2025-26 GRADE 5 RAA LINE REPLACEMENT PROJECT

Addenda: 7

4/13/26 2:00 PM 26-00797 Richmond

\$5,400,000

Public Works

Plan Issuer: City Of Richmond - Public Works

510-774-6300 000-000-0000

Prebid Conf: MAND 3/11 and 3/26 @ 10 AM at Richmond WWTP, 601 Canal Blvd., Richmond

Veolia Water West Operating Services, Inc. operates and maintains the City of Richmond's Wastewater Treatment Facility (WWTF) and the associated sewer collection system. The work will include pipe segment replacement of deteriorated sewer pipe segments within the collection system using pipe bursting, open cut, or pipe reaming as discussed further below. The work shall include manhole installation and/or replacement and/or full interior surface (e.g. chimney, cone, wall, bench, and channel) rehabilitation when the adjacent pipeline is replaced, and manhole frames and covers as necessary. For pipe replacement work, pipe bursting is the preferred method, followed by open cut and then pipe reaming.

The pipe segments to be replaced for this project are identified in Scope of Work Attachment A. The line segments identified may be modified from time to-time during the project. The selected Contractor shall conduct a pre-CCTV of each line segment to the greatest extent possible to mark and locate the defects prior to commencement of the Work. A complete NASSCO graded post-construction CCTV survey of the entire line segment (manhole to manhole) shall be completed upon completion of the work (no later than one week after the repair or replacement) and provided to Veolia. If following the repair, the line remains inaccessible, the contractor shall provide a supplemental repair cost proposal with the CCTV video for consideration.

License Requirements: Class A or C-34

All questions must be submitted via the electronic BidsOnline system on the Q&A tab by March 18, 2026 at 11:00 am PST.

REQUESTS FOR STATEMENT OF QUALIFICATIONS FOR PROFESSIONAL ENVIRONMENTAL SERVICES STATEWIDE (RFQ #PMB202604) Addenda: 0

4/13/26 3:00 PM 26-00041 Various Locations **State / Federal**

Plan Issuer: Department of Corrections adriana.perez@cdcr.ca.gov 000-000-0000 000-000-0000
 Prebid Conf: No Pre-Proposal Conference will be held Contract #: PMB202604

The California Department of Corrections and Rehabilitation (CDCR) intends to contract with a firm for professional environmental services. CDCR is requesting "Statements of Qualifications" from firms interested in providing professional environmental services. Under the terms of the Agreement, the selected Consultant shall perform a wide range of environmental studies, regulatory permitting, and technical advice on proposed modifications to existing correctional facilities statewide. The Consultant shall provide professional environmental services necessary to prepare the appropriate environmental document(s) for a given undertaking including, but not limited, to repair/modification of existing correctional facilities, new or expanded facilities, regulatory compliance, and repair/construction of infrastructure necessary for facility operations. When necessary, the Consultant shall also assist CDCR in securing permit compliance from all applicable regulatory agencies for the potential undertakings.

All questions regarding this Request for Qualifications (RFQ) shall be emailed directly to: m_FPCM-Contract-Mail@cdcr.ca.gov no later than 3:00 PM on March 23, 2026.

RFP FOR ELECTRICAL DESIGN SERVICES MARIN CENTER FAIRGROUNDS ELECTRICAL DISTRIBUTION Addenda: 2

4/13/26 3:00 PM 26-00983 San Rafael **Public Works**

Plan Issuer: County of Marin, DPW bids@marincounty.org 415-473-7877 000-000-0000
 Prebid Conf: MAND 3/23 @ 10:30 AM - Mandatory Pre-Proposal Conference (Meet at the Marin Center Fairgrounds, 10 Avenue of the Flags, San Rafael) Contract #: 41C2616

The County of Marin is inviting qualified engineering firms with demonstrated expertise in electrical systems to submit proposals in response to this Request for Proposals (RFP) for the Fairgrounds Electrical Upgrades and Distribution Project. The selected firm will provide professional engineering services to support the Department of Public Works Capital Projects Division in the assessment, design, and implementation of critical electrical infrastructure improvements at the Marin County Fairgrounds.

Questions concerning the Bid should be submitted via Bid Express at: <https://www.bidexpress.com/businesses/53528/home> no later than 3 PM on Monday, March 30, 2026.

RFP FOR ALTA SURVEY AND PHASE I ESA FOR WASTE-BY-RAIL SYSTEM PROPERTIES

Addenda: 0

4/14/26 11:00 AM 26-00045 Industry and Imperial County

Public

Plan Issuer: Los Angeles County Sanitation District bids@lacsds.org

562-908-4288

000-000-0000

Contract #: 04238

This Request for Proposals (RFP) invites cost proposals from qualified engineering consulting firms to prepare an ALTA Survey and a Phase I Environmental Site Assessment (ESA) for each of two (2) industrial properties that are part of the Districts' Waste-by-Rail System, as indicated below:

- 01. Puente Hills Intermodal Facility (PHIMF) - City of Industry, CA
- 02. Mesquite Regional Landfill (MRL) - Imperial County, CA

For inquiries, suggestions, or requests concerning interpretation, clarification or additional information pertaining to this RFP, Proposers shall submit questions through the QuestCDN online portal no later than 3:00 PM on Wednesday, April 1, 2026. This is the last day for questions. The Districts will post responses to questions via the QuestCDN portal and issue any resulting addenda.

Please contact QuestCDN Customer Support at (952) 233-1632, or info@questcdn.com for assistance in downloading and working with this digital project information.

CSU REGIONAL GENERAL JOB ORDER CONTRACT

Addenda: 3

4/14/26	2:00 PM	26-00040	Various Locations		\$3,000,000	School
Plan Issuer: California State University jgomoljak@calstate.edu				562-951-4163	000-000-0000	
Prebid Conf: MAND 3/25 @ 2 PM - Zoom Pre-Bid Presentation (See Notice Inviting Bids for meeting link)				Contract #: RJOCN-012, RJOCS-012, RJOCH-002		

In general, a Job Order Contract (JOC) is a competitively bid, firm fixed priced, indefinite quantity contract. The Contract scope of work includes a collection of detailed repair and construction tasks and specifications that have established unit prices for Job Order Contracts (JOCs) as identified in this document. The University issues to the Contractor discrete, fixed-price task or job orders, as needed, under the contract. Under the JOC concept, the Contractor furnishes all management, documentation, labor, materials, and equipment needed to perform the work. All CSU campuses, including the Chancellor's Office, will be participating in the CSU systemwide agreement. Below is more information regarding this specific bid and participating campus(es):

THE NORTHERN CALIFORNIA PARTICIPATING CAMPUSES ARE:

01. California State University, Chico
02. California State University, East Bay
03. California State University, Fresno
04. California State University, Maritime Academy
05. California State University, Monterey Bay
06. California State University, Sacramento
07. San Francisco State University
08. San José State University
09. California Polytechnic State University, San Luis Obispo
10. Sonoma State University
11. California State University, Stanislaus

THE SOUTHERN CALIFORNIA PARTICIPATING CAMPUSES ARE:

01. California State University, Bakersfield
02. California State University, Office of the Chancellor
03. California State University, Channel Islands
04. California State University, Dominguez Hills
05. California State University, Fullerton
06. California State University, Long Beach
07. California State University, Los Angeles
08. California State University, Northridge
09. California State Polytechnic University, Pomona
10. California State University, San Bernardino
11. San Diego State University
12. California State University, San Marcos

LICENSE REQUIREMENT: (B) General Building

PREQUALIFICATION: A "sample" bid proposal package will be posted online for informational purposes only. To receive access to download bid documents Bidders must first be prequalified with the Trustees. Bidders shall register and log in to "PlanetBids" to apply for prequalification at: <http://www.calstate.edu/contractor-prequalification> and must also meet the criteria contained in the Supplementary Prequalification. The Construction Task Catalog and specifications will be available online at no cost. Both Prequalification applications shall be submitted in PlanetBids no later than:

Deadline to submit Prequalification: 03/31/26

Required Min Prequalification Rating: \$3,000,000.00

FACILITIES MANAGEMENT DIVISION (FMD) STATEWIDE ELECTRICAL LOW VOLTAGE IFB #CR-21-95442) Addenda: 0

4/14/26 2:00 PM 26-00053 Various Locations **State / Federal**

Plan Issuer: Department of General Services, The Ziggurat 279-946-8249 000-000-0000
Paige.HughesHoover@dgs.ca.gov

Contract #: CR-21-95442

PURPOSE AND DESCRIPTION OF SERVICES:

1) The State of California (State), Department of General Services (DGS), Facilities Management Division (FMD) manages, maintains and operates state buildings and grounds statewide, pursuant to Government Code Section 14685 (a), which authorizes DGS to establish rules and regulations for the government and maintenance of state buildings and grounds. FMD is procuring services for Urgent, On-call as needed Statewide Electrical Low Voltage Services.

2) The Contractor shall provide all labor, equipment, and materials required to provide Urgent, On-Call as needed Electrical Low - Voltage (600 Volts and below) services for the buildings identified in Exhibit A, Attachment 1, Service Locations. Services shall include the following:

- Evaluate and Diagnose
- Repair and Replace
- Test and Inspect
- Report of Findings

3) FMD intends to award up to three contracts from this IFB. The contracts will include the following locations:

01. High North Region
02. Bay Region
03. Central Region

A complete list of the possible service locations can be found in Exhibit A, Attachment 1, Service Locations.

LICENSE REQUIREMENTS: A Bidder must possess and maintain, at all times during the term of the Agreement, a valid Class C-10, Electrical Contractor's license issued by the California Department of Consumer Affairs, Contractors State License Board (CSLB).

Written questions may be sent to Paige Hughes-Hoover, Acquisition Analyst, at: Paige.HughesHoover@dgs.ca.gov. Deadline for submission of questions is April 2, 2026.

RFP DOT #749913P (BAUMBERG AVENUE) RAILROAD SIDEWALK CONSTRUCTION

Addenda: 1

4/14/26 2:00 PM 26-01040 Hayward

Public Works

Plan Issuer: City of Hayward - Engineering

510-583-4730

510-583-3620

Prebid Conf: MAND 3/26 @ 2 PM via Microsoft Teams

Contract #: 26-043

The project consists of minor roadway and pedestrian infrastructure improvements at the Baumberg Avenue railroad crossing in the City of Hayward, located at Union Pacific Railroad (UPRR) Mile Post 23.1 on the Coast Subdivision. The work will occur within and immediately adjacent to the railroad crossing area and requires coordination with Union Pacific Railroad due to construction activities occurring on or near railroad property. The improvements are limited to localized pavement and pedestrian facility upgrades within the crossing limits. The work includes removal of temporary traffic control elements and minor roadway improvements to improve pedestrian accessibility and roadway surface conditions near the railroad tracks. All construction activities occurring within Union Pacific Railroad right of-way will be performed in accordance with the Public Highway At-Grade Crossing Agreement and applicable Union Pacific Railroad safety, operational, and construction requirements.

RFP FOR THE PARDEE CENTER BUILDING RENOVATIONS - EBMUD

Addenda: 2

4/14/26 2:00 PM 26-00036 Valley Springs

Public

Plan Issuer: EBMUD - Mark Stoller mark.stoller@ebmud.com

209-772-8205

000-000-0000

Prebid Conf: MAND 3/19 @ 11 AM - Mandatory Site Walk (Meet at 3535 Sandretto Road, Building 120, Valley Springs, CA 95252, 38°14'51.78" N 120°50'38.51" W) Contract #: PAR26-001

The following is a summary of this Project and is not intended to be all inclusive. Refer to the project plans and specifications for additional detailed information regarding the scope of work.

1. PARDEE ADMINISTRATION BUILDING:

- a. Demo/abate and dispose of the existing siding, soffit, porch railings, vents, wood ramp railings, trim, doors, door frame, windows, gutters, and downspouts.
- b. Remove, save, and reinstall fire extinguishers, display cases, cell antennas, HVAC unit disconnects, and signage.
- c. Install new vapor barrier with door and window flashings.
- d. Install new windows, new walk doors with frames, and door hardware.
- e. Repair interior finishes that are damaged from window and door replacement.
- f. Install new cement fiber lap siding and trim.
- g. Install new cement fiber soffit panels with battens.
- h. Install new WUI compliant eave and foundation vents.
- i. Install new metal porch and ramp railings.
- j. Prime and paint. 1 coat primer with 2 coats of finish.
- k. Install new seamless pre-finished gutters and downspouts.
- l. Install new vinyl shutters.
- m. Install new west elevation gable vents with "Vulcan Matrix Honeycomb Mesh" or equal.
- n. Install new "Vulcan Matrix Honeycomb Mesh" or equal to the north and south elevation gable vents.
- o. Install new building perimeter lighting.

2. PARDEE LODGE:

EXTERIOR:

- a. Demo/abate and dispose the existing siding, soffit, porch cap, column wraps, trim, doors, door frame, windows, roofing, roof underlayment, gutters, and downspouts.
- b. Remove, save and reinstall fire extinguishers.
- c. Install new "Owens Corning ProArmor Synthetic Roof Underlayment" or equal.
- d. Install new "Owens Corning Tru-Definition" Class A asphalt composition roof shingles or Equal.
- e. Install new vapor barrier with door and window flashings.
- f. Install new WUI compliant foundation vents.
- g. Install new windows, new walk doors, door hardware, and door frames.
- h. Install new cement fiber lap siding and trim.
- i. Install new cement fiber soffit panels with battens.
- j. Install new metal stair railings.
- k. Install new vinyl shutters.
- l. Install new gable vents with "Vulcan Matrix Honeycomb Mesh" or equal.

<u>Plan#</u>	<u>Name</u>	<u>Bid Date & Time</u>	<u>OPR#</u>	<u>Location</u>	<u>Estimate</u>	<u>Project Type</u>
--------------	-------------	----------------------------	-------------	-----------------	-----------------	---------------------

- m. Prime and paint. 1 coat primer with 2 coats of finish.
- n. Install new seamless pre-finished gutters and downspouts.
- o. Install new building perimeter lighting.

INTERIOR:

- a. Interior demolition, abatement and disposal as detailed on plan pages A2.1, E101, MP101, and as necessary to complete the renovation.
- b. Refinish existing oak hardwood floors throughout.
- c. Renovate all bathrooms. Includes plumbing, mechanical, electrical, tile, casework, plumbing fixtures, bathroom accessories, and painting as detailed on the plans.
- d. Renovate the kitchenette. Includes plumbing, mechanical, electrical, tile, casework, and painting as detailed on the plans.
- e. Replace all electrical wiring, panels, switches, receptacles, controls and light fixtures.
- f. New tile fireplace hearth.
- g. New interior doors, door frames and door hardware.
- h. Replace existing interior wall finishes with new 5/8" drywall.
- i. New casework and counters as shown on the plans.
- j. Refinishing of the living room wood paneling, and exposed framing members.
- k. Replace all waste piping in the underfloor crawls space.
- l. Structural improvements and changes as shown on the plans.
- m. New paint throughout the building.

The duration allowed for the Administration Building is 90 calendar days. The Administration Building must be secured during non-working hours and access to the interior of the building shall be always provided for staff.

3. MC LEAN HALL:

- a. Demo and dispose of the existing siding, soffit, trim, gutters, downspouts, doors, door frames, and windows.
- b. Repair dry rot damage. (15k bid allowance)
- c. Install new windows.
- d. Install new doors, door hardware, and frames.
- e. Repair interior finishes that are damaged during the window and door replacement.
- f. Install new vapor barrier with door and window flashings.
- g. Install new cement fiber lap siding and trim.
- h. Install new cement fiber soffit panels with battens.
- i. Install new soffit lighting.
- j. Prime and paint. 1 coat primer with 2 coats of finish.
- k. Install new vinyl shutters.
- l. Install new seamless pre-finished gutters and downspouts.
- m. Install new building perimeter lighting.

The duration allowed for McLean Hall is 120 calendar Days. McLean Hall must be secured during non-working hours and access to the interior of the building shall be always provided for staff.

4. GAZEBO:

- a. Demo/abate and dispose of existing tile and water proofing.
- b. Install new deck waterproofing.
- c. Install new tile flooring.

RFP ENGINEERING DESIGN SERVICES FOR APPROX. 1 MILE OF SANITARY SEWER MAIN

Addenda: 0

4/15/26 2:00 PM 26-01138 Alameda

Public Works

Plan Issuer: City of Alameda - Public Works 510-747-7900 510-521-8762

The City of Alameda (City) Public Works Department invites proposals for civil engineering design services for the rehabilitation of approximately 1 mile of sanitary sewer main, associated manholes and lower sewer lateral, primarily located within backyard easement.

Deadline for Questions: April 6, 2026

Contact for Questions: Shilpa Patel at spatel@alamedaca.gov

RFP FOR DESIGN PROFESSIONAL SERVICES I-580 OVERCROSSING BICYCLE AND PEDESTRIAN IMPROVEMENTS

Addenda: 2

4/15/26 2:00 PM 26-01221 Pleasanton

Public Works

Plan Issuer: City of Pleasanton - Engineering 925-931-5650 000-000-0000
 Contract #: 22570

The City of Pleasanton is seeking a Consulting Firm to develop final plans, specifications, and permitting support to gain Caltrans approval for bicycle and pedestrian improvements at Santa Rita Road, Hacienda Drive, and Hopyard Road overcrossings of I-580.

The city is requesting proposals from qualified firms able to deliver a fully designed and bid-ready project for bicycle and pedestrian improvements at the I-580 overcrossings of Santa Rita Road, Hacienda Drive, and Hopyard Road. This request is to complete the design, gain Caltrans approval, and have the project ready to bid.

