1. INTRODUCTION

1.1 Parties to the Agreement

THIS AGREEMENT made

BETWEEN

COLLEGE OF NEW CALEDONIA BOARD

(hereinafter called "Board")

OF THE FIRST PART

AND

FACULTY ASSOCIATION OF THE COLLEGE OF NEW CALEDONIA

(hereinafter called "Faculty Association")

OF THE SECOND PART

WHEREAS the Board is the "employer" as defined by the *Labour Relations Code (1992) of British Columbia*;

AND WHEREAS the faculty members of the College are the "employees" as defined by the *Labour Relations Code (1992)* of British Columbia;

AND WHEREAS the Faculty Association is defined as a trade union by the *Labour Relations Code (1992)* of British Columbia;

AND WHEREAS the Faculty Association is certified by the *Labour Relations Board* as the sole collective bargaining agent for all full-time and part-time faculty employees of the College of New Caledonia primarily engaged in teaching functions including instructors in academic, technical and vocational programs, college and career preparation programs, and continuing education programs, except part-time instructors employed to teach general interest courses.

NOW THIS AGREEMENT WITNESSETH that the parties hereto covenant and agree that:

1.2 Preamble

1.2.1 The parties recognize that the College is an educational institution committed to meeting the needs of the region it serves and to providing relevant educational opportunities for persons of all ages, backgrounds and experiences.

1.2.2 Employment Equity

The Faculty Association and the College support the principle of employment equity for women, visible minorities, Aboriginal peoples, and individuals with disabilities.

1.2.3 Purpose of Agreement

The purpose of this Agreement is to promote the quality of the education provided at the College. The terms and conditions contained in this Agreement are designed to promote harmonious relations within the College and to facilitate the just settlement of disputes and misunderstandings.

1.2.4 Jurisdiction

If a new position is being created at the College that includes both work normally performed by faculty employees and work normally performed by operational staff, the College agrees to provide a description of the duties and responsibilities of the position to the Faculty Association in advance of implementation. It is the College's intent that the period of notice will be adequate for the joint committee referred to in Article 2.9 to review the proposed duties and responsibilities of the position and its inclusion in or exclusion from the Faculty Association bargaining unit.

In the event of a jurisdictional dispute over the position, the College may fill the position and work it pending resolution of the dispute through mutual agreement of all parties or mechanisms contained in applicable legislation. Article 3 of this agreement shall not be applicable to disputes arising from this Article.

1.2.5 Position Designation

a. The College will give preference to the designation of full-time faculty positions rather than part-time faculty positions subject to such operational

requirements as the quality of programs, attainment of program objectives, the need for special qualifications and the market acceptability of the programs to employers, students and the community, and consultation with program faculty.

- b. The College shall not manipulate the appointment provisions of 5.8 for the purpose of avoiding a part-time appointment on the Non-Regular Seniority List. This shall not limit the College's right to hire in all other respects subject to the terms of this agreement.

1.2.6 Contracting Out

- a. Job Security For Employees

- i. The College recognizes that the role of faculty is primarily within the instructional activities of the College. Although effective delivery of post-secondary education and training requires flexibility to respond to the needs of a diverse range of clients, contracting out will not detract from the primary role of faculty employees.
- ii. Contracting out will not result in the lay-off, or loss of Non-Regular Seniority List right of first refusal of any employee covered by this agreement.

- b. Protection of Bargaining Unit Work

- i. The College will not contract out in order to avoid hiring part-time or sessional faculty nor restrict the normal growth of the work performed by the bargaining unit as the College operations grow.
 - ii. When a faculty appointee or a part-time faculty employee on the non-regular seniority list leaves their employment, the College shall not fill that particular vacancy with a contractor.
- c. The College acknowledges that it is in the best interest of all concerned that every effort be made to utilize members of the bargaining unit to teach as many of the courses and programs offered by the College as possible. On its part, the Association appreciates the changing educational environment

and recognizes the ongoing need for the College to offer a variety of competitive courses and programs which require supplementary or special qualifications/expertise; the Association agrees that these are the type of occasions which may necessitate the College's use of external organizations or persons best suited for the delivery of the specific course/program. Furthermore, the Association recognizes that there will be courses/programs which can be offered more efficiently/competitively by a contractor since the contractor provides a "ready-made" instruction package which may include marketing strategy, curriculum and course objectives, equipment, learning materials, supplies, course evaluation and a particular level of expertise/certification/qualifications. It is also understood that there will be courses/programs which logically should be provided by a bona fide contractor when that contractor is specifically requested by a third party on the understanding that the course would only proceed on that basis.

- d. In keeping with these mutual understandings, the College undertakes to give every reasonable consideration to utilizing members of the bargaining unit prior to entering into any instructional contract(s).
- e. The College will assist faculty members in developing the skills and expertise necessary to provide additional/new courses and programs as College operations change; the College and the Association agree that it is appropriate to use the existing professional development committee and funds for that purpose.

1.2.7 Contracting Out Review Process

- a. When an instructional contract is entered into by the College, the following information shall be provided promptly to the Association:
 - i. title and length of course;
 - ii. names of contractors and qualifications required by the College and/or specified by the third party;
 - iii. credit, certification or recognition received by the course or program;

-
- iv. full description of the course or program similar to the course descriptions found in the College calendar; and
 - v. target population and/or prospective clients.

The information shall be of sufficient detail to enable the Association to assess whether the course/program being contracted out is consistent with the provisions of this Collective Agreement. The foregoing does not preclude the College from providing such information to the Association in advance of entering into an instructional contract, if timing and circumstances permit.

- b. A Joint Contracting Out Committee will be established immediately. The Committee will be comprised of two appointees of the College and two appointees of the Association and may be supplemented by resource persons as required given the nature of matters raised. If the Association has a concern arising from the information provided under 1.2.7 a, the matter will be referred to the Joint Contracting Out Committee for discussion; in requesting a meeting in this regard, the Association will provide the College with reasonable advance notice of the particular areas of concern to be discussed.

- c. Dispute Resolution Mechanism

If the Association is not satisfied with the explanation for the contracting out decision provided by the College representatives on the Joint Contracting Out Committee and there is no agreement of the Committee members, the Association may refer the matter to Step 2 of the grievance procedure in the Collective Agreement. If unresolved, the dispute may then be referred by the Association to expedited arbitration using the following process:

- i. One of the following persons will be chosen as arbitrator on a random basis:

Corrin Bell
Mark Brown
Jacquie De Aguayo
John Hall

Koml Kandola
Julie Nichols
Randy Noonan
Bob Pekeles
Ken Saunders

- ii. The matter will be heard by the arbitrator within ten (10) weeks of the date of the arbitrator's selection. In the event that the arbitrator selected cannot hear the matter within this ten (10) week limit, the parties shall refer the case to the first available arbitrator on the list.
 - iii. In the arbitration, the primary onus will be on the College to provide justification for the contracting out decision and reasons why the course or program was not offered to faculty employees (in keeping with this article and in particular the standard established in 1.2.6 d.).
 - iv. Where the arbitrator determines that a breach of the Collective Agreement has occurred, the arbitrator may order any remedy that is consistent with Section 89 of the *Labour Relations Code*.
- d. In a spirit of collegial cooperation and in an environment of open and frank dialogue, the Joint Contracting Out Committee will meet on a regular basis to review contracting out decisions that have been made and will examine possible alternatives to contracting out the various courses/programs in subsequent College offerings. Accordingly, any discussions which take place in the Joint Contracting Out Committee are without prejudice and will not be introduced during any arbitration proceedings.

1.2.8 Post-Secondary Educational Opportunities in Northern British Columbia

- a. The parties recognize that the post-secondary educational opportunities in the area served by the College of New Caledonia are best enhanced by a co-operative, integrated plan developed through structures which allow those institutions, agencies, and workers who deliver and support the delivery of programs to be involved as equal partners.

- b. The College shall not make a decision to enter into any agreements with any other public post-secondary institutions (including the Prince George Native Friendship Centre) that materially affects the work of the bargaining unit or the terms and conditions of faculty employees without prior consultation with the Association; this shall involve meaningful discussion by the parties and full disclosure of the information related to such agreements.

1.3 Term of the Agreement

- 1.3.1 This Agreement, unless changed by mutual consent of both parties, shall be in force and effect from April 1, 2022 to March 31, 2025 and shall continue in force until the renewal of this Agreement.

- 1.3.2 The notice required under 1.3.1 above shall be validly and sufficiently served to the President or to the President of the Faculty Association at least four months prior to the expiry of this Agreement.

- 1.3.3 If no new agreement is reached at the expiration of this Agreement, or if negotiations are continued beyond the date of expiry of this Agreement, or if the collective bargaining process is referred to mediation under 1.4 below, this Agreement shall remain in force up to the time a subsequent agreement is reached, or until the Faculty Association commences a strike or the College commences a lockout.

1.4 Provision for Mediation of the Collective Bargaining Process

- 1.4.1 Where a difference arises between the parties relating to the negotiations towards a new collective agreement, and only with the mutual agreement of the parties, a person may be selected and requested to:

- i. investigate the difference(s)
- ii. define the issue in the difference(s) and
- iii. make recommendations to assist the parties to resolve the difference(s).

Both parties agree that, failing mutual agreement or satisfactory resolution of the difference(s), either party retains their rights at law to pursue any other process.

1.5 Modification of the Agreement

Any change deemed necessary in this Agreement may be made only by mutual written agreement of the parties at any time during the life of this Agreement.

1.6 Number

When the singular is used in this Agreement, it is understood that the reference includes the plural as the context so requires.

1.7 Reference to Legislation

Wherever legislation (both federal and provincial) is specifically referred to in this Agreement, failure of the College or the Faculty Association to abide by the conditions of such legislation shall be subject to the grievance and arbitration procedures of this Agreement.

1.8 Strikes and Lockouts

There must be no strikes, lockouts or illegal job action so long as this Agreement remains in effect.

1.9 Agreements Responsibilities

Except with the mutual consent of the Faculty Association and the Board, faculty employees must not make any written or oral agreements with the employer which conflict with the terms of this Agreement nor must the employer ask, require or permit them to do so.

The Faculty Association shall be notified in writing of the College's intent to utilize a sessional position and the specific purpose as outlined in this Article at least prior to advertisement. Subject to Articles 6.6 and 5.2.5, a sessional position carries no implication of renewal beyond the term of appointment nor of any subsequent transfer.
- 5.1.2 A sessional position, shall after two (2) cumulative teaching years become a regular full-time position. For the purposes of Articles 5.1, 5.2 and 6.6, "cumulative teaching year" denotes a total of twelve (12) months of sessional positions including preparation, and vacation time and professional development time. Both consecutive and intermittent positions (exclusive of positions of four (4) weeks or less) separated by five (5) months or less must count towards this total. Although the sessional position is regularized after two (2) cumulative teaching years, the filling of the regularized position shall not occur until after the completion of the appointment of any sessional incumbent.
- 5.1.3 For the purposes of Articles 5.1, 5.2 and 6.6, a position is a full-time work assignment within a discipline or subject area at the same campus location made for a reason specified in 5.1.1. For the purposes of 5.1, 5.2 and 6.6, campus location means the specific city or town (or its equivalent). For the purposes of regularization 5.1.2, a sessional position shall be deemed to be continued if it is a continuation of the same specific replacement need, the same specific temporary need, or the identical or general subject material and instructional nature associated with the original position at the original campus location.

5.2 Sessional Appointees

- 5.2.1 A faculty employee appointed to a sessional position of more than four (4) weeks, shall receive a pro-rated salary (see Schedule A) and full fringe benefits (See Article 14). The term of such an appointment shall include pro-rated vacation, pro-rated preparation time and, if applicable under 6.6, professional development time. Preparation time shall be calculated at the rate of one (1) working day for each month of the appointment and shall normally be added at the commencement of the appointment prior to the beginning of teaching or other duties. Vacation time shall be calculated at the rate of 4.3 working days for each instructional month of the appointment (including preparation time), with the total number of days rounded. Unless determined otherwise by mutual agreement of the faculty employee and the College, professional development time (or preparation and vacation, as applicable) shall not be cumulative from one appointment to another.
- 5.2.2 A faculty employee appointed to a sessional position of four (4) weeks or less shall receive a pro-rated salary (see Schedule A) and only those fringe benefits (including vacation pay) guaranteed by law.
- 5.2.3 After each cumulative teaching year, the Board, under the conditions of 11.2 (Salary Increments) shall credit the faculty employee with one (1) step on the salary scale.
- 5.2.4 When a sessional position becomes a regular full-time position under Article 5.1.2, the faculty employee who has completed a minimum of eighteen (18) cumulative teaching months in the sessional position that is being regularized shall have the right of first refusal to the regular position provided they have not received unsatisfactory evaluations and the regular position becomes available within eighteen (18) months of completion of the sessional appointment unless there is a qualified regular full-time or regular part-time employee who shall have right of first refusal for the position. Should the sessional appointee with the right of first refusal refuse an appointment to the position, others who have held the same sessional positions shall be short-listed, if applied for.
- 5.2.5 When a person previously appointed to a sessional position accepts a regular or regularized position under any of the provisions of Article 5.1, the time spent as a sessional appointee shall count toward the probationary period of Article 5.3 and

towards placement on scale where the experience as a sessional appointee has been in a relevant discipline as the regularized position.

5.2.6 A sessional appointee who receives a regularized position that was previously a sessional position because it was not funded through the Program Profile process, becomes eligible for severance pay as provided for in 6.7.1 after the completion of three (3) years of regular faculty appointments. This three (3) year period does not include any time spent on sessional or probationary appointments.

5.2.7 If a sessional appointee accepts a regular appointment for the next term or academic year and the commencement of that appointment is less than four (4) weeks from completion of the sessional appointment, the completion date of the sessional appointment shall be adjusted so that there is no gap in employment.

5.2.8 a) A sessional faculty employee who has received and accepted a written appointment to a sessional position (exclusive of appointments of four weeks or less) shall be paid ten (10) percent of the scheduled instructional period of the appointment if it is cancelled prior to its commencement with less than ten (10) working days of notice to the appointee.

b) A sessional faculty employee who has received and accepted a written appointment to a sessional position (exclusive of appointments of four weeks or less) shall be paid forty (40%) percent of the remaining scheduled instructional period of the appointment if it is cancelled after instruction begins.

5.3 Probationary Appointments

 - d. that no further appointment is being offered due to changes in enrolment or course offerings (6.4).

