CUSTOM DESIGN + BUILD • ON YOUR LAND

Custom Homes

*without the
confusion.*

From a piece of land to a home designed entirely around you, Brady Built Homes brings design, planning and construction together under one team.

Building on land? Even better. We help navigate the not so glamorous parts - site planning, utilities, access and everything that comes with building on land.

Wherever you are in the process,
we meet you there.

CUSTOM PLAN DESIGN

Start from scratch, bring a plan, or customize one of ours.

BUILDING ON LAND

Raw land doesn't scare us.
It's kind of our thing.

BUDGET + FEASIBILITY

Clarity before you get too
far down the road.

■ FROM THE PRESIDENT

Curtis McCarty

Welcome to the 74th annual Fall Parade of Homes!

As president of the Central Oklahoma Home Builders Association, Inc. (COHBA), I am excited to kick off one of the longest-running and most anticipated fall events in Central Oklahoma. Each spring and fall, our COHBA builder members, subcontractors, and suppliers showcase the newest technologies, energy efficiencies, and architectural and interior design trends in the new home construction industry - helping to make your dream home a reality. The 2026 Fall Parade features nearly **111** new homes across the Central Oklahoma region, with prices ranging from **\$275,000 to \$2,500,000+**. We invite you to get out and see the Parade of Homes over the next two weekends!

It is no secret that our industry continues to experience significant challenges, but we are proud to be the voice for our industry in the Central Oklahoma region. COHBA works diligently with local municipalities to keep the cost of construction as low as possible to keep housing affordable for our community. The Oklahoma Home Builders Association (OkHBA) and NAHB are continuously working with state and federal elected officials to work toward resolving issues so that the dream of owning a home can be reality for Oklahomans. We are also thankful for an industry that continues to thrive allowing us to once again produce our Fall Parade. I encourage you to get out and support our builders as they showcase their beautiful homes as COHBA continues to do our part for our community.

In conjunction with the association staff, COHBA's volunteer leadership keeps the association moving in a positive direction. Without their contributions, the impact COHBA makes on our community and industry wouldn't be near what it is today. I would like to give a special thank you to the Chair of the Parade of Homes Planning Committee, **Adam Ingram with Bear Creek Homes**. With his leadership, our planning committee and staff put on yet another fantastic parade for our great metropolitan area.

I would also like to thank our distribution partner, **OnCue Express**, for their continued support of the Parade of Homes and for helping COHBA distribute more than 10,000 guidebooks each parade.

The Central Oklahoma Home Builders Association strives to be *The Trusted Source* for all new home construction in Central Oklahoma. Our builders and associate members are active and engaged in the industry to provide only the absolute best when it comes to your home. If you have questions or are interested in joining our association, please contact COHBA at 405.843.1508 or visit www.cohba.org

Lastly, the Parade of Homes Committee has been working hard to officially launch our new Parade of Homes OKC App! It is available to download on IOS and Android, we hope you and your family enjoy the 2026 Fall Parade of Homes!

— WINNER —

HONORING EXCELLENCE. CELEBRATING INTEGRITY. BUILDING COMMUNITY.

LOYALTY

Dedicated to
our industry
and community.

INTEGRITY

Building trust
through honest,
hard work.

FRIENDSHIP

Strong relationships
that make our
industry stronger.

THE CALIBER AWARD

Caliber – Loyalty, Integrity, Friendship

Established in 2010, the Caliber Award is one of the most prestigious honors presented by COHBA.

It recognizes builders who make the best use of HBA Associate member companies to complete their homes. This award celebrates the relationships between builder, sub-contractors, and vendors and the importance of working together to construct exceptional homes using the most qualified craftsmen and suppliers.

74TH ANNUAL · 2026 FALL PARADE OF HOMES

Come see what we've been building.

A personal invitation

I've spent the last year working alongside some of the most talented builders in central Oklahoma, and I couldn't be more proud of what we're about to open up to you. This fall, more than a hundred brand-new homes across the Oklahoma City metro will unlock their front doors — and I want you to walk through every one that catches your eye.

This is the 74th year we've done this, and every year I'm reminded of why it matters. There's something that happens when you actually step inside a home — when you feel the layout, see how the light comes in, stand in the kitchen — that no photo or floor plan can replicate. That's what the Parade is for.

Over one hundred move-in ready homes. Two weekends. No appointment needed — just show up.

WEEKEND ONE

September 25, 26 & 27

Noon to 6 p.m. daily

WEEKEND TWO

October 2, 3, & 4

Noon to 6 p.m. daily

Before you head out, visit ParadeOfHomesOK.com to browse every home and map your personal route. Pick up a printed guidebook at any **OnCue Express** — 45+ locations across central Oklahoma and look for the Parade of Homes signs in front yards as you explore. When you see one, pull over.

Thank you to our Featured Community **Cross Timbers** and to our Presenting Sponsors — **Pella Windows and Doors of Oklahoma, Tinker Federal Credit Union, and CCM Overhead Doors** — for your continued support and to COHBA president Curtis McCarty, guidebook designer Cheri Merkel, our planning committee and Tracy Butler, Denise Jones, Sarah Lucas, Adan Chapa, and Lauren Brooks — thank you for everything you pour into this event.

Let this fall reimagine what home looks like for you!

Adam Ingram

Guide to Routine Home Maintenance

Your home may be the biggest investment you will ever make. An experienced homeowner knows the importance of a good home maintenance checklist.

Air Filters

Many HVAC systems use filters to remove dust and dirt. Check the manual or search by model number, but in most cases, homeowners should replace filters at least every three months.

Safety and Security

Regularly check your security system, including alarms, breakers, and sensors. Test smoke and carbon monoxide detector batteries twice a year, and replace detectors every 10 years.

Roof, Gutters and Downspouts

Have a roofer inspect your roof every three years, including skylights. Keep gutters and downspouts clear of debris.

Guide to Closing On Your Home

Settlement (or closing) is the process that passes ownership of a property from seller to purchaser. Home buyers are usually required to sign a seemingly endless pile of documents, most of which are written in terminology not used outside of the housing industry and that can be complicated to understand. Be an informed home buyer during every step of the settlement process below.

Before You Go to Settlement

Request the HUD pamphlet on settlement costs before applying to better understand the process and expenses. Lenders must provide a good faith estimate and final cost before closing, when payment is typically by bank check. Review key settlement terms in advance.

Important Settlement Terms

Key terms to review can include Appraisal Fee, Credit Report, Earnest Money, Attorney's Fees, Recording Fee, Escrow Fees and Accounts, Loan Origination Fee and more

Additional Information

nahb.org/other/consumer-resources/closing-on-your-home
