Livability.com names Waynesboro as one of 11 Up-and-Coming cities in Pennsylvania that deserves a second look. Journalist Brittany Anas writes, "Once a major stopover between Baltimore and Pittsburgh, Waynesboro became a spot for rapid growth during the Industrial Revolution. The Franklin County community was bustling with tool and machine makers, and railroad resorts for travelers popped up alongside homes. Today, young professionals are falling for the charm of the historic homes that fill the area, and, armed with restoration prowess, are giving old buildings some TLC. Once again, location is a major advantage for the economy in Waynesboro and the surrounding region. With proximity to Interstate 81, the county is well-connected to major metropolitan regions and has a diverse economy with manufacturing, health care, education, retail and hospitality sectors. The area's year-over-year job growth has increased 1.8 percent and wage growth has gone up 2.8 percent. Judging by the increase in home values, more people are finding out about Waynesboro and its modern shops, golf courses and fantastic food scene.

## Our Weather

How's the weather here? Great! Good enough, in fact, that Movoto Real Estate blog named Waynesboro a top town for weather in Pennsylvania with weather not prone to catastrophic proportions. Summers are warm with an average July temperature of 85 degrees. Winters are often mild with an average January temperature of 40 degrees.

Residents here enjoy picnics amidst budding flora in spring, lazy afternoon swims and rounds of golf during summer, walks under canopies of amber and scarlet foliage in fall and snowman building and sledding beneath clear winter skies.

Mont Alto was founded in 1762 as Funkstown by early settler John Funk. The Mont Alto Railroad was built in 1872 to facilitate transportation of products. Soon after, in 1879, Funkstown and the neighboring village of Alto Dale combined to become Mont Alto. The Borough of Mont Alto was incorporated in 1913.

Legend has it that abolitionist John Brown lived in Franklin County and occasionally taught Sunday School at Emmanuel Episcopal Church in Mont Alto, now located at the edge of the Penn State Mont Alto Campus.

Dr. Joseph T. Rothrock established the Mont Alto Forest Academy in 1903. It became annexed by the Borough of Mont Alto and in 1959, Penn State Mont Alto began offering courses.

Consisting of 39.4 square miles surrounding the Borough of Waynesboro, Washington Township was organized in 1779. The township communities of Zullinger, Rouzerville, and Blue Ridge Summit were founded in 1868, while the area of Wayne Heights was laid out in the early 20th century.

After the creation of the railroad, Blue Ridge Summit became a resort town, boasting luxurious hotel accommodations for the wealthy that traveled there from the Washington, D.C., region to vacation.

Today, Washington Township is home to a number of historic sites, including 911 Tribute at Red Run Park, Harbaugh Church and Cemetery, Welty Mill Bridge, and the Civil War Battle of Monterey Pass.

Waynesboro was founded in 1749 when Scotsman John Wallace settled near the Antietam Creek. Wallace held title to 633 acres, almost one square mile. He called his land "Mount Vernon," while others referred to it as "Wallacetown." His son, John, later inherited the land after returning home from fighting in the Revolutionary War.

In 1797, John mapped out a town of 90 lots, which he named "Waynesburg" after his admired commander, General "Mad" Anthony Wayne. The town's name was contested by several other Pennsylvania towns bearing the same name and the federal government soon ruled post offices in the same state could not have the same name. The town was incorporated as "Waynesborough," which in 1831 was shortened to "Waynesboro."

# Historic Beginnings

## ON THE FRONTIER

As the years continued, Waynesboro became a crossroads town and prospered by providing goods and services for the wagon trains traveling west. According to local lore, during the French and Indian War, two young girls, the Renfrew sisters, were attacked and killed by Native Americans while washing laundry in a creek near their home. The tale tells us several townspeople banded together to find those responsible for the girls' deaths and obtain the girls' remains so a proper burial could take place.

## CIVIL WAR INVOLVEMENT

During the Civil War in June 1863, Confederate troops preparing for the Battle of Gettysburg captured Waynesboro for 15 days, raising the Confederate flag above town and forcing citizens to provide food to the soldiers. The Battle of Monterey Pass occurred in Blue Ridge Summit just days after the Battle of Gettysburg. It was during this battle that George Armstrong Custer and his Michigan Calvary Brigade attacked and captured part of Robert E. Lee's retreating Army of Northern Virginia.

# Industry

The foundation of Waynesboro's industrial activity was laid by George Frick, whose invention of a small steam engine for farm use replaced cumbersome horsepower. He founded Frick Co., now known as Johnson Controls, in 1873, while brothers Abraham and Franklin Landis followed in his inventive footsteps. The Landis brothers not only manufactured the first cylindrical grinding machines in 1883, they also formed Landis Tool and Landis Machine, now known as Cinetic Landis Corp. and Landis Threading System, respectively.