It is intended that the decision on renewal or non-renewal of an initial probationary appointment as described in (a) or (c) above will be based upon eight (8) months of instructional assignments and/or equivalent duties provided for in this Agreement. Initial probationary appointees who have completed the afore-mentioned eight (8) month period will receive written notification in accordance with this article four (4) months prior to the expiration of their probationary appointment. Initial probationary appointees who have completed less than this eight (8) month period may have the amount of notice reduced accordingly. However, the minimum notice period shall not be less than two (2) months prior to the expiration of their initial probationary appointment. Faculty employees who have been appointed for a second probationary period will receive four (4) months written notification prior to the expiration of the probationary period as to whether (b), (c) or (d) above is applicable.

- 5.3.4 Failure of the President to provide the appropriate notice to a faculty employee on a probationary appointment prior to the expiration of the appointment (see 5.3.2) means that a second probationary period or a faculty appointment, as appropriate, has been offered.
- 5.3.5 Failure of the faculty employee to respond to a written offer of appointment by any prescribed date above (see 5.3.3) implies that any appointment offers have been rejected.

5.4 Faculty Appointments

5.4.1 On successful completion of the probationary period (unless 6.4 applies), a faculty employee shall be offered a faculty appointment. A faculty appointment means that the appointment shall be continued unless there are exceptional circumstances as specified in 8.4.1 or 6.4.

 - c. faculty employees on the Non-Regular Seniority List as per Local Agreement Article 6.6 (by order of seniority)
 - d. new hires, part-time, or sessional employees.

Allocation by Department

- e. Once departmental allocations have been met, available workload will be allocated by qualified employees according to campus-wide seniority and canvass results (now in C.A. article 5.5.14).

Summer, Weekend and Evening Hours

- f. If summer, weekend, and/or work on more than two (2) evenings per week was required in order to meet the triggers in 5.5.1, the faculty employee's educational administrator may assign workload in the same manner to the regularized faculty employee.
- g. If the College requires summer, weekend, and/or work on more than two (2) evenings per week to meet the annualized percentage for a faculty employee who did not have this pattern of work to attain the trigger, such a workload may be agreed to by the faculty employee and their educational administrator. In the case of summer employment for Type 1 full-time regularized faculty, written permission of the Faculty Association is also required.

5.5.8 Employees regularized in accordance with Article 5.5.1 shall be responsible for pro-rated office hours and faculty duties according to Article 10.

5.5.9 Layoff for Employees Regularized to a Full-time Workload

If employees regularized to a full-time workload are laid off, Common Agreement Article 6.4, and Local Agreement Articles 6.4 and 6.7 shall apply. An employee shall not use the same years toward the severance calculation more than once.

5.5.10 Calculation of Workload

The appointment year for the purposes of regularization calculations shall be August 1 to July 31.

Employees regularized in accordance with this article shall have their workload calculated as follows:

- a. For employees whose entire annual workload is in programs with regular semesters/trimesters, and they are scheduled to work the entire semester/trimester, the percentage of their annualized workload shall be calculated based on the number of instructional hours per week as a percentage of maximum workload hours per week for the workload type. For Type 1(a) and 1(b) lecture-only workloads, if an employee is under 50% in terms of hours, but has more than 50% in terms of student numbers (5.5.15) in each semester of any year, they will be deemed to have a 50% workload.
- b. For employees whose entire annual workload is not in programs with regular semesters/trimesters, or they are not scheduled to work the entire semester/trimester, the percentage of their annualized workload shall be calculated based on the total number of instructional hours as a percentage of the hours in 5.5.15.
- c. For employees in positions that require, for educational purposes, more than a maximum annual workload of 100% in a specific year, they shall have their workload reduced in the subsequent year so that the average does not exceed 100% over the two years.

5.5.11 Employees regularized in accordance with this article shall have salaries, pro-rated on the Common Scale based on the percentage of their annual workload as derived in Article 5.5.10 above, paid out in the following way:

- a. If the workload is a least 50%, the monthly salary will remain constant averaged over the workload levels of the two semesters or three trimesters e.g. 55% overall when an employee works 50% in the first semester/trimester and 60% in the second semester/trimester; or

- b. if the workload is less than 50%, the employee shall be paid after submitting a time-sheet as the hours are worked; or
- c. if all of the employee's work is in one semester, they may choose between pro-rated or annualized pay providing they work in the fall semester/trimester.

5.5.12 Employees regularized in accordance with this article shall receive a letter from the College each year advising them of the anticipated percentage workload assignment for the upcoming work year. For base-funded programs, the letter shall be sent by May 15; for cost recovery programs, the letter shall be sent by June 30. Any additional work shall be covered in a separate letter.

The above dates may be delayed pending notification from the Union for those positions relating to Union leave.

5.5.13 Workload for Regular Part-time Faculty Employees

With regard to workload allocation, regular part-time employees shall be considered in a way similar to full-time faculty employees. If assigned an increased level of work, they may, in consultation with their educational administrator remain at their current level, or accept the increased level of work. If the level of work decreases, they may accept the reduced workload, request a leave of absence without pay, be laid off, or resign. The following provisions shall apply to workload allocation:

- a. If there is additional work available beyond the annualized percentage, it shall be assigned to any qualified full-time employee who does not have a maximum workload.
- b. If there is no qualified full-time employee who can be assigned this work, it shall be offered to the regular part-time faculty employee who is qualified and who has the most cumulative service at that campus. If they are unable to accept the additional workload, they shall notify the College within seven (7) working days.
- c. If the available workload for these employees decreases to less than 50%,

their appointment status shall not change, and they shall continue to receive pro-rated pay based on the percentage of their revised appointment.

- d. If an employee is unable to accept the reduced workload, they may choose to take a leave of absence; if the reduction continues into a second year, the employee may opt to take the workload, a second leave of absence, or be laid off, and, in special circumstances with the approval of the President, receive severance at the beginning of the second year under Article 6.8 of the local agreement.
- e. If the workload reduction occurs after the employee has accepted in writing the terms of their annual letter, the employee shall receive 25% of the difference between the expected percentage and the actual percentage of annual work. The employee has seven (7) days from the time of receipt of the letter of offer to indicate their acceptance.
- f. If no work is available for a two year period, the employee shall receive severance as per Article 6.8 of the local agreement.
- g. If a faculty employee requests 30 consecutive days of vacation, and if it cannot be scheduled, the work may be assigned to another faculty employee; or, by mutual agreement of the faculty employee and their educational administrator, the faculty employee may accept a pay-out of vacation time.
- h. If the workload assignment makes it impossible to schedule Professional Development or Preparation Time free of instructional responsibility, those days may be rescheduled on instructional days by mutual agreement of the faculty employee and their educational administrator.

5.5.14 Canvass of Regular Part-Time Employees

It shall be the College's responsibility to canvass all regular part-time employees by April 1 of each year to ascertain changes to qualifications and the level of employment desired beyond the annualized percentage (up to 100%). Such information shall be used to determine the qualifications and availability of the

employee for purposes of appointment selection. The College shall forward a list of this information to the Faculty Association.

5.6 Coordinator

5.6.1 Only a full-time or regular part-time faculty employee may be appointed as a coordinator. The appointment shall normally be one working year in length commencing August 1st. The specific duties and associated release time shall be mutually agreed upon by the faculty employee and their educational administrator. The faculty employee shall receive a letter of appointment outlining all conditions and responsibilities of the position; additional duties not specified in the letter of appointment shall not be assigned. A copy of this letter will be given to the Faculty Association. Any subsequent agreements will also be copied to the Faculty Association. Failure of the faculty employee to notify the President, or their designate, within five (5) calendar days from the date of offer means the appointment offer has been rejected. Coordinators shall be paid an allowance as described in Schedule A.

5.6.2 For evaluation purposes, the coordinator position shall be pro-rated to the total workload of the faculty employee.

5.6.3 Selection of Coordinators

When a coordinator position is to be filled, faculty employees in the applicable program area(s) shall select by March 31st one faculty member from the program area(s) to serve a one (1) year term as the program coordinator from August 1st to July 31st. The coordinator shall normally not serve more than three (3) consecutive terms.

5.6.4 If the faculty employee resigns from the coordinator position, the resignation shall normally coincide with the conclusion of an instructional term. Notwithstanding 5.6.1, a replacement for the coordinator position may be appointed for the remainder of the working year.

5.6.5 Coordinator Release Time

It is recognized that the coordinator duties vary between Divisions, and that the release time for coordinators should reflect a measure of time appropriate to the responsibilities. The following guidelines have been developed to ensure that job duties and release time for coordinators are applied in a fair and consistent manner throughout the College. The College and the Faculty Association agree that:

-
- a. Normal release time from teaching duties will be approximately 20% of the maximum workload and will correspond to a normal instructional unit of that workload, e.g., a section in CCP or Science. Where no normal instructional unit occurs, e.g., in trades and counselling, the normal release time will be 20% of the contact hours.

- b. The generic job description shall be common for all coordinators appointed under this Article (5.6). The generic job description for all Coordinators is as follows:

5.9 Secondment from the College to Another Institution

- 5.9.1 Secondments may be initiated by the College, by a faculty employee or by another institution and are governed by both a contract between institutions and the provisions of the Collective Agreement. Secondments are separate from other types of Leave in the Collective Agreement and are separate from the provisions of Article 16.4 (Subsidiary Employment) and 12.5 (Exchange Leave). Without restricting the application of Article 16.4 (Subsidiary Employment), the parties recognize that the appropriate mechanism for teaching within one's discipline for another institution is secondment.

A secondment will take place only with the prior joint agreement of both parties to the Collective Agreement and the faculty employee. The parties recognize that the terms and conditions of each secondment may vary depending on circumstances but the following principles shall apply:

-
- 5.9.2 The secondment shall normally be for a period of one (1) academic year subject to renewal to a maximum of two (2) years, at which time the parties will review the arrangement.

The College, Faculty Association, and employee shall then meet to discuss the terms of the secondment and the workload of the faculty employee as outlined above. Any arrangement to such things as workload hours and preparations, student numbers, office hours, professional development opportunities and travel will be agreed to in writing prior to commencement of the secondment.

- 5.10.2 The terms and conditions of such a relationship shall be subject to the prior joint agreement of all parties and shall be consistent with the terms and conditions of this Collective Agreement. Secondment arrangements shall be for no longer than one (1) year.

6.1 Cancellation of Courses

A part-time faculty employee who has received and accepted a written appointment to a part-time position of more than thirty (30) hours of scheduled instruction shall be paid 10% of the scheduled instruction hours of the appointment if it is cancelled prior to its commencement with less than two (2) weeks of notice to the appointee. For part-time positions of thirty (30) hours or less of scheduled instruction, the part-time faculty employee shall be paid 15% of the scheduled instruction hours of the appointment if it is cancelled prior to its commencement with less than one (1) week of notice to the appointee.

6.2 Resignation - Full-time and Regular Part-time Faculty Employees

6.2.1 An appointment may be terminated at any time by mutual consent of the faculty employee and the President.

6.2.2 An appointment may be terminated by a faculty employee submitting a resignation, in writing, to the President four (4) months prior to the date of resignation or three (3) months prior to the end of the faculty employee's current instructional period, e.g. semester, trimester.

6.3 Resignation - Part-time Faculty Employees (Not Regularized)

6.3.1 A part-time faculty employee who is not regularized shall notify the College of their decision to leave the employ of the College by giving written notice fourteen (14) calendar days in advance of the effective date of resignation. The part-time faculty employee shall receive termination pay and benefits as provided for in this Agreement.

6.3.2 On termination by a part-time faculty employee of their employment, the College shall within six (6) calendar days after the date of termination of employment pay to the employee all wages owing to them.

-
- 6.3.3 a. If a part-time employee on the Non-Regular Seniority List refuses two (2) consecutive offers of appointment, under the conditions of this Article, the College reserves the right to terminate their recall rights. This right shall not be exercised unreasonably.
- b. When an employee informs the Human Resources Director in writing that they will not be available for work during a specific period up to one calendar year, the College shall not make offers of appointment during that period.

The employee must be available for work for at least one year prior to being eligible for another extended period when unavailable.

- 6.3.4 Where the part-time employee on the Non-Regular Seniority List fails to keep the Human Resources Office informed of their current address, they shall be considered to have resigned.

6.4 Seniority, Lay-off and Recall - Full-time Faculty Employees

- 6.4.1 Subject to the Board's right at all times to maintain faculty competent to deliver instruction in the courses offered by the College, the College recognizes the right of an employee to exercise their seniority in the event of a reduction of staff and recall after lay-off.
- 6.4.2 For the purpose of this Article (6.4), no seniority shall be acquired by a member of the bargaining unit until the faculty employee is given a faculty appointment or has been regularized. Upon such appointment the seniority of the faculty employee shall be based upon the number of years of continuous employment immediately preceding the appointment. Continuous employment in this context includes consecutive sessional appointments, intermittent sessional appointments (exclusive of appointments under 5.2.2 for replacement purposes) and part-time service separated by a break in service of six (6) months or less.
- 6.4.3 Having acquired seniority in accordance with the foregoing, the faculty appointee's seniority shall not cease as a result of sickness, accident, approved leaves of absence, or lay-off of less than twenty-four (24) months. Seniority shall not continue to accrue during a period of lay-off.

-
- 6.4.4 A faculty appointee's seniority shall cease upon discharge, resignation or failure to exercise the right to recall within thirty (30) days of notification.
- 6.4.5 Where the faculty appointee takes employment with the College outside of the bargaining unit, they will re-establish their seniority within the bargaining unit if re-appointed within three (3) calendar years of the previous appointment and will have accumulated seniority restored.
- 6.4.6 An appointment may be terminated or not renewed for reasons of changes in enrolment, course offerings, or a demonstrated shortage of funds. If it appears that a faculty position may become redundant in a specific discipline due to a decrease in enrolment, changes in course offerings, or a demonstrated shortage of funds, the President shall advise the Directors of the Faculty Association and shall give them the relevant information relating to the decision on termination or non-renewal of appointment prior to taking a decision on the matter.
- 6.4.7 Where the Board determines that an appointment will be terminated or not renewed for reasons given above, the Board shall give notice of non-renewal or lay-off by March 31 for faculty appointees or four (4) months prior to the date of lay-off for the non-renewal of a probationary appointee subject to the following:
- a. The Board shall give notice to both the Faculty Association and the affected employee;
 - b. Upon the request of the Faculty Association the issue of the employee's layoff shall be referred to the Lay-off Committee referred to in Articles 6.4 of both the Common and Local Agreement.
- 6.4.8 A Lay-off Committee shall be instituted upon the execution of this collective agreement and shall consist of four persons, two appointed by the Faculty Association and two appointed by the College and may be increased or decreased as mutually agreed to from time to time.
- 6.4.9 The duties of the Committee shall be as follows:
- a. To consider the reasons for the lay-off;
 - b. To consider the alternatives to the lay-off;

- c. To consider whether or not the faculty employee proposed to be laid-off is competent and/or qualified to instruct in other disciplines within the College in respect of which they may exercise their seniority;
- d. To consider whether or not part-time faculty appointments may be terminated to permit the laid-off employee to be retained. If the reason for lay-off is a demonstrated shortage of funds (6.4.6), this provision shall not apply;
- e. To consider whether or not sessional appointments should be terminated to permit the laid-off employee to exercise their seniority to be retained;
- f. To consider whether or not the seniority of the proposed employee to be laid-off permits them to exercise a right to seek an appointment elsewhere within the bargaining unit.