The City is also requesting Permitting Support to guide the project through the Caltrans Permitting Process. It is anticipated that the DEER process will be used, along with the Design Standard Decision Document (DSDD), for geometric features that do not meet Caltrans design standards.

Deadline for Questions: April 6, 2026, by 4:00 PM

RFP FOR TRASH CAN SENSOR MONITORING SYSTEM

Addenda: 3

4/15/26 2:00 PM 26-00876 San Francisco

Public Works

Plan Issuer: City & Co of San Francisco - DPW contractadmin.staff@sfdpw.org 628-271-3139 000-000-0000
 Prebid Conf: 3/18 @ 11 AM - Virtual Pre-Proposal Conference (See RFP packet for meeting link) Contract #: 10146
 San Francisco Public Works ("Public Works"), a department of the City and County of San Francisco ("City"), is issuing this Request for Proposals ("RFP" or "Solicitation") to solicit qualified vendors ("Proposers") to supply, install, and implement a comprehensive trash can sensor and data management software solution.

A contract awarded pursuant to this Solicitation shall have an anticipated not to exceed ("NTE") amount of \$1,000,000 for the initial term. This amount represents the City's estimated maximum contract capacity based on the anticipated deployment of sensors, associated software hosting, installation, maintenance and related services described in this Solicitation.

Proposers shall address any questions regarding this Solicitation and must be submitted by email to the Contract Administrator at: ContractAdmin.Staff@sfdpw.org with subject line "Questions - RFP10146_Trash Can Sensors" no later than March 20, 2026, at 5 PM.

RFQ/P ARCHITECTURAL SERVICES - KITCHEN EXPANSION/MODERNIZATION PROJECT

Addenda: 0

4/15/26 2:00 PM 26-01229 Fremont

School

Plan Issuer: Kidango ndelossantos@kidango.org 510-897-6900 000-000-0000

Kidango ("Owner") is seeking qualified firms, partnerships, corporations, associations, or professional organizations to provide full architectural planning and designing services for a Kitchen Expansion/Modernization project.

The project is located at 44000 Old Warm Springs Blvd, Fremont, CA 94538. The work will occur within the footprint of the existing building. The scope will require repurposing and renovating existing office space and the shipping and receiving area to accommodate the kitchen expansion. The area is adjacent to the current operating kitchen which must remain functional during construction. The construction budget is \$750k which does not include major pieces of kitchen equipment that Kidango has already procured and must be incorporated into the project. The target construction completion date is June 2027. Permitting would be through the City of Fremont. See Attachment D for additional information.

Questions regarding the RFQ/P may be directed by email to Noah Delos Santos at ndelossantos@kidango.org and must be submitted in writing on or by 2:00 P.M. on Wednesday, April 8, 2026.

SALINAS VALLEY HEALTH 626 BRUNKEN MRI REPLACEMENT

Addenda: 2

4/15/26 2:00 PM 26-00924 Salinas

Hospital

Plan Issuer: Bogard Construction, Inc. dwhite@bogardconstruction.com 831-426-8191 831-426-492
 Prebid Conf: 3/17 from 12pm-1pm - site Contract #: 2025-913

To meet the increasing demand for high-quality imaging services the project will accommodate the installation of new MRI equipment and associated improvements. The work includes and is not limited to: safe-off of existing utilities and associated equipment and systems, provision of temporary power, relocation of existing utilities, and integration with existing utilities. Roof penetrations, floor and wall preparation for new structural attachments, finishes, etc. Bidders will need to provide coordination and support to Owner furnished vendors participating on the project. Work throughout all phases shall be planned and executed to ensure minimal disruption to the existing occupied healthcare facility. Normal operating hours of the imaging clinic are 8:00am to 8:00pm Monday through Saturday. Bidders shall plan to perform night work, on a regular time basis, to minimize daytime disruption when performing activities generating noise, utility shutdowns, vibration, and access interruptions. Bidders shall keep worksite protected with substantial, acceptable, and continuous adherence to infection control measures, site cleanliness, fire life safety, and consideration for patients, visitors, and staff activities throughout construction.

CHINATOWN BRANCH LIBRARY RENOVATION (CITYWIDE PLA)

Addenda: 13

4/15/26 2:30 PM 26-00058 San Francisco \$21,200,000 Public Works

Plan Issuer: City & Co of San Francisco - DPW contractadmin.staff@sfdpw.org 628-271-3139 000-000-0000

Prebid Conf: 1/23 @ 10 AM - Pre Bid / Site Walk (Meet at 1135 Powell St., San Francisco) Contract #: 0000011171

The Project is the complete renovation of the Chinatown Him Mark Lai Branch Library at 1135 Powell Street, San Francisco. The building was built in 1921 and is a San Francisco registered historic landmark. The building underwent significant renovation and addition in 1995 to add a large rear yard addition, seismic strengthening and accessibility upgrades including two elevators. The structural retrofit resulted in the diminishment of the landmarked Main Reading Room. This Project will renew the historic grandeur of the Main Reading Room through removal of the prior retrofit in addition to complete building renovation. The scope includes selective demolition, new architectural finishes, sitework, utilities, structural updates, mechanical, plumbing, electrical, fire protection, telecommunication, security, elevator, and audiovisual systems. Building exterior improvements include façade repair, historic façade restoration, roofing, and a new roof terrace. The Project requires USGBC LEED Gold certification.

LICENSE REQUIREMENTS: Class "B" License is required to bid.

GENERAL ENGINEERING (A-LICENSE) CONSTRUCTION, SAN FRANCISCO, SAN MATEO, SANTA CLARA, AND ALAMEDA COUNTIES (JOC-114)

Addenda: 4

4/16/26 2:00 PM 26-01075 San Francisco/San Mateo/Santa Clara/Alameda

Public Works

Plan Issuer: City & Co of San Francisco - Utilities QBD@sfgwater.org 884-295-5417 000-000-0000
 Prebid Conf: 3/31 @ 10 AM - Zoom Pre Bid Meeting (See Advertisement for Bids for meeting link) Contract #: JOC-114

A Job Order Contract ("JOC") is an indefinite quantity contract pursuant to which the San Francisco Public Utilities Commission may accomplish a series of projects with a single, competitively bid contract awarded before the projects are identified. Contractors bid an adjustment factor to pre-set unit prices. Work is accomplished by issuing Task Orders to the successful contractor during the two-year term of the contract. The work is to be performed in San Francisco, San Mateo, Santa Clara, and Alameda Counties. The Maximum Contract Amount is \$5,000,000.00.

LICENSE REQUIREMENTS: A Class "A" California Contractors License is required to bid. In addition to an A-License, the prime bidder must have successfully completed work on at least three public works projects within the past ten years, each project with a minimum construction value of \$1,500,000. Furthermore, each listed subcontractor must possess appropriate active licenses for the work each subcontractor will be performing.

PLEASE NOTE: SFPUC encourages Bidders to complete the Safety Prequalification Web Form at: <https://www.sfpuc.gov/construction-contracts/contract-opportunities-payments/prequalify-construction> at least 3-weeks prior to the date of Bid opening in accordance with Section 00 21 13 - Instructions to Bidders. Bidders are required to pass the Safety Prequalification prior to SFPUC considering their bid submission complete. SFPUC will notify Bidders that have passed the Safety Prequalification prior to or on the date of Bid opening. Refer to Section 00 21 13 - Instructions to Bidders, "Bidder Qualifications" and the website listed above for additional information.

REFUGIO LAKE RESTORATION PROJECT

Addenda: 4

4/16/26 2:00 PM 26-00956 Hercules

\$1,300,000

Public Works

Plan Issuer: City of Hercules

510-799-8241

000-000-0000

Prebid Conf: MAND 3/24 @ 10 AM at the main parking lot, 1515 Refugio Valley Road, Hercules Contract #: 63079

The Project involves restoration activities and improvements at Refugio Valley Park, 1515 Refugio Valley Road, Hercules, California ("Site"), and Hercules Corporation Yard, 1000 Sycamore Avenue, Hercules, California ("Corp Yard"), including, but not limited to, the following:

- Establish construction access, site exclusion, staging areas, and environmental compliance controls at the Site and Corp Yard.
- Clear, grub, and demolish appropriate existing features at the Site and Corp Yard.
- Establish the sediment placement area, including earthwork and installation of perimeter berms and leachate interceptor, transfer, and disposal features at the Corp Yard.
- Divert flow from Refugio Creek.
- Dewater the Refugio Valley Park lake.
- Remove via excavator dredging approximately 6,300 cubic yards (in-place) of sediment.
- Transport removed sediment to the Corp Yard.
- Place and grade sediment at the Corp Yard.
- Capture and discharge of leachate draining from placed sediment.
- Removal of invasive vegetation around the Site lake.
- Planting of native species at the Site around the lake.
- Various facility improvements to Refugio Valley Park and Corp Yard.
- Upstream (at Refugio Creek) invasive plant removal and native planting if included in the Contract as an additive alternative.

RFQ ESTABLISHMENT OF A POOL OF QUALIFIED GENERAL CONTRACTORS FOR WATER QUALITY INFRASTRUCTURE AND REMEDIATION PROGRAM AT VARIOUS SCHOOL SITES Addenda: 0

4/16/26 2:00 PM 26-01155 Oakland

School

Plan Issuer: Oakland Unified School District colland.jang@ousd.org

510-535-7050 000-000-0000

Contract #: 25079

Oakland Unified School District (OUSD) seeks qualified General Contractors to support the District's Water Quality Program, which maintains, improves, and remediates drinking water infrastructure to ensure safe and reliable access to potable water for students, staff, and the community.

Services will be provided on an as-needed, task order basis across District facilities. Work may vary in scope, complexity, and duration depending on site conditions, water testing results, regulatory guidance, operational priorities, and available funding.

The District reserves the right to modify, expand, reduce, or suspend work as operational needs evolve. Nothing in this scope guarantees a minimum amount of work.

The District shall formally adopt the pool as the District's CUPCAA contractor list and shall remain in effect for two years with the option for annual renewals.

Deadline for Questions: April 8, 2026, by 4:00 PM

For questions regarding this RFQ/P, please email Nilufar Abdul at nilufar.abdul@ousd.org, Colland Jang at colland.jang@ousd.org, and Juanita Hunter at juanita.hunter@ousd.org

RFQ FOR DESIGN-BUILD SERVICES - MISSION SAN JOSE HIGH SCHOOL NEW CONSTRUCTION PROJECT Addenda: 1

4/16/26 2:00 PM 26-00996 Fremont

School

Plan Issuer: Fremont Unified School District - Facilities & Construction Dept.

510-659-2559 000-000-0000

Contract #: 530-03-12-26

Fremont Unified School District ("District") is seeking to prequalify design build entities or design-build teams to submit proposals to design and construct the District's Mission San Jose High School New Construction Project ("Project"), in accordance with Education Code section 17250.10 et seq. Only respondents that have been prequalified by the District in response to this Request for Qualifications ("RFQ") will be eligible to submit proposals in response to the District's subsequent Request for Proposals ("RFP") for the Project.

PROJECT DESCRIPTION

Construction of a new approximately 70,000 SF two-story administration and classroom building with associated sitework and improvements to replace existing occupied school buildings. The Design-Build budget, including all fees and allowances, is \$50,000,000 to \$55,000,000.

The project includes phasing of abatement, demolition, site work, modernization, and new improvements in order to transition from the old facilities and to construct the new buildings.

Deadline for Questions: April 2, 2026, by 2:00 PM

Contact for Questions: Priscilla Wong, at pwong@fusdk12.net, and Huy Hoang at huy.hoang@cumming-group.com

RFQ BUILDING FOUNDATION INVESTIGATION AND FOUNDATION REMEDIATION WORK AT CITY OF RICHMOND FIRE STATION NO. 63

Addenda: 1

4/16/26 3:00 PM 26-01010 Richmond

Public Works

Plan Issuer: City of Richmond - Engineering 510-307-8091 000-000-0000
 Prebid Conf: MAND 4/2 @ 10 AM at 5201 Valley View Road, Richmond

The City of Richmond (City) is seeking the submittal of written Statements of Qualifications (SOQs) from foundation contractors, structural engineering firms or geotechnical engineering firms, or teams comprised of some or all of the foregoing disciplines (Firms), for the investigation of the cause of the building foundation slab displacement occurring at Richmond Fire Station No. 63, and for the development of a plan for the remediation of the slab displacement (Project). This Request for Qualifications (RFQ) describes the Project, the required scope of services, the shortlist process, and the minimum information that must be included in the SOQ.

PROJECT DESCRIPTION

Richmond Fire Station No. 63 is located on a 50,000 square foot parcel at 5201 Valley View Road (southeast corner of Valley View Road and Amend Road, APN 433-170-057). The 7,800 square foot fire station building was constructed in 1992 as a single-story wood frame structure on a reinforced concrete slab supported by a reinforced concrete pier and grade beam foundation. The fire station building incorporates typical amenities such as an apparatus bay and adjoining support spaces including sleeping quarters, kitchen and dining area, offices, day room, exercise room and a police substation.

The City of Richmond and the fire station crew have reported that some of the floors within the station are uneven, and that the condition has worsened over time. Visual observations and a floor-level survey have confirmed that some areas of the station's interior concrete floors are indeed experiencing unevenness. The apparatus bay floor has multiple cracks that extend outside of the slab's crack control joints. Although most of the floor slabs in the support and living areas of the station are covered by carpet and tile, the interior floors and walls exhibit typical evidence of foundation displacement such as sticking doors and sloping floor surfaces visible to the naked eye. The asphalt pavement in the driveway and parking area adjacent to the building is also exhibiting signs of significant distress and cracking.

All questions must be submitted via the electronic BidsOnline system on the Q&A tab by 5:00 p.m. April 7, 2026.

RFP FOR CAMANCHE DAM OUTLET WORKS AND PARDEE DAM DIVING & REMOTE OPERATED-VEHICLE (ROV) INSPECTIONS - EBMUD

Addenda: 2

4/16/26 4:00 PM 26-00034 Clements

Public

Plan Issuer: EBMUD--East Bay Municipal Utilities District

510-287-1040 000-000-0000

Prebid Conf: 3/9 @ 3 PM (Virtual link will be provided via email upon request. For access, proposers will need to submit a signed Non-Disclosure Agreement contained in Exhibit G - Data Confidentiality Agreement, one agreement on file.)

Contract #: WRD-2026-01

These specifications, terms, and conditions establish the requirements for underwater diving and remote-operated-vehicle (ROV) inspection services to inspect the Camanche Dam Low-Level Outlet Conduits, Camanche Dam High-Level Outlet Conduit, upstream face of Pardee Dam, and Pardee Dam Penstock & Sluiceway Gatewells. The inspection services will observe general structural integrity and physical condition with special attention to weak areas such as at connections, cracks, corrosion, defects, and signs of stress or degradation. The Proposers will furnish media files of the inspections.

SITE WALK: March 11, 2026, at 10 AM. Meet at Mokelumne River Hatchery Parking Lot, 25800 N Mcintire Road, Clements, CA 95227.

Questions regarding this RFP should be sent by email to Joe Tam, Associate Civil Engineer, at: joe.tam@ebmud.com. To ensure a response, questions must be received no later than 12:00 PM on Monday March 9, 2026.

A&E STRUCTURE CONSTRUCTION ENGINEERING AND INSPECTION SERVICES FOR THE SAN FRANCISCO OAKLAND BAY BRIDGE PAINT PROJECT (SFOBB) IN DISTRICT 4 (DOT #59A1409)

Addenda: 3

4/17/26 10:00 AM 26-01004 San Francisco

DOT Cal-Trans

\$11,062,020 to \$17,975,782

Plan Issuer: Department of Transportation lisa.pallesen@dot.ca.gov

279-599-1435 000-000-0000
Contract #: 59A1409

Caltrans is soliciting Statements of Qualifications (SOQs) from qualified firms that may lead to the award of a contract for A&E Structure Construction Engineering and Inspection Services for the San Francisco Oakland Bay Bridge Paint Project (SFOBB) in District 4. In submitting your SOQ, you shall comply with the instructions found herein. In addition to those programs that are specified in this solicitation, prospective consultants are encouraged to consider programs that are available, such as those for the use of small businesses, disadvantaged businesses, disabled veteran businesses, new emerging firms, and other businesses covered by State and Federal programs.

This Project proposes to maintain and preserve existing steel structures of SFOBB. The Work involves cleaning and painting of the bridge superstructure, including the truss, deck support system, interior surfaces, and box girders. Additional work consists of miscellaneous deck, soffit, and joint repairs, and necklace light fixture upgrades.

LOCATION OF WORK:

The Work shall be performed on the SFOBB Project which is located in San Francisco County in District 4. The specific location within the above-described geographical limits of the work to be performed under this Contract shall be identified in each Task Order and the SFOBB Project Plan. The Draft Structure Plan for the SFOBB Project attached as Attachment A.

Questions concerning this Request for Qualifications (RFQ) must be submitted in writing to the attention of Lisa Pallesen at: Lisa.Pallesen@dot.ca.gov. Questions must be received no later than seven (7) business days after the RFQ advertisement.

SAN FRANCISCO VA MEDICAL CENTER RENOVATE STERILE PROCESSING SERVICE (SUB-BIDS REQUESTED)

Addenda: 0

4/17/26 10:00 AM 26-01085 San Francisco

Hospital

Plan Issuer: Talion Construction brian.lock@talionconstruction.com

951-506-9290 951-506-6264

Prebid Conf: 3/26 @ 10 AM (Meet at VA Medical Ctr, 4150 Clement St., San Francisco. Meet by the flagpole in front of Building 1.) Contract #: 662-23-105

Talion Construction intends to bid this critical VA project to completely renovate the Sterile Processing Service (SPS) department to modern standards while maintaining uninterrupted sterile instrument processing for the entire medical center. The existing SPS area has reached the end of its service life, creating inefficiencies, infection control risks, and capacity limitations in a high-volume hospital environment. The Project will demolish the old SPS, install new modular sterile processing equipment, upgrade all MEP systems, and provide temporary Steris mobile SPS trailers to keep operations running 24/7 with zero downtime.

