The Mid-West Fastener Association is hosting our 44th Fastener Show in its popular Table Top format. This year's event will be held across the upper and balcony levels of the iconic Aon Grand Ballroom at Navy Pier. Fastener suppliers are invited to showcase their products and services at this one-day show.

The Tabletop Show will allow suppliers from across the country to exhibit their products in the heart of the fastener industry. It's often said that face-to-face meetings are the most productive, so take advantage of this great opportunity to showcase your products, source new suppliers, reconnect with industry personnel, and learn about new products and their applications.

The show features suppliers of fasteners, secondary services, heat treating, plating, and a wide range of services supporting the fastener industry. It also serves as a valuable educational resource for those who are new to the field. This economical event allows companies from across the country to travel to the show location, which is easily accessible.
