamed Masoud (Three Dimensional Dentofacial Imaging Standards: A New Approach to Orthodontic Diagnosis), William Wiltshire (Orthodontic Shear Bond Strengths of a New Self-Adhering Resin to Enamel, Restorative Composite and Porcelain), Carlalberta Verna (Orthodontically Induced Bone Resorption and Formation in Smokers and Non-Smokers), Robert Garcia (SAHOS Treatment with Mandibular Advancement Devices: Forces Applied on the Arches), Mauro Cozzani (Comparison Between an Acrylic Splint Herbst and an Acrylic Splint Miniscrew-Herbst for Mandibular Incisors Proclination Control), Sylvain Chamberland (Functional Genioplasty in Growing Patients), Michel Di Battista (Adult Class II Division 2 Patients, Do You Still Have Their Jaw Broken?), Marty Palomo (A Three Dimensional Evaluation of Class II Subdivision Malocclusion Correction Using Cartesian Coordinates), Ramzi Haddad (Unilateral Sagittal Split Osteotomy: New Approach in the Treatment of Mandibular Asymmetry), Thomas Fischer (A Case Discussion), Frank Cordray (The Seated Condylar Position in 4 Dimensions: Is the Seated Condylar Position (SCP/CR) Stable Over Time?), Michael Vermette (Comparison of Clinical Results: Integrated Pre-Adjusted Versus Hybrid Fixed Appliances), Carla Evans (Do Esthetic Archwires Deliver the Same Loads as Uncoated Wires?), Hee-Moon Kyung (A New Typodont System for Simulating Tooth Movement), Jean-Marc Retrouvey (Orthodontic Movement in Osteogenesis Imperfecta: Evaluation of Mice Treated with Bisphosphonates), Olivier Nicolay (The Effect of Micro-Perforations on Orthodontic Tooth Movement), David De Franco (Orthodontic Treatment of a Class III Malocclusion in a 14 Year-Old Male), Takashi Yamashiro (Evaluation of Oral Health-Related Quality of

Life After Orthodontic Treatment), William Cole (The Paradigm of Perfection in the Age of Yaeaba), Benedict Wilmes (Effectiveness of Maxillary Protraction Using a Hybrid Hyrax-Facemask Combination: A Controlled Clinical Study), Joseph Bouserhal (Three Dimensional Changes of the Naso-Maxillary Complex Following Rapid Maxillary Expansion), Joseph Ghafari (Component Analysis of Class II Division 1 Discloses Limitations for Transfer to Class I Phenotype), Keiji Moriyama (Evaluation of the Volume of the Tongue and of the Oral Cavity Using Cone Beam Computed Tomography), Anthony Macari (Correlation Between Voice Parameters and Craniofacial Morphologies in Pediatric and Adult

Sylvain Chamberland delivering his award winning paper in Paris.

Populations) and Anil Ardeshta (Three Dimensional Assessment of Morphological Changes of Constricted Maxillary Arches Treated with Rapid Maxillary Expansion and Damon System).

Sylvain Chamberland was voted by members to receive the 2014 Brainerd "Barney" Swain Award of Excellence for the best paper presented at the 2014 annual meeting in Paris. The title of his paper was "Functional Genioplasty in Growing Patients". He evaluated the role of age as a moderator of bone regeneration and the patterns of bone remodeling at the symphysis after genioplasty. The winner of this award receives a certificate and the prestigious nomination to be speaker at the next EHASO International Biennial Meeting.