Primary Scope (Complete SPS Renovation) Work occurs in the existing SPS area. Key elements include:

- Selective demolition of existing SPS walls, ceilings, flooring, and all obsolete equipment.
- Abatement of asbestos floor tile/mastic and lead-based paint.
- Installation of new modular Steris SPS units (temporary trailers supplied and maintained by the contractor during construction).
- Complete MEP upgrades (new plumbing with treated water systems, HVAC with HEPA filtration, medical gas, electrical, and fire protection).
- New architectural finishes, seamless flooring, and stainless steel casework.
- Phased construction with strict ICRA Class IV and Interim Life Safety Measures (ILSM) to maintain full SPS operations.
- Full testing, commissioning, training, and as-built documentation.

Questions may be sent to: brian.lock@talionconstruction.com NO LATER THAN April 1, 2026, at 10 AM.

Bidders:

Talion Construction	General Contractor	Ph: 951-506-9290	Fax: 951-506-6264

BUSD - BERKELEY HS FIELD REPLACEMENT RFP (SUB-BIDS ONLY)

Addenda: 2

4/17/26 2:00 PM 26-01204 Berkeley

School

Plan Issuer: CORE Construction jamiekale@coreconstruction.com

530-883-8250

000-000-0000

The project consists of the like-for-like replacement of the existing synthetic turf field. Work includes removal and disposal of the current turf system, as well as all necessary subgrade preparation and compaction to support the new installation.

• Bid Package #022 – Synthetic Fields

This project is subject to a Project Labor Agreement (PLA.) All selected trade partners are required to sign a Letter of Assent to the PLA as a condition of performing work.

SPECIAL PROVISIONS

- Subcontractor must be properly licensed by the California Contractors State License Board to submit a proposal.
- Subcontractor and sub-tier subcontractors need to have a Public Works Registration (PWR) number registered with the state of California's Department of Industrial Relations via: <https://www.dir.ca.gov/public-works/Contractors.html>
- Subcontractor and any sub-tier subcontractors shall participate in the state of California's Department of Industrial Relations Electronic Certified Payroll (eCPR) reporting.
- CORE Construction strongly encourages DVBE participation in this project. The minimum established DVBE goal for this project is 3%.

All questions and RFI's shall be submitted to CORE Construction not later than 3:00 PM Friday April 10, 2026 to allow sufficient time for responses prior to the proposal due date. Submit RFI's to: jamiekale@COREConstruction.com

NEW FIN - OUTLYING, MCB, LARC BOILER, TCP & AHU COMPONENTS REPLACEMENTS - UCSF (SUB-BIDS REQUESTED) **Addenda: 0**

Larry S. Kent, Inc. is requesting subcontractor bids for the Soquel Elementary School Athletic Field and Amphitheater Project, a Lease-Leaseback public works project.

The Project generally consists of conversion of the existing natural grass field to a new synthetic turf field, installation of a new scoreboard, construction of a cast-in-place concrete amphitheater, parking lot improvements, and associated grading, drainage, utility, fencing, electrical, accessibility, and site improvements.

Requests for Information shall be submitted in writing no later than March 12, 2026 at 5:00 p.m. to Sam Kent at skent@kentconstruction.com.

[RFP ON-CALL TRAFFIC STRIPING SERVICES](#)

Addenda: 1

4/17/26 4:00 PM 26-01152 Hayward **Public Works**

Plan Issuer: City of Hayward - Engineering 510-583-4730 510-583-3620
 Contract #: 26-044

The Contractor shall provide On-Call Signage and Striping Services for the City's transportation infrastructure. The Contractor will be primarily providing support to City staff. On an on-call basis, the Contractor shall furnish and supply all labor, equipment, and materials and perform all work, as needed, to complete work orders issued by the City. Work items should comply with City Standard Plans and Specifications, OSHA, ADA, Caltrans, and CA MUTCD requirements, unless specified otherwise by the City. For each on-call service request, the contractor and the City will agree upon the specific scope of work and cost for that project using the unit costs of each traffic control device. The City has the right to retain other contractors in its sole discretion when the City believes there will be an economic or other significant advantage for doing so. No minimum amount of work is guaranteed under this contract agreement
 Duration The duration of the On-Call Signage and Striping Services contract shall be one year, with two one year extensions possible if the City and the Contractor mutually agree. Contractor should review the attachments for this RFP, including standard specifications for City striping projects. The City may approve deviations from these standard specifications where it may result in improved quality or efficiency of the assigned work. City staff, including Construction Inspectors and engineers, will oversee signage and striping work to ensure safety and completion of work to City standards.

All questions must be submitted to the Question & Answer portal within the City's project posting by 4:00 pm Friday, April 3, 2026

4/17/26 4:00 PM 26-00974 Watsonville **Public Works**
 Plan Issuer: City of Watsonville 831-768-3115 831-763-4065

The City is requesting Statements of Qualifications (SOQs) from qualified firms experienced in landfill engineering services to provide ongoing landfill and other related environmental engineering design, inspection, and monitoring services in support of the City's existing landfill. The primary work consists of conducting required environmental monitoring and testing, reporting to regulatory agencies, advising landfill staff regarding operational and design considerations, and providing on-call landfill environmental engineering services including but not limited to air quality regulatory compliance efforts, methane gas collection system management and required regulatory reporting, stormwater, surface, and groundwater water quality and quality assurance monitoring and testing, landfill operations engineering and technical design services, and annual landfill capacity analysis.

[SOLIDS DEWATERING SERVICES](#) **Addenda: 3**
4/17/26 4:00 PM 26-01062 Concord & Martinez **Public Works**
 Plan Issuer: Contra Costa Water District-CCWD 925-688-8300 000-000-0000
 Contract #: 2708

The work to be performed under this contract consists of providing complete services for dewatering, hauling, and disposing of water treatment solids generated at the Bollman Water Treatment Plant WTP. There will be two dewatering sites, one located at Bollman WTP, 2015 Bates Ave., Concord, CA, and the other within the Central Contra Costa Sanitary District (CCCSD) Wastewater Treatment Plant, 5019 Imhoff Place, Martinez, CA.

The dried solids will be disposed of at the Republic Services – Keller Canyon Landfill in Pittsburg, California, or alternative sites TBD. The address for Keller Canyon Landfill is 901 Bailey Road, Pittsburg, CA 94565.

On an "as-needed" basis, CCWD is seeking mechanical dewatering for on site solids at the Bollman WTP, 2015 Bates Avenue, Concord, CA, and Randall Bold WTP, Oakley, CA sites to include solar drying and solids turning & hauling based on the CCWD's need.

Contractor shall take complete responsibility for the water treatment solids from discharge into the basins through disposal in full and complete compliance with the obligations of CCWD under the Lease between CCCSD and Contra Costa Water District for Drying Basins ("Lease.") A copy of the lease is provided as Attachment J.

Questions concerning Solids Dewatering Services should be directed on CCWD's PlanetBids website in Q & A section and must be received by 4:00 p.m. (PST) Monday, March 31, 2026.

NOVATO CREEK MAINTENANCE SEDIMENT REMOVAL

Addenda: 1

4/20/26 2:00 PM 26-01120 Novato

\$1,400,000

Public Works

Plan Issuer: County of Marin, DPW bids@marincounty.org

415-473-7877

000-000-0000

Prebid Conf: 4/2 @ 10 AM (Meet behind the Century Rowland Theatres, 44 Rowland Way, Novato)

Contract #: FZ1-26-001

The Novato Creek Maintenance Sediment Removal Project removes accumulated sediment within the channel bed of Novato Creek, Warner Creek, and Arroyo Avichi to maintain the Novato Creek Flood Control Project creek capacity and reduce the risk of flooding to adjacent neighborhoods.

Work will generally include dewatering and removal of approximately 21,000 cubic yards of sediment from the creek bed of Novato Creek and its tributaries along the project reach. The sediment removal consists of 5,630 linear feet of Novato Creek from: Diablo Ave. to 500-feet downstream of the SMART Railroad Bridge, 1,780 linear feet of Warner Creek from Diablo Ave. to the confluence with Novato Creek, and 680 linear feet of Arroyo Avichi Creek from South Novato Blvd. to the confluence with Novato Creek. Channel bottom widths vary from 20-feet to 125-feet with approximately 3-feet of accumulated sediment. Work shall be performed by using equipment such as draglines, excavators, dozers, and dump trucks. Final grading work is required upstream of Redwood Blvd. for a relatively smooth channel bed with a low flow channel. All construction and sediment removal will occur in the creek bed during the low flow period of July 1 – October 15th. Sediment removal downstream of the SMART Railroad Bridge shall not begin prior to September 1st.

All excavated material may be temporarily stockpiled at approved locations within Heron’s Beak Pond, along Duck Bill Pond Levee, and at Hanna Ranch Road Temporary Stockpile for future reuse for upcoming restoration projects. Any material stockpiled within the project site and all material deposited at the disposal sites shall be maintained by the Contractor using best management practices to ensure this material is not discharged into the surrounding wetlands.

Questions concerning the Bid shall be submitted via Bid Express at: <https://www.bidexpress.com/businesses/53528/home> no later than 5 PM on Monday, April 13, 2026.

2026 NEWARK 3 PARKS PLAYGROUND EQUIPMENT REPLACEMENT & PARK IMPROVEMENT

Addenda: 3

4/21/26	11:00 AM	26-00841	Newark	\$3,264,344	Public Works
Plan Issuer: City of Newark - Department of Public Works				510-578-4000	510-578-4306
				Contract #: CIP001407, CIP001408, CIP001409	

The work is located at Jerry Raber Ash Street Park, Mirabeau Park, & Birch Grove Park in the City of Newark, CA and generally consists of the following: procure and receive playground equipment sets from referenced from Dave Bang Associates, and Ross Recreation or approved equal. Demolish, remove, and off-haul existing playground equipment including foundation and ground mulch fiber. Provide footing and foundation per manufacturer specifications, compact sub-base, install resilient rubber flooring, and install playground equipment. All equipment is to be installed per manufacturer's specifications with consideration to playground fall heights. Off-haul and dispose of all debris and unused material from the sites. The existing play area boundary curbs and park pathways are to be protected and to remain in place. Resilient paving should include site work, preparation and installation of poured in place rubber paving for all play areas by Surface America, XGrass, Flexground, or approved equal including compacted sub-base. The depth of resilient paving should be installed for the appropriate equipment fall heights. The climbing boulder at Mirabeau Park will be entirely new construction and will require earthwork and new curbs to contain new resilient paving.

Contractor shall furnish all labor, materials, equipment, temporary construction fencing, and restroom facilities, and incidentals as necessary to complete the work in accordance with these project specifications, general specifications, standard specifications, and special provisions, and all drawings and details as included with these contract documents. A no-fee permit shall be obtained from the building department.

Jerry Raber Ash Street Park (CIP001407) - 37365 Ash Street, Newark, CA
 Mirabeau Park (CIP001408) - 35820 Hayley Street, Newark, CA
 Birch Grove Park (CIP001409) - 38080 Birch Street, Newark, CA

RFQ/P FOR PRE-CONSTRUCTION AND LEASE-LEASEBACK SERVICES FOR ORCHARD PARK NEW GYM & MPR BUILDINGS AND CLASSROOM MODERNIZATION PROJECT

Addenda: 2

4/21/26 12:00 PM 26-01104 Antioch

School

Plan Issuer: Antioch Unified School District

925-779-7600 000-000-0000

Prebid Conf: MAND 4/2 @10 AM (Email bond@antiochschools.net for the meeting information) Contract #: 25-26-11

Request for Proposals ("RFQ/P"), the ANTIOCH UNIFIED SCHOOL DISTRICT ("District") seeks proposals from lease-leaseback contractors ("Contractor" or "Firm") to provide pre-construction services and lease-leaseback construction services for the District's Orchard Park School New Gym & Multipurpose Room (MPR) Buildings and Classroom Modernization Project ("Project"). The purpose of this RFQ/P is to obtain information that will enable the District to select a lease-leaseback Contractor using the "best value" competitive procurement process under Education Code section 17400 et seq., that can assist the District with both pre-construction services and construction services. The "best value" competitive procurement process is an evaluation process whereby a Firm is selected by the District on the basis of objective criteria for evaluating the qualifications of Firms, with the selected Firm representing the best combination of price and qualifications. Each Contractor responding to this RFQ/P should be prepared and qualified to provide the pre-construction services and lease-leaseback construction services described in this RFQ/P to the District in an expeditious and timely manner and on relatively short notice so as to enable the District to meet critical time deadlines and schedules.

Antioch Unified School District will be constructing a new Gym and MPR Building, as well as modernizing the existing MPR Building into new Classrooms, Prep Rooms and Offices. This Project will include an extension of the existing Drop-Off Area and Parking Lot, as well as new exterior Sports Courts and Site Improvements.

PLEASE NOTE: Prequalification documents are available from the ANTIOCH UNIFIED SCHOOL DISTRICT website at https://www.qualitybidders.com/users/sign_up. Prequalification documents must be submitted ASAP but no later than Friday, April 10, 2026 by 4:00 PM.

Deadline for Questions: April 16, 2026, by 4:00 PM

All questions, requests for explanation or clarifications of any kind in regard to this RFQ/P shall be made in written form, submitted via email to Austin Gray at bond@antiochschools.net; by no later than 4:00 PM. on April 14, 2026

2026 RODEO FIBERIZED SLURRY SEAL, OVERLAYS, AND CURB RAMPS

Addenda: 2

4/21/26 2:00 PM 26-01021 Rodeo

\$5,213,000

Public Works

Plan Issuer: Contra Costa County - Public Works Department

925-313-2000

000-000-0000

Prebid Conf: 4/6 @ 10 AM via Virtual Meeting

Contract #: 0672-6U2040

The work to be done generally consists of installing ADA compliant curb ramps at multiple locations and applying two types of surface treatments on various roads in the Rodeo area: a type II fiberized slurry seal, or cold plane and overlay with hot mix asphalt (HMA). Work involves vegetation removal, edge grinding, removal of existing thermoplastic stripes and pavement markings, removal of existing curb and sidewalk, setting survey monuments, and placing of thermoplastic striping and pavement markings.

License Requirements: Class A or Class C-12

ALAMEDA AQUATIC CENTER - ALAMEDA (SUB-BIDS ONLY)

Addenda: 6

4/21/26 2:00 PM 26-00786 Alameda \$25,000,000 **Public Works**
 Plan Issuer: Lathrop Construction Associates, Inc. bids@lathropconstruction.com 707-746-8000 707-746-8080

*** Lathrop Construction Associates, Inc. seeks bids/quotations on all trades from all subcontractors and suppliers including qualified OBE/DBE/UDBE/MBE/WBE/SBE/DVBE/LBE ***

Alameda Aquatic Center is a new all-electric swim center that includes a one-story building with support spaces for a 30M competitive swimming pool, a smaller activity pool and spectator seating areas off the pools.

The facility is an L-shaped building, with a north wing that contains pool mechanical equipment, electrical room, locker rooms, and lifeguard room and a south wing that contains administrative offices, and multipurpose room. These two wings are connected by a covered breezeway that functions as the facility's primary entry.

The perimeter of the pool deck is surrounded by fencing which will be a minimum of 10'H for security and will be raised to 15'H along the west to provide needed wind protection for the pools with a combination of solid and semi-porous fencing. The projects landscape improvements include an entry plaza, bicycle parking, and parking lot.

HESPERIAN SEWER REHABILITATION PROJECT

Addenda: 1

4/21/26 2:00 PM 26-01232 Hayward

\$905,000 **Public Works**

Plan Issuer: City of Hayward - Engineering 510-583-4730 510-583-3620

Prebid Conf: 4/8 @ 10 AM via Microsoft Teams Contract #: 07832

The work includes, in general, the furnishing of labor, materials, and equipment for the rehabilitation of approximately 700 linear feet of existing 33-inch reinforced concrete sanitary sewer interceptor located along Hesperian Boulevard between West A Street and Sueirro Street in the City of Hayward. The work includes, but is not limited to, performing a localized spot repair of approximately 10 linear feet of sewer by open cut excavation; cleaning and closed-circuit television (CCTV) inspection of the pipeline; installation of a cured-in-place pipe (CIPP) liner; manhole preparation and restoration; temporary sewer bypass pumping and flow control; traffic control and pedestrian protection; and restoration of public and private surface improvements.

The work also includes managing high flows from multiple upstream sewer connections, dewatering, shoring, public notification, and all incidental work not mentioned above but required by the Contract Drawings, Standard Specifications, Technical Specifications, or these Special Provisions.

RFQ: STANLEY HALL NITROGEN GAS AND BULK LIQUID EXPANSION - UC BERKELEY

Addenda: 0

4/22/26 12:00 PM 26-01244 Berkeley

School

Plan Issuer: UC Berkeley - Capital Projects contractadmin-cp@berkeley.edu

510-642-6273

000-000-0000

Contract #: 12050A

The University of California, Berkeley is seeking an Executive Architectural Consultant to perform design services for the renovation and possible expansion of the Stanley Hall Nitrogen Gas and Bulk Liquid Nitrogen storage and distribution. The project aims to increase liquid nitrogen bulk storage and dispensing capacity in three ways: install a nitrogen liquefier for Room B304, introduce a nitrogen gas generator to supply the building, and remove existing nitrogen vaporizer to expand liquid nitrogen storage.