6.4.10 The Committee shall have the authority to indicate its approval or disagreement with the decision of the College to effect the lay-off notice where a majority of the members so agree. In the event that the Committee is unable to agree on a recommendation, either party may refer the areas of disagreement to one of the named arbitrators 3.6 for final and binding decision. The arbitrator shall have full authority, including the right to rescind the lay-off, to resolve the areas of disagreement as specified in this article.

6.4.11 In any event the Committee and third party procedure must be concluded by July 31st unless changed by mutual agreement between the parties.

6.4.12 Any references or records pertaining to faculty employees whose appointments are terminated or non-renewed under this Article (6.4) shall clearly point out the reasons for lay-off or non-renewal and shall explicitly state that such action has not been the result of proper cause as defined in Article 8.4.

6.4.13 If, after termination or non-renewal of a faculty appointment under the provision of 6.4, the Board subsequently finds it can increase faculty strength in a specific discipline, the Board shall offer reappointment to those former employees who are qualified for the discipline in question and who have had their appointments terminated or not renewed within the previous twenty-five (25) months from the termination or non-renewal under 6.4. This shall also include employees who have accepted reassignments outlined in 6.4.9 within the previous three (3) years from

the date of reassignment. Such offers of reappointment shall be made in the reverse order of seniority subject to the faculty employee's qualifications for the discipline in question. In order to remain eligible for recall under this provision, the former faculty employee must keep the Human Resources Department informed of their

mailing address and telephone number and must promptly report any changes therein. This does not preclude the College from appointing a new faculty employee to a position to be established in the period beyond the twenty-five (25) months from termination or non-renewal under Article 6.4.

6.4.14 Employees in receipt of recall notice shall have thirty (30) days to indicate their acceptance of the offer. Employees who do not reply to a recall notice or who refuse a recall notice shall be deemed to have resigned from the College and shall lose their seniority and right to recall.

6.4.15 Lay-off for faculty appointees under 6.4 shall occur only on July 31st. Termination or non-renewal of appointment for faculty employees on probationary appointments (5.3.2) under 6.4 shall occur four (4) months following written notice.

Termination of appointments that result from the proposed employee to be laid off exercising their seniority for displacement within the bargaining unit (6.4.9) shall be effective on the date specified in the original notice to the proposed employee to be laid off. Faculty appointees terminated as a result of displacement shall be given a minimum of two (2) months notice or pay in lieu of notice and severance pay as specified in Article 6.7.1. Sessional appointees terminated as a result of displacement will be entitled to the notice and severance pay as guaranteed by provincial statute.

6.5 Completion of Appointment - Regular Faculty Employees

Faculty employees whose employment with the College shall end with the completion of their current working year are free to leave the College and to receive by normal payments the balance of the salary stated in the Agreement when they have completed all contractual obligations, excluding professional development. In lieu of professional development entitlement for faculty employees, other than sessionals, in the final year of employment the College shall pay the equivalent of two weeks salary at the faculty employee's current rate. In the event that the faculty

employee has already taken two weeks or more of professional development entitlement earned in their final year, this payout shall be waived.

- 6.6.1 a. A faculty employee who has completed twenty-five (25) cumulative weeks of appointment at the same campus, who has received no unsatisfactory evaluations, and who is given a reappointment to a further position within eight (8) calendar months from the completion of the last appointment shall be entitled to the recall rights established in 6.6. For the purposes of Article 6.6, appointment durations include preparation, professional development and vacation time. Both consecutive and intermittent positions (exclusive of sessional positions of four (4) weeks or less) separated by five (5) months or less must count towards this total. $$\text{Type 2} \quad \frac{\text{Length of appointment in hours}}{16 \text{ hours}} = \text{weeks}$$

$$\text{Type 3, 4} \quad \frac{\text{Length of appointment in hours}}{20 \text{ hours}} = \text{weeks}$$

- 6.6.2 When a sessional or part-time position becomes available at a campus, it shall be offered to the individual who is entitled to recall, who is qualified, who has the greatest cumulative service at that campus, and who has not received unsatisfactory evaluations.

- 6.6.3 If the offer of an appointment is turned down, the appointment shall be offered to the qualified individual who is entitled to recall with the next greatest cumulative service at that campus, provided they have not received unsatisfactory evaluations.

-
- 6.6.4 A record of cumulative service will cease when two (2) years have passed without employment with the College at the same campus location; and/or the individual fails to keep the Human Resources office informed in writing of their current address and telephone number.
- 6.6.5
- a. If an individual refuses two (2) consecutive offers of appointment under the conditions of this Article, the College reserves the right to terminate their recall rights. This right shall not be exercised unreasonably.
 - b. When an employee informs the Human Resources Director in writing that they will not be available for work during a specific period up to one calendar year, the College shall not make offers of appointment during the period.

The employee must be available for work for at least one year prior to being eligible for another extended period when unavailable.
- 6.6.6 It shall be the responsibility of the person on the recall list to keep the College informed in writing to the Human Resources Department of increased qualifications, current address and telephone number, and changes in employment availability (time of day, type of work - sessional, part-time).
- 6.6.7 It shall be the College's responsibility to canvass all appointees by January 1 of each year to ascertain current qualifications, employment availability and instructional interests of each employee. The College shall forward a list of this information to the Faculty Association. Such information shall be used to determine the qualifications and availability of the employee for purposes of appointment selection.
- 6.6.8 On May 15th and October 15th of each year the Non-Regular Seniority List shall be updated. A copy of the updated list shall be sent to the Faculty Association within four (4) weeks.
- 6.6.9 Full-time faculty appointees who have undergone layoff under the provisions of 6.4 shall have their seniority credited for the purposes of the Non-Regular Seniority List and shall be offered sessional or part-time appointments for which they are qualified under the provisions 6.6.2.

-
- 6.6.10 A full-time faculty appointee who accepts an offer of an appointment shall be entitled to professional development time, vacation entitlement and preparation time in accordance with 6.6.1. The appointment shall not affect a full-time appointee's severance pay entitlement (as described in 6.7). The appointment period will count towards the faculty appointee's seniority on the Non-Regular Seniority List.
- 6.6.11 A full-time appointee's right to recall shall be in accordance with 6.4.13, superceding the provisions of 6.6.4.
- 6.6.12 A refusal of an offer of an appointment shall not affect a laid-off faculty appointee's severance pay (6.7), re-appointment to a full-time position (6.4.13), or further offers of employment during the lay-off period.

Repayment of this amount shall be on reasonable terms.

- a. Where the College has not offered appointments for two consecutive years, the employee shall be entitled to pro-rated severance pay. Severance pay shall be pro-rated on the basis of the average annual hours worked in the two (2) year period immediately prior to the cessation of available work taken as a percentage of the maximum hours of a full-time faculty employee in the applicable work load classification. Seniority shall be based upon the length of continuous service immediately prior to the cessation of available work, and shall not include the two (2) year period where no appointments were offered.

6.9 Severance - Part-time Faculty Employees

A part-time faculty employee failing to give notice without proper cause shall receive termination pay and benefits as provided in the statutes of the Province of British Columbia. No additional benefit entitlement as provided for in this Agreement shall apply.

The College and the Faculty Association agree that while these procedures do not apply to part-time vacancies, the intention is to involve faculty in selection and hiring of part-time faculty as circumstances permit and as it is practical.

- h. Any internal candidate who meets the criteria established in Article 6.10 c. shall be included in the shortlist of candidates. The Search Committee's recommendation shall include written reasons for not selecting any internal candidates. Internal candidates are those who have held an appointment at the College within the previous year, or have recall rights within the College. - 7.1.2 The primary purpose of evaluation for part-time faculty is to assess performance in order to maintain or improve the quality of College program delivery in the public interest.
- 7.1.3 Evaluations should provide feedback and information, guidance and suggestions for the future growth of the faculty employee. It is recognized that the evaluation may also be used to provide information to the administration for purposes of determining renewal or termination of contracts and advancement on the salary scale and of recognizing outstanding performance.
- 7.1.4 Responsibility for the initiation of the evaluation process rests with the faculty employee's direct educational administrator or Vice President who is responsible for ensuring that the evaluation procedures, as outlined in Article 7.2 are followed.

In addition, evaluations may be carried out at any time at the faculty employee's request. Only in cases of specific and serious complaints presented to the Vice President, evaluations, in addition to those previously specified, may be carried out at the faculty employee's direct educational administrator's or Vice President's discretion. In the absence of a formal evaluation, the performance shall be assumed to be satisfactory.

8. PERSONNEL RECORDS, DISCIPLINE, SUSPENSION AND DISCHARGE

8.1 Personnel Files

8.1.1 During normal working hours, and in the presence of the Human Resources Director or their designate, every faculty employee has the right of access to their personnel record. Upon presentation of a written request from the faculty employee and for that specific occasion only, a Director of the Faculty Association has the right of access to that faculty employee's personnel record, during normal working hours, and in the presence of the Human Resources Director or their designate. Every faculty employee shall receive a copy of any document which may be the basis of disciplinary action at the time that the document is inserted in the personnel file. A faculty employee shall receive, upon request, a copy of any document in their personnel file.

8.1.2 The personnel file shall contain only valid and relevant material. The faculty employee may request, in writing at any time, that material be removed from their personnel file.

At an employee's request, the College shall add an employee's response to any document on their personnel file.

8.3.2 In cases of suspension, the President shall report the action to the Board with a statement of their reasons.

8.3.3 The faculty employee, in accordance with Section 37(4), College and Institute Act 1996, may appeal the suspension to the Board.

8.3.4 The President may suspend a full-time or regular faculty employee from any or all of their faculty responsibilities when they have reasonable grounds for believing that the presence of the faculty employee is detrimental to the well-being or functioning of the College. Suspension shall normally precede or accompany action under 8.5 or 12.10 and shall terminate when such action is complete.

8.3.5 Suspension of a full-time or regular faculty employee may be with or without pay and benefits. However, consistent with a progressive disciplinary model, an episode of suspension with pay and benefits will normally precede an episode of suspension without pay and benefits.

8.4 Dismissal - Full-time and Regular Faculty Employees

8.4.1 An appointment may be terminated for proper cause. Demonstration of proper cause is the responsibility of the College, as represented by the President, and shall constitute sufficient reason for dismissal. Cause shall be:

- a. gross misconduct,
- b. persistent neglect of faculty responsibilities (where neglect shall be taken to mean failure to correct deficiencies which have been indicated in evaluations),
- c. professional incompetence directly related to faculty responsibilities.

The specific reasons for the termination of an appointment for proper cause shall be stated, in writing, by the President. A decision to terminate a faculty employee's appointment for proper cause may be appealed to the Board.

8.5 Dismissal Procedures

8.5.1 When the President determines that there is proper cause for dismissal, they shall notify the faculty employee and the Directors of the Faculty Association, in writing, outlining the reasons for this determination and stating any charges which have been made and by whom they were made.

8.5.2 Within seven (7) calendar days of such notification, the President shall meet with the faculty employee for a full and frank discussion of the reasons for the proposed dismissal. Each party may be accompanied by observers or advisors of their choice. Within four (4) calendar days of the meeting:

- a. the President may decide to withdraw dismissal proceedings, or
- b. the faculty employee may decide to offer their resignation, or
- c. the President may decide to recommend dismissal to the Board.

-
- 8.5.3 The faculty employee shall have the right to appear before the Board at the time a recommendation for dismissal is made, and to present or have presented their arguments to the Board. They may be accompanied by observers or spokespersons of their choice.
- 8.5.4 The Board shall notify the faculty employee and the Directors of the Faculty Association with respect to any dismissal recommendation, in writing, within seven (7) calendar days after such a decision has been reached.

- 8.6 Appeal Against Dismissal
- 8.6.1 If the Board accepts a dismissal recommendation (see 8.5), the faculty employee shall have the right, within twenty (20) calendar days from the time of notification of the Board's decision, to submit an appeal to an Arbitration Board under 3.6.
- 8.7 Failure to Report for Duty - Part-time Faculty Employees who are not Regularized
- 8.7.1 A part-time faculty employee who fails to report for duty for two (2) consecutive classes without informing the College of the reason for their absence shall be presumed to have abandoned their position (see Article 8.7.2).
- 8.7.2 A part-time faculty employee shall be afforded the opportunity to rebut such presumption and demonstrate that there was just cause for not informing the College.

9. TECHNOLOGICAL CHANGE

9.1 Technological Change

9.1.1 Definition: For the purposes of this Agreement, the term "technological change" means changes introduced by the College in the manner in which it carries out teaching operations and services where such change or changes affect the terms and conditions or security of employment of any member of the bargaining unit or alter the basis on which this Agreement was negotiated.

9.1.2 When the College is considering the introduction of a technological change:

- a. The Board agrees to notify in writing the Directors of the Faculty Association as far as possible in advance of its intention and to update the information provided as new developments arise and modifications are made.
- b. The foregoing notwithstanding, the Board shall provide the Directors of the Faculty Association at least six (6) months' notice that a technological change is intended, with a detailed description of the change it intends to carry out.

9.1.3 The notice mentioned in 9.1.2 shall be given in writing and shall contain pertinent data including:

- a. the nature of the change;
- b. the date on which the Board proposes to effect the change;
- c. the approximate number, type and location of faculty employees likely to be affected by the change;
- d. the effects the change may be expected to have on the faculty employees' working conditions and terms of employment;
- e. other pertinent data relating to the anticipated effects on faculty employees.

