Member Categories: A Place for Every Business

FPMA membership is built to support every segment of Florida's petroleum and convenience industry. Whether you operate a single store, manage a statewide network, supply essential products, or provide professional services, there is a category designed to connect you, protect you, and elevate your business.

Patron Refiner \$16,392

Patron Refiner - a major oil brand company that operates petroleum refineries, transforming crude oil into fuels and products.

Patron Member \$3,940

Patron member - any member who wishes to deepen their impact and visibility within FPMA may apply to become Patron Members. This elevated status reflects a strong belief in supporting Petroleum Marketer/Jobber members and advancing FPMA's mission statewide. Patron membership includes premium benefits and recognition.

Petroleum Marketer / Jobber (Fee is determined by gallonage sold)

Petroleum Marketer - Any person, firm or corporation who markets petroleum products in the State of Florida and purchases petroleum wholesale, owning and/or operating facilities. FPMA jobber members are the backbone of Florida's fuel and convenience network — connecting supply with service across the state.

Petroleum Marketer/Jobber/Distributor Dues are calculated based on gallonage sold in Florida.

If you sell more than 25,000,000 gallons: $(25,000,000) \times 0.0002$

+

$(\text{Number of Gallons over } 25,000,000) \times \$5.00/\text{per each million gallons}$

> For example, if you sold 30,450,000 gallons, your dues would be: $(25,000,000 \times 0.0002) + (5.45 \times \$5.00) = \$5,027.25$

*Marketer Member dues are capped at \$10,300

*Minimum Marketer Member dues are \$845

Associate Supporter \$845

Individuals or companies that provide essential products and services - to the petroleum and convenience retail industry — excluding petroleum itself. These members support the success of wholesale and retail fuel marketers, food and convenience store operators, and related businesses across Florida.
