5.1 GRIEVANCE PROCEDURE - GENERAL

5.1.1 Differences between the parties bound by this agreement concerning its interpretation, application, operation or any violation thereof, and any questions as to whether any matter is arbitrable shall, if possible, be resolved by informal discussions.

5.1.2 Grievance Procedure – Steps

If the dispute has not been resolved by informal discussions the Association may, within seventy-five (75) days after the Association became aware of the circumstances giving rise to the complaint, but in no event later than one year after the circumstances giving rise to the complaint, initiate a formal grievance as follows:

Step 1

- 5.1.2.2.2 Unless extended by mutual agreement, time limits in the grievance and arbitration procedure are mandatory. Failure to initiate a grievance in a timely manner will result in the grievance being deemed abandoned. In the event that a grievance once initiated is not processed by either party within the time limit specified the grievance will be considered to have been advanced to the next step. A grievance shall be deemed to have been abandoned if a year passes during which no action is taken by either party without any reasonable explanation for the delay.
- 5.1.2.2.3 It is the expectation of the parties that before submission to arbitration, the grievance shall have been discussed in the grievance procedure.

The arbitrator would rule on this question, and then proceed to hear the grievance, assuming jurisdiction and applying rules of procedure and evidence in accordance with ~~his or her~~ their

ruling, that is sitting as a full single arbitrator per Article 5.3 or continuing as an expedited arbitrator per this section.

5.3.3 Expedited Arbitrators

5.3.12 Authority of Arbitrator

The expedited arbitrator shall have the same powers and authority as an arbitration board established under the provisions under the *Labour Relations Code*.

5.4 ARBITRATION

- 5.4.1 The parties agree to a preference for sole-arbitrator hearings. Any regular faculty member whose continuous University service included non-regular status shall have this time calculated on a cumulative basis (e.g. 2 years at half-time = 1 year at full-time)." (It should be noted that in lay-off considerations discussed in Article 6.6, seniority shall override contract renewal dates.)

6.2.2 Full-time appointments of at least 32 weeks shall be considered equal and equivalent to one full unit of seniority credit.

6.2.3 When a faculty member is given a regular contract after serving at Vancouver Island University on a non-regular contract, the time served under the non-regular contract shall be counted towards the faculty member's seniority to a maximum of 0.125 credits less than the regular seniority credits of the regular faculty member(s) with the least seniority in the seniority group(s) as of the last day of the biweekly pay period ending immediately prior to the effective date of the regular contract providing the regular contract commences within ten months of the last non-regular contract.

The date of original appointment continuous with the current appointment shall be printed with the seniority credits.

2. *FPSE local unions may elect to participate in a reciprocal arrangement with other participating FPSE locals and with the BCGEU bargaining units for the purposes of recognition of seniority other than severance accrual. FPSE local unions that elect to participate in such a reciprocal arrangement must indicate their participation through formal notification to JADRC.*
3. *In the case of the hiring of an applicant from the Registry by and from institutions with bargaining units registered with JADRC, the successful applicant shall carry ~~his or her~~ their seniority to that new institution for all purposes other than severance accrual.*
- iv. *Relocation Costs for Registrants: Relocation costs for successful applicants who change residence as a result of the hiring that are supported by proper proof of expenditures within ninety (90) days of commencing employment, will be paid by the hiring institution in accordance with its relocation policies and practices for the position for which the registrant was hired. If funding is available, the costs will be reimbursed to the hiring institution from the Labour Adjustment Fund.*
- v. *Recall and Repayment: An employee hired from the Registry who is recalled by an institution and returns to work at that institution will repay relocation costs received from the institution that hired ~~him or her~~ them in accordance with its relocation policies and practices for the position for which the registrant was hired.*

6.15 TARGETED LABOUR ADJUSTMENT

6.15.1 Employer Commitments

It is agreed that the institution will make every reasonable attempt to minimize the impact of funding shortfalls and reductions on the work force.

Subject to budgetary constraints and the amount of funding available for labour adjustment costs; fairness, flexibility and employee choice

will prevail in the implementation of labour force adjustment strategies as approved by the institution.

It is incumbent upon institutions to communicate effectively with their employees and the unions representing those employees as soon as the impact of any funding reduction or shortfall or profile change has been assessed.

If a work force reduction is necessary, the Joint Labour Management Committee will canvas employees in a targeted area or other areas over a fourteen (14) day period, or such longer time as the Joint Labour Management Committee agrees, to find volunteer solutions that provide as many viable options as possible and minimize potential layoffs.

6.15.2 *Menu of Labour Adjustment Strategies*

To minimize layoffs, the following menu of labour force adjustment strategies will be considered and whenever reasonably possible, offered by institutions at the appropriate time in the employee reduction process set out in each institution's local collective agreement(s):

- (a) Job Sharing.*
- (b) Reduced hours of work through partial leaves.*
- (c) Transfers to other areas within the bargaining unit subject to available work and meeting qualifications, with minimal training required.*
- (d) Paid and unpaid leaves of absence for use to seek alternate employment, retirement adjustment, retraining, etc.*
- (e) Voluntary severance with up to twelve (12) months' severance payment.*
- (f) Workload averaging.*
- (g) Purchasing past pensionable service. If permissible the Employer will match a minimum of three years' contributions to the College Pension Plan where an employee opts for early retirement.*

(h) Combined pension earnings and reduced workload to equal 100% of regular salary.

(i) Early retirement incentives pursuant to local collective agreements.

(j) Agreed secondment.

(k) Retraining.

(l) Continuation of health and welfare benefits.

(m) Combinations and variations of the above or other alternatives.

6.15.3 *Layoffs May Occur*

Once strategies other than layoff have been explored, the institutions may proceed, if need be, to layoffs. For those affected by layoff, the provisions of the local collective agreement will apply and the system-wide Electronic Registry of Laid Off Employees will be available.

6.15.4 *No Stacking of Entitlements*

While various options may be considered and offered, there will be no stacking of entitlements.

7. EVALUATION

7.1 PURPOSE OF EVALUATION

The overarching purpose of faculty evaluation is to maintain excellence of instruction, and of service, at the university.

In order to achieve this purpose, several processes are available.

7.1.1 TERMINOLOGY

The following definitions are intended to provide clarity around the terms, and the relations between the processes, described here in Article 7.

“Formative evaluation”: evaluation undertaken with the aim of assessing a faculty member’s current practice and improving it as deemed appropriate.

“Summative evaluation”: an evaluation, the results of which contribute to a decision regarding continued employment.

“Self-directed evaluation”: an evaluation utilizing a tool or process chosen by the faculty member as part of ~~his/her~~ their ongoing formative evaluation and the results of which go only to the faculty member, to be shared only at the discretion of the faculty member.

“Supervised evaluation”: an evaluation, whether formative or summative, the results of which go to the faculty member’s supervisor.

7.2 EVALUATION OF NEW REGULAR INSTRUCTIONAL FACULTY

- 7.2.1 New faculty shall receive an initial two-year appointment and shall be on probation during this period. New regular faculty who have prior experience at VIU performing the duties of their regular appointment as limited term contract faculty can, at their request and at the beginning of their regular appointment, have that work counted as one year of the probationary period, if that work accumulates to 1.0 FTE. With the agreement of the Dean, this abbreviated probationary period can be extended to non-regular faculty upon appointment to a regular position. A Supervised Formative Evaluation will be completed by no later than the end of the first year or shortly after hire if the faculty member opts for the abbreviated probationary period. A Summative Evaluation will be completed by the end of the probation period.

- 7.2.2 The primary professional responsibilities of the Professor/Instructor are to prepare and to teach courses and programs within ~~his or her~~ their area of competence, and to tutor, advise and evaluate students. As well, all faculty are required to fulfill the following core duties:
- a) maintain posted office hours and be available to meet with individual students at other mutually agreed upon times;
 - b) provide additional assistance to students in areas such as study skills, academic advising, special events, as well as recruitment and admission of students;
 - c) remain current in ~~his or her~~ their field;
 - d) demonstrate participation in professional development and/or scholarly activity;
 - e) participate in departmental and institutional activities.
- 7.2.3 In their first and second years, a review of performance will assess overall performance based on suitability and will include student surveys as well as any of the following in order to assess performance:
- a) Classroom observation. The timing of the classroom observations shall be subjected to agreement between the faculty member and the Appropriate Senior Administrator.
 - b) Where applicable, interview with students. The students to be interviewed shall be randomly selected. The interviews shall be done either individually or in groups of no more than five (5) students. The faculty member may send an observer to the interviews.
 - c) Review of course materials.
 - d) Discussion with Department Chair.
- 7.2.4 If in the summative evaluation, the Appropriate Senior Administrator determines that a faculty member's overall performance is unsatisfactory, the Appropriate Senior Administrator may invoke the terms of Article 7.2.7 or may indicate that the faculty member will be required and assisted to address the areas identified in the evaluation as requiring improvement by a development program specifically designed for the member. This

program, as well as the timetable for implementing it, will be determined through a meeting between the faculty member and the Appropriate Senior Administrator. The faculty member may elect to invite a VIUFA shop steward or a colleague chosen by the faculty member. In such cases, the Appropriate Senior Administrator will Chair the meeting. At this meeting the Appropriate Senior Administrator will determine the time of a follow-up evaluation to determine whether the faculty member has been successful in addressing the areas identified as requiring improvement.

- 7.2.5 The probationary period for a probationary faculty member may be extended for up to a maximum of one (1) year if deemed necessary by the employer for exceptional circumstances.
- 7.2.6 If at the end of the two-year probationary appointment or the extended probationary appointment the faculty member's performance is satisfactory, then the faculty member will be ~~given an ongoing appointment~~ considered to have successfully passed probation.
- 7.2.7 If at the end of the two-year probationary appointment or extended probationary appointment the faculty member's performance is determined by the Appropriate Senior Administrator to be unsatisfactory, the appointment will be terminated.
- 7.2.8 Nothing in this provision prevents the early termination of a probationary appointment for reasons of professional unsuitability/incompetence.

7.3 SUMMATIVE EVALUATION OF NON-REGULAR FACULTY

7.3.1 Evaluation of non-regular instructional faculty

Overall performance of non-regular regular instructional faculty will normally be evaluated each semester, using some or all of the following methods:

- a) Student course surveys. Non-regular instructional faculty members may request that student surveys not be used to assess overall performance for courses for which the faculty member has already received two or more satisfactory evaluations. Student surveys that have been waived for specific courses may resume upon the request of the faculty member or at the discretion of the Senior Administrator.
- b) Classroom observation. The timing of the classroom observations shall be subjected to agreement between the faculty member and the Appropriate Senior Administrator.

- c) Where applicable, interview with students. The students to be interviewed shall be randomly selected. The interviews shall be done either individually or in groups of no more than five (5) students. The faculty member may send an observer to the interviews.
- d) Review of course materials.
- e) Discussion with Department Chair.

Each semester an appropriate Senior Administrator shall provide the faculty member with a written summary of the evaluation that will include an assessment of overall performance as 'satisfactory' or 'unsatisfactory'.

7.34 EVALUATION OF NEW REGULAR NON-INSTRUCTIONAL FACULTY

New faculty shall receive an initial two-year appointment and shall be on probation during this period.

Evaluation shall be carried out using methods appropriate to the particular assignment. Interviews with or questionnaires of students, clients and colleagues (where appropriate) and the relevant Appropriate Senior Administrator's assessments based on relevant job related activities shall constitute the basis of the evaluation process.

Whenever appropriate the provisions of Article 7.2 shall also apply to non-instructional faculty.

7.45 FACULTY SELF-DIRECTED FORMATIVE EVALUATION

The parties support periodic formative self-directed evaluation of faculty as a means of ~~collective~~ collecting valuable feedback in order to continue to provide high quality instruction and service.

The approaches to periodic faculty self-directed formative evaluation shall be governed by the following general principles, applicable to both instructional and non-instructional faculty;

7.45.1 VIUFA faculty and university administration are committed to formative evaluation and promoting a culture of evaluation in a non-threatening environment.

