

September 2022 BOD meeting.

Welcome Michael / Deanna. Thank you to the attending sponsors and thank you to all members.

Membership and outreach Chris and Kyla. Current numbers; Professional members = 91, Business partners = 85. Total of 176. We have more professional members than business partners. We are trying to increase our ability to reach rural hospitals we have visited.

Upcoming education. Fall engineering expo at Cheney stadium Thursday Sept 22. There are several good topics at this educational event. Hope to see everyone.

Events debrief. Very successful golf tournament at McCormick Woods. Grossed 44,500 and net 13,000 in the bank. Everyone had a great time. Lemon drop martini tailgate at the Rainiers game was awesome. Great game, excellent food and a huge turnout. The joint event at Le May car museum Mike mentioned that the communication between chapters (S.W. Chapter and Puget Sound chapter) .

Treasurers report. Event coordinators will be required to provide a rough P & L to Richard to show cost & profit from sponsorship.

Business partner advocate. Chapter status, issues, opinions and recommendations. Lisa Welcome is their link and can be very helpful.

Old Business. This was Mike's last meeting as our president. He stated that he was very thankful and really enjoyed the experience.

New Business. We are gathering pricing for the equipment so that we can live stream and record training presentations. This will allow us to reach our members that cannot attend every event. We can also set a SW Chapter University with these educational opportunities for our members in rural areas.

2023 President elect nominations. Might hold off for now but Chris Bowman's name was mentioned and so was Russell Copeland's.