A view of Luxembourg Park with the Sénat in the background on a clear spring day

Hugh Phillis receiving the Distinguished Service Award from the Awards Chair Bill Northway at the Grand Dinner Banquet

Other Angle East awards were presented at the Monday evening Banquet held at Le Sénat. Robert "Slick" Vanarsdall received the Eastern Component's highest recognition, the Harvey Peck Memorial Award for his achievement in the pursuit of excellence in the specialty of orthodontics. The 2014 Distinguished Service Award was presented to our 2nd Past President Hugh Phillis for his many years of contributions to Angle East and the specialty of orthodontics. Robert Garcia received the President's Certificate of Appreciation Award for his contribution to the local arrangements of the 2014 meeting in Paris. Sheldon Peck received a Lifetime Achievement Award from the Angle East thanking him for his years of leadership. The 2013 Brainerd "Barney" Swain Award was presented to

Marcel Korn presenting Robert Garcia with the President's Certificate of Appreciation and a special gift at the Grand Dinner Banquet at the Restaurant de Sénat

Birte Melsen for best paper at the Angle East meeting in New Paltz, New York titled "Should We Widen the Indications for TADs?".

Turi Bassarelli, Kunihiko Otsubo and Antonino Secchi completed the admissions process and gained active member status receiving an Angle East certificate. The guests from 2013, Edmond Chaptini and Nayla Bassil-Nassif, are new Affiliate members. The three guests at the 2014 Angle East meeting were Carmelo Capua, Carlalberta Verna and Benedict Wilmes. Vicente Hernandez from Angle Midwest and Dan Yaillen from Angle Northwest participated at the 2014 Angle East meeting in Paris.

In addition to the Officers of the Executive Committee listed above, Hugh Phillis is 3rd Past President, William Cole is 2nd Past President, Marcel Korn is 1st Past President, Mark Bronsky is Examining Committee Chair, Kazuhito Arai is Academic Committee Chair, Ute Schneider-Moser is Membership Committee Chair, Olivier Nicolay is By-Laws Committee Chair, Hugh Phillis is Nominations Committee Chair, Michael Cognata is Awards Committee Chair and Sylvain Chamberland is Communications Chair.

The Angle East is indebted to Elizabeth Barrett, once again for preparing the program booklet, and to Julie Le Court for taking care of the details for a successful meeting. The next annual Angle East meeting will take place at the Westin Georgetown, Washington, D.C. from March 27-29, 2015. ■

Meeting News

Northern California Angle Society members met on November 1, 2013 at the Arthur A. Dugoni School of Dentistry, University of the Pacific, San Francisco, CA. HeeSoo Oh presented an engaging presentation "Surgery First Approach to Skeletal Class III. Tom Marcel presented his thesis "CBCT Mapping of Human Naris" completing his Angle Society membership process. Case reports were also presented by Toshihito Sato and David Markham.

"The founding fathers of the Angle Society have given us a priceless heritage of striving for excellence. The best effort of the most talented orthodontists is the price of admission to the Angle Society."

Affiliate member HeeSoo Oh at the Arthur A. Dugoni School of Dentistry, San Francisco, California.

The Northern California Angle Society met again on January 24, 2014 and the Pacific Golf and Tennis Club, San Mateo, California. Guest speaker was Elichiro Nakajima of Japan. Andy Trosien gave a case presentation. William A. Green was the discussor.

Membership News

Northern California Angle Society continues to grow its membership. NorCal EHASO now has 50 active members. We look forward to the progress of 5 Clinical Affiliates: Rebecca Keller, HeeSoo Oh, David Markham, Bella Shen-Garnett, and Andrew Trosien. Thanks to the generous educational support of Dentsply-GAC and Ortho2 in educational sponsorship, orthodontic residents from University of California San Francisco and University of the Pacific were able to attend both the November and January meetings. We wish all our Guests and Affiliates the best in their quest to become active members of the Northern California Angle Society, and in their personal pursuit of orthodontic excellence.

Tom Marcel at the Dr. William Dorfman-Discus Dental Auditorium, Arthur A. Dugoni School of Dentistry, San Francisco, California.

Affiliate member Andy Trosien with Editor Ann Marie Gorczyca, Peninsula Golf and Country Club, San Mateo, California.