-
- 9.1.4 The notice mentioned in 9.1.2 and information listed in 9.1.3 shall also be given to the faculty employees likely to be affected.
- 9.1.5 Where the Board has notified the Directors of the Faculty Association of its intention of introducing a technological change, the parties undertake to meet within the next thirty 30 days in an effort to reach agreement on solutions to the problems arising from this change as they affect faculty employees.
- 9.1.6 Agreements reached between the parties under 9.1.5 shall be concluded in written form and such agreement shall have the same effect as the provisions of the existing Collective Agreement and shall be subject to the grievance procedure.
- 9.1.7 Where the parties do not reach agreement within three (3) months of the commencement of formal negotiations and where various matters relating to the affected faculty employees remain unresolved, either party may refer such matters to arbitration under 3.6.
- 9.1.8 Technological change must not be introduced by the Board while the matter is under discussion and/or dispute resolution under the terms of 9.1.5, 9.1.6, or 9.1.7.
- 9.1.9 Grievances over the application of Article 9.1 shall commence at Step 2 (i.e., the President) and shall be dealt with as expeditiously as possible.
- 9.2 Introduction and Evaluation of Self-Instructional or Pre-packaged Courses
- 9.2.1 The provisions outlined in this section (9.2.1 to 9.2.6) supersede the requirements outlined in 9.1.1 to 9.1.9 inclusive insofar as the introduction and evaluation of self-instructional or pre-packaged courses are concerned.
- 9.2.2 Based on its commitment to educational excellence, the College shall provide face-to-face instruction mode over alternate forms of delivery. However, it may be that in the course of making educational opportunities accessible to all of the people in the College region, that alternate or mixed modes of delivery are necessary.
- 9.2.3 It is agreed that where the College wishes to develop or introduce self-instructional courses (correspondence) or introduce pre-packaged courses, the professional standard of such courses is of utmost concern to all involved. These courses must meet professional standards or they shall not be offered through the College. If such

courses are being developed or introduced, recognizing that it is not possible to delineate a method which would be universally appropriate for the evaluation of all of the diverse curriculum available and for the many situations within which it will be developed and utilized, the College and the Faculty Association will strike a Committee to devise a process for evaluating these courses at the initiation of the project.

- 9.2.4 The Committee members shall consist of the course writer(s) when the course is being developed by the College or a person with appropriate expertise when the course is pre-packaged, the administrator responsible for the program area or their designate, a person with curriculum development expertise, and one or more faculty with content or related content expertise. Committee members other than the course writer(s) and the administrator shall be by mutual agreement of the Faculty Association and the College. Representatives of relevant professional bodies may be invited to serve as deemed appropriate by the Committee.
- 9.2.5 The Committee shall develop a comprehensive evaluation plan to ensure that the courses meet professional standards. Where the courses are developed by the College, this plan will include a formative evaluation during the development of the course as well as a summative evaluation after the course has been piloted. Students cannot be enrolled in pilot offerings of self-instructional courses or pre-packaged courses prior to the determination that the courses are of a professional standard through the evaluation process as specified by the Committee. Any deficiencies identified by a summative evaluation process after piloting the course must be corrected before the course may be offered again.
- 9.2.6 The work of the Committee will be deemed to be complete when a process for evaluation has been established. The process that the Committee establishes shall include (but not be limited to):
- a. a means for determining whether or not the course meets professional standards;
 - b. a procedure for assessing and, where appropriate, pilot testing the course;
 - c. timelines for completing the evaluation process;
 - d. a means for appraising whether or not the evaluation process has been adhered to;

-
- e. a means to ensure that the input of all affected parties will be considered within the evaluation process.

If the Committee is unable to establish a process for evaluation, the issue shall be referred to a three person external committee. One member of the committee shall be chosen by the College, one member shall be chosen by the Faculty Association, and the third member chosen by the first two members.

The external committee's recommendations for the establishment of an evaluation process are binding on both the Board and the Faculty Association.

9.3 Introduction of Courses Transmitted Live

It is agreed that in order to maintain instructional excellence and facilitate the use of live electronic transmission systems, the following provisions must be met:

- 9.3.1 The courses must meet a professional standard which is to be evaluated during their initial presentation according to the procedures outlined in Section 9.2.3 to 9.2.6 inclusive.
- 9.3.2 Courses presented by live electronic transmission systems include, but are not limited to, interactive instructional television, television, radio, and other electromagnetic delivery systems which do not allow the entire course to be assessed before delivery to the students.

9.4 Protection of Instructional Methodology & Materials

The College shall not make use of any faculty employee's lecture, laboratory, written or other course materials in such a way as to replace the actual services of any incumbent faculty employee. The College also agrees not to furnish such materials to any outside agency for rebroadcast or any other use without the employee's permission. The College shall not substitute electronic, self-instructional, package, pre-programmed educational services, or other purchased programs or devices for the services performed by a faculty employee if any faculty employee's appointment as a faculty employee would be terminated. This article supersedes any other provisions of the contract pertaining to job security.

10. FACULTY WORKLOAD

If new Arts and Science courses or new Type 1(b) or Type 1(c) programs are created during the life of this Agreement, the placement in the classification categories will be made with the mutual agreement of the Board and the Faculty Association; if mutual agreement cannot be reached, the issue goes to binding arbitration under Article 3.6.

10.2 Workload for Type 1(a) Faculty Employees

- 10.2.1 A faculty employee teaching a workload of twelve (12) or more instructional hours per week, including equivalent duties provided for in this Agreement (see 2.4.1, 4.7, 5.6, 10.10, 10.2.11, 10.14, 10.15, and 10.17) is a full-time faculty employee.
- 10.2.2 A full-time faculty employee, other than a laboratory demonstrator, may be required during each teaching semester to instruct in their area of competence only one of the following: either
- a. a maximum of fifteen (15) lecture or seminar hours per week; or
 - b. a maximum of sixteen (16) hours per week where at least one (1) laboratory or tutorial hour per week is taught in combination with lecture or seminar hours, where the laboratory section is directly associated with one of the lecture/seminar sections; or
 - c. a maximum of eighteen (18) hours per week where more than three (3) laboratory hours per week are taught; or

-
- d. a maximum of eighteen (18) hours per week where two (2) or three (3) laboratory hours per week are taught in combination with lecture or seminar hours providing the faculty employee agrees and providing the student enrolment on the first day of classes was on the average less than 60% full for the classes taught by the faculty employee concerned; or
 - e. a maximum of twelve (12) lecture or seminar hours per week where four (4) three-hour per week lecture or seminar preparations, or their equivalent, are taught; or
 - f. a maximum of fifteen (15) lecture or seminar hours per week and an additional three (3) laboratory or tutorial hours per week where no more than two (2) three-hour per week preparations, or their equivalent, are taught.

These workloads may be altered only with the written agreement of the Faculty Association.

10.2.3 A full-time laboratory demonstrator may be required during one teaching semester to instruct no more than twenty-one (21) hours per week, and in the remainder of the teaching semester(s) no more than eighteen (18) hours per week in their area of competence.

10.2.4 At any given time during a teaching semester, a full-time faculty employee, other than laboratory demonstrator, shall not be assigned:

- a. more than four (4) three-hour per week lecture or seminar preparations or their equivalent;
- b. more than three (3) three-hour per week lecture or seminar preparations if two or more of the preparations are for courses with no laboratory/clinical component which the faculty employee has not taught in the previous three years.
- c. more than three (3) three-hour per week lecture or seminar preparations if one or more of the preparations is for a course with a laboratory/clinical component which the faculty employee has not taught at the College in the previous three years.

-
- d. more than five (5) three-hour per week course sections or their equivalent (excluding laboratory sections);
 - e. more than three (3) three-hour per week course sections or their equivalent of any one course;
 - f. laboratory sections of more than one course for which they are not teaching a lecture section.

10.2.5 Each hour of a self-instructional course, as described in Article 9.2, shall be considered the equivalent of a laboratory hour in calculating a full-time faculty employee's workload. It is intended that the actual work for the faculty employee involved in a three-hour self-instructional course shall be approximately the same as the work involved in the preparation, marking, and delivery of a three-hour laboratory section. Such a workload shall not include more than two different self-instructional courses at any one time. Each self-instructional course shall not require more than two student-contact hours per week of the faculty employee's time.

10.2.6 Any dispute between a full-time faculty employee and the appropriate administrator concerning credit for any workload resulting from the presentation of a self-instructional course shall be resolved prior to the commencement of the course. Such resolution requires the written approval of the faculty employee.

10.2.7 With the written agreement of the full-time faculty employee, the total number of instructional hours or course preparations per week may be varied in different weeks so long as the average number of hours or course preparations per week does not exceed the appropriate maxima in 10.2.2, 10.2.3, 10.2.4 or 10.2.5. This does not prevent the assignment, in any one semester, of a workload which is at or below the appropriate maxima set out in 10.2.2, 10.2.3, 10.2.4, or 10.2.5.

For the purpose of this sub-article, the number of instructional hours or course preparations shall be the average number taken over the two teaching semesters of the working year.

10.2.8 A full-time faculty employee shall be available to students for consultation for five (5) scheduled office hours per week. A regular part-time faculty employee shall have pro-rated office hours. Effective January 1, 2018 a part-time or non-regular part-time Faculty Employee shall receive three (3) office hours for each lecture

section where the class is scheduled for forty-five (45) or more lecture hours. The faculty employee shall submit the times of their office hours to their educational administrator on request.

10.2.9 Full-time faculty employees with no previous teaching experience shall be given three or fewer preparations in their first year of teaching.

10.2.10 An overload is a workload in excess of the maxima designated in 10.2.2, 10.2.3, 10.2.4, or the overall student load referred to in 10.2.13. Overloads shall be undertaken only in exceptional circumstances and are not a long-term solution. An overload shall be permitted only upon written agreement between the faculty employee and their educational administrator. A faculty employee teaching an overload shall receive payment at the overload rate. No more than the maximum number of students allowed per section under 10.2.13 may be enrolled in any section taught as an overload. Such an overload allows for an increase in the overall student load referred to in 10.2.13 but the overall student load must not exceed 175 students at any given time.

10.2.11 Full-time faculty employees who have a teaching load of less than twelve (12) hours per week may be required by their educational administrator to carry out other duties subject to 4.2, 4.7, 5.6, and 10.10. Article 10.11 (Non-Teaching Functions) is not applicable in this event. For the purposes of evaluation only (Article 7), non-teaching assignments shall be considered on a proportional basis to the amount of maximum teaching load and shall not exceed 40% consideration in any event. Such assignments are not to be used in place of or for discipline, or as a substitute for a coordinator's appointment.

10.2.12 At any time during a teaching semester, a faculty employee shall not be assigned a teaching schedule which includes:

- a. more than three (3) consecutive lecture or seminar hours; or more than four (4) consecutive lecture-laboratory, seminar-laboratory, or back-to-back laboratory hours without a half (1/2) hour break;
- b. more than eight (8) instructional or six (6) lecture hours per calendar day;
- c. a teaching responsibility which commences before 10:00 hours on the day following an evening lecture, seminar or laboratory section which terminates after 21:00 hours;

-
- d. a working day consisting of more than twelve (12) hours from the beginning of the first work assignment to the end of the last work assignment;
 - e. more than two (2) evening classes per week for full-time faculty employees only (for the purpose of this sub-article "evening classes" shall refer to those classes where scheduled instruction continues past 19:00 hours);

without the prior written permission of the full-time or regular part-time faculty employee. In the case of part-time faculty who are not regularized, sections a-d above shall not be altered.

The teaching schedule of a part-time faculty employee shall include at least one forty-eight (48) hour break in each seven working days.

10.2.13 Except for self-instructional courses,

- a. no more than 37 students shall be allowed per section;
- b. no more than 25 students shall be allowed per technical writing section;
- c. no more than 20 students shall be allowed per university transfer lab or writing section. Maximum lab sizes for technical/career courses shall be determined by the appropriate educational administrator in consultation with the faculty employees having due regard for available facilities and course objectives.

With the regular employee's written permission, the class size may be increased by 5 students. In the case of probationary, sessional, and part-time appointees who are not regularized or when the class size is to exceed the maximum by more than 5, the written permission of the Faculty Association is also required.

For full-time faculty, but excluding University Transfer English instructors, the overall student load shall be 145 students averaged between the two teaching semesters, but must not exceed 150 students at any given time. For full-time University Transfer English instructors the overall student load shall be 135 students averaged between the two teaching semesters, but must not exceed 140 students at any given time. (For the purpose of this sub-article, student load calculations shall be based on enrolment data two weeks subsequent to the commencement of classes.)

For full-time laboratory demonstrators, the overall student load shall be 120 students averaged between the two teaching semesters, but must not exceed 125 students at any given time.

- 10.2.14 For part-time faculty the overall student load must not exceed 100 students at any given time.

For part-time laboratory demonstrators the overall student load must not exceed 80 students at any given time.

- 10.2.15 The above student loads are based on 3 hour per week sections and shall be pro-rated for any variation in section duration, and in the case of University Transfer English a combination of other disciplines.

- 10.2.16 Type 1(a) regular faculty employees shall be expected to devote the balance of the working year not set aside for vacation or professional development to other College activities such as teaching short courses up to a total of ten (10) hours, lecture or laboratory preparation, committee assignments, inventory or library research (subject to 4.1, 4.2, 4.7).

- 10.2.17 Part-time faculty employees who are not regularized shall be entitled to preparation time. Preparation time shall be calculated at the rate of five percent (5%) of regular scheduled hours (5.7c), and shall be added at the commencement of the appointment.

- 10.2.18 The maximum number of students allowed per section in new professional programs shall be negotiated by the College and the Faculty Association according to requirements established by the relevant professional body. If mutual agreement cannot be reached, the issue shall be resolved through the grievance and arbitration procedure (Article 3), beginning at the second stage (Article 3.4.2).

- 10.2.19 For full-time faculty employees "teaching semester" applies to the Type 1(a) workload classification (10.2) and denotes the fifteen (15) to sixteen (16) week period of scheduled classes (including exams and field work) falling between August 15 and December 20 and between January 1 and May 15. With the faculty employee's written permission, the College may assign a workload which is equivalent to the teaching load specified in Type 1, but which is not subject to the dates specified in the afore-mentioned articles.

-
- 10.2.20 A full-time faculty employee may be expected to teach courses with an extended semester of up to twenty (20) weeks. For an extension of up to fifteen (15) workload hours, such a faculty employee shall receive five (5) consecutive working days additional vacation between the fall and spring semesters; the days shall be at the faculty employee's discretion within that period. The faculty employee shall receive an equivalent workload reduction or payment at the overload rate for each additional workload hour in excess of fifteen (15) hours.
- 10.2.21 A full-time faculty employee may teach a combination of Type 1(a), Type 1(b) and Type 1(c) workload classifications. Workload limits specified in 10.2, 10.3, and 10.4 shall be pro-rated according to the classification and shall not exceed 100% in total.
- 10.3 Workload for Type 1(b) Faculty Employees
- 10.3.1 A faculty employee teaching a workload of twelve (12) or more Type 1(b) instructional hours per week, including equivalent duties provided for in this Agreement (see 2.4.1, 4.7, 5.6, 10.3.11, 10.10, 10.14, 10.15 and 10.17) is a full-time faculty employee.
- 10.3.2 A full-time faculty employee, other than a laboratory demonstrator, may be required during each teaching year to instruct in their area of competence only one of the following: Either
- a. a maximum of fifteen (15) lecture or seminar hours per week; or
 - b. a maximum of eighteen (18) hours per week where more than three (3) laboratory hours per week are taught; or
 - c. a maximum of eighteen (18) hours per week where no more than fifteen (15) lecture or seminar hours consisting of four (4) sections or fewer are taught in combination with directly associated laboratory hours; or
 - d. a maximum of twelve (12) lecture or seminar hours per week where four (4) three-hour per week lecture or seminar preparations, or their equivalent are taught.