Phase 1 - Targeted construction completion: March 2027.

This phase includes the installation of a new nitrogen gas generator with dedicated air compressor within an existing ground-floor utility closet. The generator will supply nitrogen gas instead of existing setup from vaporization of the bulk liquid nitrogen and connect to the building's existing distribution lines.

Additionally, a nitrogen liquefier will be installed for Room B304. Associated electrical, mechanical, and plumbing upgrades will be required.

Phase 2 - Targeted construction completion: August 2027

This phase includes two potential options:

- Option A: Remove the existing nitrogen vaporizer and associated piping. Convert one of the existing liquid nitrogen tanks so that both 900-gallon tanks are bulk liquid storage.
- Option B: Remove the existing nitrogen vaporizer and associated piping. Replace both 900-gallon tanks with a new bulk liquid nitrogen storage tank with a minimum capacity of 3,000 gallons (with a preferred capacity of 4,500+ gallons). This option may require exterior architectural modifications to accommodate the new tank, including potential changes to the footprint, height, or both. Design services will include "make-ready" work and coordination with liquid nitrogen suppliers to prepare the site for installation. Electrical, mechanical, and plumbing systems will require modification in both Phase 2 options.

Deadline for Questions: April 13, 2026, by 12:00 PM

Submit questions regarding this RFQ through BuildingConnected by using the "Message" Tab.

Prebid Conf: MAND 3/5 @ 10 AM - Zoom Pre Bid Meeting (See Advertisement for Bids for meeting link) Contract #: PRJ-000184

The scope of work consists of implementation of energy performance improvement measures related to HVAC and lighting. This project will significantly improve the building energy performance and reduce energy consumption. This will primarily be a lighting retrofit project with a small HVAC scope.

More specifically, the work involves: Lighting System Retrofit. The lighting scope includes the upgrade for all floors of the existing building. The scope of work includes the retrofit of lighting fixtures and controls in the respective scope areas. Existing electrical panel boards are to be re-used. The lighting control system shall be installed to meet the Title 24 requirements. Minimum airflow adjustments for non-lab areas (office/administrative areas, mechanical and electrical rooms). This includes adjusting VAV boxes to a new minimum as specified in the schedules. HVAC system test and balance will be required after the work is completed.

Demand Control Ventilation including installation of CO2 sensors to rooms. Sensors will need to be mounted at the height of the breathing zone, connected to the associated VAV box, and programmed to override the existing sequence of operation setting the VAV box from the minimum CFM to zero CFM when the room is unoccupied.

LICENSE REQUIREMENTS: Class B - General Building

PLEASE NOTE: A Mandatory On-Site Pre-Bid Job Walk will be conducted on March 12, 2026, beginning promptly at 10:00 AM. Participants shall meet at UCSF Campus Mission Bay - Genentech Hall, Front Entrance, 600 16th St., San Francisco, CA 94158.

Questions may be submitted through Building Connected at:

<https://app.buildingconnected.com/opportunities/69a60d17112fd9c912d064dd/info> no later than March 18, 2026, at 2 PM.

RFQ FOR ELECTRICAL EQUIPMENT FOR MOKELUMNE FISH HATCHERY - EBMUD Addenda: 0

4/22/26 2:00 PM 26-00055 Clements **Public**
 Plan Issuer: EBMUD--East Bay Municipal Utilities District 510-287-1040 000-000-0000
 Contract #: 2617

It is the intent of these specifications, terms, and conditions to describe the purchase and delivery of electrical equipment for the East Bay Municipal Utility District (District) Mokelumne Fish Hatchery. The District is seeking to replace existing and outdated electrical equipment at the Mokelumne Fish Hatchery to ensure reliable and robust emergency backup power for critical hatchery operations.

The project includes installation of a new Tier 4 Final diesel-powered generator, automatic transfer switch, 480 Volt switchboard, and control panel to provide emergency power and associated controls for all electrical loads serving the hatchery facility.

The new system will also integrate with the existing contingency backup 250 KW dieselpowered generator that serves the Yolk chiller. The new 500 kW diesel generator will replace the existing 125 kW diesel generator, which is nearing the end of its service life, and will be installed at the same location.

Written questions may be sent to: mel.go@ebmud.com. Deadline for submission of questions is March 30, 2026.

[RFP UNCONTROLLED CROSSWALK ENHANCEMENTS PROJECT \(PS&E\)](#) **Addenda: 4**
4/22/26 3:00 PM 26-01128 San Leandro **Public Works**

Plan Issuer: City Of San Leandro - Purchasing

510-577-3472

510-577-3312

Contract #: 64283

The City of San Leandro, as the implementing agency, desires to solicit qualified proposals to develop Plan, Specifications, and Estimate (PS&E) for the Uncontrolled Crosswalk Enhancement Project ("Project") in accordance with this Request for Proposals (RFP). Award resulting from this RFP will be a fixed contract.

The Project aims to enhance pedestrian safety and accessibility at seven (7) uncontrolled pedestrians crossings in the City of San Leandro. These seven locations include: (1) Manor Boulevard and Crosby Street, (2) Manor Boulevard and Thoits Street, (3) Dutton Avenue and Arbor Drive, (4) Farnsworth Street and Devonshire Avenue, (5) 150th Avenue and Lark Street, (6) East 14th Street and Lorraine Drive, and (7) Farnsworth Street and Chapel Avenue. The conceptual plans can be found in Attachment D 'Reference Materials'. The Project will develop a complete PS&E package incorporating recommendations from the San Leandro Local Roadway Safety Plan.

Deadline for Questions: April 3, 2026, at 5:00 PM

Contact for Questions: Robin Chee at rchee@sanleandro.org, and copy Sally Perez at sperez@sanleandro.org

ONLINE

Plan Issuer: City of Sunnyvale, DPW pubworks@sunnyvale.ca.gov 408-730-7415 000-000-0000
Contract #: F26-143

Provide on-call mechanical maintenance/repair and support services on an as needed basis by the Water Pollution Control Plant (WPCP).

License Requirements: Class A (General Engineering)

Contact For Questions: Leng Winkler, 408-730-7627
Email: lwinkler@sunnyvale.ca.gov

NEW CANAL LINER REPAIR & PRESSURE GROUT SERVICES

Addenda: 1
Public Works

4/22/26 4:00 PM 26-01272 Concord

Plan Issuer: Contra Costa Water District-CCWD 925-688-8300 000-000-0000
Contract #: 2725

The Main Canal has abandoned turnouts located in the canal section that will be required to be removed and replaced with new canal liner section, this work will be performed while the Main Canal is in service and under normal flow conditions. The removal and replacement work will be performed inside of a caisson that is provided and installed by District staff.

The size of the caisson is 11'8" wide, 8'1" tall at the backside, 2' long at the bottom and 12'6" long at the top. Approximant size of canal section to be removed - 86 square feet.

During the installation of the caisson, District staff will have the District Dive Contractor setting sandbags along the exteriors of the caisson to seal off and minimize the amount of water leaking into the interior work area on the caisson.

Some water leakage will be found inside of the work area of the caisson, and the contractor will be responsible for keeping the caisson dewatered.

The District and the contractor will need to meet and agree what the acceptable amount of water leakage inside of the caisson.

The work to be performed under this contract consists of contractor providing complete services for removal of the existing canal liner, plugging the abandoned canal turn-out and replacement of the canal liner, the contractor is responsible for the disposal of all the material removed.

Contractor will be responsible for the site security of the contractor's equipment and materials stored on site storage.

Questions concerning Canal Liner Repair & Pressure Grout Services should be directed on CCWD's PlanetBids website in Q & A section, and must be received by 4:00pm, Tuesday, April 8, 2026.

NEW RFQ FOR HOME HARDENING SERVICES OF MARIN WILDFIRE PREVENTION AUTHORITY

Addenda: 0

4/22/26 5:00 PM 26-01305 Marin County

Public Works

Plan Issuer: Marin Wildfire Prevention Authority kcutter@marinwildfire.org

415-521-8393

000-000-0000

Prebid Conf: No Pre-Proposal Meeting is scheduled for this Project

Marin Wildfire seeks to enter into Master Services Agreements with multiple contractors that can perform some or all the services described below.

Potential Services to be performed under this Agreement may include, but are not limited to:

1. Enclosure of underside of decks which are four (4) feet or less above grade or with 2" or 1/16" mesh. This may include constructing a framework to support the mesh. All vegetation, combustible debris, and stored materials should be removed prior to installation.
2. Installation of 2" or 1/16" mesh inside foundation, soffit, and attic ventilation.
3. Installation of ember and flame resistant vents.
4. Enclosure/filling of gaps larger than 2" in size in a structure's siding, eaves, roof etc. with caulking and/or mesh.
5. Replacement of combustible fence and gate within five (5) feet of the home with noncombustible fencing and supports.
6. Installation of metal gutter guards.
7. Performance of site visits to obtain field measurements (vents, gutters, fences, etc.) necessary to determine quantity of materials needed.
8. Collection and removal of all excess material, scraps, caulking, and all other debris created during the installation process.
9. Ordering and storage of mesh, gutter, gate, and fencing materials for projects.

Written questions shall be submitted by email to: kcutter@marinwildfire.org no later than April 8, 2026.

NEW [CHP TELECOMMUNICATIONS SECTION - UNINTERRUPTIBLE POWER SUPPLY MAINTENANCE SERVICES \(IFB #26C047000\)](#) **Addenda: 0**

4/23/26 10:00 AM 26-00060 Various Locations **State / Federal**

Plan Issuer: California Highway Patrol simranjit.singh@chp.ca.gov 916-843-3610 000-000-0000
 Prebid Conf: No Pre Bid Meeting is scheduled for this Project Contract #: 26C047000

UPS SYSTEM MAINTENANCE AND REPAIR SERVICES SUMMARY:

A. Most of CHP's twenty-five (25) UPS systems are Mitsubishi units, with a limited number of Liebert and Powerware units installed at fourteen (14) CHP Communications Centers (CC) and ten (10) Division/Headquarters/Area offices located statewide, as specified in Attachment 1. All Liebert, Powerware, and Mitsubishi components within the UPS module and its associated battery cabinet(s) function as a system, to provide continuous conditioned alternate current power. These units are designed to provide many years of reliable power supply and protection from power failure, brown outs, and voltage fluctuation.

B. The Contractor shall provide semi-annual maintenance, and, upon request by CHP, other scheduled and unscheduled maintenance services, and battery purchase and replacement on an as needed basis as pre-approved by CISS. No equipment shall be purchased through this Agreement and no repair services shall be done through this Agreement. The Contractor shall ensure optimum performance of the equipment by following manufacturer specifications and requirements for maintenance, warranty services and battery replacements. The Contractor must have, keep, and maintain a C-10 electrical license and manufacturer approved certification as described herein.

Equipment locations are listed in Attachment A-1.

LICENSE REQUIREMENTS: Contractor must possess a valid California State License Board (CSLB): C-10 Electrical Contractor License.

Bidders shall submit questions via email to Simranjit Singh at: simranjit.singh@chp.ca.gov no later than April 15, 2026, at 10 AM.

FOOTHILL GAYLEY PATH PHASE 2 - UC BERKELEY

Addenda: 4

4/23/26 12:00 PM 26-01160 Berkeley

\$1,280,000

School

Plan Issuer: UC Berkeley - Capital Projects contractadmin-cp@berkeley.edu

510-642-6273

000-000-0000

Prebid Conf: MAND 4/7 @ 9 AM and 4/9 @ 10 AM at 2001 Gayley Road, Berkeley

Contract #: 12864C

New concrete accessible path from the Greek Theater ticket booth to Stern Hall, replacement of two concrete landings adjacent to Foothill Dining, lighting from Gayley Road to Stern Hall, landscaping, and painted railings. Provide logistics plan including fenced in work area, staging area, and construction access at Stern Hall driveway only. Existing accessible route from Gayley Road to Greek Theater ticket booth to remain open at all times and may not be used for construction access.

For the scope of work to replace two concrete landings adjacent to Foothill Dining, the University requests the Contractor to prioritize and finish this work as soon as possible after receiving the Notice to Proceed. This will minimize access disruptions to Foothill Dining during the University's summer sessions.

a. This scope is shown on drawings 1/2-A2.20, 1/2-A2.30, 1&3/2-A2.40, 2 CD-102, 2-CS-102.

b. The University's goal is to start the demo work at landings #5 and #7, shown on drawing 2-CD-102, by 5/18/2026 and finish demo no later than 5/29/2026.

c. The University's goal for the new concrete and drain scope at these locations, shown on 1/2-A2.20, 1/2-A2.30, 1&3/2-A2.40, and 2-CS-102, is to be completed no later than 6/17/2026 for the University's and Architect's review. By 6/19/2026, any cleanup of the area should be finished, fencing removed, and the Contractor demobilized from this portion of the site.

License Requirements: "A" - General Engineering Contractor

RFQ/P FOR PRE-CONSTRUCTION AND LEASE-LEASEBACK SERVICES FOR FREMONT ELEMENTARY SCHOOL NEW ADMIN, MPR, & TK/K BUILDINGS AND SITE IMPROVEMENTS PROJECT Addenda: 2

4/23/26 12:00 PM 26-01102 Antioch **School**

Plan Issuer: Antioch Unified School District 925-779-7600 000-000-0000

Prebid Conf: MAND 4/2 @11:30 AM (Email bond@antiochschools.net for the meeting information) Contract #: 25-26-12

Request for Proposals ("RFQ/P"), the ANTIOCH UNIFIED SCHOOL DISTRICT ("District") seeks proposals from lease-leaseback contractors ("Contractor" or "Firm") to provide pre-construction services and lease leaseback construction services for the District's Fremont Elementary School New Admin, MPR & TK/K Buildings & Site Improvements Project ("Project"). The purpose of this RFQ/P is to obtain information that will enable the District to select a lease-leaseback Contractor using the "best value" competitive procurement process under Education Code section 17400 et seq., that can assist the District with both pre-construction services and construction services. The "best value" competitive procurement process is an evaluation process whereby a Firm is selected by the District on the basis of objective criteria for evaluating the qualifications of Firms, with the selected Firm representing the best combination of price and qualifications. Each Contractor responding to this RFQ/P should be prepared and qualified to provide the pre-construction services and lease-leaseback construction services described in this RFQ/P to the District in an expeditious and timely manner and on relatively short notice so as to enable the District to meet critical time deadlines and schedules.

Antioch Unified School District will be constructing new Admin, MPR & TK/K Buildings and performing Site Improvements on their Fremont Elementary School Campus in two phases. The initial phase will include the site preparations and construction of the new Admin & MPR Buildings, as well as the development of a new drop-off area and parking lot off of D Street. Once construction of the initial phase is complete and the Campus has occupied the new Admin & MPR Buildings, phase two will begin which will include the demo of the existing Admin & MPR Buildings and the construction of the new TK/K Building and associated site improvements, including the construction of a new TK/K drop-off area and parking lot off of F Street.

PLEASE NOTE: Prequalification documents are available from the ANTIOCH UNIFIED SCHOOL DISTRICT website at https://www.qualitybidders.com/users/sign_up. Prequalification documents must be submitted ASAP but no later than Monday, April 13, 2026 by 4:00 PM.

Deadline for Questions: April 16, 2026, by 4:00 PM

All questions, requests for explanation or clarifications of any kind in regard to this RFQ/P shall be made in written form, submitted via email to Austin Gray at bond@antiochschools.net; by no later than 4:00 PM. on April 16, 2026

000-000-0000

Prebid Conf: 3/24 @ 11 AM - Zoom Pre Bid Meeting (See Advertisement for Bids for meeting link) Contract #: WW-785

The objective of the Project is to provide contingency-based as-needed replacement of sections of existing sewer pipelines on short notice at locations to be determined within the City and County of San Francisco. The Work is to be performed in San Francisco, California.

LICENSE REQUIREMENTS: A Class "A" California Contractors License is required to bid. Furthermore, each listed subcontractor must possess appropriate active licenses for the work each subcontractor will be performing.

PLEASE NOTE: SFPUC encourages Bidders to complete the Safety Prequalification Web Form at:

<https://www.sfpuc.gov/?construction-contracts????/contract?-opportunities-payments/prequalify-construction> at least 3-weeks prior to the date of Bid opening in accordance with Section 00 21 13 - Instructions to Bidders. Bidders are required to pass the Safety Prequalification prior to SFPUC considering their bid submission complete. SFPUC will notify Bidders that have passed the Safety Prequalification prior to or on the date of Bid opening. Refer to Section 00 21 13 - Instructions to Bidders, "Bidder Qualifications" and the website listed above for additional information.

Questions: Bidder shall at once notify the City in writing using the Questions on Bid Documents ("QBD") form Section No. 00 21 14. Delivery shall be via facsimile at (415) 553-4896, or email to: qbd@sfgwater.org. The City may not answer questions received less than 10 days prior to the date for opening Bids.