7.45.2 As this is self-directed formative evaluation, access to and control over information gathered in the evaluation process shall remain with the

faculty member.

7.45.3 The evaluation process will follow a minimum 3-5 year cycle.

7.45.4 Faculty members will design their own evaluation process. To accommodate differences in work, program, and discipline, a “menu” of evaluation options, including an “other” category, should be available for each Faculty, department, or administrative unit.

7.45.5 The periodic evaluation should not be onerous.

7.45.6 The faculty member’s conclusions based on information gathered from the evaluation may inform the faculty member in the design of ~~his/her~~ their professional development plan for the following cycle.

7.45.7 As this is self-directed formative evaluation, access to and control over conclusions drawn or reports to be made shall remain with the faculty member. No adverse inference can be drawn from the failure of the faculty member to report on the results of periodic evaluations.

7.5.8 Non-regular and Limited Term Contract instructional faculty members may voluntarily participate in self-directed formative evaluation.

7.6 FACULTY INITIATED EVALUATION

Nothing in this Article prevents any faculty member from initiating an evaluative process with their Senior Administrator.

7.58 SUPERVISED EVALUATION OF INSTRUCTIONAL FACULTY ON REGULAR APPOINTMENTS

~~7.5.18.1~~ The Appropriate Senior Administrator may initiate and carry out evaluation procedures for a faculty member about whom a professional concern has arisen.

~~7.5.28.1.1~~ The following procedures will apply to a faculty member for whom an evaluation procedure is initiated pursuant to Article ~~7.5.18.1~~ above:

- a) The faculty member will be advised by the Appropriate Senior Administrator that a professional concern(s) has (have) arisen and that an evaluation procedure will be initiated. The faculty member will be given a summary description of the nature of the professional concern(s) that has (have) given rise to the

evaluation procedures pursuant to Article ~~7.5.18.1~~

- b) The Appropriate Senior Administrator will identify suggestions and/or resources which the faculty member may access or utilize in an effort to address the professional concern(s) giving rise to the invoking of the evaluation procedures pursuant to Article ~~7.5.8~~.
- c) The Appropriate Senior Administrator shall, at the end of the semester in which the notice was given pursuant to Article ~~7.5.28.1.1~~ a) above, consider whether or not the faculty member has sufficiently addressed the professional concern(s). If the Appropriate Senior Administrator determines that there is no longer any professional concern(s) a Supervised Formative Evaluation pursuant to Article ~~7.5.38.1.2~~ will not be required.

~~7.5.38.1.2~~ Supervised Formative Evaluation

- a) Commencing in the semester next following the semester in which notice was given to initiate evaluation procedures under Article ~~7.5.18.1~~ a Supervised Formative Evaluation will be conducted by the appropriate Senior Administrator. The intent of this evaluation is to be formative and will identify areas requiring improvement. This evaluation will be concluded after two semesters of teaching following the semester in which the evaluation procedures were initiated in Article ~~7.5.28.1.1~~.
- b) The supervised evaluation pursuant to Article ~~7.5.38.1.2~~ will be based on the professional responsibilities outlined in Article 7.2.2 and assessed in accordance with Article 7.2.3. By agreement between the faculty member and the Appropriate Senior Administrator, the above may be supplemented by compendia of activities compiled by the faculty member and the Appropriate Senior Administrator.
- c) The Supervised Formative Evaluation will conclude with a meeting with the faculty member in which the faculty member will provide to the Appropriate Senior Administrator a proposed performance improvement plan addressing the areas requiring improvement. The faculty member may elect to invite an Association Shop Steward or a colleague chosen by the faculty member. This proposed plan shall be reviewed and every effort shall be made by those in attendance to provide input to the Appropriate Senior Administrator in the development of a

performance improvement plan specifically designed for the faculty member, which shall be mutually acceptable to the Appropriate Senior Administrator and the faculty member. The faculty member shall not unreasonably refuse such agreement

7.5.48.1.3 Summative Evaluation

7.5.4.18.1.3.1 A Summative Evaluation shall be commenced in the first semester in which ~~he or she~~ they ~~is~~ are teaching following the conclusion of the evaluation referred to in Article 7.5.38.1.2 above. This evaluation shall be concluded in the second semester following the semester in which the evaluation pursuant to Article 7.5.38.1.2 was concluded.

7.5.4.28.1.3.2 The basis of the Summative Evaluation shall be the same as outlined in Article 7.5.38.1.2 (b) above.

7.5.4.38.1.3.3 a) If the Summative Evaluation results in a satisfactory assessment the faculty member will continue with ~~his or her~~ their ongoing appointment.

b) If the Summative Evaluation results in an unsatisfactory assessment the faculty member's appointment shall be terminated.

7.68.2 SUPERVISED EVALUATION OF NON-INSTRUCTIONAL FACULTY
~~ON REGULAR APPOINTMENTS~~

The Appropriate Senior Administrator may initiate and carry out evaluation procedures for a faculty member about whom a professional concern has arisen.

All of Article 7.2.3 shall also apply except for 7.32.3 (b). Interviews with or questionnaires of students, clients and colleagues (where appropriate) and the relevant supervisor's assessments based on relevant job related activities shall constitute the basis of the evaluation process.

7.78.3 SUPERVISED EVALUATION OF NON-REGULAR FACULTY
MEMBERS

A non-regular faculty member may be evaluated at the Appropriate Senior Administrator's discretion ~~or upon the request of the Program Coordinator or Department Chair~~ where a professional concern has arisen. Evaluation shall be carried out using methods appropriate to the particular assignment

appointment. ~~(See Articles 7.2 and 7.3)~~

9. RENEWAL OF APPOINTMENT

9.1 Limited Term Contracts (LTC)

Where possible, subject to 9.2.2.1, limited term contracts will be offered ~~in order to temporarily replace regular faculty who are on a leave of absence.~~ The following situations:

- a) For the temporary replacement of encumbered work. Work is considered to be encumbered when the work is part of the assignment of a regular faculty member who is on ~~a reassignment or leave from their regular position~~ leave from their regular position or is on reassignment.
- b) For carrying out unencumbered work. ~~Where VIU and the Association VIUFA agree that such an offer is warranted, limited term contracts may be offered when the work is unencumbered.~~

Limited term contract faculty are expected to perform the full duties of a regular faculty member. Limited term contract ~~offerings~~ postings will not be withheld for reasons related to budget or a review of the pool of potential or actual candidates.

9.1.1 The appropriate dean shall work with the affected department to identify₂ at least 3 months prior to the start date of such a contract₁ the ~~amount of such~~ work available, and to post the number and type of positions, the amount of work for each position, and the duration of ~~any~~ the limited term contracts.

9.1.2 An LTC posting may be waived if there are one or more qualified temporary faculty in the department who have expressed an interest.

9.1.43 The limited term contracts may be terminated before the expiry date of the stipulated term, upon the early return of the incumbent₂ to be effective at the end of the semester closest to that return date. ~~The limited term contracts~~ LTC Instructor will be entitled to at least two months' notice, or pay in lieu of notice, of such early termination.

9.2 APPOINTMENT OF NON-REGULAR EMPLOYEES

9.2.1 Seniority of Non-Regular Faculty

Subject to subsequent provisions in this article, a non-regular faculty member whose initial evaluations have been satisfactory shall accrue

seniority.

9.2.2 Accrual and Available Work

This clause applies to both non-instructional and instructional faculty.

9.2.2.1 Work in a department will be assigned according to 10.4 to the regular faculty complement. Additional temporary available work in the same department will be offered, on the basis of seniority, first to qualified regular faculty on lay-off who have recall rights under Articles 6.11.1 and 6.11.4 and then to qualified regular faculty who have less than full workloads. If there are two or more regular faculty with equal seniority, the allocation of available work will be made by a hiring committee as per Article 6.4.1.5. Additional available encumbered work may then be aggregated into limited term contracts, according to Article 4.1.

9.2.2.2 Subject to paragraph 9.2.2.1 above, additional available temporary work in the same department will be offered to qualified limited term contract faculty with seniority who have less than full workloads, who have received satisfactory teaching evaluations pursuant to Article ~~7.6~~8.2. If there are two or more limited term contract faculty with equal seniority, the allocation of available work will be made by a hiring committee as per Article 6.4.1.5. Such work will be paid according Article 11.1.4.2 (Temporary Instructional Rate).

9.2.2.3 Subject to paragraph 9.2.2.1 and 9.2.2.2 above, additional available temporary work in the same department will be offered, on the basis of seniority, to qualified temporary faculty who have received satisfactory teaching evaluations pursuant to Article ~~7.6~~ 8.3, provided that, notwithstanding articles 9.4.3 and 9.4.4, the additional work will not result in the temporary faculty becoming eligible for regularization pursuant to Article 9.4.1. If there are two or more temporary faculty with equal seniority, the allocation of available work will be made by a hiring committee as per Article 6.4.1.5. For the purposes of this article, externally hired instructors holding limited term contract will only accrue non-regular seniority after the completion of their first limited term contracts.

9.2.3 The length of contract will reflect the specific needs of the department. Where work is required on a continuous basis, appointments will be without breaks.

9.2.4 Additional available temporary work in Powell River will be offered on the same basis as paragraphs 9.2.1, 9.2.2.1, 9.2.2.2, 9.2.2.3 and 9.2.3

above, to faculty having done work for the University at Powell River within the preceding twenty-four months.

Additional available temporary work on Vancouver Island will be offered on a seniority basis to faculty having done work for the University on Vancouver Island within the preceding twelve months, using the processes in paragraphs 9.2.1, 9.2.2.1, 9.2.2.2, 9.2.2.3 and 9.2.3. ~~For courses that are offered less frequently than once every twelve months, and upon agreement of the Association and the University, these courses will be offered on a seniority basis to faculty having done this work for the University within the preceding twenty-four months.~~

9.2.5 Upon agreement of the Association and the University, courses timetabled less frequently than once every twelve (12) months will be offered on a seniority basis to faculty having done this work for the University within the preceding twenty-four (24) months.

9.2.56 Field schools will not be considered additional available temporary work unless the Professor/Instructor who developed the field school declines the work.

9.3 LIMITATIONS ON USE OF NON-REGULAR POSITIONS

9.3.1 Creating ongoing faculty appointments in a sustainable way provides the best conditions for ensuring program viability, student success, and employee satisfaction. Therefore, where ongoing workload is sufficient, the University shall recruit and appoint regular, rather than non-regular faculty members.

9.3.2 Where ongoing full-time work is created (e.g. through the addition of new programs) which can be filled by a single faculty member, a regular position will be created.

9.4 CONVERSION OF FACULTY (INSTRUCTIONAL AND NON-INSTRUCTIONAL) TO REGULAR STATUS

Nothing in Article 9.4 prohibits the Employer's right to regularize any position as it deems necessary.

When additional ongoing regular work becomes available, the Academic Administrator, in consultation with the department, shall consider increasing the ongoing workload of qualified regular faculty members in

the department with less than a full-time appointment; and this will be done prior to any posting of this work.

9.4.1 Regularization of Non-Regular Faculty

9.4.1.1 Eligibility Requirements

9.4.1.1.1 Temporary Faculty

A temporary faculty member shall be entitled to be converted to regular status where the temporary faculty member has worked not less than two consecutive academic years immediately preceding regularization with an annual workload of fifty percent (50%) or greater with work in each of the fall and spring semesters in each of those two consecutive academic years, provided:

- a) There is a reasonable expectation of ongoing employment for which the temporary faculty member is deemed qualified pursuant to (c) below at a workload of not less than fifty percent (50%) of an annual full-time workload with work in each of the fall and spring semesters in the next academic year;
- b) The evaluations, ~~if any,~~ of the faculty member during the two consecutive academic years immediately preceding regularization have ~~all~~ been deemed satisfactory. An employee will be deemed to have received a satisfactory evaluation if one has not been performed.
- c) A duly constituted selection committee (Article 6.4.1.6), in the applicable seniority group(s), deems the faculty member qualified for the work available.