These workloads may be altered only with the written permission of the Faculty Association.

10.3.3 A full-time laboratory demonstrator may be required during one teaching semester to instruct no more than twenty-one (21) hours per week, and in the remainder of the teaching semester(s) no more than eighteen (18) hours per week in their area of competence.

10.3.4 At any given time during a teaching year, a Type 1(b) full-time faculty employee, other than a laboratory demonstrator, shall not be assigned:

- a. more than four (4) three-hour per week lecture or seminar preparations or their equivalent;
- b. more than three (3) three-hour per week lecture or seminar preparations if two or more of the preparations are for courses with no laboratory/clinical component which the faculty employee has not taught in the previous three years.
- c. more than three (3) three-hour per week lecture or seminar preparations if one or more of the preparations is for a course with a laboratory/clinical component which the faculty employee has not taught at the College in the previous three years.
- d. more than five (5) three hour per week course sections or their equivalent (excluding laboratory sections);
- e. more than three (3) three-hour per week course sections or their equivalent of any one course;
- f. laboratory sections of more than one course for which they are not teaching a lecture section.

10.3.5 Each hour of a self-instructional course, as described in Article 9.2, shall be considered the equivalent of a laboratory hour in calculating a full-time faculty employee's workload. It is intended that the actual work for the faculty employee involved in a three-hour self-instructional course shall be approximately the same as the work involved in the preparation, marking, and delivery of a three-hour

laboratory section. Such a workload shall not include more than two different self-instructional courses at any one time. Each self-instructional course shall not require more than two student-contact hours per week of the faculty employee's time.

10.3.6 Any dispute between a full-time faculty employee and the appropriate administrator concerning credit for any workload resulting from the presentation of a self-instructional course shall be resolved prior to the commencement of the course. Such resolution requires the written approval of the faculty employee.

10.3.7 With the written agreement of the full-time faculty employee, the total number of Type 1(b) instructional hours or course preparations per week may be varied in different weeks so long as the average number of hours or course preparations per week does not exceed the appropriate maxima in 10.3.2, 10.3.3, 10.3.4 or 10.3.5. This does not prevent the assignment, in any one semester, of a workload which is at or below the appropriate maxima set out in 10.3.2, 10.3.3, 10.3.4, or 10.3.5.

For the purpose of this sub-article, the number of instructional hours or course preparations shall be the average number taken over the teaching year.

10.3.8 A full-time faculty employee shall be available to students for consultation for five (5) scheduled office hours per week. A regular part-time faculty employee shall have pro-rated office hours. Effective January 1, 2018 a part-time or non-regular part-time Faculty Employee shall receive three (3) office hours for each lecture section where the class is scheduled for forty-five (45) or more lecture hours. The faculty employee shall submit the times of their office hours to their educational administrator on request.

10.3.10 An overload is a workload in excess of the maxima designated in 10.3.2, 10.3.3, 10.3.4, or the overall student load referred to in 10.3.13. Overloads shall be undertaken only in exceptional circumstances and are not a long-term solution. An overload shall be permitted only upon written agreement between the faculty employee and their educational administrator. A faculty employee teaching an overload shall receive payment at the overload rate. No more than the maximum number of students allowed per section under 10.3.13 may be enrolled in any section taught as an overload. Such an overload allows for an increase in the overall

student load referred to in 10.3.13 but the overall student load must not exceed 175 students at any given time.

10.3.11 Type 1(b) full-time faculty employees who have a teaching load of less than twelve (12) hours per week may be required by their educational administrator to carry out other duties subject to 4.2, 4.7, 5.6, and 10.10. Article 10.11 (Non-Teaching Functions) is not applicable in this event. For the purposes of evaluation only (Article 7), non-teaching assignments shall be considered on a proportional basis to the amount of maximum teaching load and shall not exceed 40% consideration in any event. Such assignments are not to be used in place of or for discipline, or as a substitute for a Coordinator's appointment.

10.3.12 At any time during a teaching semester, a faculty employee shall not be assigned a teaching schedule which includes:

- a. more than three (3) consecutive lecture or seminar hours; or more than four (4) consecutive lecture-laboratory, seminar-laboratory, or back-to-back laboratory hours without a half (1/2) hour break;
- b. more than eight (8) instructional or six (6) lecture hours per calendar day;

- e. more than two (2) evening classes per week for full-time faculty employees only (for the purpose of this sub-article "evening classes" shall refer to those classes where scheduled instruction continues past 19:00 hours);

without the prior written permission of the regular faculty employee. In the case of a part-time faculty employee who has not been regularized, sections a-d above shall not be altered.

The teaching schedule of a part-time faculty employee shall include at least one forty-eight (48) hour break in each seven working days.

A regular part-time faculty employee shall have pro-rated preparation time. This fifteen (15) day period shall be free of instructional duties other than those normally associated with the preparation of courses (4.2.6).

- 10.3.18 Part-time faculty employees who are not regularized shall be entitled to preparation time. Preparation time shall be calculated at the rate of five percent (5%) of regular scheduled hours (5.7c), and shall be added at the commencement of the appointment.

- 10.3.19 The maximum number of students allowed per section in new professional programs shall be negotiated by the College and the Faculty Association according to requirements established by the relevant professional body. If mutual agreement cannot be reached, the issue shall be resolved through the grievance and arbitration procedure (Article 3), beginning at the second stage (Article 3.4.2).

- ii. The instructor with clinical practicum supervision responsibility shall have a maximum average of nine (9) scheduled hours of classroom teaching and/or laboratory

teaching per week, provided there are no more than ten (10) scheduled teaching and/or laboratory hours per week. For the purpose of this sub-article, maximum average shall be an average over the teaching year; or

- iii. The instructor with PACS/RADICL Lead responsibility shall have a maximum average of nine (9) scheduled hours of classroom teaching and/or laboratory teaching per week, provided there are no more than ten (10) scheduled teaching and/or laboratory hours per week. For the purpose of this sub-article, maximum average shall be an average over the teaching year.

10.4.3 A full-time laboratory demonstrator may be required during one teaching semester to instruct no more than twenty-one (21) hours per week, and in the remainder of the teaching semester(s) no more than eighteen (18) hours per week in their area of competence.

10.4.4 At any given time during a teaching year, a Type 1(c) full-time faculty employee, other than a laboratory demonstrator, shall not be assigned:

- a. more than four (4) three-hour per week lecture or seminar preparations or their equivalent;
- b. more than three (3) three-hour per week lecture or seminar preparations if two (2) or more of the preparations are for courses with no laboratory/clinical component which the faculty employee has not taught in the previous three years;
- c. more than three (3) three-hour per week lecture or seminar preparations if one (1) or more of the preparations is for a course with a laboratory/clinical

component which the faculty employee has not taught at the College in the previous three years;

- d. more than five (5) three hour per week course sections or their equivalent (excluding laboratory sections);
- e. more than three (3) three-hour per week course sections or their equivalent of any one course;
- f. laboratory sections (excluding clinic) for which they are not teaching a lecture section, except for Dental Hygiene, Practical Nursing, SONO and MLTS. A faculty employee in Dental Hygiene and Practical Nursing may be assigned a maximum of two (2) laboratory sections (excluding clinic) for which they are not teaching a lecture section. A MLTS faculty member may be assigned a total of 280 hours of non-lead lab hours.

- 10.4.5
- a. Each hour of a self-instructional course, as described in Article 9.2, shall be considered the equivalent of a laboratory hour in calculating a full-time faculty employee's workload. It is intended that the actual work for the faculty employee involved in a three-hour self-instructional course shall be approximately the same as the work involved in the preparation, marking, and delivery of a three-hour laboratory section. Such a workload shall not include more than two different self-instructional courses at any one time. Each self-instructional course shall not require more than two student-contact hours per week of the faculty employee's time.
 - b. For the purposes of the MLTS program, the supervision of students in self-instructional theory review and practicum courses will be the shared responsibility of the practicum/course supervisor and the preceptor (who shall be an employee of the host site medical laboratory and who will have participated in College delivered preceptor training) and as supported by first year course content instructional employees (see 10.4.5c below).

The second year practicum supervisor shall have 60% release time per week for practicum and course supervision including travel time between sites and the College, student placement, meetings, and report writing.

The summer practicum supervisor shall have 35% release for summer practicum and course supervision including travel time between sites and the College, student placement, meetings, and report writing.

- c. In addition to the maximums set out in Article 10.4.2.f.i, employees delivering course content in Year 1 of the MLTS program will provide up to five hours per year of practicum and self-instructional theory course

review time to support students in Year 2 of the program who have course content questions arising out of Year 1 course content.

10.4.6 Any dispute between a full-time faculty employee and the appropriate administrator concerning credit for any workload resulting from the presentation of a self-instructional course shall be resolved prior to the commencement of the course. Such resolution requires the written approval of the faculty employee.

10.4.7 With the written agreement of the full-time faculty employee, the total number of Type 1(c) instructional hours or course preparations per week may be varied in different weeks so long as the average number of hours or course preparations per week does not exceed the appropriate maxima in 10.4.2, 10.4.3, 10.4.4 or 10.4.5. This does not prevent the assignment, in any one instructional period, of a workload which is at or below the appropriate maxima set out in 10.4.2, 10.4.3, 10.4.4, or 10.4.5.

For the purpose of this sub-article, the number of instructional hours or course preparations shall be the average number taken over the teaching year.

10.4.8 A full-time faculty employee shall be available to students for consultation for five (5) scheduled office hours per week. A regular part-time faculty employee shall have pro-rated office hours. Effective January 1, 2018 a part-time or non-regular part-time Faculty Employee shall receive three (3) office hours for each lecture section where the class is scheduled for forty-five (45) or more lecture hours. The faculty employee shall submit the times of their office hours to the appropriate educational administrator on request. This requirement does not apply when a faculty employee is out on full-time practicum assignments.

-
- 10.4.9 Full-time faculty employees with no previous teaching experience shall be given three or fewer preparations in their first year of teaching.
- 10.4.10 An overload is a workload in excess of the maxima designated in 10.4.2, 10.4.3, 10.4.4, or the overall student load referred to in 10.4.13. Overloads shall be undertaken only in exceptional circumstances and are not a long-term solution. An overload shall be permitted only upon written agreement between the faculty employee and their educational administrator. A faculty employee teaching an overload shall receive payment at the overload rate. No more than the maximum number of students allowed per section under 10.4.13 may be enrolled in any section taught as an overload. Such an overload allows for an increase in the overall student load referred to in 10.4.13 but the overall student load must not exceed 175 students at any given time.
- 10.4.11 Type 1(c) full-time faculty employees who have a teaching load of less than twelve (12) hours per week in the MLTS Program, SONO program, or the Dental Hygiene Program, or fourteen (14) hours per week in the Dental Assisting Program, or sixteen (16) hours per week in the Practical Nurse Program, or eighteen (18) hours per week in the Health Care Assistant Program may be required by their educational administrator to carry out other duties subject to 4.2, 4.7, 5.6, and 10.10. Article 10.11 (Non-Teaching Functions) is not applicable in this event. For the purposes of evaluation only (Article 7), non-teaching assignments shall be considered on a proportional basis to the amount of maximum teaching load and shall not exceed 40% consideration in any event. Such assignments are not to be used in place of or for discipline, or as a substitute for a Coordinator's appointment.
- 10.4.12 At any given time during a teaching semester, a faculty employee shall not be assigned a teaching schedule which includes:
- a. more than three (3) consecutive lecture or seminar hours; or more than four (4) consecutive lecture-laboratory, seminar-laboratory, or back-to-back laboratory hours (excluding clinic) without a half (1/2) hour break;
 - b. more than eight (8) instructional or six (6) lecture hours per calendar day;
 - c. a teaching responsibility which commences before 10:00 hours on the day following an evening lecture, seminar or laboratory section which terminates after 21:00 hours;

-
- d. a working day consisting of more than twelve (12) hours from the beginning of the first work assignment to the end of the last work assignment;
 - e. more than two (2) evening classes per week for full-time faculty employees only (for the purpose of this sub-article "evening classes" shall refer to those classes where scheduled instruction continues past 19:00 hours);

without the prior written permission of the regular faculty employee. In the case of part-time employee(s) who are not regularized, sections a-d above shall not be altered.

The teaching schedule of a part-time faculty employee shall include at least one forty-eight (48) hour break in each seven working days.

10.4.13 Except for self-instructional courses,

- a. no more than 37 students shall be allowed per section except in the instance of team teaching;
- b. no more than 24 students shall be allowed per section in Dental Assisting except in the instance of team teaching;
- c. the ratio of instructors to students in clinical and practicum situations involving direct supervision shall not exceed:
 - i. 1:8 for Practical Nurse Program;
 - ii. 1:10 for Health Care Assistant Program;
 - iii. 1:8 for the Dental Assisting Program;
 - iv. 1:6 for the Dental Hygiene Program.
 - v. 1:24 for the second year practicum supervisor MLTS Programme. This ratio may increase to 1:36 for the summer practicum supervisor MLTS Programme to accommodate the first year intersession practicum.
 - vi. 1:16 for the Medical Radiology Technology Program.

vii. 1:16 for the SONO Program, which may be increased to 1:24 in the event there are overlapping cohorts in the practicum sessions.

d. ratio of instructors to students in laboratory sections shall be set by mutual agreement of the faculty employees and their educational administrator having due regard for the available facilities, the course objectives, and the abilities of the students.

With the regular faculty employee's written permission, the class size in 10.4.13(a) or 10.4.13(b), may be increased by 5 students. In the case of part-time (who are not regularized), probationary, and sessional appointees or when the class size is to exceed the maxima by more than 5, the written permission of the Faculty Association is also required.

10.4.14 For full-time faculty the overall student load shall be 145 students averaged over the teaching year, but must not exceed 150 students at any given time. For MLTS faculty, lead labs will count toward the faculty student load.
(For the purpose of this sub-article, student load calculations shall be based on enrolment data two weeks subsequent to the commencement of classes.) For MLTS faculty, student load calculations will include lead labs.