BROADWAY STREETSCAPE IMPROVEMENTS PROJECT

Addenda: 1

4/23/26 2:00 PM 26-01073 Oakland

\$25,042,400

Public Works

Plan Issuer: City of Oakland - DPW

510-238-3961

000-000-0000

Prebid Conf: 3/30 @ 10 AM via Microsoft Teams

Contract #: 1006953

The Broadway Streetscape Improvement project will make enhancements to bus operations, network on Broadway between 2nd Street and 11th Street and 20th Street to Grand Avenue. Improvements to include:

- Red bus-only lanes will be installed to extend the existing bus-only lanes and further improve transit access and reliability
- Expand Transit Signal Priority (TSP) at all signalized intersections to ensure buses can travel efficiently through the corridor
- Install new ADA curb ramps, high-visibility crosswalks, upgraded intersection safety lighting, and wayfinding signage to increase safety and visibility
- Improve the Broadway/I-880 underpass with lighting and placemaking elements to invite people to travel between neighborhoods with more comfort
- Eliminate the existing free-right turn at the 6th Street and Broadway off-ramp intersection to mitigate high-speed vehicular right-turns and poor sight lines between freeway off-ramp drivers and pedestrians in the crosswalk
- Install fiber-optic cabling on Broadway between Embarcadero West and 7th Street to improve signal coordination and movement through the corridors
- Upgrade traffic signals and provide protected left turns to increase safety
- Repave the road
- Lower the speed limit as part of a new Oakland ordinance to enhance safety

CRYSTAL SPRINGS PIPELINE NO. 2 REACH 5 LINING REPLACEMENT

Addenda: 37

4/23/26 2:00 PM 26-00430 South San Francisco and San Bruno \$50,000,000 to \$55,000,000 **Public Works**

Plan Issuer: City & Co of San Francisco - Utilities QBD@sfgwater.org 884-295-5417 000-000-0000
 Prebid Conf: 2/17 @ 10 AM - Zoom Pre Bid Meeting (See Advertisement for Bids for meeting link) Contract #: WD-2915
 PLEASE NOTE: THIS PROJECT IS "SECURITY SENSITIVE" AND WILL NOT BE AVAILABLE ONLINE. If interested in obtaining a bid set, please complete and return the Confidentiality Agreement (available online in the Specs Folder) to the Owner at: QBD@sfgwater.org with the Contract Number and "Confidentiality Agreement to Subs/Suppliers" in the subject field.

The objective of the Project is to replace the coal-tar lining of approximately 3.8 miles of CSPL2 Reach 5 from Millbrae Yard to Baden Pump Station with cement mortar lining; upgrade approximately 34 appurtenances (air valves, manholes, blow-offs); upgrade 5 service connections; and install 7 in-line/crossover valves for safe pipe entry. The Work is to be performed in San Mateo County, California.

LICENSE REQUIREMENTS: A Class "A" California Contractors License is required to bid. Furthermore, each listed subcontractor must possess appropriate active licenses for the work each subcontractor will be performing. Bidders or Bidder's Subcontractor performing the pipeline work must have an active General A License or C-34 License.

SITE INSPECTION: SFPUC highly recommends that Bidders attend the Site Inspection, which will begin at Baden Pump Station on West Orange Avenue, between El Camino Real and Fairway Drive in South San Francisco on February 17, 2026, following the Pre-Bid Contractor Networking Conference, at 12 PM Noon.

SFPUC encourages Bidders to complete the Safety Prequalification Web Form at: <https://www.sfpuc.gov/?construction-contracts????/contract?-opportunities-payments/prequalify-construction> at least 3-weeks prior to the date of Bid opening in accordance with Section 00 21 13 - Instructions to Bidders. Bidders are required to pass the Safety Prequalification prior to SFPUC considering their bid submission complete. SFPUC will notify Bidders that have passed the Safety Prequalification prior to or on the date of Bid opening. Refer to Section 00 21 13 - Instructions to Bidders, "Bidder Qualifications" and the website listed above for additional information.

Questions: Bidder shall at once notify the City in writing using the Questions on Bid Documents ("QBD") form Section No. 00 21 14. Delivery shall be via facsimile at (415) 553-4896, or email to: qbd@sfgwater.org. The City may not answer questions received less than 10 days prior to the date for opening Bids.

GUADALUPE ELEMENTARY SCHOOL PLAY STRUCTURE PROJECT

Addenda: 1

4/23/26 2:00 PM 26-01224 San Francisco \$300,000 School

Plan Issuer: SFUSD - Ferdinand Vergeire vergeiref@sfusd.edu 415-265-4262 415-355-6988
 Prebid Conf: MAND 4/9 @ 3 PM (Meet at Guadalupe ES, 859 Prague St., San Francisco. Bidders shall meet directly in front of the main entrance along Prague Street) Contract #: 12509

- The Project is generally described as improvements to the existing play yard. Work shall include, but not necessarily limited to:
- a) Demolition and removal of the existing play structure and rubber matting.
 - b) Removal and replacement of selected benches.
 - c) Relocation of an existing area drain in the upper play yard and re-grading the surrounding asphalt pavement.
 - d) Replacement of selected site benches.
 - e) Replacement of the existing drinking fountain with bottle filler on the first floor hallway.
 - f) Modifications to select toilet accessories in the students and staff restrooms.
 - g) Perform hazardous materials and lead abatement as described and specified in Specification Section 00 31 26.

LICENSE REQUIREMENTS: Class A - General Engineering Contractor with Asbestos and Lead Certification or Sub-Contractor with Asbestos and Lead Certification performing the work OR Class B- General Building Contractor with Asbestos and Lead Certification or Sub-Contractor with Asbestos and Lead Certification performing the work.

Written questions may be sent to Ferdinand Vergeire at: vergeiref@sfusd.edu. Questions received less than seven (7) days prior to the date for opening Bids may not be answered.

NEW HUNTERS POINT PIPING - UCSF

Addenda: 3

4/23/26 2:00 PM 26-01306 San Francisco \$1,200,000 Hospital

Plan Issuer: UCSF - Trixie Balais beatrix.balais@ucsf.edu 415-244-4183 000-000-0000
 Prebid Conf: MAND 4/9 @ 10 AM (Meet at Hunters Point Bldg, 75 Crisp Road, San Francisco, outside of the building at the main entrance) Contract #: PRJ-000454

UCSF is implementing project at 75 Crisp Road, a UCSF-owned and IND-operated facility located within the U.S. Navy's Hunters Point Naval Shipyard. The property is landlocked, surrounded on all sides by non-UCSF property. Direct access is via Crisp Road which is a US Navy right-of-way, not a city road.

Currently, the site is served by a water line that runs east-west along the south side of UCSF property before turning southwest across U.S. Navy property and then along city managed Palou Avenue. At Palou Ave UCSF water meter and backflow connects to the SF Water/SFPUC. Due to ongoing concerns with water quality and service consistency, UCSF is implementing this project to design and install a new water line, water meter and backflow preventer along Crisp Road.

The University will award to the successful Design Builder a contract for the Work to be performed in three (3) phases. The Work Phases are identified as follows: Phase 1 Preconstruction/Criteria Design, Phase 2 Preconstruction/Construction Documents, and Phase 3 Construction. The University's Milestone Exhibit 6B of the Agreement is a preliminary schedule of the anticipated Contract Time for the completion for each Phase.

Note that bidding of all sub-trade work will be conducted by the Design Builder exclusive of Self-Performed work the Design Builder is bidding.

NEW HUNTERS POINT SITE SECURITY IMPROVEMENTS - UCSF

Addenda: 2

4/23/26 2:00 PM 26-01300 San Francisco \$3,250,000 **Hospital**
 Plan Issuer: UCSF - Trixie Balais beatrix.balais@ucsf.edu 415-244-4183 000-000-0000
 Prebid Conf: MAND 4/9 @ 10 AM (Meet at Hunters Point Bldg, 75 Crisp Road, San Francisco, outside of the building at the main entrance) Contract #: PRJ-000392

UCSF is initiating a site security infrastructure upgrade at its owned facility & property located at 75 Crisp Road, which sits within the US Navy Hunters Point Naval Shipyard. The proposed project includes the replacement of the existing perimeter chain-link fence with a more robust security fence and integral gates, installation of exterior security cameras, installation of added or upgrade to perimeter gates access controls, installation of added site lighting, and integration with the Main Building infrastructure, e.g. Electrical Room, Lockshop access control systems and IT network systems. These enhancements will provide comprehensive integrated security improvements tailored to address the facility's operational needs.

The University will award to the successful Design Builder a contract for the Work to be performed in three (3) phases. The Work Phases are identified as follows: Phase 1 Preconstruction/Criteria Design/Validation Study, Phase 2 Preconstruction/Construction Documents, and Phase 3 Construction. The University's Milestone Exhibit 6B of the Agreement is a preliminary schedule of the anticipated Contract Time for the completion for each Phase.

Note that bidding of all sub-trade work will be conducted by the Design Builder exclusive of Self-Performed work the Design Builder is bidding.

NEW CHAIN LINK FENCE AND GATE SERVICES

Addenda: 1

4/24/26 4:00 PM 26-01279 Concord

Public Works

Plan Issuer: Contra Costa Water District-CCWD

925-688-8300 000-000-0000

Contract #: 2731

Operations and Maintenance Chain Link Fence and Gate Services at Treated Water Pump Stations (TWPS), Water Treatment Plants (WTP), and Canal Right of Way (Canal ROW), or at locations as requested by CCWD (Contra Costa Water District) personnel not limited to, but including:

- Providing labor, materials, and supervision, and fence various locations within CCWD's Treated Water and Untreated Water Service Areas on a linear foot basis as per included specifications, drawings and pricing sheets (see Attachment B).
- The fencing will be 5 feet, 6 feet, or 8 feet high chain link fencing fabric per CCWD specifications and drawings. Chain link fencing submitted prices are by lineal foot and must include removal of old fence or fencing materials (see Attachment B pricing sheet(s)).
- The fence will be installed over terrain that is significantly level, with small amounts of semi-level, or hilly terrain (less than 25%).
- Pricing will be based on this combination of terrains and include grubbing and debris removal of 2-inch diameter and less along the fence line.

Questions concerning Chain Link Fence and Gate Services should be directed on CCWD's PlanetBids website in Q & A section, and must be received by 4:00 p.m., Thursday, April 9, 2026.

NEW RFP - HAZARDOUS MATERIALS SERVICES - SITE AND BUILDING IMPROVEMENTS PROJECT AT BONNY DOON ELEMENTARY SCHOOL

Addenda: 1

4/24/26 4:00 PM 26-01267 Santa Cruz

School

Plan Issuer: District Advocates Group junel@dagk12.com

831-320-4075 000-000-0000

Bonny Doon Union Elementary School District (District) invites proposals from qualified Hazardous Materials (HazMat) Consulting firms to provide professional services related to the identifications, assessment, management and regulatory compliance of hazardous materials for the District's site and building improvement work ("Project").

Prospective firms may contact Brett McFadden at (831) 536-9610 or via email at brett@dagk12.com for questions regarding the RFP.

RFP - SCOTTS VALLEY TOWN CENTER CORE, A MIXED-USE DEVELOPMENT

Addenda: 0

4/24/26 4:00 PM 26-00652 Scotts Valley

Public Works

Plan Issuer: City of Scotts Valley-DPW

831-438-5854 831-439-9748

Contract #: GEN-0005

The City of Scotts Valley is inviting qualified development teams to express their interest in the development of the Scotts Valley Town Center Core Project (Core Project), an approximately 18 -acre site in the center of the City, (the Site) envisioned to be a mixed-use "community-driven" amenity for generations to enjoy. The Site is owned by the City, is located directly adjacent to Mount Hermon Road, the second busiest surface street in Santa Cruz County, as well as Skypark, a regional park of 22 acres which includes soccer fields, a skateboard park, tennis and pickleball courts, and playgrounds (Skypark), a community theater, library, senior center, post office and other amenities. Conceptual plans for development are a part of the approved 2025 Scotts Valley Town Center Specific Plan (TCSP) and the impacts thereof analyzed in an Environmental Impact Report (EIR), certified in accordance with the requirements of the California Environmental Quality Act (CEQA). The City has invested in significant early planning and site preparation thereby positioning the Site for development, subject to the review and approval of final plans by the City of Scotts Valley City Council. The ideal development team will have the resources and experience to design, construct, finance, operate and maintain the project, in cooperation with the City.

Plan Issuer: City of Dublin - Public Works 925-833-6630 925-829-9248

The City is interested in securing firms for the specific purpose of obtaining On-Call Architectural Services. This RFQ does not commit the City to enter into a contract, nor does it obligate the City to pay for any costs incurred in preparation and submission of the statement of qualifications (SOQ) or in anticipation of a contract.

This agreement shall be established for a three-year term, with the option to extend for up to two additional years. Please note, the City may select more than one firm with which to enter into a contract. Proposals shall be required for all services identified in this RFQ. Selected firm(s) shall submit SOQs which demonstrate that they can perform the scope of work for all potential projects, but are not guaranteed work.

Work shall be requested on an as needed basis and paid according to an approved rate schedule. The cost of developing a scope of service for a particular project shall be included in the Consultant's cost of doing business and the City will not be responsible for any costs associated with preparing it.

Deadline for Questions: April 10, 2026, by 4:00 PM via e-mail ONLY to Julius Pickney at julius.pickney@dublin.ca.gov

THURGOOD MARSHALL HIGH SCHOOL - GYM AND AUDITORIUM PROJECT

Addenda: 2

4/27/26 2:00 PM 26-01176 San Francisco

\$18,865

School

Plan Issuer: SFUSD - Prop A Bond Program Contracts Office cancians@sfusd.edu 415-325-9158 000-000-0000

Prebid Conf: MAND 4/9 @ 10 AM & 4/16 @ 2 PM (Meet at Thurgood Marshall HS, 45 Conkling St., San Francisco. Bidders shall meet at the main entrance on Conkling St.) Contract #: 12380

The Project is generally described as: The modernization of two buildings at Thurgood Marshall Academic High School. The Work includes, but is not limited to: Replacement of flooring systems, ceiling systems, fixed and operable sports equipment and telescoping bleachers, renovation of toilet rooms and locker rooms, replacement of mechanical, electrical, lighting, power, data and low voltage systems including audio-visual systems, fire protection systems, replacement of existing counter-weight rigging system at the auditorium stage, demolition of existing and installation of new partitions, doors, windows, and storefront systems, roofing systems including joint covers, casework, instrument cabinets, and various finishes and painting, both interior and exterior. Abatement of all hazardous materials in the area of work (see specifications) shall be performed under this contract.

LICENSE REQUIREMENTS: Class B - General Contractor with Asbestos and Lead Certification or Sub-Contractor with Asbestos and Lead Certification performing the work.

PROJECT LABOR AGREEMENT: Letter of Assent: All Bidders are hereby notified that the District has a Project Labor Agreement (PLA) in effect on the Project and all contractors and subcontractors bidding this project will be required to comply with the PLA. Certification of compliance with the PLA shall be confirmed via a signed Letter of Assent.

PRE-QUALIFICATION: All Bidders are hereby notified that this Project is subject to the District's Pre-Qualification Procedure. All Prime Contractors and Mechanical, Electrical and Plumbing Subcontractors must be prequalified in order to bid on this project. No bids will be received or opened from Bidders who have not been pre-qualified through the District's Pre-Qualification Procedure. All Mechanical, Electrical and Plumbing Subcontractors listed by Bidders in Section 00 43 36 (Designated Subcontractor List) must be pre-qualified through the District's Pre-Qualification Procedure (including C-4, C-7, C-10, C-16, C-20, C-34, C-36, C-38, C-42, C-43, and C-46). A bid will be non-responsive if any Mechanical, Electrical, and/or Plumbing Subcontractors are listed that have not been pre-qualified through the District's Pre-Qualification Procedure.

Contractors shall prequalify through PQ Bids at: <https://go.pqbids.com/enroll-us>. Applications must be received at least ten (10) business days prior to the scheduled bid opening and must be approved at least five (5) business days prior to the scheduled bid opening in order to qualify. Approval is valid for one (1) year from the date of notice of qualification, except as noted in prequalification documents.

All questions about the meaning or intent of the Contract Documents are to be directed in writing to Steve Rasmussen Cancian at: cancians@sfusd.edu. Questions received less than seven (7) days prior to the date for opening Bids may not be answered.

NEW AQUATIC VEGETATION REMOVAL

Addenda: 1

4/27/26 4:00 PM 26-01286 Various Cities

Public Works

Plan Issuer: Contra Costa Water District-CCWD

925-688-8300

000-000-0000

Prebid Conf: For job site visits contact Brian Vanciel at (925) 679-3505. A Personal Floatation Device (PFD) is required to walk out on the catwalks.

Contract #: 2713

Task1: Rock Slough Fish Screen/Rock Slough

- Ability to perform aquatic vegetation removal at the Rock Slough Fish Screen (RSFS), for FY27 of the contract, (7/1/26 to 6/30/27 with an optional year 7/1/27 to 6/30/28) with a minimum of 5 working days' notice from the Contra Costa Water District (CCWD).
- Ability to perform harvests at the RSFS location, with a 5-day pre-notification prior to the commencement of work.
- Ability to haul away and dispose of collected debris at the laydown site at RSFS.
- Ability to perform work during normal business hours, 7:00 AM to 3:30 PM, Monday through Friday except by explicit, prior arrangement. Adjustments to work hours may be necessary to complete work in conjunction with tidal fluctuations, environmental rules, and regulations.

Task 2: Mallard Reservoir

- Ability to perform aquatic vegetation removal at the Mallard Reservoir, for FY27 of the contract, (7/1/26 to 6/30/27 with an optional year 7/1/27 to 6/30/28) with a minimum of 5 working days' notice from the District.
- Ability to haul away and dispose of collected debris off site.
- Ability to perform work during normal business hours, 7:00 AM to 3:30 PM, Monday through Friday except by explicit, prior arrangement.

Questions concerning Aquatic Vegetation Removal should be directed on CCWD's PlanetBids website in Q & A section, and must be received by 4:00 p.m., (PST), Monday, April 13, 2026.

