Your input is needed!

Which transportation projects should be recommended for funding?

MARC (Mid-America Regional Council) received 118 applications for projects totaling more than \$192 million, and there is only about \$61 million of funding available. Since your tax dollars help pay for the federal and state programs that provide this funding, which projects get funded may affect you and your community. You are invited to share your opinions about the proposed projects.

You can view project applications by organization, by project type and by funding source. Scroll all the way to the bottom of each project page and use the form to submit your comments:

https://gis2.marc2.org/tr_cfp/browseprojects-all.aspx

TRANSPORTATION

Leadership

Quote of the Quarter

“We cannot change our past. We can not change the fact that people act in a certain way. We can not change the inevitable. The only thing we can do is play on the one string we have, and that is our attitude.”

~ Charles Swindoll ~