For full-time laboratory demonstrators, the overall student load shall be calculated by multiplying the maximum lab size by six (6) sections, averaged between the teaching semesters.

10.4.15 For part-time faculty the overall student load must not exceed 100 students at any given time.

10.4.16 The above student loads are based on 3 hour per week sections and shall be pro-rated for any variation in section duration.

10.4.17 All Type 1(c) full-time faculty employees shall receive a minimum of fifteen (15) working days of preparation time per working year. A regular part-time faculty employee shall have pro-rated preparation time. This 15 day period shall be free of instructional duties other than those normally associated with the preparation of courses (4.2.6).

-
- 10.4.18 Part-time faculty employees who are not regularized shall be entitled to preparation time. Preparation time shall be calculated at the rate of five percent (5%) of regular scheduled hours (5.7c), and shall be added at the commencement of the appointment.
- 10.4.19 The maximum number of students allowed per section in new professional programs shall be negotiated by the College and the Faculty Association according to requirements established by the relevant professional body. If mutual agreement cannot be reached, the issue shall be resolved through the grievance and arbitration procedure (Article 3), beginning at the second stage (Article 3.4.2).
- 10.4.20
- a. For full-time faculty employees a teaching year denotes a maximum of thirty-five (35) instructional weeks (including exam and field work) falling between August 15 and June 15.
 - b. With the full-time faculty employee's written permission, the College may assign a workload which is equivalent to the teaching load specified in Type 1, but which is not subject to the dates specified in the afore-mentioned articles.
 - c. For full-time Medical Radiology Technology faculty employees a teaching year denotes a maximum of thirty-five (35) instructional weeks (including exam and field work) falling between August 1 and July 31.
 - d. For full-time Medical Laboratory Technology faculty employees a teaching year denotes a maximum of thirty-five (35) instructional weeks (including exam and field work) falling between August 1 and July 31.
 - e. For full-time Practical Nurse faculty employees a teaching year denotes a maximum of thirty-five (35) instructional weeks (including exam and field work) falling between August 1 and July 31.

10.4.21 A full-time faculty employee may teach a combination of Type 1(a), Type 1(b) Type 1(c) and Type 1(d) workload classifications. Workload limits specified in 10.2, 10.3, 10.4 and 10.5 shall be pro-rated according to the classification and shall not exceed 100% in total.

10.4.22 For full-time instructors in the Dental Hygiene Programs there shall be a maximum of five hundred ten (510) hours of lecture or seminar hours per teaching year (including exams and field work). Additional laboratory and/or practicum supervision hours may also be assigned, in which case there shall be a total maximum of six hundred twelve (612) lecture, seminar, laboratory hours and practicum supervision hours available for assignment (including exams and field work). For full-time instructors in the Practical Nurse Program there shall be a maximum of seven hundred (700) hours of classroom, laboratory, practicum and clinical supervision per teaching year. For full-time instructors in the Dental Assisting Program there shall be a maximum of seven hundred fifty (750) hours of

classroom teaching and/or practicum and clinical supervision per teaching year. For full-time instructors in the MLTS Program, there shall be a maximum of six-hundred and thirty-five (635) hours of classroom, laboratory, and course review (per Article 10.4.5.c) time per teaching year. Instructional hours include lectures, seminars, laboratory instruction, clinical or field work, and practicum supervision.

10.5.2 A full time faculty employee in the NCBNP may be required during the teaching year to instruct in their area of competence only one of the following:

- a. maximum of fifteen (15) lecture or seminar hours per week; or
- b. a maximum average of sixteen (16) scheduled hours per week. In any one week, except for Nursing intersession, the maximum shall be twenty (20) scheduled hours. During the Nursing intersession, there shall be a maximum of thirty-two and one-half (32.5) scheduled hours in any one week.

For the purpose of this sub-article, the maximum average shall be an average over the teaching year.

These workloads may be altered only with the written agreement of the Faculty Association.

10.5.3 At any given time during a teaching year, a full-time faculty employee in the NCBNP shall not be assigned:

- a. more than three (3) lecture, seminar, or clinical preparations or their equivalent per semester;
- b. more than one (1) lecture, seminar, or clinical preparation, or equivalent, during the intersession;

10.5.4 Each hour of a self-instructional course, as described in 9.2 (of the Collective Agreement), shall be considered the equivalent of a laboratory hour in calculating a full-time faculty employee's workload. It is intended that the actual work for the faculty employee involved in a three-hour self-instructional course shall be approximately the same as the work involved in the preparation, marking and delivery of a three-hour laboratory section. Such a workload shall not include more than two different self-instructional courses at any one time. Each self-instructional

course shall not require more than two student-contact hours per week of the faculty employee's time.

10.5.5 Any dispute between a full-time faculty employee and the appropriate administrator concerning credit for any workload resulting from the presentation of a self-instructional course shall be resolved prior to the commencement of the course. Such resolution requires the written approval of the faculty employee.

10.5.6 With the written agreement of the full-time faculty employee, the total number of Type 1(d) instructional hours or course preparations per week may be varied in different weeks so long as the average number of hours or course preparations per week does not exceed the appropriate maxima in 10.5.2, 10.5.3 or 10.5.4. This does not prevent the assignment, in any one instructional period, of a workload which is at or below the appropriate maxima set out in 10.5.2, 10.5.3 or 10.5.4.

An overload shall be permitted only upon written agreement between the faculty employee and their educational administrator.
- 10.8.8 The normal workload for full-time faculty working exclusively in program and curriculum development, with no student contact hours, shall be determined by mutual agreement between the faculty employee and their educational administrator.

A faculty employee may be required to teach a general interest course under the terms specified in this Agreement. However, it is specifically agreed that if a faculty employee voluntarily teaches a general interest course, the faculty employee cannot compound the positions held or the related instructional hours, and the course shall not be considered part of their workload (10); the rate of pay and working conditions will be mutually agreed to by the College and the faculty employee.

10.10 General Workload Assignments

Major Curriculum Revisions

For the purpose of this article, "major curriculum revisions" are determined by the College and result from:

- a. An internal or external program or course review, or
- b. A decision of the College Board.

For the purpose of this article a "developed course" has available such materials as: a detailed course outline, a list of topics and a proposed schedule for their delivery, representative samples of assignments and lab experiments, student evaluation guidelines, identified instructional resources, and course pre-requisites and co-requisites.

Workload arrangements made in accordance with this article are exempted from the provisions of 10.11 (Non-Teaching Functions)

- 10.10.1 If a full-time faculty employee is assigned the development of a new course/program or the preparation of major curriculum revisions of a course/program in advance of implementation, the amount of workload release shall be determined by mutual agreement of the faculty employee and their educational administrator.

10.10.2 If a full-time faculty employee is required to deliver a course/program concurrent with its undergoing major revisions or a course/program which is not developed, each hour of student-contact time (including lecture, seminar, laboratory, tutorial, and practicum hours, but excluding office hours and clinical hours) shall be considered the equivalent of no less than two (2) student-contact hours for the purposes of calculating workload under Articles 10.2.2, 10.3.2, 10.4.2, 10.5.2, 10.6.2, or 10.7.2. Each student enrolled in such a course/program shall be considered the equivalent of one and one-half (1 1/2) students for the purpose of calculating overall student load under Articles 10.2.13, 10.3.13, 10.4.13, and 10.5.3. This calculation of workload shall apply to the initial section of the course only. Credit for clinical hours shall be determined by mutual agreement of the faculty employee and their educational administrator.

10.11 Non-Teaching Functions

- a. A full-time faculty or regular part-time employee shall not be required to participate extensively in any non-teaching function itemized in 4.2.6, 4.2.7, 4.3.6, 4.4.5, 4.5.3, or 4.6.7. More than two (2) hours per week on an average carrying out these responsibilities under these articles constitutes extensive participation.
- b. Part-time faculty who are not regularized shall be paid a stipend equivalent to the hourly pay when their educational administrator requires them to attend a divisional meeting.

10.12 Scholarly/Professional Activity

- 10.12.1 Full-time and regular part-time faculty employees whose responsibilities do not require their presence at the College during the full ten (10) months may, with approval of the College, teach, engage in research or other work, improve their qualifications through studies, or other work, or engage in other professional development activities, subject to 16.4.

- 10.15.1 A faculty employee may be assigned duties which involve travel and shall be credited with additional workload hours for travel. Travel hours are counted as lecture hours for Types 1(a), 1(b), 1(c), 1(d), and workload hours for Types 2, 3 and 4, according to the following table:

<u>Prince George to:</u>	<u>Type 2/3/4</u>	<u>Type 1(a)/(b)/(c)/(d)</u>

Valemount	8.0 hours	4.00 hours
Granisle	9.0 hours	4.50 hours
Tumbler Ridge	12.0 hours	6.00 hours

- a. Travel hours which are not included in the faculty employee's duty time within a campus area and which are not to the faculty employee's normal work place(s) shall be set by mutual agreement of the faculty employee and their supervisor.

-
- b. When a full-time faculty employee is assigned faculty duties which require travel by air or to out-of-region sites, the faculty employee's non-instructional workload shall be based on a thirty (30) hour week and the travel time shall be subtracted from this amount.
 - c. Instructional hours for the week will be as per the appropriate classification (Type 1, 2, 3, or 4) and shall be pro-rated and shall not exceed 100% in total.
 - d. For part-time faculty times for other regular trips by motor vehicle or other regular trips by air shall be set only by mutual agreement of the Board and the Faculty Association.

Travel time to a given location shall be agreed in writing between the College, the faculty employee and the Faculty Association.

10.15.2 Adjustments to workloads and/or travel time remuneration for overnight stays and for other unusual circumstances shall be made on an individual basis. Arrangements as to the number of trips required and as to whether or not an overnight stay is required shall be determined by mutual agreement between the full-time faculty employee and the appropriate educational administrator. No reasonable overnight arrangements shall be denied.

10.15.3 A full-time faculty employee teaching under this article cannot be required to make more than one trip per week outside a radius of fifty (50) kilometres from their normal place of work. For travel involving workload hours (as specified in 10.15.1) equal to or greater than 6.0 hours for Types 2/3/4 and equal to or greater than 3.0 hours for Type 1 (a)/(b)/(c)/(d), the round trip shall not exceed forty-eight (48) hours in duration, except with the approval of the faculty employee. For travel involving workload hours of less than these amounts, the round trip shall not exceed twenty-four (24) hours in duration, except with the approval of the faculty employee.

10.16 Travel Expenses

10.16.1 If a faculty employee is required to travel on College business and uses their own vehicle, the College shall reimburse the faculty employee at a rate not less than the College-approved rate. The College shall also pay full premium for any additional insurance that may be required.

10.17 Community Affairs

- 10.17.1 Any extensive participation (10.11) in community affairs, projects or activities requested by a full-time and regular part-time faculty employee's educational administrator as part of the faculty employee's job responsibility shall be considered part of the faculty employee's workload, subject to 4.7 and 5.6.

10.18 Professional Development

- 10.18.1 All full-time faculty employees on probationary or faculty appointment shall receive a minimum of twenty (20) full working days of liaison or professional development time per working year except in the final year of employment (6.5). A regular part-time faculty employee shall have pro-rated professional development. Full-time faculty shall not be required to take professional development time in increments of less than one day. If a faculty employee's appointment, other than sessional, is for a period different from the working year, they shall receive pro-rated professional development time.

- 10.18.2 Upon achieving eligibility for the Non-Regular Seniority List, faculty employees shall be entitled to professional development time.

- a. Professional development for sessional appointments shall be calculated at the rate of two (2) working days for each instructional month of the appointment, with the total number of days rounded.
- b. Professional development for part-time appointments shall be calculated at ten (10) percent of the total hours of the appointment.

Professional development time shall be non-cumulative from one working year to another, and any unused entitlement shall be forfeited.

- 10.18.3 Since professional development needs vary greatly between individuals and disciplines, faculty shall be expected to identify and act upon their own professional development needs. A faculty employee may be required by their educational administrator to submit a written proposal for approval regarding their professional development activities by a date determined by their educational administrator. The faculty employee shall be notified of such approval as soon as possible after

the date of the request but in any event within one (1) month of the date determined for submission. The schedule may be changed thereafter at the request of the employee if acceptable to their educational administrator or Vice President concerned. No reasonable request shall be refused. If the faculty employee has not submitted and had approved a schedule for their professional development

activities within one (1) month of the date determined for submission, the College reserves the right to schedule the times for outstanding professional development entitlement. Professional development beyond that specified in this Agreement or in the initial letter of appointment shall not be a condition of employment.

- 10.18.4 The times chosen for professional development shall be submitted, in writing, by the faculty employee for approval by their educational administrator. Such approval shall not be unreasonably withheld.

10.19 Workload Assignment

- 10.19.1 Workload assignments shall be made in consultation with the regular and probationary faculty of a department, and shall be made in a fair and equitable manner. This provision shall not require the College to change their present practice with respect to timetables.

- 10.19.2 The Vice President Academic shall provide copies of the faculty workload assignments to the Faculty Association within thirty (30) calendar days of the beginning of each term.

11.4.4 The President of the Faculty Association shall then be informed of the qualifications of the part-time faculty employee and the salary step on which they have been placed.

A regular part-time faculty employee shall have pro-rated vacation time.

The schedule may be changed thereafter at the request of the faculty employee if acceptable to the educational administrator or Vice President concerned. No reasonable request shall be refused.
- b. Vacation time will normally be taken when instructional services are not required and vacation entitlement shall not normally be carried forward from one working year into the next. If a faculty employee has not submitted and had approved a schedule for their vacation entitlement within one (1) month of the date determined for submission, the College reserves the right to schedule the times for the outstanding vacation entitlement.

12.2 Vacation Entitlement - Part-time Faculty Employees

- 12.2.1 Part-time faculty employees on the Non-Regular Seniority List are entitled to pro-rated vacation pay calculated on the employees' total wages for the year. All other part-time faculty employees are entitled to four (4) percent calculated on the employees' total wages for the year.

12.2.2 A part-time faculty employee whose employment ceases before they have completed one (1) calendar week of employment is not entitled to annual vacation pay as outlined in 12.2.1.

12.2.3 Payment of vacation pay in accordance with Article 12.2.1 shall occur on every pay period/pay cheque.

12.3.3 Part-time faculty who are not on the Non-Regular Seniority List shall receive 1.6% of pay in lieu of statutory holiday pay.

