YOUR PEERS ARE HERE.

At a Glance

DIVERSE MEMBERSHIP

Our membership base is comprised of individuals spanning across the healthcare built environment. Now with **over 4600 members**, AMFP witnessed a significant increase in membership over the last 3 years.

NATIONAL FOOTPRINT

AMFP has successfully expanded to **39 chapters across the country**, furthering our mission. This growth has allowed AMFP to better support & engage with professionals and healthcare end users, increasing collaboration within the industry.

ROBUST PROGRAMMING

Members of AMFP gain access to a wealth of knowledge and value through our diverse range of **educational programs, networking opportunities, and strategic partnership events**. We also offer a resource library to provide the latest industry insights.

Mission & Purpose

To be the hub where healthcare built environment leaders share ideas, gain knowledge, solve challenges, connect with peers, and shape the future of the industry.

What is AMFP?

AMFP is a **community of peers fostering collaboration and innovation** while providing solutions to propel the industry forward. Our membership includes individuals in the healthcare industry. Healthcare Providers are full-time employees of a healthcare facility or system in the areas of planning, design, construction, real estate, operations, leadership, or facilities management. Whether you are a health system employee, a consultant, the senior vice president or early in your career, the programs and activities planned nationally and at the chapter level are just for you.

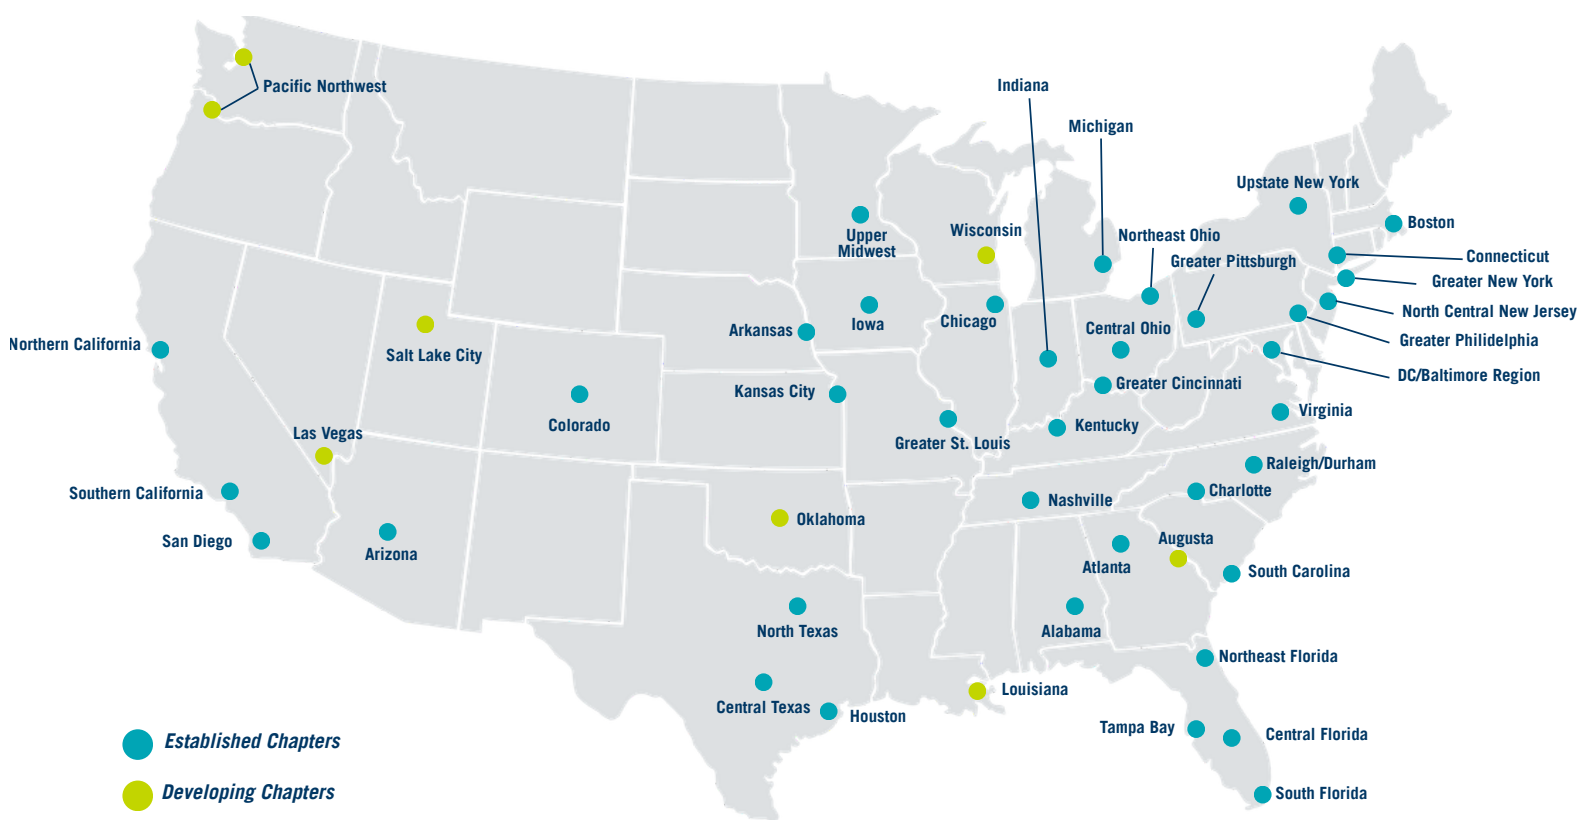

ASSOCIATION
OF MEDICAL FACILITY
PROFESSIONALS

Partnerships

Increase visibility within the medical facility community by being prominently featured in event materials, presentations, and networking sessions.

Why Partner?

Benefit from partnering by gaining access to knowledge sharing, innovative solutions, and networking opportunities while contributing to the advancement of the medical facilities field and showcasing your commitment to innovation and excellence in the healthcare built environment.

Connect with Decision-Makers

Showcase your expertise and services to a targeted audience of medical facility professionals with opportunities to engage directly with decision-makers to foster relationships. Through partnership, effectively communicate services, solutions, and innovations to individuals who are directly involved in designing, building, and maintaining the healthcare built environment.

Thought Leadership and Expertise Sharing

Share insights, innovations, best practices, and exchange ideas about the latest trends, challenges, and advancements in the industry. Further establish your firm as knowledgeable strategic partners in healthcare facilities, design, and construction that are dedicated to shaping the future of the industry.

Enhance Professional Development

Actively contribute to the growth and advancement of the healthcare industry by equipping individuals with enhanced professional development opportunities. By supporting initiatives like educational programs, your company can help elevate the overall knowledge and innovation within the healthcare industry.

Chapter & National Exposure

Demonstrate a commitment to the betterment of medical facilities and design through partnership, showcasing your dedication to improving healthcare environments nationally. Partnering with AMFP allows for increased visibility nationally, and on a chapter level.