9.4.1.1.2 Limited Term Contract Faculty

A limited term contract Instructor shall be entitled to be converted to regular status where the limited term contract Instructor has completed no fewer than two consecutive contractual terms totaling at least two academic years as a limited term contract Instructor, while maintaining a workload of 50% or greater in each of those academic years, provided:

- a) There is a reasonable expectation that the workload performed by the limited term contract Instructor will be unencumbered and ongoing after the conclusion of the last limited term contract and
- b) The evaluations, ~~if any,~~ of the faculty member during the two consecutive academic years immediately preceding regularization

have ~~all~~ been deemed satisfactory. An employee will be deemed to have received a satisfactory evaluation if one has not been performed.

In the case of workload that becomes unencumbered, and notice of this is given to VIU by February 1, then if VIUFA is provided with notice by February 15 at the latest that the workload in the following academic year will be filled through a posted vacancy, that work is not eligible for regularization. If the Employer receives notice after February 1 that the work will no longer be encumbered, then the deadline for notice to VIUFA is the following February 15 at the latest and the Limited Term Contract instructor will be offered a one year extension of their contract.

For the purposes of determining eligibility for regularization, only the workload and releases associated with that workload will be considered.

9.4.1.1.3 Temporary Non-instructional Faculty

A temporary non-instructional faculty member shall be entitled to be converted to regular status when the temporary faculty member has worked an average non-instructional workload of at least fifty percent (50%) in each year in the immediately preceding two (2) year period, provided:

- a) There is a reasonable expectation of ongoing employment for which the faculty member is deemed qualified at a workload of not less than fifty percent (50%) of a full-time workload.
- b) The evaluations of the faculty member during the two (2) years preceding regularization have been deemed satisfactory.
- c) This provision applies to temporary non-instructional faculty hired after April 1, 2020.
- d) If non-instructional workload becomes unencumbered within 60 calendar days of the end of the two (2) year eligibility period, the University will have up to 60 calendar days from the date that work becomes unencumbered to make a determination on the conversion of the faculty member to regular status or to post a vacancy. The University will so notify VIUFA.
- e) The regularization shall be effective upon the date that the faculty member has satisfied the two year eligibility period.

9.4.1.2 Initial Regular Appointment

The initial regular appointment workload shall be based on the workload available at a minimum of the lesser amount of workload in each of the two qualifying years.

Where the regular appointment is for an annual workload of 50% or greater averaged over the academic year but the actual workload assignment is less than 50% in one semester (e.g., 75% Fall Semester and 25% Spring Semester), payment of salary shall reflect the variation in workload (e.g., 75% of full-time paid for six months and 25% of full-time paid for six months) and the faculty member will be responsible for paying both the employer and employee portions of benefit premiums in order to maintain benefit coverage during the period(s) where the actual workload is less than 50% (Article 13). If the reason for the workload falling below 50% in any one semester is due to the regular workload being assigned over more than two semesters during the appointment year (i.e., part of the workload is assigned during special session as per Article 10.2.1.2.2), salary payment and benefits will be averaged over the full appointment year. The initial regular appointment shall be for a probationary period of two years (Article 6.1.1).

9.4.1.3 Seniority

- a) Where a non-regular faculty member is offered regular status pursuant to Article 9.4.1, the time served under the eligible non-regular contracts and accrued as non-regular seniority shall be counted towards the faculty member's regular seniority as described in Articles 6.2.1 and 6.2.3 of the Collective Agreement. Non-regular seniority shall be counted to a maximum of 0.125 credits less than the regular seniority credits of the regular faculty member(s) employed as of four (4) months prior to the date of regularization with the least seniority in the seniority group(s) as of the last day of the biweekly pay period ending immediately prior to the effective date of the regularization.
- b) Should lay off subsequently be necessary and two or more faculty members have equal regular seniority credits within the seniority group affected, non-regular seniority credits which were accrued to the date of regularization but were not eligible for conversion to regular seniority under Article 9.4.1.3(a) will be considered for the purpose of determining which of the faculty members with equal regular seniority is considered to be more senior. If, after considering any non-regular seniority credits which were not converted to regular seniority, the seniority credits of two or more of

the faculty members continues to be equal, the determination of the least senior faculty member shall be by chance.

9.4.2 Regularization of Temporary Workload for Regular Part-Time Faculty

9.4.2.1 Eligibility Requirements

A regular part-time faculty member shall be entitled to have ~~his/her~~ their regular workload appointment increased on an ongoing basis where the regular part-time faculty member has been assigned a temporary increase in workload of twenty percent (20%)* or greater in addition to ~~his/her~~ their regular part-time workload assignment for not less than two consecutive academic years, provided:

- a) There is a reasonable expectation of the continuation of the temporary workload for which the faculty member is deemed qualified at a workload of not less than twenty percent (20%)* of an annual full-time workload in the next academic year;
- b) The evaluations, if any, of the faculty member during the two consecutive academic years immediately preceding regularization have all been deemed satisfactory; and
- c) A duly constituted selection committee (Article 6.4.1.5), in the applicable seniority group(s), deems the faculty member qualified for the work available.

*If the appointment is 81% or greater, any percentage less than 20% will result in an increased regular workload to a maximum of 100%, provided all the criteria in this section are met.

The resulting regular workload cannot exceed a one-hundred percent (100%) workload.

The academic year is deemed to commence August 1 and include workload during the subsequent fall, spring and special session (intersession/summer) semesters.

~~For the purpose of determining eligibility for regularization, the following workload components will be excluded:~~

- ~~i) Directed Studies;~~
- ~~ii) Non-release section(s) of Prior Learning Assessment;~~
- ~~iii) Overload;~~
- ~~iv) Contract activity not related to the normal delivery of credit instruction during the fall and/or spring semesters;~~

- ~~v) Courses taught outside the normal fall and spring semesters unless the course is required and designated to be taught in special session in the official program outline as approved by Senate;~~

Temporary work preceding the date of the initial regular appointment will not be recognized for the purpose of determining eligibility for regularization.

9.4.2.2 Furthermore, the following language applies to 9.4.1.1.1 (Temporary Faculty), 9.4.1.1.2 (Limited Term Contract Faculty) and 9.4.2.1 (Regular Part Time):

The resulting regular workload cannot exceed a one-hundred percent (100%) workload.

The academic year is deemed to commence August 1 and include workload during the subsequent fall, spring and special session (intersession/summer) semesters.

For the purpose of determining eligibility for regularization, the following workload components will be excluded:

- i) Directed Studies;
- ii) Non-release section(s) of Prior Learning Assessment;
- iii) Overload;
- iv) Contract activity not related to the normal delivery of credit instruction during the fall and/or spring semesters;
- v) Courses taught outside the normal fall and spring semesters unless the course is required and designated to be taught in special session in the official program outlined as approved by Senate;

Should an evaluation of a temporary faculty member be deemed unsatisfactory and if the temporary faculty member continues employment, a subsequent accrual period for determining eligibility for conversion to regular status shall commence from the start of the semester following the semester in which the unsatisfactory evaluation was conducted.

9.4.3 It is acknowledged that courses shall not be scheduled for the primary purpose of avoiding provisions related to regularization.

9.4.4 If any non-regular faculty member believes that the regularization

provisions of the collective agreement have been violated (with respect to ~~his or her~~ their assignment, including an assignment in replacement of a faculty member who has chosen to phase in ~~his or her~~ their early retirement), ~~he or she~~ they may request a review of the assignment by the Vice-President Academic & Research, who will render a written conclusion with a copy to the VIUFA Chief Personnel Steward.

- 9.4.5 In addition, the Vice-President Academic and Research will meet with the VIUFA Chief Personnel Steward by no later than March 31st of each year to review and analyze data related to regularization to assess the overall effects of the regularization provisions.
- 9.4.6 A faculty member will not be discriminated against in any future hiring as a result of a choice to exercise rights under Article 9.4.4.

10. HOURS OF WORK/WORKLOAD

10.1 ACADEMIC YEAR FOR REGULAR FACULTY MEMBERS

10.1.1 Regular faculty members are normally appointed on the basis of a twelve-month academic year which runs from August 1 to July 31.

10.1.1.1 Limited term contract faculty members are normally appointed on the basis of a twelve-month academic year which runs from August 1 to July 31, within the constraints of the contract's start and end date, or for one semester contracts.

10.1.2 Professors and Limited Term Contract Instructors

10.1.2.1 The instructional assignment for the academic year normally consists of approximately eight months. In addition to this instructional assignment, Professors and limited term contract Instructors shall normally (except under Article 12.2.3) spend two months on campus engaged in the preparation and review of courses, the interviewing of prospective students, professional development, the ordering of supplies and equipment, and other non-instructional activities of the University. In the event an instructional faculty member is unable to access a six week continuous period to conduct non-instructional activities described above in a given academic year, subject to the approval of the Dean, the instructional faculty member may be provided with a six week continuous period to conduct non-instructional activities in the following academic year. Such approval will not be unreasonably denied.

10.1.2.2 Newly appointed regular Professors and limited term contract Instructors shall normally commence duties on the campus on August 1 of their first contract year.

10.1.2.3 For the period between Christmas Day and New Year's Day when institutional services have been minimized, the normal attendance expectations of instructional faculty members will be relaxed provided that they have completed their duties.

~~10.1.3 Non Instructional Faculty Members~~

~~10.1.3~~

~~.1 The length of assignment for non-instructional faculty members shall normally be eleven months. However, for counsellors and advisors the length of assignment shall normally be ten months.~~

10.2 WORKLOAD

10.2.1 Workload for Regular and Limited Term Contract Instructional Faculty

10.2.1.1 High Quality Instruction

Vancouver Island University is committed to maintaining high quality instruction. It is recognized that faculty involvement in the determination of realistic instructional workloads is important for the maintenance of a high quality of instruction at the University, and that excessive workloads shall result in a deterioration of that quality.

Several factors must be considered in determining faculty instructional workloads, including but not limited to: number of separate course preparations; type of course; number of students; number of contact hours with students; number and type of assignments; pedagogy and delivery (on-line, face-to-face, team teaching, shared teaching, etc.); program requirements; scholarly activity; nature and extent of non-instructional assignment. Faculty and departments are in the best position to recommend optimal workloads, and so faculty and departments, in consultation with their Dean, shall work towards acceptable overall workloads, taking into consideration the factors outlined above for instructional assignments, as well as scholarly activity and service.

10.2.1.2 Limitations on Faculty Workloads

10.2.1.2.1 Workloads shall be established within the following limits.

Maximum number of teaching hours per week = 16 (sixteen) averaged over two semesters.

Teaching hour is one hour of scheduled lecture, studio or lab time per week; one hour of unconventional teaching time (see Letter of Understanding, Unconventional Instruction Designated Under 10.2.1.2.1) is equivalent to 2/3 of a teaching hour.

Maximum number of regular lecture classes (3 or 4 hours) = 8.

No non-regular faculty member shall be required to accept a workload higher than as specified in Article 10.2.1.2.

10.2.1.2.2 Professors and limited term contract Instructors may be assigned portions of their workload in the two month work period during the semester in which holidays are taken (normally such assignments would occur during the May/June period).

10.2.1.2.3 All faculty as part of their professional responsibilities shall:

- a) maintain posted office hours and be available to meet with individual students at other mutually agreed upon times;
- b) provide additional assistance to students in areas such as study skills, academic advising, special events, as well as recruitment and admission of students;
- c) remain current in their field through demonstrated participation in professional development and/or scholarly activity;
- d) participate in departmental and institutional activities.

10.2.1.2.4 Supervision of Student Research Projects

With the permission of the Dean and the Department, a faculty member may supervise a student research project. A faculty member who supervises a student research project, including graduate student research projects, shall be credited with 1/64th of an annual workload for a three-credit course, or 1/32nd of an annual workload for a six-credit course, for each student research project.

Faculty receiving stipend instead of workload will receive a payment equivalent to the above workload credit per graduate student research project.

A faculty member who is the primary supervisor of an undergraduate honours thesis project, excluding classroom delivery, shall receive a \$500 stipend.