12.3.4 When a full-time or regular faculty employee is on vacation, professional development, or preparation time and a day of paid holiday falls within that period, the paid holiday shall not count as a day of vacation, professional development, or preparation time.

12.3.5 No full-time or regular faculty employee shall have a teaching assignment between Boxing Day and New Year's Day. However, all full-time and regular faculty employees without duly approved vacation or professional development time are on duty and on call. For the purpose of this clause, on duty and on call shall mean that the faculty employee is performing College business within the College region,

unless other arrangements have received the prior approval from their educational administrator.

12.3.6 Work on Statutory Holidays

12.3.6.1 Due to the nature of contract training, faculty employees may be required to work on a statutory holiday. If a faculty employee is required to work on a statutory holiday, the following shall apply:

Contractual provisions covering educational leave are included in Article 13.

12.5 Exchange Leave

12.5.1 Exchange leave involves a program whereby a regular faculty employee exchanges, for an extended period of time, their position and responsibilities with a qualified person from another institution. A faculty employee on exchange leave will gain professionally from the insights into the workings of another institution, and also from the obvious benefits which may result from a change in environment, geography and personal experience.

12.5.2 An employee on faculty appointment may negotiate on their own to exchange positions with an instructor of comparable qualifications and experience.

-
- 12.5.3 The President and the appropriate Vice President or educational administrator shall recommend suitable candidates for exchange leave to the Board.
- 12.5.4 The exchange leave shall normally be for one full semester or for one academic year.
- 12.5.5 The salary of the faculty employee on exchange leave shall be paid by the College of New Caledonia, and the replacement's salary by the exchange institution. This may be modified, however, in cases where exchange leave presents problems of inequities in salary, and the College President and Board shall then attempt to arrive at a financial arrangement that is feasible and agreeable to all parties.
- 12.5.6 On returning from the exchange program, the exchangee is assured of resuming at least their previous faculty position and duties.
- 12.5.7 The exchange time shall count in full for increment purposes.

- 12.5.9 As a condition of granting the exchange leave, the incoming faculty employee must sign a statement to the effect that they shall abide by the non-monetary conditions and procedures laid down by this Agreement. The College shall extend to the incoming faculty employee non-monetary benefits of this Agreement such as workload, evaluation procedures, and other such working conditions.
- 12.5.10 Whatever would normally constitute grounds for dismissal or suspension under this Agreement shall be considered grounds for the termination of the exchange agreement.
- 12.6 Jury Duty and Court Appearance
- 12.6.1 When summoned to serve on a jury or when subpoenaed or summoned as a witness in criminal or civil proceedings, the full-time or regular part-time faculty employee continues to receive their regular salary and shall pay the College any money they receive for jury duty.

- 12.6.2 Leave of absence for less than two (2) weeks to appear in one's own defense shall be with full pay and benefits; absence in excess of two (2) weeks shall be without pay. If subsequently acquitted, the full-time or regular part-time faculty employee shall receive their retroactive salary. The faculty employee shall notify the appropriate Vice President or the President, as soon as possible, of the impending court appearance.

12.7 Compassionate Leave

In the case of death or serious illness, a full-time or regular part-time faculty employee, not on leave of absence without pay, shall be entitled to up to three (3) days of compassionate leave with full pay and benefits subject to advance notification to the College. An additional two (2) days of paid leave shall be granted for reasonable traveling requirements. The leave shall be extended at the request of an employee for up to total of forty (40) days leave in the event of the death of a faculty employee's spouse (including common-law or same gender) or child, using sick leave, leave without pay, or vacation time. Additional compassionate leave may be granted with or without pay by the President. A maximum of fifteen (15) days paid compassionate leave shall be granted in any one calendar year.

Sick Leave

12.8 Sick Leave - Full-time and Regular Faculty Employees

- 12.8.1 Full-time faculty employees shall be credited with one-and-one-half (1 1/2) days of sick leave per month for each month of continuous service up to a maximum of 120 days. When the employee is on leave, the accumulation of sick leave shall continue only if the absence is with pay. All absences on account of illness or injury shall be charged against an employee's sick leave credits. A regular part-time faculty employee shall be credited with and receive pro-rated sick time.

- a. Faculty employees must report all absences on account of illness or injury. There shall be no charge against an employee's sick leave credits when their absence on account of illness or injury is less than one-half day. When the period of absence on account of illness is at least one-half day but less than a full day, one-half day only shall be charged on sick leave.

-
- b. In the event that a faculty employee suffers a serious long-term illness and except for sessional appointees, the employee may borrow against future earned sick leave provided that a qualified medical practitioner certifies that the employee is seriously ill, that the nature of the illness is specified, and that the employee's request for leave is submitted in writing. The borrowed leave entitlement shall be up to 22 working days in the first year of employment, up to 44 working days in the second year of employment, and up to 66 working days in the third and subsequent years of employment. Sessional appointees may borrow against future earned sick leave to the maximum entitlement possible based upon the term of their appointment (5.2.1).
 - c. If a faculty employee receives or is entitled to receive benefits under the Disability Insurance Plan or under the Workers' Compensation Act, the benefits shall be paid directly to the faculty employee. The Board shall pay to the faculty employee the difference between the benefit and the faculty employee's full salary for as long as the accumulated and borrowed sick leave credits permit. In such cases, the charge against the faculty employee's sick leave credits shall be in the same proportion that the Board's payment bears to the full salary of the faculty employee computed at the end of each month to the nearest half-day.
 - d. On return after absence of five (5) days or longer, a proof of illness may be requested by the College. The proof of illness may take the form of a medical certificate. If a faculty employee has repeated absences of a short term duration, they may be advised that proof of illness will be required for future absences.
 - e. Upon retirement, when a faculty employee has fulfilled the requirements to qualify for a pension under the Pension (College) Act, a faculty employee shall be paid the cash equivalent to their accumulated sick leave up to a maximum of 60 days. The cash equivalent shall be at the rate of pay in effect immediately prior to retirement.
 - f. Designated statutory holidays which fall within faculty employee's sick leave shall not be charged against their accumulated sick leave credits.
 - g. In the case of illness of a member of the immediate family of a faculty employee, when no one at home other than the faculty employee can

provide for the needs of the ill person, the faculty employee is entitled, to use annual sick leave entitlement for this purpose up to a maximum of ten (10) days per working year. If a faculty employee has used the ten (10) days of family sick leave in an entitlement year, and the employee requires up to twelve (12) days of paid sick leave for use in a personal disability in the same year, then the College agrees to grant up to four (4) days of additional paid sick leave. It is understood that there will be no banking of the additional sick leave time into subsequent years except in the case of an employee who has used family sick leave to the extent that they do not have a possible twelve (12) days of personal sick leave in an entitlement year.

12.9 Sick Leave - Part-time Faculty Employees on the Non Regular Seniority List

- 12.9.1 Part-time faculty employees on the Non Regular Seniority List shall be credited with sick leave on the basis of one and one-half (1.5) hours of sick leave for each twenty-one (21) hours of appointment. 12.10.1 If any faculty employee is unable to fulfill properly their faculty responsibilities by virtue of physical or mental disability, they shall be given sick leave and, when eligible, disability benefits.

12.10.2 If the faculty employee is unwilling to accept release from duties, a medical practitioner, selected by mutual agreement of the President and the Directors of the Faculty Association, shall determine whether or not the employee is capable of performing regular duties. If the parties cannot reach mutual agreement on a medical practitioner, the College and the Faculty Association shall each designate a medical practitioner; those two practitioners shall then jointly select a medical practitioner to determine whether or not the faculty employee is capable of performing regular duties.

12.10.3 If the medical practitioner certifies that there is a high probability that the faculty employee will not be able to resume normal faculty responsibilities in the twelve-month period following expiration of their sick leave, the President shall give the faculty employee an extended leave of absence without pay to commence upon expiration of their sick leave.

A full-time or regular faculty employee shall be entitled to, on written request, up to three (3) days time off without loss of pay to attend the birth of their child provided the employee is scheduled to work during this time. 15.6.6 Violence in the Workplace

Employees have the right to know when they are exposed to the risk of violence in the workplace. The employer will inform employees of risks from persons known to have a history of violent behaviour and whom employees are likely to encounter in the course of their work.

An employee has the right to remove themselves from any situation in which they perceive an immediate threat of violence to themselves by a student. The faculty member has the right to remain away from the workplace if they continue to perceive themselves to remain under threat until such time as the College has taken action to resolve the situation.

An employee who takes action as outlined in the above paragraph must report the fact to their manager as soon as possible, along with relevant details. The College will investigate and take action as necessary. If the faculty employee is dissatisfied with the result, the faculty member may refer the case to the Worksafe BC.

15.6.7 First Aid Provisions

Where a faculty employee agrees with the College to perform first aid duties in addition to their normal duties of the job, the cost of obtaining and renewing the Occupational First Aid Certificate shall be borne by the College, and leave to take the necessary courses shall be granted with pay. An additional payment will be granted to the faculty employee at no less than the Designated First Aid Attendant monthly rate or pro rata as applicable as identified in the College First Aid Attendant/Coverage Policy 01.06.04.PR.

15.6.8 Injury Pay

A faculty employee who is injured on the job during working hours and is required to leave for treatment or is sent home for such injury shall receive payment for the remainder of their shift without deduction from sick leave.

15.6.9 Emergency Transportation

Transportation to the nearest physician or hospital for faculty employees requiring medical care as a result of an on-the-job accident shall be at the expense of the Employer.

15.6.10 Safety Equipment and Apparel

- a. If a faculty employee is required, under Worksafe BC Regulations, to wear safety-toed footwear, the College agrees to reimburse the employee eighty percent (80%) of the cost of the footwear upon presentation of a receipt for one pair per calendar year.
- b. Where a faculty employee wears corrective lenses and is required to work in an environment requiring safety glasses or goggles, the College shall provide, at no cost to the faculty employee, CSA approved corrective safety glasses to be replaced annually or whenever the corrective safety lenses are damaged.
- c.
 - i. If a faculty employee is required to use hearing protection in a given work environment, the College shall provide, at no cost to the faculty employee, CSA approved hearing protection devices appropriate to the work environment.
 - ii. Faculty employees must wear hearing protection in accordance with Worksafe BC Regulations.

15.7 Tuition Fee Exemption

Regular, Non-Regular Seniority List (Article 6.6) & Sessional Faculty (Article 5.1) members, their spouses and dependent children shall be exempted from tuition fees for all CNC courses providing that:

- a. they are not one of the minimum number required to ensure “go” status of the course.
- b. there is a vacant seat for the employee, spouse, or dependent children on the first day of class. If there is a vacant seat on the first day of class and an employee, spouse, or dependent child has guaranteed a seat by paying the tuition, they shall be entitled to a tuition refund for the course. If a seat becomes vacant after the first day of class and there is no prospective fee-paying student on a wait list, and an employee, spouse, or dependent child

has not guaranteed a seat by paying the tuition, they shall be exempted from paying tuition fees. For those courses where the college pays the course instructor on a per student basis, the employee, spouses, or dependent child is responsible for the instructor costs per student.

Admission requirements shall apply to all prospective students and shall not be waived for the purposes of this article.

The prospective student is not exempted from any other non-tuition fees or material costs which students may be required to pay, or from any other requirements students are expected to fulfill.

For the purposes of this article, dependent children shall be defined as children under the age of twenty-five (25) years residing with the employee.

15.8 Professional Fees

The College shall pay a regular faculty employee's professional fees if membership in the professional organization is required as a condition of employment.

16. GENERAL PROVISIONS

16.1 Appointment of Administrators

- 16.1.1 The Faculty Association shall be notified a minimum of fifteen (15) calendar days in advance of any College decision to fill educational administrative positions. The Faculty Association shall be notified in advance of any College decision to assign new supervisory responsibilities to existing instructional administrative positions.

For the purposes of this article, consultation shall mean no less than thirty (30) calendar days notification of the proposed position including a rationale for the creation of such a position, an opportunity to discuss the qualifications, duties, responsibilities and other relevant matters for the position and an opportunity to formally respond to the proposal.

- 16.1.2 The College and the Faculty Association agree that continuing educational administrative vacancies and continuing senior administrative vacancies, shall be filled according to the following procedure:

- e. The Search Committee Chair, when not the President, will make a final recommendation to the President.
- f. A Faculty Sub-Committee, normally not to exceed six (6) faculty employees, may be appointed by the Directors of the Faculty Association to assist the Search Committee and the Chair. The Faculty Sub-Committee may interview the final candidates. The faculty employees on the Faculty Sub-Committee should represent the various areas of the College.

At least one (1) member of the Faculty Sub-Committee should also serve on the Search Committee. Requests for additional representatives on the Sub-Committee by the Faculty Association shall not be unreasonably denied provided that the total number on the Faculty Sub-Committee is consistent with sound recruitment practices.

- 16.1.3 For the purposes of this article, Regional Principal's and administrative positions in the student services area to which faculty report shall be considered educational administrative positions.

-
- 16.1.4 When filling the position of President, the procedures as set out in Article 16.1.2. a, b, c, d and f shall apply except that:

 - ii. The Faculty Association shall be kept informed with regard to the College's intentions for filling continuing positions.
 - iii. In no case shall an acting position exceed twelve months without following the procedures outlined in either Article 16.1.2 or Article 16.1.4, except as mutually agreed to by the Parties.
- 16.1.6 For the purpose of information sharing, the College agrees that if a Coordinator's position (see Articles 4.7 and 5.6) in a program area is discontinued and an

administrative position with responsibility encompassing that program area is created within the subsequent eighteen (18) months, then the College shall provide the Faculty Association with the following data prior to filling the administrative position:

- a. A copy of the job description of the new administrative position and
- b. An outline of how the responsibilities (in addition to teaching duties) previously assigned or delegated by the College to the Coordinator will be handled.

16.2 Management Performing Teaching Duties

16.2.1 Averaged over a teaching year, a member of management shall not instruct more than one-half (1/2) of the minimum teaching workload for a full-time faculty employee as specified in 10.2.1, 10.3.1, 10.4.1, 10.5.1 10.6.1 or 10.7.1.

16.2.2 During any one week, a member of management shall not instruct more than one-half (1/2) of the maxima teaching workload specified in 10.2.2, 10.3.2, 10.4.2, 10.5.2, 10.6.2 or 10.7.2.

16.2.3 The maximum number of students or the student/instructor ratios in classes taught by a member of management shall not exceed the numbers specified in 10.2.13, 10.3.13, 10.4.13, 10.5.12, 10.6.7, or 10.7.7. The maximum class sizes or student/instructor ratios specified in these articles shall apply to courses taught in a team-teaching format.

