About the Event

Living Culture, Living Landscapes

The National Association of Tribal Historic Preservation Officers (NATHPO) conference demonstrates the importance of fostering meaningful connections among and is the only national gathering of Tribal Nations, Tribal Historic Preservation Officers, and the diverse sectors and stakeholders that operate in the field of heritage preservation committed to protecting Native places. The conference is a keystone of NATHPO's work to empower Tribal preservation leaders to protect culturally important places that perpetuate Native identity, resilience, and cultural endurance. It highlights the benefits of collaboration grounded in Tribal sovereignty and how that collaboration can lead to achieving shared goals, enhancing mutual understanding, and creating positive impacts for both present and future generations of Tribal citizens and the broader public.

Please join us in making this the best Annual NATHPO Conference yet! Each sponsorship opportunity provides attendees with specific conference necessities, including almost all meals, educational sessions, engaging workshops, and field trips, entertainment, and conference materials. Conference costs have increased, and your support is critical in ensuring NATHPO provides the national Tribal Historic Preservation community the respect and rejuvenating event they deserve.
