

# Achieve Your Vision of a Healthier, Safer Workplace

A healthier workplace is just around the corner.

**Health Links will help you get there.**

Health Links™ is a program that champions health and safety at work. Our comprehensive certification and advising program uses evidence-based strategies to help organizations and their team members achieve Total Worker Health®.

Our holistic approach to worker well-being enhances the safety, health, and productivity of organizations just like yours.

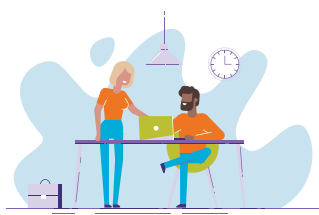

**It's an achievable goal with measurable impact. And we'll help you get there.**

With Health Links, you'll benchmark where you are and receive support to get where you want to be.

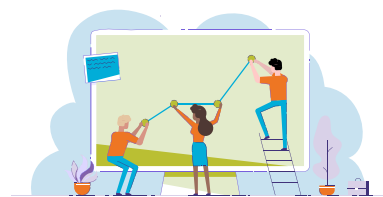

## Assess

Our quick Assessment is your first step toward becoming a Healthy Workplace.

## Advise

Complete personalized virtual advising sessions to develop a Healthy Workplace Action Plan and track your goals.

## Achieve

Access proven tools and trainings, get certified\*, and achieve excellence in health and safety.

- ✓ **Accomplish** health and safety goals that support impactful culture change
- ✓ **Promote** a Total Worker Health approach to become an employer of choice
- ✓ **Select** the plan that is right for you and receive customized advising support and tools
- ✓ **Plans include** services that apply to your entire organization, regardless of size

\*All organizations that complete our Assessment are recognized as Healthy Workplaces.  
Only organizations that meet our certification criteria are recognized as Certified Healthy Workplaces.

# Healthy Workplace Certification™

Our quick Assessment is the first step toward becoming a Certified Healthy Workplace™ and promoting Total Worker Health throughout your organization. The Assessment helps you measure your organization's progress based on six benchmarks.

## Organizational Supports

Leadership commitment, benefits, resources, teams

## Workplace Assessment

Employee surveys, healthcare and workers' compensation claims data, health risk factors

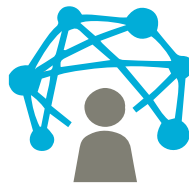

## Health Programs & Policies

Tobacco, nutrition, mental health, physical activity, disease prevention, stress management, family-friendly, biometric information

## Safety Programs & Policies

Written policy, hazard control, ergonomics, violence prevention, emergency preparedness

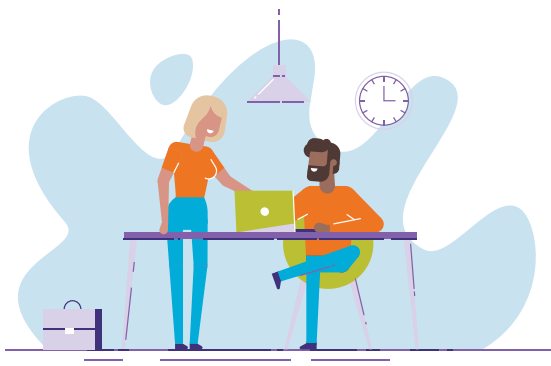

## Engagement

Communication, inclusion, incentives, community

## Evaluation

Tracking and measurement

## Advising

The Assessment is only the beginning when you work with us. After you complete the Assessment, you'll have an introductory consultation to review your results and outline the next steps of your journey, which will include personalized advising sessions with an expert. We've been researching workplace health and safety for more than 30 years, and we bring those decades of experience and insights to every session.
