

## Purpose:

The Emerging EBMI Members Subcommittee is dedicated to advancing the mission of the Electrical Board of Missouri and Illinois (EBMI). The mission of EBMI is to provide services that develop, improve, and preserve business opportunities for our members and the electrical industry. This subcommittee aims to cultivate the next generation of leaders within EBMI by providing a platform for emerging professionals to strengthen their personal, professional, and industry skills.

EMERGING EBMI MEMBERS

## Objectives:

The Emerging EBMI Members will:

### 1. Develop Skills:

Offer a variety of programs and events designed to enhance the personal and professional skills of members, with a focus on leadership, technical knowledge, and industry trends.

### 2. Foster Networking:

Create opportunities for members to build strong connections across all segments of the electrical industry in the Eastern Missouri and Southern Illinois region. This includes facilitating interactions with industry veterans, peers, and other key stakeholders.

### 3. Build Future Leadership:

Serve as a foundational group for identifying and nurturing the next generation of EBMI board members. The subcommittee will prepare members for future leadership roles within EBMI and the broader electrical industry.

### 4. Meetings:

The subcommittee will meet regularly to plan and coordinate events, discuss industry trends, and share knowledge. Meetings will be scheduled to maximize participation and ensure that all voices are heard.

### 5. Governance:

The subcommittee will be led by a Chairperson, a volunteer role. The Chair will communicate to the EBMI President and Board of Directors, ensuring alignment with EBMI's broader mission and goals. Co-Chairs will support the duties of the Chair. These positions were accepted voluntarily and the nomination process will be re-evaluated every year.

## Conclusion:

The Emerging EBMI Members Subcommittee is committed to supporting the growth and success of EBMI by empowering the next generation of industry leaders. Through skill development, networking, and leadership opportunities, this subcommittee will play a critical role in shaping the future of the electrical industry in our region.