The Northern California Angle Society remembers Donald Alden Rudee who passed away on June 14, 2013. He was an orthodontic graduate of the University of Washington and practiced orthodontics in Palo Alto for 30 years. He is survived by his wife Joyce, daughter Tamis, son Tod, and 4 grandchildren. ■

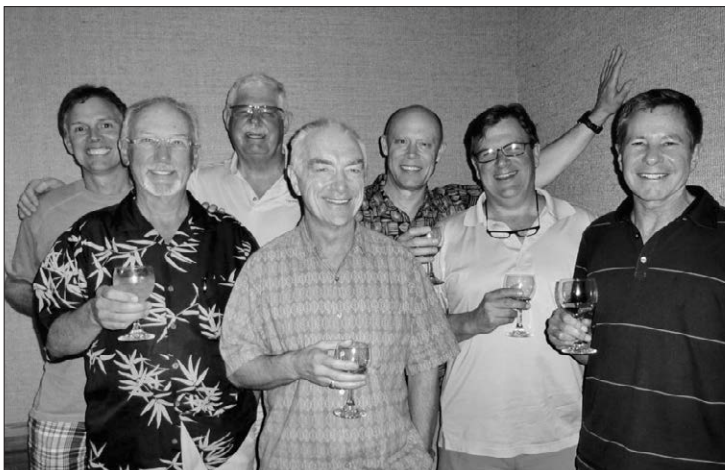

ANGLE NORTHWEST

Angle Meeting Highlights

The Northwest Component of the Angle Society broke from tradition for our winter meeting in February and went to Kona, Hawaii. Although the original thinking might have been to get to a warmer climate at that time of the year, the added benefits of a longer meeting meant that there was more time for social events and more time to add some new features to the program. In the end it was obvious that there was more time spent getting to know some of the newer members and affiliates and also more time to swap lies with long time friends and acquaintances as well.

The scientific program featured affiliate case reports by Ryan Moses, Paul Helpard, and Brad Chvatal. Following their presentations, all three were welcomed into regular active membership. Dave Turpin gave us an interesting historical perspective on changes in the AJODO over the years since its inception; Paul Pocock presented an interesting look at distraction osteogenesis in patients with craniofacial anomalies, and David Kennedy presented a 2 part series on planning for the treatment of crowded dentitions: when to extract and when to treat non-extraction.

Our guest speaker featured Dr. Barbara Sheller, an orthodontist from Seattle area who also has an interest in be-bunking claims in many fields of alternative medicine and alternative therapies. They too must stand the test of evidence-based scrutiny if they are to be believed. It is truly amazing to see what treatments have been tried over the years. It had us all looking closely at the goats next to the golf course to see if they were, in fact, intact.

A typical end to a successful Executive meeting in Hawaii

Brian Hartman discusses the finer details with Joe Safirstein and Chris Matthews

Ryan Moses being congratulated by Larry Doyle on becoming an active member

A new feature added to this meeting was the member case display. It functioned well to promote informal discussion among everyone present and will open the doors to making our Northwest component more user friendly for affiliates and new members so there is a helping-hand study club atmosphere to our group.

At the conclusion of the meeting a new slate of officers was introduced for 2014-2016. Our new Board of Directors is:

President	Doug Klein
President-Elect and Program Chair	Peter Shapiro
Secretary/Treasurer	Hugh Lamont
Past President	Iain Allan
Admissions Committee	Tim Quinn
Study Committee	Scot Burgess
Component Representative	Bryan Hicks ■

International Representative:	Masatada Koga
Editor:	Dave Rynearson
Historian:	Richard Mays
Program Chairperson:	To be announced

RECENT MEETINGS:

Our annual 3-day meeting was held at the Hilton Los Angeles/ Universal City March 14-16, 2014. Approximately 120 were in attendance: Regular Members, Affiliates, guests, and the graduate orthodontic residents from Loma Linda, UCLA and USC. On

Friday, all Active Regular and Affiliate members displayed 2 cases each treated within the last 2 years. These cases were graded by the 5 winners from 2013. In addition, those applying for Affiliate Membership displayed their 2 cases and those Affiliates applying for Regular Membership displayed their 10 cases to be graded and voted upon by the Regular Membership.