NEW INDUSTRIAL PAINTING & COATING SERVICES

Addenda: 1

4/27/26 4:00 PM 26-01292 Various Cities

Public Works

Plan Issuer: Contra Costa Water District-CCWD

925-688-8300

000-000-0000

Contract #: 2739

The sites to be painted are industrial and include items such as, but not limited to: pumps, motors, piping, valves, handrails etc. In addition, the areas and equipment will be exposed to the elements. The successful contractor will be required to provide all appropriately certified personnel, PPE, supplies, materials, tools, and equipment necessary to correctly perform the required services. CCWD primary objective is to obtain consistently reliable, high quality, and timely as-needed painting services. The work will be done on a time and materials basis. Prior to starting each section of work, the contractor will need to supply a labor/materials estimate and must be preapproved by CCWD Contract Manager. All work will be guaranteed for five years. This work will occur throughout CCWD service areas which include: Clayton, Concord, Martinez, Walnut Creek, Pleasant Hill, Oakley, Brentwood, Antioch and others as directed.

When painting at the water treatment plants, painting crews will be required to watch a safety video on the water treatment plant that is approximately 30 minutes in length. Crews will also be required to sign into and out of the visitor's log. All people working on site will be expected to follow Contractor Safe Practices Handbook. Failure to do so will result in contract termination.

DO NOT paint brick, concrete, exposed stainless steel or exposed copper roof structures.

The Contractor shall paint all items in accordance with the attached painting specifications, section 09900 (A1).

Questions concerning Industrial Painting & Coating Services should be directed at CCWD's PlanetBids website in Q & A section, and must be received by 4:00 p.m., Friday, April 10, 2026.

NEW RFP CANAL SIPHON UNDERCROSSING CLEANING SERVICES

Addenda: 1

4/27/26 4:00 PM 26-01263 Concord

Public Works

Plan Issuer: Contra Costa Water District-CCWD

925-688-8300 000-000-0000

Contract #: 2727

The Contractor will remove all sediment and debris from concrete under-crossings, canal sections and siphons on the Contra Costa Canal. Cleaning and debris removal may be accomplished by using various methods, such as use of a Hydro-Jet or commercial power snake may be used in lieu of vacuum truck when feasible and approved by the District. Pricing for the Hydro-Jet and/or Commercial Snake shall be provided on that attached pricing sheet, to include normal call-out rates as well as emergency rates. When District personnel acquire need of emergency services for either vacuum or hydro-jet services, response time shall be within two hours of received call from District personnel. The attached spreadsheet details typical e locations requiring services. The District will designate which sites will be cleaned. Appropriate confined space entry procedures and safety precautions must be developed by the Contractor, approved by the District's Safety Manager, and adhered to by all personnel entering these siphons and under-crossings.

In addition to the sludge-like sediment requiring removal, gravel, rocks, bricks, bottles, shopping carts, bicycles, tires, lawn chairs, pipes, car parts, and other items may require removal. Any weapons that are recovered as part of this contract must be turned into the police department having jurisdiction over the area where the weapon is recovered.

Questions concerning Canal Siphon Undercrossing Cleaning Services should be directed on CCWD's PlanetBids website in Q & A section, and must be received by Friday, 4:00 pm, April 10, 2026.

Contract #: 2729

Contra Costa Water Districts untreated water delivery systems, of Canals and Reservoirs, Fish Screens and Pumping Plants or other diving work as directed. These locations may include Knightsen, Brentwood, Antioch, Pittsburg, Bay Point, Concord, Clayton, Walnut Creek, Pleasant Hill, Pacheco, Martinez, San Joaquin County and any unincorporated district properties.

The Reservoirs include the Contra Loma Reservoir in Antioch, Martinez Reservoir in Martinez, Mallard Reservoir in Concord, and the Los Vaqueros Reservoir in Brentwood.

Contra Costa Water Districts treated water reservoirs. These locations may include Clayton, Concord, Pleasant Hill, Walnut Creek, Martinez, and Port Costa.

The jobs may include, but are not limited to, tower cleanings, in -service drinking water reservoirs, debris removal, canal liner repairs, underwater welding, and visual and video inspections of pipelines, canals, fish screens, siphon, pump stations and undercrossing by diver and remote operated vehicles (submersible and non-submersible). Specific equipment and experience in the cleaning and removal of mussels from equipment and infrastructure is desired. Divers should be available for emergency call-out seven days a week, 24 hours a day. Emergency response time from work request to the site is 24 hours. Proposals must include prevailing wages if it has been determined that a wage category has been established by the State Board of Industrial Relations.

Questions concerning Diving Services should be directed on CCWD's PlanetBids website in Q & A section, and must be received by 4:00 PM PST April 10, 2026.

NEW SPOILS REMOVAL SERVICES - BOLLMAN WATER TREATMENT PLANT

Addenda: 1

4/27/26 4:00 PM 26-01268 Concord & Oakley

Public Works

Plan Issuer: Contra Costa Water District-CCWD

925-688-8300 000-000-0000

Contract #: 2711

The general scope of work for this annual contract is to screen, load, haul, and provide disposal on an as-needed basis of excavated spoils located at the Contra Costa Water District's (CCWD) Spoils Yard or Bollman Water Treatment Plant at 2015 Bates Avenue, Concord, CA 94520, or canal generated spoils within ten miles of the CCWD's Antioch Service Center at 3965 Neroly Road, Oakley CA, 94561. (Individual actions under this contract will be authorized on a task order basis.)

Spoils contained in this yard are the results of treated water distribution system repairs and canal repair or cleaning operations. Spoils contain pieces of concrete and asphalt and are believed to be free of any chemical contamination.

A minimum annual quantity of 2,000 tons and a maximum annual quantity of 10,000 tons will be managed under this contract. It is anticipated that the Contractor will be tasked to load, haul, and dispose of spoils under this contract a minimum of 4 times per year and a maximum of 12 times per year. The frequency of work under this contract is at the sole discretion of CCWD. Prevailing wages will be in effect for the purposes of this contract.

Ownership of the spoils shall be transferred to the disposal site/facility at the moment of delivery to the disposal site.

Note: Contractor is responsible for sorting the spoils at the site, loading, hauling off and providing analytical information per load to the dump site.

Questions concerning Spoils Removal Services – Bollman Water Treatment Plant should be directed on CCWD's PlanetBids website in Q & A section, and must be received by 4:00 p.m., (PST), Friday, April 10, 2026.

RANDALL-BOLD WATER TREATMENT PLANT CLEARWELL, CHEMICAL FEED, AND SEDIMENTATION BASIN IMPROVEMENTS

Addenda: 4

4/28/26 10:00 AM 26-01096 Oakley

\$4,564,000

Public Works

Plan Issuer: Contra Costa Water District-CCWD

925-688-8300

000-000-0000

Prebid Conf: 4/1 and 4/7 @ 10 AM at Randall-Bold Water Treatment Plant, 3760 Neroly Road, Oakley

Contract #: 2712

The Work includes, but is not limited to, the following:

- In each of the two (2) sedimentation basins:
 - o Measuring existing basins and existing equipment, and confirming equipment to be reused within both sedimentation basins relating to the sludge collection equipment.
 - o Demolition, removal and disposal of existing sludge collection equipment, including longitudinal collectors and cross collectors.
 - o Furnishing and installing: new sludge collection equipment, including longitudinal collectors and cross collectors; stainless steel access stairways; and drain valves.
 - o Resurfacing concrete launders.
- Demolition, removal and disposal of existing clearwell piping and valves and existing chemical feed system equipment and piping.
- Capture and disposal of residual chemical products and flush water from chemical systems including calcium thiosulfate, EarthTec (copper sulfate pentahydrate), caustic soda, hydrofluorosilicic acid, liquid alum, non-ionic polymer, and cationic polymer. See Appendix D for expected residual product volumes remaining in each chemical system and location for disposal. Work shall be completed in accordance with all applicable state and federal regulations.
- Furnishing and installing: an above-ground bypass piping system at the clearwell; new clearwell piping; and new chemical feed system equipment and tubing.
- Spot repairs of coating on clearwell piping.
- Testing, startup, and commissioning of new equipment.
- Providing training to CCWD staff for new equipment.

NEW FY2026 ANNUAL ASPHALT CONCRETE STREET OVERLAY PROGRAM

Addenda: 0

4/28/26 11:00 AM 26-01295 Newark \$4,500,000 **Public Works**

Plan Issuer: City of Newark - Department of Public Works 510-578-4000 510-578-4306

Contract #: CIPA10005.FY2026

Asphalt concrete overlay and patch paving on various streets within the City of Newark. The scope of work includes traffic control, asphalt concrete roadway surface wedge/conform/full width grinding, localized full depth asphalt concrete patch paving of various depths, grading, placement of asphalt concrete, installation of temporary pavement delineation, replacing and/or adjusting existing utility/City monument frames and covers to finished grade, application of thermoplastic traffic striping and pavement legends, replacing and installing traffic signal loops and installing handholes, and other related items of work as needed to complete the public works improvements.

The Bidder, in the preparation of the bid, needs to consider the cost of disposal of the excavated material in the event the removed asphalt concrete includes previously placed pavement reinforcing fabric and may not be accepted at asphalt concrete production plants for recycling.

RFP & PRE-QUALIFICATION APPLICATION - LEASE LEASEBACK DELIVERY SERVICES: COLLEGE CENTER PROJECT AT CHABOT COLLEGE

Addenda: 4

4/28/26 2:00 PM 26-00522 Hayward

\$62,700,000

School

Plan Issuer: Chabot-Las Positas Community College District - Purchasing & Warehouse Services mhampton@clpccd.org

925-485-5245

925-485-5271

Prebid Conf: MAND 3/5 @ 10 AM at Chabot College, 25555 Hesperian Blvd., Hayward (Building 400, Room 405) Contract #: B25-26-06

The new 2-3 story College Center Building will connect to Parking Lot A and B. It will include conference rooms, event spaces, recreational spaces, and informal areas for student groups. This building will be designed around meeting students' daily needs and activities - a place to connect with friends, pursue extracurricular passions, and be active members of the Chabot College community. The project will include the demolition of existing Building 200.

The project consists of, but is not limited to, the following elements and programs:

- Information Desk
- Food Service/Cafeteria
- Student Life and Leadership (includes cross/multi-cultural center, clubs and e sports)
- Student Health & Wellness Center
- DSPS ACE Center
- Conference Center – Multipurpose Event Space
- Executive Leadership Offices (Campus Administration, Presidents Office and All Direct reports, Vice President Offices with Support Staff, College Advancement and Foundation Offices)
- Support Amenities (Including Meditation Space and Lactation Room)

Site work will include paving, signage, landscaping, existing underground utilities relocation and exterior pathways to connect to the existing college circulation system or to replace existing pathways and include outdoor collaboration spaces.

Address existing utility pathways and above ground utility structures to maintain access and function as well as integrate into the new courtyard and pathway systems.

Integrate wayfinding and identity into the circulation paths and opens spaces to orient users and build a stronger campus identity.

Provide consistent amenities and facilities to support student and community engagement including WIFI, power, site furnishings and shade where appropriate.

This project will have swing space – separate project

PLEASE NOTE: Prequalification Application Due: March 13, 2026 by 2:00 P.M.

Deadline for Questions: April 10, 2026 at 2:00 P.M.

RFP FOR GRAVITY SEWER REPAIR AND REPLACEMENT DESIGN ENGINEERING SERVICES

Addenda: 0

4/28/26 2:00 PM 26-01147 Castro Valley

Public Works

Plan Issuer: Castro Valley Sanitary District

510-537-0757

510-537-1312

CVSan is seeking proposals for the professional design engineering services related to the next CVSan Gravity Sewer Repair and Replacement (GSR&R) Project. The project is based upon the findings of the CVSan Gravity Sewer Asset Management Plan.

CVSan anticipates a project scope that includes various upgrades and repairs to its sewer system as part of the proposed project. The upgrades will include the following:

- Rehabilitation or replacement of 13 pipeline segments using pipe bursting or other recommended trenchless or open-cut methods, totaling approximately 1,991 linear feet (LF) of existing 8-inch diameter sewer main at various locations throughout Castro Valley.
- Upsizing of existing 6-inch diameter sewer mains to 8-inch diameter mains over approximately 1,768 linear feet (LF) at various locations throughout Castro Valley.
- One spot repair of an existing 8-inch diameter sewer main.
- Inspection and condition assessment of existing maintenance holes within the project limits.
- Development of recommended maintenance hole rehabilitation measures (e.g., coating, frame and cover replacement, grade adjustments, manhole base channel reconstruction), where applicable.

The Proposer shall provide professional engineering services necessary to prepare complete, accurate, and biddable construction documents, including plans, specifications, and an engineer's opinion of probable construction cost.

RFP FOR ESPERANZA WATER HEATER REPLACEMENT AND CODE COMPLIANCE PROJECT

Addenda: 1

4/28/26 4:00 PM 26-01256 Alameda

Public Works

Plan Issuer: Housing Authority of the City of Alameda
 Prebid Conf: MAND 4/14 @ 1 PM at 1903 3rd Street, Alameda

510-747-4300 510-522-7848
 Contract #: 2026-RFP-AHA-HD-001

See RFP attachment for full, detailed scope and proposal requirements. Furnish and install (21) new natural gas water heaters in the residential units per the spreadsheet attached, ensuring compliance with the local codes.

Scope includes the following:

- The drainage, removal, and proper disposal of (21) old water heaters
- New water heaters shall be 40 gallons with comparable dimensions to existing
- All new water heaters shall include new code compliant components including but not limited to:
 - o expansion tanks
 - o hot water connections with insulation
 - o cold water connections with shut off valves
 - o gas supply line with sediment trap
 - o vent connections
 - o seismic straps
 - o TMPV connections
 - o drain pans
- All water heaters shall have the standard minimum efficiency of 0.61 – 0.63
- Compliance with SCAQMD Rule 1121

All proposals should include the breakdown of the new water heater cost, per unit.

In addition to new water heaters; the existing water heater systems need to be brought up to current code.

NEW RFQ FOR ON-CALL CONSTRUCTION MANAGEMENT FIRMS TO PROVIDE CONSTRUCTION MANAGEMENT AND INSPECTION SERVICES

Addenda: 0

4/29/26 11:00 AM 26-01331 Pleasanton **Public Works**

Plan Issuer: City of Pleasanton - Engineering 925-931-5650 000-000-0000
 Contract #: 26.702

The City of Pleasanton's Public Works Department, Engineering Division, is seeking to retain up to three (3) construction management firms to provide on call services. Contracts will be issued for an initial three (3)-year term with two optional one-year extensions, with a not-to-exceed contract amount of \$333,333 per consultant. Anticipated services are described in the Scope of Work, and potential projects for which services may be requested are listed in the Project Description and Background. Services may include inspections and Resident Engineer/Construction Management, with the Resident Engineer managing multiple projects, and all work will be coordinated with the City's on-call surveying and materials testing firms. These on-call services will support the City's engineering and inspection needs for a range of capital improvement and private development projects, including both building and heavy construction.

NEW PREQUAL: PARNASSUS HEIGHTS (PH) DOMESTIC WATER MAINS REPLACEMENT - PHASE 2 - UCSF **Addenda: 0**

	4/29/26	2:00 PM	26-01335	San Francisco	\$9,000,000	Hospital
--	----------------	----------------	----------	---------------	-------------	-----------------

Plan Issuer: UCSF - Tra Thanh tra.thanh@ucsf.edu 415-244-3920 000-000-0000
 Contract #: PRJ-000326

GENERAL DESCRIPTION OF WORK:

The Parnassus Heights Water Mains Replacement Program addresses the corroded, end-of-life condition of the domestic water mains system at the Parnassus Heights Campus. UCSF has determined that this Program is mission critical to its operations, requiring replacement, to avoid disruption of services which could occur should the water mains break.

The Parnassus Heights campus site is the oldest of the UCSF campus sites, comprising approximately 107 acres of land. Approximately 6,100 linear feet of water main lines support the campus and can be defined in 20 segments. This project comprises 6 of the 20 segments. Note that 11 of the 20 segments are covered in the scope of other projects, including Phase 1 of the Water Mains Replacement Program.

This Phase includes the following piping segments:

- Segment 04: interior, Health Sciences East (HSE) Building
- Segment 06: exterior, along Koret Way Parking Lot/roadway near Koret Vision Center
- Segment 08: exterior, through Health Sciences West
- Segment 10: interior, from Health Sciences East Building, through Medical Sciences Building, and continuing through Moffitt/Long Hospital (OSHPD AHJ)
- Segment 12: interior through Central Utilities Plant (PCUP), exterior across the driveway to Moffitt/Long Hospital (OSHPD AHJ)
- Segment 13: interior, through Ambulatory Care Center Garage to Millberry Union
- Segment 13, exterior, from Parnassus Avenue connection to entrance to Segment 13 interior

LICENSE REQUIREMENTS: Class B - General Building Contractor

The Prequalification Questionnaire will be submitted via BuildingConnected by completing the questionnaire found in the project Bid Form Tab. To request an Invitation to the Prequalification, go to UCSF BuildingConnected Plan Room at: <https://app.buildingconnected.com/public/654ab4b90da0a10035053c78>, join the "Bid Opportunity", and change your status to bidding.

Questions or requests for clarification and/or interpretation of the Prequalification Documents must be submitted using BuildingConnected by posting on the Message Board at:

<https://app.buildingconnected.com/opportunities/69d577340f59ce555848623c/info>

RFIs are due no later than April 15, 2026, at 2 PM

NEW [RFQ FOR DESIGN-BUILD SERVICES ALHAMBRA HIGH SCHOOL BUILDING F REPLACEMENT AND VARIOUS CAMPUS MODERNIZATION PROJECT](#) **Addenda: 0**
4/29/26 2:00 PM 26-01347 Martinez **School**
Plan Issuer: Martinez Unified School District 925-335-5800 925-335-5961
Contract #: 26-04

Martinez Unified School District ("District") is seeking to prequalify design-build entities or design-build teams to submit proposals to design and construct the District's Alhambra High School Building F Replacement and Various Campus Modernizations Project ("Project").