Today, local industrial wealth is further enhanced by Beck Manufacturing, maker of pipe nipples and couplings and Manitowoc Crane Group.

## INDUSTRIAL MUSEUM

The **Waynesboro Area Industrial Heritage Trust** is found on a quiet Waynesboro side street in a former church built by Franklin Landis, one of the area's early industrial pioneers. Open to residents and visitors for special events and by appointment, the museum's mission is to provide insight into the community's rich industrial heritage.

Located at 235 Philadelphia Avenue, the museum houses a collection of locally significant artifacts, drawings, and photographs. For more information, call 717-762-4460 or visit: [industrialmuseum.weebly.com](http://industrialmuseum.weebly.com).

## SALES TAX

If you hold a valid title issued in another state and have owned the vehicle six months or more before moving to Pennsylvania, you will not be required to pay any sales tax when you register your vehicle.

If you hold a valid title issued in another state and have owned the vehicle less than 6 months before moving to Pennsylvania, you will need to provide proof of sales tax paid to the previous titling jurisdiction or remit PA sales tax.

## VEHICLE SAFETY INSPECTION

A newly-registered vehicle in Pennsylvania must receive a safety inspection within ten days of the registration date. Inspections are performed at official inspection stations (usually a repair garage or a service station with a repair shop.)

Equipment checks include: lights, brakes, horn, tires, safety belts, exhaust system, mirrors, tag mounting, suspension, turn signals, steering, glazing, wipers, and other major parts of your vehicle.

Inspection fees are posted at official inspection stations. These fees do not include repairs to correct vehicle defects.

## EMISSION INSPECTION MAINTENANCE

Pennsylvania is one of many states required by the Federal Environmental Protection Agency to have a vehicle emissions inspection and maintenance program. The I/M program is a key part of the Commonwealth's strategy to improve its air quality.

Call the Drive Clean PA customer hotline at 1-800-265-0921 or visit its website at: [www.drivecleanpa.state.pa.us](http://www.drivecleanpa.state.pa.us) to find out if the county your vehicle is registered in is required to participate in the emissions inspection program

## DRIVER'S LICENSES

New residents are required to obtain a Pennsylvania driver's license within 60 days of establishing a permanent residence. To apply, you must appear in person at your local DMV office to fill out forms and take a vision test. You will need to present:

- » A driver's license from your previous state of residence that is valid or has expired no more than six months earlier
- » Social Security Card

If your license expired more than six months previously, you will have to present your birth certificate and Social Security Card; apply for a Pennsylvania Learner's Permit; and complete all required testing before you receive your license.

Once the license has been issued, you must surrender the license from your previous state of residence to personnel at the DMV.

## REAL ID

Beginning May 7, 2025, Pennsylvanians will need a REAL ID-compliant driver's license/photo ID card, or another form of federally-acceptable identification (such as a valid passport or military ID) to board a domestic commercial flight or enter a federal building or military installation that requires ID.

## PHOTO IDENTIFICATION CARD

Residents of Pennsylvania 10 years of age and older are entitled to a photo identification card. These cards provide a viable source of identification in lieu of a driver's license. To apply at a license center, you will need to provide proof of name and birth date; two different forms validating your address; social security card; and a check or money order.

## Sugar Hollow Farm Apacas

Greeted by a herd of Huacaya alpacas, Sugar Hollow Farm Alpacas has a friendly and unique welcoming party that makes guests feel like part of the family. Co-owners, Jay Brown and wife Kathy, are delighted to share their story about how the farm came to be one big happy family. "It all started in 2008 at a late summer fair in Lucketts, Virginia," Jay begins. As the story goes, they stopped by the yarn vendor because Kathy loves to knit. This particular woman sold beautiful, soft, 'and totally irresistible alpaca yarn,' as Kathy puts it. They admired photos of the cute crias (baby alpacas) that had been born two weeks earlier, and learned alpacas are one of the easiest livestock to care for. Jay fondly recalls, "Without realizing it, we had found our retirement plan!"

Sugar Hollow Farm Alpacas is open to the public and encourages school groups to visit. Come learn more about these beautiful smart mammals that do not have top teeth, can eat two pounds of grass a day, hum to communicate, have distinct personalities, and the softest fleece.

### MEETING LOCAL NEEDS

Waynesboro Community and Human Services (WC&HS) provides a variety of programs to ensure the needs of qualifying, low-income community members are met. Efforts extend from the Waynesboro Area to Greencastle-Antrim school districts.

WC&HS services include a food bank; clothing bank; diaper bank; emergency financial assistance; information and referral; community health nurse; and counseling.

In addition to its list of services, WC&HS sponsors a yearly community Thanksgiving meal, delivering meals to shut-ins as needed, and organizes an annual Christmas boxed meal program and holiday adopt-a-family effort. These additional programs make certain low-income families and children receive warm meals and presents during the holiday season.