The winners for 2014 were: Paul Upatham, Dave Pair, Keiko Nakamura, Osamu Takahashi and Min Ho Jung. These fine orthodontists will be our graders for the 2015 3-day meeting and will also do a slide presentation of their winning cases.

Late morning presentations from 2013 winners were made before a hosted lunch. In the early afternoon, winner presentations continued, followed by Harry (Hap) Dougherty Jr, who gave a moving tribute to his late father and mentor, Harry Dougherty, Sr. Hap also discussed his paper: "Pre-surgical orthodontic setup and post-surgical orthodontic management-Landing the occlusion".

Tables of cases displayed by membership

President Will Andrews with Jim Vaden

Program Chairman Glenn Bloore with Greg Huang

President Will Andrews presenting surfboard to outgoing President Rob Hambleton

Cheol Ho Paik, our Regular Member from South Korea and international lecturer on the use of mini-implants gave us an update on the progress of this technique. Rick McLaughlin then presented: "Class III Treatment Case Report using Bollard Skeletal Plates".

At the completion of the 1st day, there was a hosted cocktail party and get-together with hors d'oeuvres and appetizers.

The Saturday session featured Dr Greg Huang, Chairman and Professor of the Department of Orthodontics, University of

Washington. Dr Huang is also a member of Angle Northwest. Dr Huang is co-editor of the textbook, *Evidence-based Orthodontics*.

In the morning Dr Huang, discussed the 'evidence based pyramid', classifying the ascending quality of evidence from 'expert opinion' at the base, all the way to the top, 'systematic reviews/meta-analysis'. His method of explanation kept the subject interesting as well as being very pertinent to our everyday practices in evaluating treatment based on the best available evidence.

The Sunday morning speaker was Dr Jim Vaden, private practice in Cookeville, TN. He was an Adjunct Clinical Professor at the University of Michigan department of Orthodontics and then became Professor and Chair, Department of Orthodontics, University of Tennessee, which he held for 11 years.

Dr Vaden served as a Director of the American Board of Orthodontics for 8 years and is currently the Assistant Course Director of the Tweed Study Course in Tucson. He has taught at the Tweed course since 1979.

Dr Vaden talked to us about 'Clinical Orthodontic Decisions Based Upon the Synergy of 40 years of Practice and the Literature'. He discussed, Class II strategy, extraction/non-extraction and long term retention. Typically of Dr Vaden, we saw many, many treated cases demonstrating evidence based technique and orthodontic excellence.

Grading cases

Future Meetings

We are in the planning for our next 3-Day meeting March 20, 21 and 22 at the Hilton Los Angeles/Universal City.

Biennial Meeting

The 41st International Biennial meeting will be hosted by Angle Southern California at the Langham Huntington Hotel in Pasadena, September 25-29, 2015. Historically, 4 miles due north from the hotel, is where the first, one-story bungalow called the Angle School of Orthodontia, built by his grateful students, was completed in the winter of 1922-1923.

This meeting is special, not only because of its location, but as we all know, the Angle Biennial is the best meeting in all of Orthodontics, with its opening breakfast, gala dinner, scientific sessions and other excursions and social events for both members and spouses. More information will be forthcoming, however mark off the time, now. The meeting is over the weekend, so that a Friday, Monday and half day Tuesday will allow a minimum of productive time out of the office. See you in Pasadena!