10.2.1.2.5 Team and Shared Teaching

Given the VIU commitment to high quality instruction, effective innovations in course delivery and pedagogy are encouraged. Notwithstanding existing departmental workload agreements, the following definitions are intended to guide departments, Deans, and the VIUFA in calculating acceptable instructional workloads:

“Team teaching” describes courses delivered by teams of two or more faculty, in which faculty members each prepare, attend, deliver, and evaluate all parts of the course. For team teaching, each faculty member is credited with “full” workload credit for the course.

“Shared teaching” describes courses delivered by two or more faculty, in which each takes responsibility for a discrete part of the course. For shared teaching, each faculty member is credited with a portion of the workload credit for the course.

With the approval of the Dean and the Department, a faculty member may at their discretion participate in the shared teaching of a course. The proportion of the course shall be determined by taking into account the factors outlined in Article 10.2.1.1 above, and through consultation between the Dean and the Department. For example, a standard three-credit course in the BA program would use 45 hours (15 weeks x 3 hours/week) as the standard for determining the appropriate workload portion. For example, a faculty member teaching 3 weeks of a shared course shall be credited with 0.2 of a course.

For non-regular faculty, such an arrangement shall be paid at the corresponding proportion of the appropriate rate. In cases where a shared teaching assignment of less than one course cannot be readily calculated into a regular faculty member’s annual workload assignment, the workload credit shall be carried forward.

10.2.2 Workload for Regular Non-Instructional Faculty

10.2.2.1 The workload of a regular non-instructional faculty member shall be an average of 35 hours per week. The exact hours of work may vary seasonally to allow for peak periods. Particular responsibilities, duties and workload arrangements shall be determined by the Chair or Director or ~~Regional Campus Principal~~ Campus Administrator or Dean, as appropriate, in consultation with the faculty member. This decision may be appealed to the next appropriate level of administration. Non-instructional faculty members shall be informed, when they receive their workload allocation of the name of the administrator to whom such appeal may be made.

10.2.2.2 Chairs of non-instructional faculty shall be selected in accordance with the procedure in Article 10.11.2.1.

10.3 OVERLOAD

10.3.1 Overloads shall only be carried on a voluntary basis.

a) A regular or limited term contract faculty member who works an

overload in a given year shall receive no less than either:

- i) the pro-rated salary for the overload based on the Salary Scale or the secondary scale on which the employee is placed, or,
 - ii) after consultation with their Dean, a reduction of workload in a subsequent year that is commensurate with the amount of the overload.
- b) A regular or limited term contract faculty member teaching Summer Session (Article 10.3.2) or Field Schools (Article 10.3.3) shall be paid in accordance with Article 11.1.4.2.
- c) A temporary faculty member with a workload in excess of that specified in Article 10.2.1.2 shall be paid for the additional workload in accordance with Article 11.1.4.2.

10.3.2 Summer Session

A Summer Session course is a course taught during the period between the spring and fall semesters but does not include courses taught in the May to August Special Session which constitute a program requirement and does not include courses which are assigned as part of a regular faculty member's workload under Article 10.2.1.2.2.

Once summer session course offerings have been finalized and should qualified regular faculty members be identified to teach such courses, a regular faculty member may elect to reduce ~~his/her~~ their regular workload in exchange for an equivalent amount of summer session instruction taught at any time in the May to August period immediately preceding the Academic Year in which the exchange was permitted, subject to the approval of the Dean. Such approval shall not be unreasonably refused. All professional development and vacation time that would have been applicable in the summer session shall be deemed to have been taken by the faculty member.

10.3.3 Field Schools

A regular or limited term contract faculty member teaching a field school (including studies abroad) except those field schools which are a program requirement shall be paid in accordance with Article 11.1.4.2.

10.3.4 Directed Studies

A Directed Studies course shall be provided on a voluntary basis as an

addition to an individual faculty member's assigned workload. This course will be provided by agreement of the faculty member, Chair, and Dean, and will have a maximum of five (5) students. The faculty member shall receive three hundred and seventy-nine dollars (\$379) per semester for each Directed Studies student for a 3 credit course.

Where a Directed Studies course has fewer or greater than three credit hours, actual payment for each Directed Studies student enrolled in the course will be pro-rated. For example, faculty will receive \$126.33 (\$379/3) per semester for each Directed Studies student enrolled in a one credit course; \$189.50 (\$379/2) for a 1.5 credit course; \$252.67 (\$379 x 2/3) for a two-credit course; \$505.33 (\$379 x 4/3) for a four-credit course, etc.

The Dean will identify Directed Studies on the workload report.

10.3.5 Senior Project

In departments where a Senior Project course is a required or elective component of a degree program, it will be provided on a voluntary basis by an individual faculty member as an addition to their assigned workload. The approval of the Department Chair is required before a student can register in a Senior Project course with an identified Professor/Instructor. The faculty member shall receive two-hundred and fifty dollars (\$250) per semester for each three credit Senior Project student. If two Professors/Instructors jointly supervise a Senior Project, the stipend will be divided equally between them unless there is some other agreement. Deans will identify Senior Projects in Workload Reports.

10.4 ASSIGNMENT OF WORKLOAD

- 10.4.1. ~~In Spring semester, when the approved Program Profile is received from the Ministry, the Dean shall advise each department of its activity level for the next budget year. If subsequent developments necessitate a change to this activity level, the Dean will advise the department accordingly. If budgetary developments necessitate a change to the activity level of a department in the upcoming year, the Dean will advise the department accordingly.~~ The initial proposed allocation of each Professor's/Instructor's workload shall first be determined by the Chair of each department (or dean if no chair) in consultation with the members of that department. The proposed workload allocations shall be reviewed by the appropriate Dean in order to ensure a fair distribution

within the department. Differences in contact hours, course preparations, student numbers, travel times, and other parameters which are seen to be relevant including those factors set out in Article 10.2.1.1, shall be considered. The workloads determined shall be consistent with the guidelines and limits in all relevant sections of the Collective Agreement.

After the review and confirmation by the appropriate Dean, Professors/Instructors shall be advised of their proposed workload allocation as soon as possible, and normally, no later than the end of the preceding academic year.

Concerns regarding individual or departmental workload allocation or timetables, Article 10.4.1.1, should be communicated to the appropriate academic administrator. The Chief Steward or designate may be part of those communications if desired by the faculty member.

10.4.1.1 Timetabling

Professors/Instructors shall be advised of their proposed timetable as soon as possible, and normally, no later than the end of the preceding academic year.

The following limits shall be placed on the times that a Professor/Instructor would be ~~expected~~ scheduled to teach:

10.4.1.1.1 No Professor/Instructor shall be required to teach more than three consecutive one hour classes, labs or seminars, or more than 2 consecutive classes, labs or seminars of duration more than one hour each. No Professor/Instructor shall be required to conduct more than four consecutive hours of class, lab or seminar.

10.4.1.1.2 Where a Professor/Instructor has ~~child~~ family care commitments, and where the Professor/Instructor makes a written request, the University shall make every effort to ensure that Professor/Instructor has no classes scheduled before 9:00 am.

10.4.1.1.3 Upon written request to the Chair and/or Academic Administrator, Professors/Instructors shall be ~~entitled to~~ granted a minimum of one continuous hour of unscheduled time in the period between 11:30 and 14:30. Written requests will be submitted at the beginning of the timetabling process.

10.4.1.1.4 Professors/Instructors shall be entitled to a minimum of twelve

continuous hours of unscheduled time between workdays.

- 10.4.1.1.5 Where a Professor/Instructor is required to teach at more than one campus, there shall be reasonable provision for travel time in the Professor's/Instructor's teaching schedule.
- 10.4.1.1.6 The University shall make every effort to ensure that no Professor/Instructor shall be required to conduct a class, a lab or a seminar that ends more than 9 hours after the start of their first class, lab or seminar of that day.
- 10.4.1.1.7 Where a full-time Professor/Instructor is assigned upper level courses and is taking an upper-level release in that academic year, and where the Professor/Instructor makes a written request, the Professor/Instructor shall have no classes, labs or seminars scheduled on at least one of Monday to Friday.
- 10.4.1.1.8 All Professors/Instructors shall be entitled to two consecutive days off per week; ~~and where~~ Where a Professor/Instructor teaches any part of a course (lab, lecture or seminar) outside of the hours of 8:00 to 17:30 Monday through Friday, the University shall make every effort to provide that Professor/Instructor with a third day off during the week.

A Professor/Instructor may request exemption from teaching:

- a) more than one lab, lecture, or seminar per week scheduled to start after 17:30, and/or
- b) courses scheduled on Saturdays.

Such requests will not be unreasonably denied.

- 10.4.1.1.9 Where a faculty member is ~~assigned~~ required as part of ~~her/his~~ their teaching duties to be on call outside of their regular scheduled teaching assignment, the University shall make every effort to provide that faculty member with an additional day off for each two weeks of on call duty providing there is no additional expense.

~~10.4.2 Within two weeks of the commencement of a term, the Academic Administrator shall forward to the Association workload reports for all faculty who work in that administrator's area. The Chief Personnel Steward or a designate shall, within two weeks following the receipt of the workload reports, meet with the Academic Administrator responsible to review the workload allocations.~~

~~————— The Committee shall present to the Dean, in writing, any concerns about~~

~~faculty workload. A final report, inclusive of any changes made by the Dean, shall be forwarded immediately by the Chair of the VIUFA faculty Workload Committee to the Dean and the Chief Personnel Steward of the Association no later than four weeks following the first day of classes.~~

~~10.4.3 Workload allocations determined in accordance with the above Articles 10.4.1 and 10.4.2 may be appealed to the appropriate senior administrator.~~

10.4.52 Other Outside Teaching and Non-Teaching Services Initiated by the University

10.4.52.1 Faculty may be given assignments with agencies outside the University (based on the Standard of Reasonableness.) However, such work may not be assigned to a level which exceeds a full workload, except with the agreement of the faculty member. Faculty may refuse such overload assignments without prejudice to their employment and working conditions at the University.

10.4.52.2 Should faculty accept such overload, they shall be paid a mutually agreed upon contract fee. Details of financial arrangements shall be made known to the Committee of Personnel Stewards of the Association.

10.5 MULTI-CAMPUS TRAVEL

Professors/Instructors may be required to teach a course or courses in one or more of the communities in the University region.

Professors/Instructors required to teach at least one day per week at Powell River, ~~and whose home campus is Nanaimo, Cowichan or Parksville~~ not Powell River, shall receive a stipend of \$1,500 for each semester in which they teach at Powell River.

~~Effective August 1, 1989, a~~ A Professor/Instructor whose home campus is Nanaimo, and is assigned to teach two consecutive semesters and commutes not less than two days per week to the Cowichan Campus, shall receive a stipend of \$500 on the commencement of the second semester.

This stipend shall apply in reverse where the home campus is Cowichan.

The Employer shall consider applying such a stipend when a

Professor/Instructor is required to teach away from their home campus at a location that is not an above mentioned VIU campus.

10.7 INSTRUCTIONAL FACULTY EMPLOYED INVOLVED IN CO-OPERATIVE EDUCATION

- 10.7.1 The University recognizes that the nature of instruction in Co-operative Education programs differs from the normal delivery of academic programs.
- 10.7.2 ~~Departments and programs which contain co-operative education components shall collaborate with the University's co-operative education office to ensure uniformity of standards.~~ The University shall ensure that supports a high level of consultation and cooperation ~~be maintained~~ during development and implementation of ~~these~~ Cooperative Education programs between the departments and the ~~Co-op Education office~~ Centre for Experiential Learning.

This vacation and professional time shall be granted within the twelve-month period following the conclusion of the third semester.~~
- 10.7.7.1 A faculty member who is supporting and supervising students in co-op positions shall receive one-half (1/2) section workload credit for supervision, monitoring and evaluating between one (1) and four (4) students, and one (1) section for between five (5) and ten (10) students. (One section workload credit is equivalent to one-eighth of an annual regular instructional faculty workload.) This credit includes the time

required for travel to and from the placement sites. The normal duty per student is two visits per evaluation and reporting.