16.3 Copyright

16.3.1 The College encourages faculty employees to participate in creative activities which may lead to publications or patents. However, if such activities involve significant use of College time or materials, or if College funds or technical or secretarial assistance are specifically directed to such activities, the faculty employee should have discussions with the President and reach a written agreement as to whether the copyright or patent shall be jointly vested or vested in the faculty employee or in the College. If written agreement is not reached, the issue of copyright or patent vesting may be referred to arbitration in accordance with Article

3.6.1. The copyright or patent shall be jointly vested until the Arbitrators' decision is received.

16.3.2 Faculty employees are warned that they are responsible for obtaining permission from, or clearing requirements of, copyright owners if they wish to duplicate, copy or otherwise use copyrighted materials in their classes, laboratories, or for circulation by the Resource Centre. The College may pay any royalties involved in such use, on the approval of the appropriate Vice President.

16.4 Subsidiary Employment - Full-time and Regular Faculty Employees

- a. Regular faculty employees shall not knowingly undertake employment or participate in contracts which constitute a conflict of interest with the College.
- b. Full-time and regular faculty employees who undertake employment outside of the College shall provide at least thirty (30) days' prior written notification to the President. The written notification shall include sufficient detail to permit the President to make an assessment regarding possible conflict of interest. The notice shall indicate if the subsidiary employment shall extend past one (1) academic year. The President may deny subsidiary employment, in writing, within fourteen (14) calendar days of receipt of notice, if it constitutes a conflict of interest. The President reserves the right to review their decision regarding the conflict of interest annually if the subsidiary employment extends past one (1) academic year. It is agreed that if the thirty (30) days' prior notification is not provided, the President may also deny the subsidiary employment; however, denial due to failure to provide the thirty (30) days' notice shall not be unreasonable.

16.5 Governance - Education Council

Subject to future changes in legislation, an Education Council shall be established in accordance with the provisions of Bill 22 - Colleges and Institutes Amendment Act, 1994. It is understood that the provisions of the Act (not the Collective Agreement) apply to the operations of the Council.

LETTER OF AGREEMENT

THE COLLEGE OF NEW CALEDONIA
AND:
THE FACULTY ASSOCIATION OF THE COLLEGE OF NEW CALEDONIA

RE: ON-LINE DISTRIBUTED LEARNING CREDIT COURSE OFFERINGS

In order to provide workload language for online distributed learning courses that have been offered or are being developed at CNC, and to review such activities, the parties agree that online distributed learning shall be governed by the following for the remainder of this collective agreement:

1. **Education Council:** Online distributed learning courses represent an alternate method of delivery of course material; therefore, Education Council need not approve distributed learning courses on current course material unless this involves major curriculum revisions. However, if the course being developed is actually a new course, Education Council's approval will be required as it is for any other course. Education Council's acceptance of such offerings shall in no way limit the application of Article 9 (Technological Change) of the local collective agreement.
2. **Curriculum Development:**
 - a. A full-time or regular faculty employee developing an online course shall be provided with a minimum of one (1) section of release for every course they develop. The workload release will be determined by mutual agreement of the faculty employee and their educational administrator. The extent to which the College provides technical assistance to the faculty employee in placing the course materials online may be a factor in determining the workload release. This workload agreement shall occur in advance of implementation.

- b. If a full-time or regular faculty employee is required to prepare major curriculum revisions or successfully makes a case that major curriculum revisions are necessary, the workload release shall be determined by mutual agreement of the faculty employee and their educational administrator as outlined in Article 10.10.1 of the Local Agreement. This workload agreement shall occur in advance of implementation.
- c. Non-regular part-time faculty employees developing or revising course materials are considered Type 4. The hours required for the course development shall be reached by mutual agreement of the faculty employee and their educational administrator. This workload agreement shall occur in advance of implementation. The written agreement of the Faculty Association is also required. It is recognized that the nature of on-line development opportunities requires that the parties reach agreement in a timely manner.

3. Course Instruction:

- a. For faculty employees, the course delivery hours will equal the length of the course.
 - b. Since the online environment may be a new experience, faculty employees using this medium for the first time will be given additional time to assist with delivery. This additional time will be determined by mutual agreement between the faculty employee and their educational administrator. This workload agreement shall occur in advance of the implementation. The Faculty Association shall be informed of this workload agreement in accordance with Article 10.19.2 of the Local Agreement.
4. **Class Size:** The number of students to be enrolled shall be set by mutual agreement of the faculty employee and their educational administrator having due regard for the method of delivery, the kind of course offered and the demands of an online

31, 2025

environment. Mutual agreement shall not be unreasonably denied by the faculty employee or their educational administrator.

5. **Workload Classification:** Delivery workload will be according to the workload classification in Article 10 of the Local Agreement.
6. **Technical Support and Training:** The College will provide adequate technical support and training for all faculty employees teaching online courses.
7. **Copyright:**
 - a. The copyright provisions of Article 16.3 of the local agreement and Article 5 of the Common Agreement apply.
 - b. When external funding is acquired for curriculum development, copyright provisions of the funding contract apply.
8. As per Article 6.6.9 of the Common Agreement, no regular employee will be laid off as a direct result of the introduction of distributed learning or education technology.

This letter of agreement expires on renewal of this Agreement unless specifically renewed by the parties.

Appendix B

ARBITRATOR'S INTERPRETATION GUIDELINE

This guideline is intended to assist the arbitrator in determining whether or not a disputed position is "primarily engaged in teaching functions".

Outline of Teaching Functions

Inclusion of the following elements in a position may lead to the individual being considered to be "primarily engaged in teaching".

- 1) The exercise of professional judgement and training to determine what is educationally appropriate in:
 - a. the development/alteration of curricula
 - b. the selection, introduction and/or initial delivery of new or consequential materials, concepts, ideas or techniques to individuals or groups of individuals in an educational setting
 - c. the specification of educational data, activities and resources
- 2) The provision of professional advice to individuals in an educational setting which requires specialized subject expertise and knowledge that is acquired through training and education such as in the fields of librarians and counsellors.
- 3) The exercise of professional judgement in the independent assessment and/or evaluation of individual performance and grade assignment

Factors Relating to "Primarily Engaged In"

The following factors may be considered, though none by itself determine the issue.

- 1) The nature and degree of the functions actually performed;
- 2) Education, training and background required;
- 3) Terms and conditions of employment.

The arbitrator is limited to the issue at hand and must apply the facts, as presented by the parties, to an "interpretable basis" that provides demarcation between the CUPE bargaining unit and the Faculty Association bargaining unit.

-
- Costs shall be shared equally between the parties.
 - No party shall use legal representation at the table but will have the opportunity to seek counsel's advice as deemed necessary. Each party will appoint a designated spokesperson.
 - All parties will make every effort to present their position in a manner which will limit the arbitration process to one day. In the event that a number of issues are being discussed, the time allowed may be adjusted.
 - The arbitrator shall report their decision within one calendar week to all parties.

- 1) The College agrees to accept the definition "primarily engaged in teaching functions" that the CUPE and the Faculty Association agree upon and the mechanism for resolving disputes.

By or before May 1st, the College will provide the Union in writing with a list of the faculty employees it has identified that it anticipates at the end of that appointment year (August 1st to July 31st) who will have either at least (2) two consecutive appointment years of work at a workload of fifty percent (50%) or greater for each of two (2) consecutive appointment years or who have performed a workload of at least one hundred and twenty percent (120%) of an annualized workload over at least two (2) consecutive appointment years pursuant to Articles 5.5.1.a and 5.5.1.b (the "Regularization Thresholds"), and the College's reasonable expectation of the "ongoing employment" and "ongoing workload" (the "Workload") for the upcoming appointment year for those Faculty employees including a list of the courses or other faculty assignments that are expected to make up the Workload, the College's explanation of the reasonably expected Workload, and the following documentation or information:

Current available timetables (could be in draft form);

College Application report;

Any confirmations of externally funded programming; and

The expected intersession work for the upcoming appointment year.

If anything changes after May 1st but before July 31st regarding whether someone has met the regularization thresholds or the College's reasonable expectation of the Workload for any faculty employee identified, the College will notify the Union in writing of that change as soon as practicable and provide the Union with documentation relevant to that change.

The Union will file any grievances regarding whether a faculty employee has met the regularization threshold or whether the relevant documentation has been produced by June 1 (a "Grievance").

The Union will refer any Grievance to the following expedited process:

- (a) By no later than June 1st, the Union shall refer the Grievance to Mark Brown, or if he is not available, Kate Young.
- (b) By no later than June 15th, the arbitrator shall convene a case management conference call to determine the process for resolving the dispute. The case management process shall include a time frame for the exchange of particulars and documents, a time frame for written submissions if directed by the arbitrator, the use of will say statements, agreed statement of facts, or any other process considered by the arbitrator to be effective in ensuring an expeditious resolution to the dispute.
- (c) If an oral hearing is scheduled by the arbitrator it shall be held by July 15th. The oral hearing shall not exceed one (1) day.
- (d) If a written submission process is directed by the arbitrator it shall be concluded by July 15th. The written submissions shall not exceed ten (10) pages in length.
- (e) The parties will use a limited number of authorities.
- (f) The arbitrator will issue a decision within five (5) days of the conclusion of the hearing or submission process.
- (g) The arbitrator retains jurisdiction with respect to any issue arising from their decision.
- (h) Except as set out herein the arbitrator under this process shall have the powers and jurisdiction of an arbitrator prescribed in the Labour Relations Code of British Columbia.
- (i) Prior to rendering a decision, the arbitrator may assist the local parties in mediating a resolution to the grievance, but any such mediation will not affect the time limits contemplated herein.
- (j) The local parties shall equally share in the costs of the fees and expenses of the expedited arbitrator.
- (k) Hearings may be conducted at the College or at the Union office where possible to minimize costs.

June 15 – July 15

By or before July 15th, the College and Union will meet to discuss any areas of disagreement and the College will identify any remaining areas of disagreement and provide any further relevant documentation at or prior to the meeting.

July 31

By or before July 31st, the College will advise the Union in writing of its regularization decisions for the appointment year starting on August 1.

August 15

The Union will file any grievances regarding the College's regularization decisions (a "Reasonable Expectation Grievance") by no later than August 15th.

The Union will refer any Reasonable Expectation Grievance to the following expedited process:

- (a) By no later than August 15th, the Union shall refer the Reasonable Expectation Grievance to Mark Brown, or if he is not available, Kate Young.
- (b) By no later than August 31st, the arbitrator shall convene a case management conference call to determine the process for resolving the dispute. The case management process shall include a time frame for the exchange of particulars and documents, a time frame for written submissions if directed by the arbitrator, the use of will say statements, agreed statement of facts, or any other process considered by the arbitrator to be effective in ensuring an expeditious resolution to the dispute.
- (c) If an oral hearing is scheduled by the arbitrator it shall be held by October 30. The oral hearing shall not exceed one (1) day.
- (d) If a written submission process is directed by the arbitrator it shall be concluded by October 30. The written submissions shall not exceed ten (10) pages in length.
- (e) The parties will use a limited number of authorities.
- (f) The arbitrator will issue a decision within five (5) days of the conclusion of the hearing or submission process.
- (g) The arbitrator retains jurisdiction with respect to any issue arising from their decision.
- (h) Except as set out herein the arbitrator under this process shall have the powers and jurisdiction of an arbitrator prescribed in the Labour Relations Code of British Columbia.
- (i) Prior to rendering a decision, the arbitrator may assist the local parties in mediating a resolution to the grievance, but any such mediation will not affect the time limits contemplated herein.
- (j) The local parties shall equally share in the costs of the fees and expenses of the expedited arbitrator.
- (k) Hearings may be conducted at the College or at the Union office where possible to minimize costs.
- (l) The arbitrator shall include a statement to the effect that the decision is based on a process and agreement unique to these parties and should not be relied upon by any other party.

Reasonable Expectation Assessment

The assessment of whether or not there is a reasonable expectation of Workload for a faculty employee as of July 31 will be based on the scheduled College timetables and the list of courses or other faculty assignments that are expected to make up the Workload as identified by the Parties in the Regularization Framework for that faculty employee as of July 31 with the following exceptions:

- 1. A course offering not previously run by the College;
- 2. A course offering not run by the College within the immediately preceding three appointment years; or
- 3. An unlisted Industrial Training Authority ("ITA") course for which additional funding must be obtained from the ITA for the course to go forward (i.e. Learner Demand courses).

For clarity, when the above exceptions are not determinative, whether there is a reasonable expectation of Workload for a faculty employee will be determined on a case-by-case basis.

(10)**NEW – LETTER OF UNDERSTANDING
RE: COST OF LIVING ADJUSTMENT****Definitions**

"General Wage Increase" or "GWI" means the overall general wage increase expressed as a percentage.

"Cost of Living Adjustment" or "COLA" means a percentage-based general wage increase adjustment provided in accordance with this Memorandum of Agreement. COLA is an upward adjustment applied to and folded into all wage rates.

The "annualized average of BC CPI over twelve months" (AABC CPI) means the *Latest 12-month Average Index% Change* reported by BC Stats in March for British Columbia for the twelve months starting at the beginning of March in the preceding year and concluding at the end of the following February.

The "Latest 12-month Average Index", as defined by BC Stats, is a 12-month moving average of the BC consumer price indexes of the most recent 12 months. This figure is calculated by averaging index levels over the applicable 12 months.

The *Latest 12-month Average Index% Change* is reported publicly by BC Stats in the monthly BC Stats *Consumer Price Index Highlights* report. The BC Stats *Consumer Price Index Highlights* report released in mid-March will contain the applicable figure for the 12-months concluding at the end of February. The percentage change reported by BC Stats that will form the basis for determining any COLA increase is calculated to one decimal point. For reference purposes only, the annualized average of BC CPI over twelve months from March 1, 2021 to February 28, 2022 was 3.4%.

COLA

The COLA will be applied as applicable to the GWI effective on the first pay period after April 1, 2023 and April 1, 2024. The COLA will be calculated by determining the difference between the AABC CPI and the annual general wage increase to the maximum COLA prescribed that year in Wage Schedule - Grids.

April 2023

If the 2023 AABC CPI exceeds the April 2023 GWI of 5.5%, then, on the first pay period after April 1, 2023 the April 2023 GWI will be adjusted upwards to reflect a COLA equal to the difference between the April 2023 GWI and the 2023 AABC CPI up to a maximum of 1.25%.

April 2024

If the 2024 AABC CPI exceeds the April 2024 GWI of 2.0%, then, on the first pay period after April 1, 2024 the April 2024 GWI will be adjusted upwards to reflect a COLA equal to the difference between the April 2024 GWI and the 2024 AABC CPI up to a maximum of 1.00%.