Member Portrait:

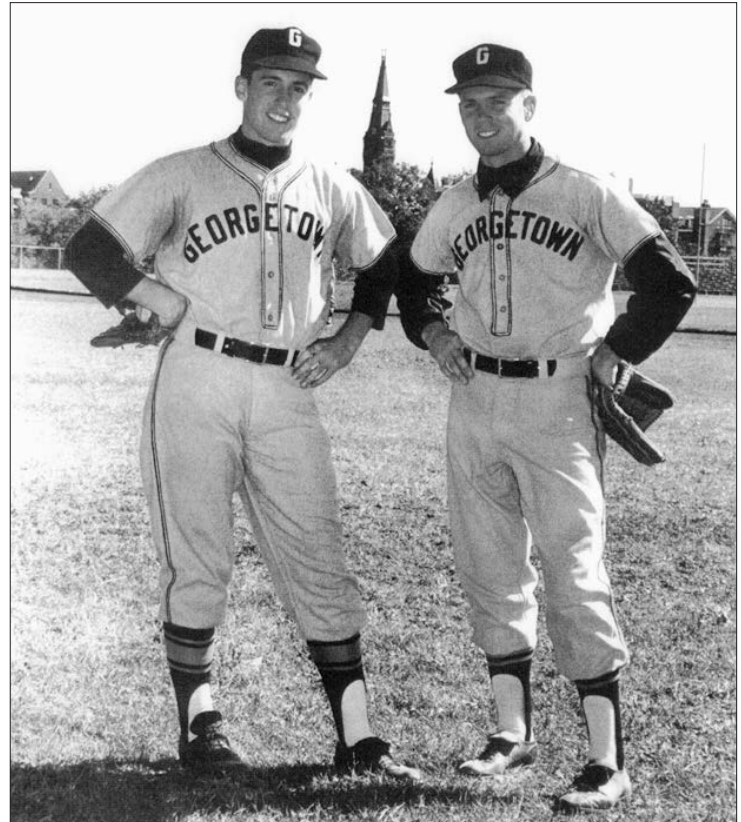

RICHARD P McLAUGHLIN, DDS

Rick was born in Seattle, WA and moved to Billings, MT when he was 6 months. His mom was a housewife; his father was a B-17 pilot in WW II and died on his 25th mission. He flew the very dangerous, difficult bombing runs from Foggia, Italy to the Ploiesti oilfields in Romania with just enough fuel aboard for the round trip. He was awarded a Gold Star Purple Heart. His mother remarried when Rick was 5. His stepfather was in charge of the Safety Program for Standard Oil Company in Billings, MT.

Rick is the oldest of 2 sisters and a brother. He went to Billings Central High School and was both an outstanding student and baseball player. He was awarded a four year baseball scholarship to Georgetown University as an outfielder and graduated four years later with a Bachelor of Science in Chemistry. He was then offered a baseball contract by the Washington Senators, but instead, chose to attend Georgetown University's School of Dentistry. After graduation, he spent 4 years as a Dental Officer in the US Navy, stationed in San Diego and then Japan.

While in San Diego he became friends with Larry Andrews, spending time in his office. This relationship sparked his interest in

Rick on left with teammate

Orthodontics. Upon his discharge from the Navy, Rick attended the University of Southern California, School of Dentistry, Department of Orthodontics. He was mentored by Angle members: Harry Dougherty, department chairman; Terry Root, Don Tuverson, Sky Joyner, Bob Schacter as well as others.

While an undergraduate at Georgetown University, Rick met his wife, Dorene who has a Masters degree in Marriage and Family Therapy as well as a doctorate in Leadership from the University of San Diego. They have 3 grown children: son John, a stockbroker; daughter Cindy, an aesthetician; and daughter Casey, a secretary at a local high school. All live nearby in San Diego. Rick and Dorene are also proud grandparents to two grandsons.

In 1985, Rick was interested in becoming a member in the Angle Society, Southern California. The normal procedure then to become an Affiliate member, was to present 5 cases that would hopefully be approved after careful scrutiny by the case graders. Then within the next 2 years to become a Regular Member, 10 additional cases would be shown, as well as a paper suitable

for publication in the *Angle Orthodontist*. Occasionally, the 2 year interim between Affiliate and Regular Membership would go to 3 and 4 years and finally an ultimatum would be given to the candidate, to complete the requirements or be dropped from membership.