- 10.7.7.2 If a faculty member carries out these duties for between eleven (11) and nineteen (19) students, the workload credit shall be calculated on the basis of 0.1 credit per student (e.g., fourteen (14) students are equivalent to 1.4 sections of workload credit). For twenty (20) students, a Professor/Instructor shall receive two (2) sections workload credit.

- 10.7.9 The University recognizes that co-op placement monitoring is carried out by employees who are members of the same bargaining unit that represents faculty teaching in the program for which placements are being sought, unless in unusual circumstances another employee is assigned to monitor a co-op placement in which event the Association shall be notified.

10.8 FACULTY IN THE CENTRE FOR EXPERIENTIAL LEARNING

- 10.8.1 Faculty in the Centre for Experiential Learning (CEL) specialize in work-integrated learning education. Faculty in CEL facilitate planned, practical, educationally purposeful experiences in professional and community-based settings, which align with students' academic and career goals.

The faculty member may choose to take the release time in this way provided that:
- i) the Dean agrees that the faculty member may group ~~his/her~~ their scholarly activity release into a single semester, and
 - ii) the workloads can be arranged to meet program needs.
- b) A full-time regular faculty member who chooses to group ~~his or her~~ their scholarly activity release agrees that they will continue grouping their release time and will take the scholarly release semester, and further that they may not opt out of the release time grouping provision except when they neither owe, nor are owed release time. If the faculty member has taken a scholarly activity semester and has not accumulated enough scholarly activity release time to earn the scholarly activity semester, the University will recover the portion of that faculty member's salary that the faculty member was not entitled to.

- 10.11.1.2 A limited term contract faculty member whose contract specifies a teaching assignment with more than one section of upper-level scholarly activity release may choose to group ~~his/her~~ their scholarly activity release into a single semester within the term of the contract with the approval of the dean.

If extenuating circumstances arise such that the grouped scholarly activity is not claimed by the final semester of the contract, the equivalent value will be paid out in salary at the end of the contract.

- 10.11.1.3 If a faculty member whose assignment includes technician work is given a full-time workload which includes the teaching of upper division courses, then that faculty member shall receive one (1) section of upper level release.

faculty: greater than or equal to 1 section

Instructional Departments with 10 to less than 20 FTE
faculty: greater than or equal to 2 sections

Instructional Departments with 20+ FTE
faculty: greater than or equal to 3 sections

It is recognized that major curriculum development and innovation are undertakes that benefit the University and its programs. ~~Many opportunities for professional development may require a longer period of time than is available between the spring and fall instructional periods~~ workload commitment that necessitates varying levels of release from other duties. In order to encourage faculty to take advantage of these opportunities, a program of professional development and scholarly activity leave of absence has been developed.

12.4.1.1 Faculty members may apply for ~~either a full, or partial release~~ half-year assisted leave of absence for Assisted Professional Development ~~leave of absence.~~

i) A full year assisted leave is a leave from duties for a full academic year. Normally the leave will commence July 1st. A full year P.D. leave shall be for the twelve-month period following commencement of that leave.

- ii) A ~~partial-release~~ half-year leave is designed to free a regular faculty member from ~~between .25 and .75~~ 0.50 of a full time workload at the University. The salary received by a faculty member on partial release leave shall be calculated on a percentage basis: e.g. A regular full time faculty member receiving a .25-FTE Assisted PD Leave and working the rest of their full workload would receive 75% of their regular salary plus 25% of 70% (80% effective April 1, 2021) of their regular salary.

A regular .75 time faculty member receiving a .25-FTE PD Leave from their 75% workload would receive 50% of the salary they would be entitled to as a full time faculty member plus 25% of 70% (80% effective April 1, 2021) of the salary they would be entitled to as a full time faculty member.

The University will provide a minimum of two (2) sections of release time. Further sections of release may be provided as resources allow. Section release is not subject to the 30% (20% effective April 1, 2021) reduction in pay and does not impact eligibility for other releases. Time awards are fully funded. Section release cannot be taken as overload or banked for future use.

- 12.4.2 Since P.D. leaves are recognized in Articles 12.4 and 12.4.9 as contributing to the instructional quality and educational services offered by Vancouver Island University, a faculty member on P.D. leave is considered to be continuing to perform ~~his/her~~ their duties of employment.

Consequently, the University is entitled to recover from a recipient of an assisted leave the amount by which ~~his/her~~ their earnings from employment or contracts while on assisted leave exceed ~~his/her~~ their normal annual income and benefits.
- 12.4.5 The faculty member shall be required to return to the service of the University upon completion of ~~his/her~~ their P.D. leave ~~of absence~~ for a period equal to the length of the leave. In the event of failing to do so, the faculty member shall refund the amount of any money paid to ~~him/her~~ them or on ~~his/her~~ their behalf by the University during the P.D. leave ~~of absence~~.
- 12.4.6 Upon completion of P.D. leave ~~of absence~~, the faculty member is assured of resuming duties at a salary level equal to that which ~~he/she~~ they would have received, had ~~he/she~~ they remained in ~~his/her~~ their usual position at the University.
- 12.4.7 If a faculty member on assisted professional development leave, by mutual agreement with a Dean, Director, or ~~Regional Campus Principal~~ Campus Administrator, returns to work prior to the commencement of the leave or during the period of the leave, a new assisted professional development leave equivalent to the length of time remaining in the leave shall be created. The new leave, or any portion thereof, shall be carried over in to the following fiscal year if unused in the year in which it is created.
- 12.4.8 In the first semester after returning from a Professional Development Leave ~~of Absence~~, the faculty member shall submit a report, to the President, summarizing the professional development that has been accomplished on the leave. service. In the event that two or more applications are considered to be of equal value, those applications shall be ranked in order of seniority of service within the Association or seniority of service since the applicant last received an assisted leave from the University, whichever is the lesser. A Dean or supervisor will not unreasonably deny faculty release from their regular work assignment when they have been awarded sectional releases.

12.4.10.5.2 If a successful applicant is unwilling or unable to take the assisted leave they will advise the Committee in writing no later than January 15 of the preceding academic year.

As a further step, if notice has not been received four months prior to the expiry of the leave, the Human Resources Office will send notification by certified mail to the last known address provided by the employee outlining the requirement to confirm the return-to-work date. Failure to so notify the University by the required date will result in the leave automatically being extended for the subsequent semester. The University shall, having extended the faculty member's leave for one semester, inform the faculty member by certified mail, at least four months prior to the end of the extended leave, to their last known address, that their leave has been extended and of the consequences of not providing a written commitment to return at the end of the extended leave.

The subcommittee will report back to Labour Management with recommendations in September 2020.

³ ~~Refers to both regular full time and regular part time status~~

LETTER OF AGREEMENT #3: USE OF AREA CHAIRS

From time to time, developments in an area or changes to Deans' assignments may make it desirable to create an elected Area Chair position. The University administration may elect to create new Area Chair positions following consultation with faculty in the area about the need for the position and the appropriate term of the position (see below). All such positions will be posted internally. The position of Area Chair will remain within the appropriate Bargaining Unit.

1. Chairs will be elected by a majority vote of faculty in the area. The Dean and each regular staff member will be eligible to cast a vote. The election will be by secret ballot. LETTER OF AGREEMENT #4: WORKLOAD AVERAGING LEAVE

The Vancouver Island University Faculty Association agrees to the interim arrangement proposed by the University as defined and outlined below:

Definition: Workload Averaging Leave is a partial unassisted averaging salary across two semesters available, on the recommendation of a Dean and the approval of the appropriate Vice President, to regular, full-time faculty at the top of their salary scale.

Terms:

1. The University will pay its share of health and insurance coverage during the leave providing the faculty member's workload for the academic year is 0.50 or greater.
2. Workload Averaging Leaves can be used to defer, but not prepay salaries.
3. Averaging must be across two semester within an academic year but not across academic years.
4. There must be a minimum of one section of instruction or seven hours per week of non-instructional workload in any term.
5. The provisions of Workload Averaging Leave must be in accordance with any language arising from the provincial Framework Agreement.
6. This provision can be utilized in consecutive academic years to a maximum time period not to exceed the equivalent of three years as provided in F.7.1.1 of the current collective agreement.

The parties agree to review this letter of agreement during the term of the collective agreement with the goal of incorporating the provisions of the letter of agreement into the collective agreement.

LETTER OF UNDERSTANDING #5: PRIOR LEARNING ASSESSMENT

Definition:

Prior Learning Assessment (PLA) is the assessment by some value and reliable means, of what has been learned through formal and non-formal education/training or experience, that is worthy of credit in a course or program offered by the institution providing credit.

The assessment and evaluation of prior learning and the determination of competency and credit awarded will be done by instructional or faculty staff who have the appropriate subject matter expertise, but other staff may have a supporting role in the process.

The work required for prior learning assessment includes but is not limited to: classroom-based and individual advising; classroom-based and individual assessment, training and upgrading; development of assessment tools; and training in the use of flexible assessment.

Training in Prior Learning Assessment:

An employee required to perform prior learning assessment responsibilities as part of ~~his/her~~ their workload, has a right to Employer-paid training time and expenses, in the methodology and application of prior learning assessment as necessary for the assigned task.

Prior Learning Assessment Coordinators

Prior Learning Assessment coordinators will be faculty or instructional bargaining unit members.

Prior Learning Assessment (PLA) assignments shall be provided on a voluntary basis as an addition to an individual faculty member's assigned workload. A PLA assignment will be provided by agreement of the faculty member, Chair and Dean.

An individual faculty member may accept PLA assignments for up to a maximum of ten (10) students and not exceeding 30 credits in an academic year (e.g., ten (10) 3-credit PLA assignments = 30 PLA credits). Acceptance of PLA assignments for more than ten students or totaling more than thirty (30) credits in an academic year requires the written approval of the VIUFA Chief Personnel Steward and the Vice President, Instruction.

PLA assignments will be identified on the workload report and considered as part of the non-teaching responsibilities of VIUFA instructional faculty to be referenced in formal evaluations (Article ~~7.5.18.1~~ 8.1).

The faculty member shall receive two-hundred and fifty dollars (\$250) for each 3 credit PLA assignment. One-half of this amount shall be paid to the faculty member on the first pay period following confirmation of registration and payment of PLA fees by the student being received in Human Resources and the remaining one-half shall be paid to the faculty member on the pay period occurring eight weeks after the registration and payment of PLA fees. The faculty member will be compensated for the full amount whether or not the student completes the PLA process.

Where a PLA is undertaken for a course with fewer or greater than three credits, actual payment for each PLA assignment will be pro-rated. For example, faculty will receive \$83.34 ($\$250/3$) for each PLA assignment for one student in a one-credit course; \$125.00 ($\$250/2$) for a 1.5-credit course; \$166.67 ($\$250 \times 2/3$) for a two-credit course; \$333.34 ($\$250 \times 4/3$) for a four-credit course, etc.

For the purpose of this agreement, where the PLA solely involves the administration of a challenge examination for the course, reimbursement shall be as follows:

1. Pre-existing format (with minor revisions to existing assessment tool)
\$50.00
2. Customized format (exam designed specifically for individual assessment)
\$100.00

Should it be known in advance of a semester that PLA assignments in an instructional area will likely exceed 30 PLA credits, the appropriate Dean of Instruction may, at ~~his/her~~ their discretion and with the mutual agreement of the faculty member and the departmental chair, provide release time in lieu of payment to a faculty member qualified to accept these assignments. Such release time can occur only during the academic year in which the PLA workload is assigned. Release time shall be awarded on the basis of 30 PLA credits being deemed equal to one-hour of instructional workload release or 90 PLA credits being equal to one section of workload release (i.e., 1/8 of a full-time workload).

If PLA credits in an academic year are insufficient to warrant workload release, payment will be processed as noted above.

Three months prior to the expiry of this Letter of Agreement the Joint VIUFA-Management committee will review the implementation of this agreement, using data and input from the PLA Coordinator, Deans and the VIUFA.

The Letter of Agreement will be in effect for the period of August 1, 2001 through June 30, 2002 and may be extended by mutual agreement.

