

CPG Tools for Success

A Well-Rounded Concrete Resource Library

Concrete Resources for Construction Professionals:

1. Design & Control of Concrete Mixtures,
American Cement Association
2. ASTM Concrete Standards,
American Society Testing & Materials
3. NRMCA CIPs, "Concrete in Practice" Series,
National Ready Mixed Concrete Association
4. ACI 318, Building Code Requirements for Structural Concrete,
American Concrete Institute
5. ACI 301, Specifications for Concrete Construction,
American Concrete Institute
6. ACI 305R, Guide to Hot Weather Concreting,
American Concrete Institute
7. ACI 306R, Guide to Cold Weather Concreting,
American Concrete Institute
8. ACI 302.1R, Guide to Concrete Floor and Slab Construction,
American Concrete Institute
9. ACPA Pavement Design Manuals,
American Concrete Pavement Association
10. MoDOT/KDOT Concrete Specifications
Missouri Department of Transportation & Kansas Department of Transportation
11. KCMMB Specifications,
Kansas City Metro Materials Board
12. ASCC Technical Position Statements,
American Society Concrete Contractors
13. CPG Technical Bulletins and Tools for Success,
Concrete Promotional Group, Inc. (greater Kansas City metro)

This collection provides a solid foundation for answering most questions related to concrete materials, design, construction, quality control, durability, troubleshooting, and pavement applications encountered in day-to-day practice. The list could easily be quadrupled, but this provides a good solid foundation. (pun intended)