Project Description:

Construction of a new approximately 22,300 SF 'F' Building consisting of 17 classrooms, two story building, and the demolition of the existing 'F' building consisting of 12 classrooms, two story building. Includes phasing of abatement, demolition, site, and new improvements, MEP modernization along with various building modernizations to the commons/covered dining, library, and admin buildings. The campus will be occupied during the school year except for the 'F' Building. Other campus buildings will be inaccessible during the school year and the project will need to be phased to incorporate summer work when buildings are unoccupied.

Questions regarding this RFQ may be directed in writing to the Project Manager, Patrick Walsh, at patrick.walsh@cumming-group.com, and must be submitted on or by 2:00 PM, Wednesday, April 15, 2026.

[RFQ FOR ON-CALL WATER ENGINEERING SERVICES](#) **Addenda: 0**
4/29/26 2:00 PM 26-01201 Antioch **Public Works**
Plan Issuer: City of Antioch - Operation & Maintenance Division 925-779-6950 000-000-0000
Contract #: 700-5

The City of Antioch seeks to retain the services of a qualified consulting firm or team to provide professional engineering services in support of its Capital Improvement Program (CIP). These services focus on the City's Water Treatment Plant (WTP) facilities and include planning, condition assessments, design, and construction support for treatment systems and treated water storage reservoirs. The selected consultant will play a key role in modernizing aging infrastructure, enhancing seismic resilience, and ensuring compliance with State Water Resources Control Board regulations. Firms must demonstrate multidisciplinary expertise in civil, structural, and process engineering to effectively support the City's water infrastructure and serve its 119,000 residents.

All questions regarding this RFQ must be submitted via email to Marcus Woodland at mwoodland@antiochca.gov by April 22, 2026, at 2:00 P.M

RFQ FOR: AIRPORT PLANNING AND ENVIRONMENTAL CONSULTING SERVICES AT LIVERMORE MUNICIPAL AIRPORT

Addenda: 0

4/29/26 3:00 PM 26-01191 Livermore

Public Works

Plan Issuer: City of Livermore - Engineering

925-960-4500 000-000-0000

Contract #: 26-418290

Provide Airport Planning and Environmental Services. Federal and State agencies require that projects comply with Federal Aviation Administration (FAA) and California (CalTrans) Aeronautics Airport Improvement Program Procedures and adhere to all laws and regulations pertaining to Federal, State, and local regulations pertaining thereto. The term of the contract will be for five (5) years. Qualified firms shall be appropriately licensed in California, in good standing, and have experience in airport architectural, engineering, and planning services.

SCOPE OF SERVICES

A statement of your firm's interest and qualifications relative to the following is requested:

- Assist in preparation and development of the Airport Capital Improvement Plan (ACIP).
- Prepare necessary applications for Federal Aviation Administration (FAA) grant funding and represent the City in discussions with the FAA regarding the work program, grant requirements, and project documentation.
- Provide airport and aviation-related planning services required by the City to include, but not limited to airport master planning, airport layout plan development, facilities, land acquisition, land use planning, and environmental planning and documentation. The work may be accomplished during multiple grants.
- Environmental studies, assessments, and reports to include requirements of CEQA, NEPA, and associated regulations and representing the City in discussions with regulatory agencies.
- Miscellaneous airport planning and environmental consulting support services as may be required from time to time by the City. These consultant services may include representing the City in all discussions with the FAA regarding the work program, grant requirements, and project documentation.
- Additional projects to include an Electric Utility Master Plan, a complete Utility map for the airport, and planning and environmental for an Airport Innovation Center, a Public Safety Complex, Hangar development, and Advanced Air Mobility/eVTOL infrastructure.

POINT POTRERO MARINE TERMINAL FIRE FLOW TESTING

Addenda: 0

4/30/26 2:00 PM 26-01203 Richmond

Public Works

Plan Issuer: Port Of Richmond - Engineering

510-215-4606 000-000-0000

The Port of Richmond ("Port") is requesting bids from contractors that possess a Fire Protection Contractor (C-16) license to complete fire flow testing of the Point Potrero Marine Terminal's (PPMT) fire hydrants. The locations of the hydrants are shown in Attachment A. All hydrants within PPMT are owned and operated by the Port. The selected contractor shall complete the following:

1. Measure static, residual, and flow rate at each of the hydrants consistent with the National Fire Protection Association (NFPA) 25.
2. Mark the hydrants consistent with NFPA 291.

The selected contractor shall complete the work in accordance with the following:

1. Coordinate with the Port and its tenant to minimize conflict with operations.
2. Provide de-chlorination of water released from fire hydrants.
3. Complete all work within 15 working days of notice to proceed.
4. Provide a written report indicated the results of the test in PDF format.

The Port will provide the following information and materials to the selected contractor:

1. Locations of the fire hydrants as shown in Attachment A.
2. Coordination with the Port's tenants for access.

Any questions from prospective vendors must be submitted via the electronic BidsOnline system no later than 5:00 p.m., April 15, 2026.

NEW [RFP INTERIOR DESIGN CONSULTANT FOR Foothill Family Apartments](#)

Addenda: 0

4/30/26 2:00 PM 26-01384 Oakland

Public Works

Plan Issuer: Oakland Housing Authority

510-535-3110 510-535-3118

Prebid Conf: 4/16 @ 2 PM via Zoom

Contract #: 26-004

The RAMP Housing, Inc. (RAMP) invites proposals from qualified vendors for the Interior Design Consultant for Foothill Family Apartments.

Project Scope:

Construction on the rehabilitation of Foothill Family Apartments commenced on October 20, 2025. The construction period is anticipated to be approximately 12 months, completing in November 2026. The 65-unit affordable housing development has approximately 1,090 square feet of communal space, including a property management office, a community multipurpose room, accessible bathrooms, and a community kitchen. Minimal rehab upgrades are being made to this space.

Deadline for Questions: April 23, 2026, by 2:00 PM (Please submit all questions through the Housing Agency Marketplace eProcurement site, via the following link:

https://ha.internationaleprocurement.com/requests.html?company_id=50863)

RFP Representative: Gisso Fakhri at gfakhri@oakha.org

NEW [RFQ FOR DESIGN-BUILD SERVICES - NEW CONSTRUCTION AT LEITCH ELEMENTARY SCHOOL & MILLARD ELEMENTARY SCHOOL](#)

Addenda: 0

4/30/26 2:00 PM 26-01334 Fremont

School

Plan Issuer: Fremont Unified School District - Facilities & Construction Dept.

510-659-2559 000-000-0000

Contract #: 531-03-12-26

Fremont Unified School District ("District") is seeking to prequalify design-build entities or design-build teams to submit proposals to design and construct the District's New Construction at Leitch Elementary School & Millard Elementary School ("Project"), in accordance with Education Code section 17250.10 et seq. Only respondents that have been prequalified by the District in response to this Request for Qualifications ("RFQ") will be eligible to submit proposals in response to the District's subsequent Request for Proposals ("RFP") for the Project.

PROJECT DESCRIPTION

Construction of a new approximately 24,000 SF school building at Leitch Elementary School and construction of a new approximately 27,000 SF school building at Millard Elementary School with associated sitework and improvements to replace existing occupied school buildings. The Design Build budget, including all fees and allowances, is \$45,000,000 - \$50,000,000.

The project includes phasing of abatement, demolition, sitework, and new improvements in order to transition from the old facilities to the new buildings.

Deadline for Questions: April 16, 2026, by 2:00 PM

4/30/26 2:00 PM 26-01199 Watsonville

School

Plan Issuer: Pajaro Valley Unified School District

831-786-2380 831-728-0136

Pajaro Valley Unified School District (the "District") intends to pre-qualify a limited number of DSA approved project inspectors (each, a "Consultant") to provide project inspection services to, and on behalf of, the District. It is our desire that this RFQ process will enable the District to streamline the process by which Consultants are selected to perform work for the District, which should expedite the provision of needed services to the District. It is our goal to have qualified candidates in Classes 1, 2, 3, and 4 for the District's Measure M Bond Program.

NEW [TRAFFIC SIGNS AND RELATED MATERIALS](#)

Addenda: 1

4/30/26 2:00 PM 26-01296 Various Cities

Public Works

Plan Issuer: Alameda County General Services Agency (GSA)

510-208-9700

510-208-9711

Prebid Conf: 4/9 @ 10 AM via Zoon

Contract #: 902733

Request for Quote: It is the intent of these specifications, terms, and conditions to describe traffic signs and related materials being requested by the County.

The County intends to award a three-year contract (with the option to renew for two years) to the Bidder selected as the lowest responsive and responsible Bidder whose response meets the County's requirements.

SCOPE:

Up-to-date, highly visible traffic signs play a crucial role in directing the flow of traffic, communicating vital information to drivers, and reinforcing traffic laws. The Alameda County Public Works Agency (PWA) has a continual project to maintain and upgrade the network of traffic signs throughout the County. This effort aims to ensure the County roadways remain safe and efficient for the thousands of vehicles and pedestrians that traverse the region each day. PWA requires a Contractor to furnish the necessary materials for the inspection of existing signs, replacement of any worn or damaged signs, and installation of new signage in areas where it is needed.

NEW RFP FOR STORM DRAIN MAINTENANCE ENVIRONMENTAL COMPLIANCE AND PERMITTING Addenda: 0

4/30/26 4:00 PM 26-01383 San Rafael **Public Works**
 Plan Issuer: City of San Rafael-DPW 415-485-3355 000-000-0000
 Prebid Conf: No Pre-Proposal Meeting is scheduled for this Project Contract #: C44F26SD02

The City of San Rafael (City) hereby requests proposals from qualified consultant teams to obtain environmental clearance and necessary permits for performing storm drain maintenance at various locations in San Rafael. The project will require knowledge of the California Environmental Quality Act (CEQA) and other permitting agency requirements applicable to storm drain maintenance work, especially for work occurring within or near bodies of water or other natural habitats. The project will also require familiarity with the documentation and permitting process stemming from experience with similar projects. The consultant will be expected to lead the effort to obtain all necessary information, complete all necessary documentation, and coordinate with regulatory agencies and other entities relevant to this project.

All questions regarding this RFP must be made in writing by April 23, 2026, at 4:00 PM via Bid Express at:
<https://www.bidexpress.com/businesses/39341/home>

NEW RFP HVAC MAINTENANCE SERVICES

Addenda: 0

4/30/26 4:00 PM 26-01371 Concord

Public Works

Plan Issuer: Contra Costa Water District-CCWD

925-688-8300

000-000-0000

Prebid Conf: 4/22 @ 9 AM at Purchasing Officer in front of 1331 Concord Avenue, Concord

Contract #: 2738

Contractor shall provide all labor, tools, equipment and transportation to perform regularly scheduled preventative maintenance inspections and repairs and replacement of equipment at all Contra Costa Water District (CCWD) sites. On Preventative Maintenance (PM) CCWD will pay for filters and material; pricing page for PM's includes labor only.

Contractor responsible for the following:

- (a) following proper guidelines for lock out tagout procedures.
- (b) coordinating shutdowns with CCWD in advance.
- (c) communicating and documenting all equipment findings/deficiencies.
- (d) repairing any damage incurred during the performance of the PM services.
- (e) providing a service report which shall include a copy of the check-off list/and/or worksheets used by the technician.
- (f) providing replacement drawings, if any service performed significantly changes CCWD current drawings.

A California contractor license is required for this work. Provide proof of license. Contractor must carry licenses and NOT subcontract.

- (a) C-36 (Plumbing Contractor)
- (b) C-43 (Sheet Metal)
- (c) C-20 (Warm-Air Heating, Ventilating & Air Conditioning Contractor)
- (d) C-10 Electrical
- (e) C-61/D-21 Machinery & Pumps (optional)

Questions concerning HVAC Maintenance Services should be directed on CCWD's PlanetBids website in Q & A section, and must be received by 4:00 PM PST, April 16, 2026.

NEW RFP JANITORIAL SERVICES

Addenda: 0

4/30/26 4:00 PM 26-01370 Concord

Public Works

Plan Issuer: Contra Costa Water District-CCWD

925-688-8300

000-000-0000

Contract #: 2745

CCWD requires janitorial work to be performed outside of regular working hours (except for the day janitors) or in a manner that will not interfere with the CCWD's normal operations. The Contractor must be able to provide additional services upon request and to accommodate changes in schedule as necessary for special events or meetings.

The Contractor is responsible for backfilling positions when janitors are off work. If Contractor is unable to backfill a shift, or if CCWD determines a backfill is not needed, and no janitor works, then CCWD will not incur charges. Also, CCWD may choose not to backfill behind the Day Janitor, as it is disruptive to service when someone is unfamiliar with the property during business hours. Backfilling for the Day Janitor will be discussed per occasion, and if a backfill does not occur, CCWD will not incur charges for hours not worked.

Questions concerning Janitorial Services should be directed on CCWD's PlanetBids website in Q & A section, and must be received by Thursday, April 16, 2026, 4:00p.m.

Point of Contact: Judy Phan 925-688-8220

2026 GUARDRAIL REPAIR PROJECT - CITY OF PALO ALTO Addenda: 0

SC 5/1/26 3:00 PM 26-01127 Palo Alto **Public Works**
 ONLINE

Plan Issuer: City of Palo Alto - DPW 650-329-2271
 Prebid Conf: Non-Mandatory 4/15 @ 9AM (University Circle Guardrail located at intersection of University Avenue and Alma Street, Palo Alto) Contract #: 197221

Three separate guardrails throughout the City of Palo Alto have been damaged and are in need of repair. Two have been damage with vehicular strikes and one due to concrete spalling and environmental exposure. This project is to demolish and remove the damaged portions of these guardrails and reconstruct them using updated designs and materials. Two of the guardrails will be a part of the base bid and one will be an add alternate.

CAMANCHE SOUTH SHORE WATER TREATMENT PLANT PAVING - EBMUD

Addenda: 0

5/5/26 3:00 PM 26-00051 Valley Springs **Public**

Plan Issuer: EBMUD - Mark Stoller mark.stoller@ebmud.com 209-772-8205 000-000-0000

Prebid Conf: MAND 4/15 @ 8 AM - Site Walk (Meet at Lake Camanche South Shore Recreation Area, Bret Harte Drive, Valley Springs, CA 95252) Contract #: PAR 26-002

It is the intent of these specifications, terms, and conditions to describe the paving services needed to sub excavate and pave the Camanche South Shore Water Treatment Plant truck access. See Statement of Work for complete scope.

SPECIFIC REQUIREMENTS:

1. Proposer shall provide all labor, material, equipment, and trucking necessary to sub excavate, add Class II aggregate base and asphalt approximately 4,000 sq. ft (Section A), with an additional 1,250 sq. ft. (Section B) Scoring will be based on the 4,000 sq ft only. Proposer will be required to do their own take off at the mandatory site walk. Tasks shall include the following
 - a. Sub Excavate 8"-10".
 - b. Off haul all sub-Ex material to our onsite spoils yard approximately 1 mile away from work site.
 - c. Prep and compact subgrade to 90% before adding class II aggregate road base.
 - d. Place approximately 6" of compacted class II aggregate road base to 95%.
 - e. Place and compact approximately 3" of asphalt.
 - f. Install approximately 120 linear feet of asphalt curb.

For information regarding technical specifications, contact James Cottle, Maintenance Specialist III, at: james.cottle@ebmud.com, or by calling (510) 701-3922. Deadline for contractor questions is April 18, 2026.

RFQ OF DESIGN-BUILD ENTITIES FOR THE UPGRADE NURSE CALL SYSTEM AT CCRMC

Addenda: 3

5/6/26	2:00 PM	26-01143	Martinez	\$3,840,000	Public Works
Plan Issuer: Contra Costa County - Public Works Department				925-313-2000	000-000-0000
Contract #: WH516A					

The County of Contra Costa ("County"), through its Capital Projects Management Division of the Public Works Department, hereby gives notice it is issuing a Request for Qualifications (RFQ) to deliver design-build services for the Upgrade Nurse Call System at CCRMC project at 2500 Alhambra Avenue and that the County has determined that all Design-Build Entities ("DesignBuilder") must be prequalified.

Contra Costa Regional Medical Center is a full-service county hospital (OSHPD 1) offering a complete array of patient-centered health care services. The building is 6-story, approximately 200,000 square feet, 164-bed hospital. The existing nurse call system was designed in 1997 and is reaching the end of its life expectancy. The new nurse call system shall provide comprehensive service for the patients and hospital staff, while meeting the latest standards and code requirements and allowing for future flexibility and integration.

Deadline for Questions: April 24, 2026, by 2:00 PM

Contact for Questions: Margaret Thorp, Capital Projects Division Manager, at margaret.thorp@pw.cccounty.us & Jeremy Bordi, Senior Project Manager, at jbordi@kitchell.com

NEW ROUTINE POND MAINTENANCE

Addenda: 0

5/6/26 4:00 PM 26-01382 Brentwood

Public Works

Plan Issuer: Contra Costa Water District-CCWD

925-688-8300 000-000-0000

Prebid Conf: 4/22 @ 9:30 AM at 100 Walnut Blvd., Brentwood

Contract #: 2719

The scope of work is the removal of biomass and silt from the mitigation ponds at Los Vaqueros Watershed and HMU's. This scope of work may also include improvements to the pond's dam and overflow system at the time of grading. The material removed from the mitigation ponds shall be disposed of on site at Los Vaqueros Watershed or LVCL.

Each pond maintenance work is performed up to fourteen (14) ponds. Pond maintenance consists of work in two types of ponds, dry ponds and wetted ponds. This work has defined start dates and completion dates. Work conducted in wet ponds can only occur during the period from September 1 to October 31.