Signed: June 22, 2001

Addendum to Letter of Understanding:

With the permission of the appropriate Dean, rather than choosing to administer individual assessments for one student for individual courses that total nine credits or more, a faculty member may choose to conduct one PLA Comprehensive Assessment for the outcomes of a block of courses that total nine credits or more for one student.

Reimbursement for a PLA Comprehensive Assessment conducted by one faculty member for one student is as follows:

- \$500.00 for the first nine credits and \$15.00 per credit above nine credits.

LETTER OF UNDERSTANDING #6: SABBATICALS/UPPER LEVEL
RELEASE/WORKLOAD

It is agreed that a Joint Committee of representatives of Vancouver Island University ("VIU") and Vancouver Island University Faculty Association ("VIUFA") will be established to review and make recommendations to VIU and VIUFA on revisions to the current provisions in the Collective Agreement related to assisted professional development leave, upper level release and workload in accordance with the provisions of the following Letter of Understanding:

It is agreed as follows:

1. The parties are committed to develop positive changes/modifications to the current contractual provisions related to assisted professional development leave, upper level release and workload in ways that would be of benefit to all faculty and the institution as a whole. To this end, such changes/modifications to the current collective agreement provisions may provide:
 - (a) the replacement of upper level release with a more comprehensive approach to scholarly activity in the form of guaranteed sabbaticals
 - (b) more flexible workload arrangements
 - (c) simplification of workload reporting
2. A Joint Committee shall be established comprised of eight (8) representatives, four (4) appointed by the VIUFA and four (4) appointed by the VIU. This Committee shall be established as soon as possible.
3. This Joint Committee shall commence its deliberations as soon as practicable following August 15, 2001 and shall make recommendations to both parties by no later than December 31, 2001.
4. The recommendations of the Joint Committee shall include specific changes to the Collective Agreement which are necessary in order to give effect to its recommendations.
5. The deliberations of the Joint Committee and its recommendations shall be guided by and be made in accordance with the following terms of reference:
 - (a) The effect of the proposed changes to the Collective Agreement will not increase net costs attributable to direct instruction. In addition, delivery of FTE students contained in the 2001/02 Program Profile will be maintained, as much as is practicable.

(b) The focus of proposed changes should be on fairness, simplicity, flexibility and transparency.

(c) The intent is to change the current system of leaves and releases to a system of sabbatical leaves applicable to all regular instructional faculty.

(d) It is intended that non-instructional faculty would continue to have the opportunity for Professional Development leaves on the same general proportional basis as they would have under the Collective Agreement replacing the one expiring on March 31, 2001.

(e) It is recognized that consequential changes to provisions of the Collective Agreement may be recommended in order to give effect to the Joint Committee's recommendations.

(f) The recommendations shall include, if possible, recommendations to implement the proposed changes to commence in the 2002/2003 academic year but in no event later than the 2003/2004 academic year.

(g) In the event that the recommendations contemplate implementation for the 2002/2003 academic year, the recommendations shall include proposed ways to implement the transition.

(h) Every reasonable effort shall be made to achieve a consensus on the Joint Committee's recommendations.

6. The Joint Committee shall, no later than December 31, 2001, either:

(a) Present its recommendations to the VIU and VIUFA on the proposed changes to the Collective Agreement; or

(b) In the absence of a consensus on all proposed changes, present to the VIU and VIUFA those proposed changes on which consensus was reached and outline the areas or issues on which full consensus was not reached.

7. In the event that the Joint Committee's report to the parties is made in accordance with 5(b) above, it is agreed that a mutually agreeable mediator/facilitator from the academic community will be requested to assist the Joint Committee to arrive at a consensus on the outstanding issues.
8. The role of the mediator shall be to:
 - (a) Meet and confer with the Joint Committee within the 30 calendar day period immediately following the Joint Committee's report made in accordance with 5(b) above.
 - (b) Assist the Joint Committee in arriving at a consensus on the outstanding issues.
 - (c) If unable to assist the Joint Committee achieve a consensus on proposed changes to make non-binding recommendations to the VIU and VIUFA on proposed changes to the Collective Agreement on the outstanding issues. These recommendations are to be made within 10 days of the mediator/facilitator concluding ~~his/her~~ their conferring with the Joint Committee.
- Recommendations made by the Joint Committee in accordance with 5(a) or recommendations of the mediator/facilitator made in accordance with 7(c) shall be considered by the VIUFA and the VIU and if accepted by both parties shall be implemented as recommended. It is agreed that recommendations made by the Joint Committee in accordance with 5(a) or by the mediator/facilitator in accordance with 7(c) shall be put to a vote of the members of the VIUFA bargaining unit once approved by the Vancouver Island University Board and if accepted by a majority of those voting shall be considered approved by the VIUFA.
- Each party shall advise the other within 10 days whether or not the recommendations are accepted or not.
- In the event that either party does not accept the recommendations made to it in accordance with this Letter of Understanding, the provisions of the 1998-2001 Collective Agreement including all letters of agreement related to workload will continue to apply.

Signed: May 29, 2001

LETTER OF AGREEMENT #7: UPPER LEVEL RELEASE FOR NON-REGULAR FACULTY

It is agreed that nothing in the establishment of the flat rate and related provisions, will reduce the previous entitlement for Upper Level release afforded to non-regular faculty.

Accordingly, Article 10.11.1 (a) will apply to non-regular faculty with a seven section or equivalent assignment which includes one or more upper level sections per academic year in that the non-regular faculty member will be paid for the eighth section or equivalent.

Signed: June 28, 2001

LETTER OF AGREEMENT #8: WORKLOAD

Class size maxima

Class size maxima for the years 2001/2002 shall be the same as they were in 1997/1998 except where specified below or where changed according to the provisions below.

The 1998/1999 letter of agreement limiting the number of contact hours in biology shall be renewed for 2001/2002.

Where a department offers multiple sections of a course and where the workload in that department is capped by the number of contact hours, the department may choose to reconfigure the delivery of its courses by increasing the class size maxima and decreasing the number of sections offered providing that:

- the number of student spaces available for each course is the same as the number of student spaces that would be delivered had the department not decided to reconfigure its course delivery,
- the reconfiguration of any course ensures that students in the course each have at least one scheduled lab, lecture or seminar hour per week where the student instructor ratio is at most the 1997/1998 class size.
- the workload can be assigned so that no instructor is assigned a workload that results in more than a 10 percent increase in the total number of students they would have had under the 1997/1998 class size limits.
- the number of contact hours for instructors teaching an upper division course is at least 21 hours per year and the number of contact hours for other instructors is at least 24 hours per year (exclusive of release time for other activities)
- the reconfigured workload results in a new maximum number of contact hours for the members of the department. The new maximum number of contact hours shall form part of the reconfiguration plan.

Where a department chooses to reconfigure its classes, it shall file the reconfiguration plan with the Dean and the Dean shall approve the plan and forward a copy of the plan to the VIUFA within 2 weeks of receiving the plan. The reconfiguration plan shall include the maximum class sizes for each section and the teaching assignments for each instructor in the department.

Where a department's reconfiguration results in an increase in student numbers, seventy three (73) percent of the money generated by the increased tuition shall be used exclusively for funding teaching release or research activity as jointly determined by the Dean and the department. The money generated in a year may be carried over for use in a subsequent year.

Where the money is to be used for teaching release, the provisions of subsection (d) above shall apply.

This clause shall be effective from August 1, 2001 to July 31, 2002.

LETTER OF AGREEMENT #9: UPPER LEVEL RELEASE

The parties agree to the following interpretation of Article 10.11.1 (a):

In order to be eligible for Upper Level release, the FTE instructional appointment of the instructor must be 1.00 for the academic year. The actual workload assignment, which may include paid release sections for a variety of purposes (including but not limited to the cases of governance committee release, scholarly release, chair/coordinator release, release for research funded by external sources, union leave and discretionary release) and the assignment of non-instructional duties, does not eliminate the entitlement to the Upper Level release.

A leave for the purposes of assisted leave (i.e., paid professional development leave of absence) under Article 12.4 or maternity, parental or adoption leave under Article 12.10 does not eliminate the Upper Level release entitlement.

If an instructor is on partial or full unpaid leave for one complete semester, that faculty member has no entitlement to Upper Level release in the academic year during which the leave occurs.

In the case where a faculty member, whose original instructional workload assignment includes upper-level release, is absent as a result of unplanned sick leave (including Long Term Disability leave), the original instructional assignment inclusive of the upper level release shall be followed for that portion of the academic year in which the faculty member is not absent.

In addition, the following workload components do not qualify in determining eligibility for Upper Level release:

- Directed Studies;
- Senior Projects;
- Non-release section(s) of Prior Learning Assessment;
- Overload;
- Contract activity not related to the normal delivery of credit instruction during the fall and/or spring semesters;
- Courses taught voluntarily outside the normal fall and spring semesters unless the course is required for a program and designated to be taught in intersession in the official program outline as approved by Senate. (Notwithstanding this, where part of the regular workload for a faculty member is assigned during intersession, it will be considered in determining eligibility for Upper Level release.)

The parties further agree that those faculty members who were denied upper level release during the academic year 2000-2001 but who are entitled to it under this

Letter of Understanding, will be granted such release, in addition to any release to which they are otherwise entitled, in the academic year 2001-2002.

This agreement represents final resolution to Grievance 00-04 and regarding certain issues related to upper-level release. Notwithstanding this, the parties acknowledge that they differ on the interpretation of the Collective Agreement as it applies to eligibility for upper level release during an academic year in which a faculty member takes a scholarly activity semester as a result of grouping previous upper level release under Article 10.11.1.1. This agreement does not preclude the discussion and formal negotiation of alternative approaches to the question of release.

Signed: April 25, 2001

LETTER OF AGREEMENT #10: MBA LOU

This Letter applies to the Vancouver Island University MBA degree and the University of Hertfordshire (UH) MSc-IB. The program is a dual degree program. In this Letter, any reference to “degree” shall mean the MBA.

It is recognized that there are three semesters in the MBA degree and each faculty member in the degree will:

- Teach a minimum of one MBA section;
- Supervise up to eight students on their Applied Projects;
- Serve as second marker for one other section;
- Attend three faculty development workshops;
- Prepare and make additional assignment where students are granted rewrites;
- Attend University of Hertfordshire subject boards.

A faculty member may choose to supervise a maximum of 24 Applied Projects in any 12 month period.

A. Workload

1. Teaching

1a. Teaching – Full-time Regular Faculty

Each section of an MBA course offered shall count as one section for the purposes of workload calculation regardless of whether there are two, three or four contact hours associated with that course.

The maximum workload of a faculty member teaching two or more sections of an MBA course (or courses) shall be six sections.

No faculty member shall be required to teach more than two different MBA courses during an academic year.

The maximum workload of a faculty member teaching only a single section of an MBA course shall be seven sections. If that faculty member is also teaching an upper level course, the maximum workload will be six sections.

Regular faculty teaching in the degree shall not be required to teach more than two sections of degree courses in an academic year and shall not be required to teach any Pre-MBA courses.

1b. Teaching – Part-time Regular and Temporary Faculty and Pre-MBA teaching

A temporary faculty member shall be compensated at the applicable flat rate for each section taught. Temporary workload contains no release time.

If a full-time or part-time regular faculty member teaches Pre-MBA courses they shall be compensated at the flat rate for each summer section taught, and at 1/12 of their annual full-time salary for each section taught in any semester other than summer.

Any regularization of faculty will be determined as per 9.4.1.1 of the VIUFA Collective Agreement with the following modifications:

- Including all MBA courses regardless of the semester they are offered;
- Teaching eight sections (or equivalent combination of sections and student supervision) over any sequential 24 months period, with a minimum of four sections in each of both 12 months periods, shall be sufficient to meet the 50 percent requirement for triggering regularization rights;
- The supervision of six to eight student projects will count as the equivalent of one section for the purposes of regularization.

2. Other Duties

It is acknowledged that the degree calls for duties that may not be present in other graduate programs. Such duties include serving as second marker for one other section, attending three half-day faculty development workshops, attendance at Subject board meetings and preparing and marking additional assignments where students have been granted rewrites. Regular and temporary faculty members shall be required to complete these duties as part of their teaching assignment in the MBA degree.

