About CORFAC International

Founded in 1989, CORFAC is a global network of independently owned commercial real estate firms with expertise in office, industrial and retail brokerage, tenant and landlord representation, investment sales, multifamily, property management and corporate services.

As a network, CORFAC has over 900 members in more than 75 offices in the United States and international markets, including Belgium, Canada, Chile, Costa Rica, Dominican Republic, England, Germany, Ireland, Italy, Japan, Kazakhstan, Mexico, Netherlands, Poland, Romania, Russia, Scotland, South Korea, Switzerland and United Arab Emirates.

CORFAC firms collectively close 10,000 lease and sales transactions totaling 750 million square feet of space valued in excess of \$10 billion annually. The average membership tenure of a CORFAC firm is 15 years, which says a lot about the quality, value, and longevity of our network.

In addition to attending our events, many sponsor partners offer discounts and exclusive offers on their products and services to our members. We look forward to sharing more about the value of becoming a CORFAC sponsor partner.

CORFAC holds two national events each year in the spring and fall. On average, between 125 and 150 leading-industry professionals attend for educational sessions, to share best practices, to network for business and to have fun. CORFAC principals and brokers are constantly looking for the newest and best products and services to improve their daily business and productivity. Our events provide an intimate and unique way to interact with our decision-makers while highlighting your products and services. CORFAC conferences are held exclusively for members of our global network.