Work conducted in dry ponds can only occur during the period from July 11 to October 31.

The operator of equipment shall follow the Cal Fire Operational Guide for use of Equipment in Grass, Brush or Forest Covered Areas (Cal Fire Santa Clara Unit).

Contractors and all onsite personnel must complete a sensitive species training orientation. Training is required on an annual basis. Training will be conducted by Watershed Staff at no cost to Contractor. Training will take no more than 1 hour.

Questions concerning Pond Maintenance should be directed on CCWD's PlanetBids website in Q & A section, and must be received by 4:00 p.m., (PST), Wednesday, April22, 2026

Thursday, May 07, 2026

JOB ORDER CONTRACTS GENERAL ENGINEERING ("A" LICENSE) DISTRICT WIDE - JOC-048, JOC-049, JOC-050

Addenda: 1

5/7/26 1:30 PM 26-01014 Various Cities

Public Works

Plan Issuer: East Bay Regional Park District-EBRPD

510-544-2301 000-000-0000

Prebid Conf: MAND 3/25 @ 10:30 AM via Zoom

Contract #: JOC-048, JOC-049, JOC-050

A Job Order Contract is an indefinite quantity contract pursuant to which the Contractor may perform an ongoing series of individual Projects at different locations throughout the District. The bid documents include a Construction Task Catalog® containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material and equipment prices and are for the direct cost of construction.

The Contractor will bid two Adjustment Factors to be applied to the Unit Prices. One Adjustment Factor is for performing work during Normal Working Hours, a second Adjustment Factor is for performing work during Other Than Normal Working Hours. The same two Adjustment Factors shall apply to every Pre-priced Task in the Construction Task Catalog®.

PLEASE NOTE: ONLY THOSE PROSPECTIVE BIDDERS WHO HAVE PURCHASED BID DOCUMENTS THROUGH EBPRD PLAN ROOM MAY BID ON THIS PROJECT.

License Requirements: A - General Engineering Contractor

All questions during bidding must be emailed to JOC2026@ebparks.org before 5:00 PM on April 23, 2026.

NEW RFP FISCAL YEARS 2027-2028 (FY27/FY28) CONTROL SYSTEMS INTEGRATION SERVICES **Addenda: 0**
Public Works

5/11/26 4:00 PM 26-01293 Concord, Oakley & Brentwood
 Plan Issuer: Contra Costa Water District-CCWD 925-688-8300 000-000-0000
 Contract #: 2763

CCWD's facilities are monitored and controlled by three independent control systems: one controlling the distribution side, and two controlling the Water Treatment Plants.

The distribution side consists of the Supervisory Control and Data Acquisition (SCADA) system, Remote Telemetry Units (RTUs) based on Schneider Electric PLCs, and radio communication system connecting all field RTUs to the SCADA system.

The control system at the three Water Treatment Plants (Randall-Bold, City of Brentwood and Bollman WTP), each consists of a PLC based system manufactured by Schneider Electric and a Human Machine Interface (HMI) system based on Wonderware.

\$9,630,000

Public Works

Plan Issuer: Wallace Group erikr@wallacegroup.us

805-544-4011

000-000-0000

Prebid Conf: MAND 4/9 @ 10AM (3101 Forest Lake Road, Pebble Beach)

Project includes construction of approximately 3.8 miles of joint utility trench substructure for PG&E electric, AT&T, and Comcast utilities. The joint utility trench substructure consists of conduits, vaults, boxes, pedestals, as well as conduit sweeps at various riser poles throughout the project area. The utility companies will be responsible for installing new power poles, pulling the wires and cables, and removing existing power poles following the installation of the wiring. This work also includes protection of existing utilities and existing utility research by appropriate means identified by the contractor (potholing, etc.).

NEW REQUEST FOR PRE-QUALIFICATION - FIRE STATION 31 PROJECT

Addenda: 1

5/15/26 5:00 PM 26-01353 Danville

Public Works

Plan Issuer: San Ramon Valley Fire Protection District - Administrative Office

925-838-6600

000-000-0000

San Ramon Valley Fire Protection District ("District") has determined that all bidders on the Fire Station 31 Project to be undertaken by the District must be pre-qualified prior to submitting a bid on that project. It is mandatory that all Contractors who intend to submit a bid, fully complete the pre-qualification questionnaire, provide all materials requested herein, and be approved by District to be on the final qualified bidders list. No bid will be accepted from a Contractor that has failed to comply with these requirements. If two or more business entities submit a bid as part of a Joint Venture, or expect to submit a bid as part of a Joint Venture, each entity within the Joint Venture must be separately qualified to bid.

PROJECT INFORMATION

The District will construct a new two-story Fire Station 31 at 800 San Ramon Valley Boulevard in Danville, California. The new facility will have four apparatus bays, an entrance lobby, gym, decontamination room, turnout room, and mechanical and electrical rooms on the ground floor. The second floor will have dormitory rooms, offices, kitchen and dining area, crew office, laundry, restrooms and a dayroom.

The project requires demolition of the existing station and construction of a new station within the existing site limits. The District will relocate the existing fire department equipment and personnel prior to award of this contract.

NEW BICYCLE AND PEDESTRIAN BRIDGE INSPECTION SERVICES

Addenda: 1

5/19/26 2:00 PM 26-01280 Santa Cruz

Public Works

Plan Issuer: City of Santa Cruz

831-420-5200 000-000-0000

Contract #: 0296

The City of Santa Cruz owns and maintains a network of 10 bicycle and pedestrian bridges of varying age, design, and construction type. These structures are critical to public safety and mobility. The city seeks professional engineering services to assess structural conditions, identify deficiencies, and recommend maintenance or rehabilitation actions. The selected Consultant shall perform various tasks and prepare deliverables such as inspection reports, photo documentation, and other deliverables as deemed necessary by the city. The city is soliciting proposals from qualified engineering firms to provide this service within its jurisdiction on a two-year rotation, with half the bridges inspected annually. There are currently 10 bicycle-pedestrian bridges in the city (See Attachment 1). The selected consultant shall perform inspections in accordance with applicable federal, state, and local standards. The contract will run for two years with a two-year renewal option.

Plan Issuer: California State University, Monterey Bay marcmedina@csumb.edu 831-582-4073 000-000-0000

Prebid Conf: MAND 4/30 @ 1:30pm - site - Parking Lot #59 (Off of 7th Avenue and A Street) Contract #: MB-2026003

To select an industry partner to provide all of the custodial services to California State University Monterey Bay, hereinafter referred to as "CSUMB." The services provided CSUMB will include all aspects of custodial services.

RFQ/P FOR CONSTRUCTION MANAGER/GENERAL CONTRACTOR (CM/GC) FOR KEZAR PAVILION RENOVATION PROJECT **Addenda: 0**

5/27/26 3:00 PM 26-01198 San Francisco **Public Works**

Plan Issuer: City & Co of San Francisco - DPW contractadmin.staff@sfdpw.org 628-271-3139 000-000-0000

Prebid Conf: 4/16 @ 11 AM - Informational Pre-Submittal Conference (Please arrive at the Pavilion entrance on Stanyan St., San Francisco) Contract #: 0000010673

San Francisco Public Works ("Public Works") and San Francisco Recreation & Parks ("SFRPD"), which may collectively be referred to as the ("City"), announce a Request for Qualifications and Proposals ("RFQP"), inviting interested parties to submit their qualifications and a competitive proposal to provide preconstruction, construction management, general contracting and value engineering services from trade subcontractors for the SFRPD Kezar Pavilion Renovation Project, collectively referred to as ("Kezar").

The CM/GC's proposals are to include the CM/GC's team of Core Trade Subcontractors to design-build the Mechanical, Plumbing, and Electrical (inclusive of low-voltage, fire alarm, telecommunications audio/visual and security) systems for the Project. The total fixed construction budget limit ("FCBL") is \$85 million, with an estimated direct construction cost at \$70 million.

Questions regarding the RFQP must be submitted in writing, via email, to Alexis Ward at: alexis.ward@sfgov.org. Deadline to submit questions is April 30, 2026, at Noon.

[Fed flags inflation, growth risks from war](#)

Federal Reserve officials warned the Iran war poses two-sided risks, with higher energy prices potentially fueling inflation while weaker growth could hit the labor market. Minutes show policymakers remain divided on the outlook, with some open to rate hikes if inflation persists even as others see risks that could justify easing.

[232 tariff effect on construction costs unclear](#)

The construction industry is facing uncertainty over material costs following adjustments to Section 232 tariffs that raise duties to as much as 50% on goods made almost entirely of steel, aluminum or copper. Contractors are finding it difficult to price jobs accurately, with the impact on project costs varying depending on the amount of tariffed metal in products. Tim Jed of DPR Construction notes that while some materials might see little change, others could experience significant cost increases.

[Data center projects drive March Dodge Momentum Index gain](#)

The Dodge Momentum Index rose 1.8% in March, driven primarily by data center projects, while most other commercial sectors and institutional planning saw declines. Major projects entering planning included the Amazon Data Center Campus in North Carolina and the Microsoft Data Center in Iowa.

[Hyperscale data center lessons for faster construction](#)

Hyperscale data centers are reshaping construction by demanding faster delivery without compromising cost, safety or quality. Mark Whitson of DPR Construction notes that these projects require early decision-making, concurrency in project phases and repeatability in design. Prefabrication and workforce strategy are essential to managing large-scale

projects efficiently. Whitson notes that these lessons are applicable to other industries, ensuring predictable outcomes and operational readiness.

Construction tech startups urged to meet industry needs

The construction industry is increasingly embracing technology, but startups face challenges in meeting the specific needs of builders. Turner Construction's Jim Barrett emphasizes that new solutions must be significantly better than existing ones to justify integration. Granite Construction's Aaron McClellan notes that many tech products are geared towards vertical construction, neglecting horizontal infrastructure. Startups are encouraged to tackle harder problems and gain more industry insight to create more effective solutions.

Biowearable sensors enhance heat safety for workers

Biowearable sensors are revolutionizing safety in the construction and energy industries by providing real-time physiological data to prevent heat stress, dehydration and fatigue. Unlike traditional safety protocols that rely on incident reports, these sensors allow for immediate intervention, protecting workers before injuries occur. Dr. Roozbeh Ghaffari of Epicore Biosystems highlights the potential of biowearables to empower workers with personal health data, improve regulatory compliance and foster a culture of prevention.

Dawn Paquette named CIO of Turner Construction

Turner Construction has named Dawn Paquette as chief information officer, succeeding Warren Kudman. Paquette previously was CIO at GE Aerospace and has held leadership roles at Anthem Blue Cross Blue Shield. "Turner has an incredible legacy and scale, and at the same time there is a clear opportunity to further align technology, data and operations to drive simplicity, better decision making and more consistent execution across the business," Paquette says.

Recap: The biggest infrastructure trends of March 2026

March 2026 saw data centers increasingly bypassing traditional utility grids by building onsite 800-volt DC power architectures and sovereign power solutions like gas turbines and small modular reactors, forcing utilities into a "death spiral" as high-volume customers defect while blue-state governors publicly backed natural gas infrastructure as the only viable near-term answer to AI-driven electricity demand surges. Meanwhile, municipalities are reassessing data center tax incentives as facilities consume massive power and water resources while creating few jobs, driving engineering innovation in dry cooling and closed-loop water systems even as aging water infrastructure faces a trillion-dollar funding shortfall that has made water increasingly unaffordable to both fix and deliver.

Meta uses AI to boost efficiency in US concrete production

Meta is using artificial intelligence to improve cement and concrete development, aiming to reduce costs, enhance efficiency and build supply chain resilience in the U.S. construction industry. The company is collaborating with the University of Illinois at Urbana-Champaign to address sustainability challenges and plans to spend \$600 billion on AI developments over the next three years.

Sundt picked to build theater in San Diego

San Diego City College has selected Sundt Construction to build the Saville Performing Arts Center, replacing the existing Saville Theatre. The new center will feature a 350-seat main theater, rehearsal and dance spaces, recording areas, and improved accessibility. Design approvals are expected by 2027, with construction set to complete by 2030.

Navy SEAL Museum proposed in San Diego

The U.S. Navy SEAL Museum is proposing a \$256 million, large-scale waterfront facility on a former Navy site that would replace its current downtown San Diego location, which was always intended as a temporary preview space. The new project aims to create a significantly expanded, "world-class" destination with room for full-scale exhibits and increased visitor capacity, aligning with long-term plans to grow beyond the existing, space-constrained museum opened in 2025. [Sausalito mandates low-carbon concrete in all new construction](#)

The Sausalito, Calif., City Council has adopted a mandate for the use of low-carbon concrete in construction as part of an update to the energy and building code to meet state law and environmental standards. "Low-carbon concrete standards address emissions from construction materials, specifically concrete, which is a significant source of embodied carbon," says Alexandra Anderson, the city's sustainability and resiliency manager.

INTRODUCTION

Horizontal staging is a suspension scaffold consisting of a platform supported by two essentially horizontal and parallel ropes attached to structural parts of a building or other structure. Additional support may be provided by vertical pickups. This section must be followed in order to minimize the possibility of an accident. In addition, knowledge and implementation of fall protection programs are necessary to be safe when working on staging.

Hook Shaped Stops

- Place hook-shaped stops on each end of staging members (pieces) to prevent them from slipping off the ropes.
- Place hooks so they will prevent the staging members from falling if one wire rope breaks.

Planks:

- Must be at least 14 inches wide.
- Must consist of “structural plank” or the equivalent.

Wire Ropes:

- Don't make the wire ropes so tight that putting a load on the scaffold will overstress the ropes.
- Use a safety factor of at least 6 when determining the size of the wire rope to be used.
- A safety factor is a ratio of how much weight the ropes are designed to hold and the weight they will actually hold during the specific project.
- Follow the wire rope manufacturer's recommendations for number and spacing.
- Place the clamps so the “U” is on the dead end.

NOTE: OSHA suggests placing a hanger or set of falls every 50 feet to pick up the sag of the wire rope. In this case, the cables must be continuous without splices between anchors.

- *Assuming that everyone knows how to do his or her job correctly can lead to an accident.*

Required Fall Protection

- Place a guardrail on all open sides and ends of staging OR
- Install safety nets OR
- Use safety belts and lanyards
- The lanyard **MUST** be tied off to the structure or a separate cable.

Access and Egress

- Provide a safe means of entering and exiting the stage.

FALL PROTECTION

Every time someone needs to work from heights, there must be some sort of system for fall protection.

Personal Fall Arrest System: A personal fall arrest system is used to stop a person from falling all the way. This is different from a **Personal Fall Restraint System:** A personal fall restraint system is used to prevent a person from falling at all. Both include:

- Anchorage
- Connectors
- Body Harness

And may also include:

- A lanyard
- A deceleration device
- A lifeline

In addition, the **Personal Fall Restraint System** may also have:

- Rope grabs designed for the purpose of fall restraint

CONCLUSION

Following the rules on how to set up staging and being sure to use some sort of fall protection will keep staging accidents to a minimum and keep people safe.

Capitol Connection Q&A for Contractors

Week of 4/13/2026

595 Words

By Shauna Krause, President, Capitol Services

Most license questions are complex, others not so much! Whatever may be puzzling you is likely a question I can answer. Together we can find the way. Sometimes experience is key to getting your license, sometimes not. Another contractor learns that a deadline is serious business!..

Q: We are acquiring a contracting business as an asset sale. The license is currently issued to a corporation, and we will be forming a new Limited Liability Company (LLC) instead of a corporation. Can the NewCo qualify as a foreign entity if we want it to be registered as a Delaware entity as its home state? Or must a new CA LLC be formed?

A: Either way is acceptable. Easy!

Q: I have been flipping homes for the last five years. I'm looking to obtaining a "B" (General Building) contractor's license and a "C-15" (Flooring) license. If I have one of the general contractors who assisted me on the flips sign off on my work experience, will the Contractor's State License Board consider my experience, for me to obtain my own license?

A: They will consider it, but it's highly unlikely it will meet the requirement to qualify for your own license. *This is considered owner-builder experience*, and it will only count if you can prove that you were performing trades (framing, flooring, drywall, painting, etc), managing sub-contractors, making construction decisions, and running the job as a contractor. With a General Building contractor on the flip jobs you did, the CSLB will likely assume the general builder was performing these duties. They will most definitely ask you to provide permits that were pulled in your name with inspection reports, and have you complete specific project list forms. Secondly, usually flipping homes is part-time. You are *required to show at least four years of full-time work* experience doing the work at journeyman level or above. So, harder than it looks.

Q: I applied for my license at the end of 2023. I was approved to schedule the exams and took the Law exam in February 2024. I attempted the Trade test a few times but didn't pass, and then I just eventually let the application go void because I got busy. I'm ready to re-apply now, do you think my Law exam results will still be good?

A: It is my understanding that if you never get added to a license, your test results are only valid for two years. Bummer, looks like you just missed the deadline!

Q: We have several HIS (Home Improvement Salespeople) who are waiting on their registrations to go through. They are all out of State so they did the physical cards and mailed them in. One individual forgot the fee, so the prints were rejected, and another individuals were returned for low quality. We've already been waiting for months to get these completed. Is there any way to expedite this process? I thought it was going to be simple!

A: For the two individuals whose fingerprints were rejected, you can have them fly to California and have them do the live scan fingerprinting, and those usually clear within 72 hours. There is no way to expedite the hard copy fingerprint submissions.

While knowledge is power, knowing where to go for the answers is half the battle. Get expert assistance immediately when you call 866-443-0657, email info@cutredtape.com, or write us at Capitol Services, Inc., 3609 Bradshaw Rd, Ste H, #343, Sacramento, CA 95827. Search past columns at www.cutredtape.com
