

The Great Hudson Valley Scavenger Hunt FAQ

Q: Can I visit the same location multiple times?

A: You may only receive points for visiting a location once during the contest period, but you can visit multiple locations on the same day. Participants are not limited to how many locations they can visit each day.

Please “check-in” each time you visit a new location by scanning the QR code at the location and entering the specific keyword into the Goosechase app under missions

Q: Do I need to download the Goosechase App?

A: Yes, all players need to download the Goosechase app in order to participate in the scavenger hunt and earn points. The Goosechase experience is not accessible through the browser.

Q: If I enter the contest July 1st, can I still participate and qualify to be entered to win the grand prize?

A: Yes, as long as you accumulate points prior to July 31, you have the opportunity to earn points, and be entered for a chance to win prizes. For the grand prize, you will need to be among the teams with the most points earned. However, there are also prizes for lesser dollar values that you can qualify and be entered for a chance to win, with 4000-5000 points. You can join the contest at any time between: July 1 and July 31.

Q: Can I visit a featured location after the day that location is featured?

A: Yes, any of the 31 days is fine. Only on the day it is featured, will participants who visit the location earn additional points, 500 points total. You can still visit that location for points (300), even if it is before or after the featured day.

The first person to scan the QR code and input the keyword, at the location, after the clue is released each morning in July, that team will win the “featured day prize” for that given day.

Q: Does the system track points; how will I know how many points I’ve accumulated along the way?

A: Yes, once a team completes the registration, and signs up for the Goosechase app. Each time a location’s QR code is scanned and a keyword is inputted completing the mission, points will be tallied within the app.

Q: I lost my point total. How do I find out what it is?

A: First check within the app. Then email frontdesk@drcoc.org.

Q: How do I qualify for additional prizes?

A: Besides the possibility of winning prizes for points earned. Additional potential winners include those who take photos and post to social media, one group will be awarded: “Best Team Spirit,” and another: “Best Selfie” - Submit by hash tagging: #HVScavengerHunt. *The Great Hudson Valley Scavenger Hunt Committee* will also determine the team with the “Best Team Name.”

Q: Will the posters be inside or outside of the location?

A: This is part of the hunt! It is up to you to find the poster, but we have asked each location to place them in a prominent location. Most locations will likely post it at a main entrance or in a front window, but some locations will have posters within the business.

Q: Who is eligible for the Grand Prize - \$2,026 in cash?

A: Teams eligible for a chance to win the grand prize are those with the most amount of points earned during the contest period.

Q: Do I need a team, or can I do it alone?

A: You do not need a team. You can participate in the competition as an individual player. However, you do need to include a “team name” on your initial registration and within the Goosechase app.

Q: How many are on a team?

A: A team can be one individual or several, as many as you desire.

Q: Do I have to visit the featured location if I have already been there previously during the contest?

A: Each day, there will be a clue for a new featured location. If you have already been to that location, you will not be able to earn the additional 200 points that those who visit on the

featured day receive. However, if you miss the featured day you can still visit the location for 300 points.