Temporary faculty members will be paid a stipend of \$750 for performing these other duties.

A faculty member who is required to act as a second marker for more sections than ~~he/she~~ they ~~is~~ are teaching shall be paid a stipend of \$1000 for each section above the number of sections taught.

3. Applied Business Project Supervision

Regular and temporary faculty members shall be required to supervise Applied Business Projects of up to eight graduate students in an academic

year.

Regular faculty members supervising a graduate student Applied Project may be required to meet with their students at most two times during the vacation period, and the second meeting, if required, shall be a minimum of two weeks after the first meeting. Regular faculty members may request vacation exchanges, which shall be granted except in rare and unusual circumstances.

Regular faculty may choose either a workload credit or cash payment.

For each graduate student, a regular faculty member supervises, the faculty member shall, at their discretion, either be paid an additional payment of the greater of \$1,100 or 1/64 of their annual full-time salary, or be permitted to bank an overload credit equal to 1/8 of a section. It is recognized that some projects may be group projects, with a normal maximum of five students. In the situation where more than two students are working on the same project, the compensation for the third, fourth and fifth students will be \$1,000 per student. No faculty member will be required to supervise a group project.

Temporary faculty shall be paid \$1,100 per supervised graduate student.

4. Scheduling and teaching beyond the provisions of 1a above

Full workload credit will be given for any MBA courses taught regardless of when they are taught.

Teaching during the May through August period shall be at the discretion of the faculty member. If a faculty member agrees to teach during the May through August period, their workload assignment shall, if the faculty member so desires, be structured to ensure that they have two blocks of non-teaching time each of which has duration of two months. The scheduling of those blocks shall be mutually agreed upon by the faculty member and the Dean.

The faculty member will identify a 44 day vacation period, consistent with Article 12.2.3. All other time during the above two two-month blocks will be professional development time and non-instructional duty time in keeping with Article 10.1.2.1. During this time the faculty member will be on campus unless a plan is approved by the Dean for the member to be off campus.

5. Second Applied Business Project Reading

For each graduate student Applied Business Project supervised, regular or temporary faculty members may be required to act as the second reader for the Project of one student being supervised by another faculty member. Where a regular or temporary faculty member acts as second reader for more than the number of graduate student Applied Business Project ~~she or he~~ they ~~is~~ are supervising, the regular or temporary faculty member shall receive \$250 for each Applied Business Project in excess.

6. MBA Internship Coordinators

MBA Internship coordinators will be faculty engaged in facilitating student learning who are called upon to exercise judgment in ensuring a successful and safe internship experience. Professionally qualified coordinators prepare students for the internship with a combination of group and individual learning activities, develop internship placements, oversee the internship experience, troubleshoot problems encountered by students or employers and recommend students on a pass/fail basis according to primarily objective criteria.

B. **Payment for Applied Project Referrals** (Submission of a revised Applied Project), Re-enrolments (Submission of a new Applied Project after re-enrolling) and Deferrals (Submission of a deferred Applied Project because of extenuating circumstances).

1. Definitions (extracted and adapted from the University of Hertfordshire Academic Regulations for Undergraduate and Taught Postgraduate Programmes (UPR AS/C/5 Section D5)):

Referral: Defined as a reassessment opportunity for students who have been unsuccessful at their first attempt. Students are not required to re-enroll in the course.

Re-enrolment: Students are given the opportunity to repeat a course or courses, which they have previously failed at first or second attempt.

Deferral: The Director may decide that a student with valid reasons for not having attempted one or more assessments may be permitted to undertake deferred assessments at a later date.

2. Payments for referrals

In the event that a student has been granted a referral after receiving a failing grade on an Applied Project, the rewriting of the failed Applied Project will extend beyond the normal deadline. To accommodate the

referral, students will be given the opportunity to be supervised, to rewrite and to resubmit the Applied Project. To facilitate the resubmission, both the Applied Project supervisor and the second marker for the Applied Project will continue to be engaged to supervise and mark the resubmitted (referred) Applied Project. The Applied Project supervisor will make detailed comments for any failing Applied Project and discuss these with the student. During the rewriting, the Applied Project supervisor will meet with the student at least twice, once to provide feedback on problems associated with the failed Applied Project and once to review improvements the student has made. The Applied Project supervisor will mark the resubmitted Applied Project. The second marker will also mark the resubmitted Applied Project. For this additional work, the Applied Project supervisor will be paid \$250 and the second marker will be paid \$100.

3. Payment for re-enrolments

In the event that a student has been granted a re-enrolment and thereby given an opportunity to write a completely new Applied Project with a new topic, a new Applied Project supervisor and second marker will be assigned. The student will re-enrol in the Applied Project course and pay full tuition. The workload credit for the new supervisor shall be as per section A-3. The new second marker will be paid \$250. A student granted a re-enrolment opportunity may also be eligible for a referral should they receive an F grade; in which case the Applied Project supervisor and second marker will proceed as outlined above under “referral”.

4. Payment for deferrals

In the event that student has been granted a deferral, due to extenuating circumstances, and will thus be submitting their Applied Project later than the normal deadline either a new supervisor and second marker may be appointed, or the original supervisor and second marker may continue to be involved with the student under their original contact.

In the even that a new supervisor is assigned, and ~~he or she~~ they ~~has~~ have the comments from the prior supervisor, ~~he or she~~ they will be expected to meet with the student only once. The new Applied Project supervisor will be paid \$300 and the new second marker will be paid \$150.

LETTER OF AGREEMENT #11: COLLECTION OF INFORMATION ON SCHOLARLY ACTIVITY

~~This Letter is written in consideration of the fact that the Vancouver Island University is by an Act of the BC Legislature a special purpose teaching university with no workload provision to its faculty members for research; that faculty members may be engaged in research and scholarly activity that is in excess of what may be required as part of their workload at VIU; and that such activity may nonetheless be relevant to accreditation processes for their department or program.~~

~~In consideration of the above, t~~The parties agree that disclosure of a faculty member's research and scholarly activity may be requested from the faculty member by the Employer for the purposes of accreditation, program approval, program promotion, or for statistical purposes. The purpose(s) of the disclosure will be stated in the request, and the information obtained thereby will be used only for the purpose(s) for which it was obtained. Specifically, such information cannot be used as a basis for professional concern.

~~This Letter of Agreement does not impose limitations on a Dean's ability to evaluate a faculty member for failing to remain current in their field.~~

~~LETTER OF AGREEMENT #12: UPPER LEVEL RELEASE MFA-
GRIEVANCE 07-04~~

~~Effective August 1, 2007, when a faculty member whose assignment includes technician work is given a full-time workload which includes the teaching of upper division courses, that person shall receive one (1) section upper level release.~~

LETTER OF AGREEMENT #12: ANNUAL WORKLOAD REPORT

The parties agree that it is beneficial to document work performed by instructional and non-instructional faculty. To accurately record activities related to teaching, institutional or community service, scholarly activity, and professional development, the appropriate Administrator will circulate an annual Workload Report Form to be completed and returned by faculty members by the end of the Instructional PD period (June 15). Completed forms will be retained by the Provost Office. The Workload Report Form will be developed through consultation at Labour Management. Workload Report Forms will not be used for evaluation and will not be shared outside of the Provost's Office without consent from the faculty member.

LETTER OF AGREEMENT #13: TEACHING SCHOLARS ACADEMIC
YEAR 2004-2005

For the academic year 2004-05, the University will provide up to two sections of release time for “Teaching Scholars” to provide additional professional development, facilitation and leadership opportunities for instructional faculty.

The Teaching Scholars’ responsibilities will have four components:

- active participation on the Teaching and Learning Centre team
- organization and facilitation of professional development in the area of expertise
- consulting the individuals and/or departmental groups in the area of expertise
- scholarly activity such as conference presentations, articles, etc. in the area of expertise.

Instructional faculty will be invited to apply to the Teaching Scholars selection committee, comprised of two faculty members associated with the Teaching and Learning Centre and one administrator appointed by the Vice-President, Academic. Applicants will be requested to indicate departmental support for their application and provide their semester availability. These positions are not available on an overload status.

Teaching Scholars will be selected for specific areas of expertise. Examples include, but are not limited to, organization of a mentorship or peer coaching program; integrating technology with teaching and learning; internationalizing the curriculum; curriculum development; assessment of learning.

This initiative may continue only if sufficient funding is available and program evaluation supports continuation. This Letter may be extended by mutual agreement of the parties.

**LETTER OF AGREEMENT #14: EXPERIENTIAL EDUCATION FACULTY-
IN STUDENT AFFAIRS**

~~This Letter is written in consideration of the fact that Experiential Education is in redevelopment and revitalization at VIU; and that the faculty members involved in delivering the services in Student Affairs who are currently designated as Co-operative Education faculty, MBA Internship Coordinators and Career Centre faculty will be affected by the change. The transition to Experiential Education will change the nature of the work assigned to these faculty members.~~

~~The parties will meet on or before June 15 of each year to monitor the shift of work, resulting in more work paid at the F2 salary scale.~~

~~Assuming the University approves funding to redevelop and revitalize Experiential Education, a minimum 25% of total workload will be compensated on the F2 salary Scale by August 1, 2016. The parties agree that a minimum of 50% of total workload will be compensated on the F2 Salary Scale by August 1, 2017.~~

LETTER OF AGREEMENT #14: LIMITED TERM CONTRACT HIRING

As discussed in mid-term bargaining sessions during the fall of 2017, the following sets out the agreed practices and processes used to determine hire Limited Term Contracts (LTCs).

Definitions:

Committee Chair – The Chair of the Search Committee, normally the Dean of the Faculty, however, it may be designated to another Admin employee.

Search Committee – The committee formed to provide advice to the Committee Chair on the hiring of the LTC.

Departmental Seniority –Seniority earned by being an instructor in a specific department. Departmental Seniority is only relevant for the purposes of identifying an internal candidate for LTC hires. The amount of seniority is irrelevant as departmental seniority is only used to determine candidacy for the position.

Global Seniority –Seniority earned by combining all instructional workload in all departments at VIU.

Internal Applicants for LTC Hires – A candidate who has earned departmental

seniority by teaching in the department of hire within the last 12 months.

External Applicants: An applicant who does not have departmental seniority.

Guidelines:

Limited Term Contract (LTC) faculty positions will be hired based on the following process:

1. The Search Committee reviews the applications and flags those applicants who are internal applicants. The Committee Chair may need to consult with the Chair of the Department, Human Resources and/or VIUFA to identify applicants with departmental seniority. Applicants with global seniority in the same Faculty but not the department will not be considered an internal candidate for LTC hires.
2. In its review of the teaching experience of internal applicants the Committee will consider whether they have received satisfactory evaluations in the department in accordance with the VIUFA Collective Agreement.
3. The Search Committee assesses the internal applicants for qualifications and knowledge of applicable course content by reviewing the written application, and conducting an interview. This interview may include a mock teaching demonstration or mini lecture. The mock teaching demonstration or mini lecture are not to be used to assess the quality of the teaching performance as this has already been established through the review of teaching evaluations.
4. In the case of a single internal candidate who the committee agrees is qualified to teach the applicable courses, an interview is not required.
5. In the case where there are two or more internal candidates who the committee agrees are qualified, the committee reviews the written applications, conducts an interview and chooses the best candidate.
6. If the Search Committee establishes that the internal candidates are not qualified for the LTC position, the Search Committee then moves to the list of external applicants. The assessment of external candidates will follow the practices normally used for the hiring of regular positions.

7. Where there is dispute about internal candidates who are assessed as not qualified for the LTC position, the Committee Chair, when requested, will provide a written rationale as to why an internal candidate was assessed as not qualified. Such a rationale would explain why any candidate with similar qualifications would not be hired into the position.