In Rick's case, he presented all 15 cases and gave a brilliant all-day presentation on Malocclusion and the TMJ—An Historical Perspective; he was of course awarded his Regular Membership in Angle Southern California, and as hosts for the 1987 Biennial meeting in Newport Beach, gave the paper again in September of that year.

Rick served as President of Angle Southern California, 1994-1996, is our Component Director and is currently President of the National Edward H Angle Society. At the end of his tenure, 2015, Angle Southern California hosts the 41st Biennial meeting, September 24-29, at the Langham Huntington Hotel, Pasadena, CA.

Early in Rick's career he was an associate of Larry Andrews in San Diego. He now is in full time practice in San Diego with his partner, Paul Upatham, a former graduate orthodontic student from USC. Rick partnered with John Bennett, London, and Hugo Trevisi, Sao Paulo, to develop the MBT system and provide supporting textbooks. He more recently presents a 2 year, interactive post-graduate orthodontic program with Terry McDonald and maxillo-facial surgeon Bill Arnett. Rick is currently an education and product consultant for Opal Orthodontics, a branch of Ultradent Products, Inc.

Rick has lectured extensively both Nationally and Internationally since 1985. He has written more than 30 journal articles and co-authored 4 textbooks.

Rick has been an Associate Professor of Orthodontics at USC since 1988. Rick is also an Associate Professor, Saint Louis University, Saint Louis, MO and Assistant Professor, Loma Linda University, Loma Linda, CA. Each year, he invites his post-graduate orthodontic students from USC to spend several days at his office in San Diego, which is always a well anticipated and appreciated event. Rick has received 'Instructor of the Year Award' numerous times from the USC Department of Orthodontics.

Rick is a Diplomate of the American Board of Orthodontics. He has received many distinguished Honors:

In 1996, he received the Arthur B Lewis Lectureship Award from Ohio State University, College of Dentistry

Rick sliding into home

In 2005 and 2006, he was a Candidate from the Pacific Coast Society of Orthodontists for the Albert H Ketchum Award

In 2005, received the Jarabak Award, from Indiana University Department of Orthodontics

In 2009, received the Dale B Wade Award, from American Board of Orthodontists

In 2010, received the Award of Merit from the Pacific Coast Society of Orthodontists

His professional memberships include: San Diego County Dental Society, California Dental Association, American Dental Association, Pacific Coast Society of Orthodontists, American Association of Orthodontists and aforementioned Edward H Angle Society and American Board of Orthodontics.

On a personal note, as busy as Rick is with his teaching, lecturing and private practice, he is always very approachable and available to give advice and consult if you call him or email him regarding the diagnosis of a case.

In his earlier days, Rick was an avid sailor, sailing Lasers, the 22' Etchells keelboat and even sailing 12 meters and the catamaran Stars and Stripes, with skipper Dennis Conner of Americas Cup fame out of the San Diego Yacht Club.

Rick also has run a number of marathons and was a snow skier. Now, he plays golf and enjoys an occasional fishing trip.

In addition to being President of Angle Southern California, Director and now President of the National Angle Society, Rick has been instrumental in organizing a group of Japanese and Korean orthodontists who make the annual trek from Tokyo and Seoul to our 3-day meeting in Southern California; 16 have now become Regular Members and participate each meeting by presenting excellent cases and papers. We also have other international orthodontists who attend regularly and are in the process of becoming members.

Rick's contributions to the Angle Society and orthodontics in general, as well as internationally are greatly appreciated by all. Rick is a gifted clinician and a very astute innovator. He is constantly modifying and changing treatment methods to obtain superior results. Best of all, Rick is willing and delighted to share these insights with all orthodontists. It will be exciting for us to see and benefit from his leadership in the future. ■

Richard Mays,
Historian

ANGLE SOUTHWEST

ANNUAL COMPONENT MEETING AUGUST 21-23, 2014 SNAKE RIVER LODGE AND SPA JACKSON HOLE, WYOMING

WELCOME TO WYOMING!