~~LETTER OF AGREEMENT #15: DENTAL HYGIENE WORKLOAD~~

~~The parties recognize that workloads in Dental Hygiene require amendment so that clinic hours do not fall under “unconventional instruction”. The parties agree to form a joint committee to develop a fair workload model for implementation no later than August 15, 2018.~~

LETTER OF AGREEMENT #15: NON-REGULAR SENIORITY

Definitions:

Break-in-Service – where there is a full pay period with no pay earned by a VIUFA faculty member for VIUFA instructional activity.

Pay Period – the two-week calendar period, defined in advance by VIU’s Payroll Department, where work activity results in paid compensation. (e.g. Pay Period 1825 is the 25th pay period in 2018 for the time period of November 24, 2018 to December 7, 2018)

Seniority Expiration – Non-regular instructional faculty will cease to have VIUFA seniority of any type when that faculty member has no workload resulting in paid VIUFA instructional activity for twelve (12) months from the end of the pay period where there was last pay earned for VIUFA instructional activity.

Guidelines:

1. Seniority credits earned are recognized and accumulate only in the department(s) of active pay.

Non-Regular seniority is only applicable to departments where the faculty member has pay earned for VIUFA instructional activity in the previous twelve (12) months in that department from the end of the pay period where there was last pay earned.

2. LTC Seniority will be tracked separately from Sessional seniority except for the purposes of the Right of First Refusal (ROFR), Article 9.2.2 where the faculty member’s seniority credit value will be the combination of LTC and Sessional seniority (e.g., LTC credits = 0.8, Sessional = 2.0, combined will equal 2.8)
 - If ROFR work is offered and rejected by a non-regular faculty member who has an LTC appointment, that faculty member will

not be eligible for ROFR offer as a sessional instructor where the workload offering is the same.

3. When a sessional Instructor is appointed to an LTC position, their sessional seniority will be frozen as of the first day of their LTC appointment until:
 - They obtain other sessional work (within 12 months of the conclusion of their LTC contract),
 - Their seniority expiration.
4. In the event that a part-time LTC faculty member is appointed to additional sessional workload, LTC and sessional seniority are earned and tracked separately based on the relevant appointment.
5. When an LTC contract ends and that non-regular faculty member obtains further sessional workload, the previously earned LTC seniority credits will be combined with their sessional seniority credits, and vice-versa, provided their seniority has not expired.

In the event that a non-regular faculty member becomes regular, either through a posted vacancy or through the regularization process, the combined LTC and sessional seniority credits will be treated in accordance to Articles 6.2.3 or 9.4.1.3.

LETTER OF AGREEMENT #16: WORKLOAD FOR BACHELOR OF
SCIENCE IN NURSING: PRECEPTOR-LED AND
PROFESSOR/INSTRUCTOR-LED PRACTICE COURSES

In the Faculty of Health and Human Services, the following courses are
Preceptor-led Practice Courses:

- NURS 314 (4) Nursing Practice VI: 90 hours of practice for students
- NURS 375 (8) Consolidated Practice Experience III: 258 hours of practice for students
- NURS 404 (4) Nursing Practice VII: 90 hours of practice for students
- NURS 414 (12) Nursing Practice VIII: 574 hours of practice for students

It is agreed that 0.6666 of a workload hour per student is the standard for NURS 375 Consolidated Practice Experience III; 0.8333 of a workload hour per student is the standard for NURS 414 Nursing Practice VIII; and 0.5555 of a workload hour per student is the standard for NURS 314: Nursing Practice VI and for NURS 404: Nursing Practice VII.

There are also professor/instructor-led Practice Courses. It is agreed that one hour of professor/instructor-led Practice is the same as an hour of lecture or lab instruction. Totaling all the officially scheduled contact hours for the faculty and dividing by 15 provides the measure of workload credit that is equivalent to the hours per week attached to regular semester-long courses.

Should fractional outcomes result from any of the formulas given above, the workload hour would be rounded up to the nearest 0.5 of an hour.

Signed March 28, 2013

LETTER OF UNDERSTANDING #17: EDUCATIONAL ADVISING

4. 1. All seniority accrued by employees in “Educational Counseling” will be transferred to “Educational Advising”.
5. 2. Employees who have split appointments and/or assignments will continue to accrue seniority in their appropriate seniority groups.
6. 3. The qualification for ‘~~Counselor~~ Counsellor’ can be distinguished from the qualification for ‘Advisor’.
7. 4. The University may distinguish the two professions in terms of its internal organization and services to the University community.
8. 5. It is to be noted that these two professional designations may also be used within these additional seniority groups: “Access Services”, “International Education Student Advising”, “First Nations Student Services”.

The roles and salary levels of employees will not change as a result of the implementation of these changes.

LETTER OF AGREEMENT #18: JOINT EARLY INTERVENTION PROGRAM

A Joint Rehabilitation Committee made up of three representatives from the Association and three representatives from VIU (at least two of which will be from HR) will develop their own terms of reference and processes to reflect the following principles:

1. The Joint Early Intervention Program will be jointly managed.
2. Where an employee is absent for five (5) or more consecutive days of work or where it appears that there is a pattern of consistent or frequent absence from work, an employee may be referred for participation in the Early Intervention Program. If an employee is referred, the employee must participate in the Early Intervention Program.
3. The purpose of the program is rehabilitative. The program is not punitive in nature and will not be used adversely as part of any disciplinary proceedings.
4. The employee will provide the information necessary for the employer, the union and the disability management services provider to determine the employee's prognosis for early, managed return to work.
5. All information provided to the committee or to the disability management services provider will be in confidence and all records will be confidential. Managers will only be provided with information necessary for rehabilitative employment.
6. An employee enrolled into the program is entitled to union representation, and the union agrees to maintain the confidentiality of the employee's medical and related records.

LETTER OF AGREEMENT #19: CLASS SIZE WORKING GROUP

Using “LOA #8: Workload (Class Size Maxima)” as the primary term of reference, the parties agree to create a new working group on class size that contemplates current University challenges with waitlists and student demand in parallel with current workload models and workload challenges experienced by faculty across the disciplines. The group will address various teaching methods including lecture, laboratory, and online classes, as well as related factors in the assignment of workload such as space allocation. The working group may also explore the concept of workload as the number of students overall, rather than as section-based. The purpose of the working group is to update the current class size model and not to create additional workload.

The working group will be composed of an equal number of VIUFA members and Administrators and complete its work by March 31, 2022. The specific mandate is to produce a draft LOA that will be recommended to replace LOA #8 in the next collective agreement.

LETTER OF AGREEMENT #20: WORKLOAD EQUITY

Article 10.2.1.2.1 of the collective agreement states that workload for instructional faculty based on contact hours and varies from twenty-four (24) to thirty-two (32) contact hours depending on faculty. Higher contact hours may impact hiring and retention as well as faculty obligations, including scholarly activity, professional development and service within the university community.

In order to collaboratively discuss equitable contact hours, the parties agree to:

1. Create a Labour Management sub-committee on equity issues relating to instructional contact hours. The sub-committee shall include five (5) VIUFA representatives and five (5) VIU representatives, with priority representation from departments with thirty-two (32) contact-hour workloads. The mandate is to:
 - a) Survey findings and recommendations of earlier committees working in this area, such as the Labour Relations sub-committee on Workload (October 2017) and the Joint VIUFA-VIU Workload Committee (June 2014).
 - b) Consult with Faculties and Administrators on current contact-hour disparity and possible solutions.
 - c) Consider workload design in order to provide upper level release to regular faculty members with between thirty (30) and thirty-two (32) contact hours;
 - d) Develop a long-term plan to decrease contact hour disparity between Faculties.
 - e) Document the plan in a written report to be submitted to Labour Management by March 31, 2022. The committee will also provide quarterly updates.

The Committee will make recommendations to Labour Management and will be submitted to the parties' respective principals for review.

LETTER OF AGREEMENT #21: LABOUR MANAGEMENT SUB-COMMITTEE ON TRIMESTER MODEL

The Parties recognize that some Faculties at VIU work outside of the traditional two-semester model. As such, the parties agree to form a Labour Management sub-committee to explore the possibility of creating a three-semester model for VIU. The sub-committee will be composed of five VIUFA delegates and five Administrative delegates.

The mandate of the Committee is to:

1. Create a written report on the findings and recommendations of the sub-committee
2. Identify impacted Collective Agreement language
3. Examine a range of representative models
4. Catalogue the challenges and benefits of specific models that may be suitable for VIU

The committee will create a terms of reference that will govern the scope of their work and provide quarterly updates and submit the final report to Labour Management by January 31, 2022.

LETTER OF AGREEMENT #22: FIELD SCHOOL SUB-COMMITTEE

It is agreed that a Labour Management subcommittee will be struck to survey practices and experiences around field trips and field schools. The sub-committee will have equal representation from the Employer and VIUFA. Members of the committee could include representatives from the VIUFA Executive, International Education, and other members of faculty and management with experience leading VIU field schools and field trips. The mandate of the subcommittee will be to document practices, highlight workload issues, and make a report to Labour Management. The sub-committee will complete its work by September 1st, 2020.

LETTER OF AGREEMENT #23: MEDICAL SERVICES PLAN OF BC

The parties recognize that the method of funding MSP has been changed from an individually paid premium system to a system funded by an employer paid payroll tax.

If the government, at any time in the future, reverts to an individually paid premium system for basic medical insurance, the parties agree that the employer will pay 100% of the premium for employees on the same basis as exists in the 2014 – 2019 collective agreement.

LETTER OF AGREEMENT #24: IT DEPARTMENT POSITIONAL BASED
PAY PILOT PROJECT

The parties recognize the unique nature of IT work within the VIUFA bargaining unit may benefit from the creation of a specialized compensation model. The compensation rates include Labour Market Adjustment as reflected in the 2018 IT Mid Contract Modification, dated March 20, 2018:

The Parties agree to the following:

1. The current F1 Scale, incorporating the Labour Market Adjustments where applicable, will be the basis of a six level pay scale (Pay Bands A-F, set out below). All current and identified IT positions will be placed at each appropriate Pay Band.
2. Each Pay Band will have four progressive steps. Each step is a percentage of the current job rate (see below Pay Bands A-F):
 - a. Step 1 will normally be used for new hires who meet the posted qualifications of the position.
 - b. A full time IT faculty member can normally expect an annual step increment on the basis of experience, as per Article 11.8.
 - c. Temporary employees with initial appointments of less than five months will be paid at 75% of the job rate. Temporary employees who are extended beyond five months will receive Step 1. Such employees are not subject to postings and can be filled at the discretion of management, as required. Upon request, VIUFA will receive a report on the number, duration, placements and reasons relating to these positions.
 - d. Temporary employees with appointments of more than five months will be paid at Step 1.
3. Temporary employees with initial appointments of less than five months are intended for short-term use in covering vacancies or unanticipated leave backfill.
4. Regular part-time IT faculty will advance through the steps proportional to their appointment.
5. Step increments will be effective on the first day of the pay period following the date in which the IT faculty member accrued 1.000 FTE in the position they currently hold.

6. Credentials earned after the hire date will not be considered a reason for a step increment.
7. Current IT faculty members will be placed on the appropriate step based on the number of full time years in the position. If the new step of their position is less than their current salary, they will be placed at the next highest step. If their current rate exceeds Step 4 in their Pay Band they will maintain their current job rate and not be eligible for general wage increases. Their increment date will remain the anniversary date when they started in the position.
8. When an IT faculty member is promoted to another position within IT, either permanently or temporarily, the faculty member will be placed at the next step on the new position's pay scale that is closest to their own without a reduction in pay.
9. When an existing faculty member is assigned to or posts into a lateral position within their current group, the faculty member's step or increment date will not change.
10. New positions created in IT will be placed on the appropriate Pay Band after consultation with VIUFA.
11. All general wage increases will apply to only the job rate (Step 4 of the Pay Band). Steps 1 to 3 and the temporary rate will be recalculated from the increased job rate. Bargained salary increases will not change the faculty member's increment date.
12. Any layoffs in the IT department will occur at the departmental level, as per the Collective Agreement.
13. This pilot will be effective from the date of ratification of the 2019-2022 VIUFA-VIU collective agreement.