The SRL is located at Jackson Hole Mountain Resort, a world-class ski area, in beautiful Teton Village.

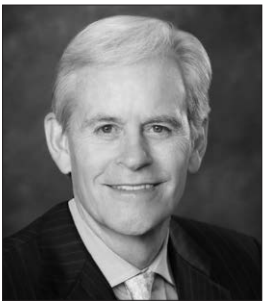

Hiking and camping may be the most popular summer endeavors, while whitewater rafting, golfing and horseback riding provide some of the nearly limitless summer entertainment possibilities. Whether you visit Jackson Hole seeking the thrill of the outdoors, the hospitality of one of the many resort properties, or a variety of dining and shopping options, you are guaranteed the experience of a lifetime. www.jacksonholechamber.com/summer_fun/

Please invite your colleagues to join us in the Tetons.
The guest application can be found on our website: www.anglesouthwest.org

SPRING 2014 – NEWS from AngleSouthwest Officers

President	S. Ed Owens
President-Elect/Vice President	Dan Percy
Treasurer	Dan Percy
Secretary	Mittida Raksanaves
Director to Central Body	Tucker Haltom
Director-At-Large	Hiro Arimoto
Director	George Schudy
Director	Seuss Kassisieh
Immediate Past President	Joe Pearson

News from the Southwest—Congratulations to:

**R. G. "Wick" Alexander
AAO 2014 – Annual Session - Salzmann Lecturer**

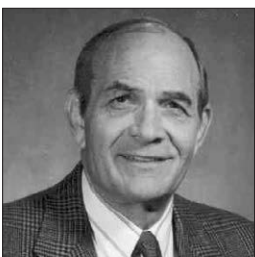

Wick is honored to present the 2014 Jacob A. Salzmann Lecture – Sunday, April 27, at 8:00AM.

The topic of his presentation is: **"Long-term Stability - Can it Stand the Test of Time?"**

2014 Recipient of the Texas Orthodontic Study Club - "Trailblazer Award"

AngleSW member, **Dr. R.G. "Wick" Alexander** and his brother, Dr. C. Moody Alexander received accolades during the Texas Orthodontic Study Club's 68th Annual Meeting. The two brothers received the 2014 Trailblazer Award. Their sons and fellow orthodontists, Drs. Chuck and J. Moody Alexander, and Dr. Cliff Alexander, respectively, presented the awards.

Larry White

Larry has an article published in the March-April issue of *Orthodontic Practice US*

The article is titled:
Posterior Occlusal Guides

**Brad Edgren
AAO 2014 Annual Session – Doctors Scientific Program**

Brad will be speaking Saturday, April 26, 8:00AM Room 353.

The title of his presentation is:

"Interceptive Treatment of Impacted Teeth Utilizing CBCT and the Frontal Analysis"

Modern Bioprogressive Seminar – New Orleans

Brad will be speaking Saturday, April 25, 2014 – New Orleans Marriott

The title of his presentation is: *"Integrating Cone Beam Computed Tomography into Modern Bioprogressive Therapy"*

Katie Julien and Lisa King

2014 Recipient of the Texas Orthodontic Study Club – "Fred Schudy Award"

Dr. Katie Julien, center; Dr. Lisa King, 2nd from right

Fred F. Schudy achievement certificates went to AngleSW member, Dr. Katie Julien and Affiliate, Dr. Lisa King. The Schudy award is given to 10 study club members whose outstanding case presentations offer unique or unexpected approaches.

NOTE FROM AngleSW TREASURER:

The Southwest component now has a PayPal account. To make payments by credit card or PayPal please visit our new secure online payment site at:
