INCOMING BOARD CHAIR

When I first joined the Chamber over 15 years ago I never imagined where the road of membership would take me. I joined the Chamber with the purpose of meeting other business owners and people that would expand my business.

After joining the Chamber I was introduced to SantaCaliGon and joined the committee not long after. This event has been my passion for 14 years and has opened many doors to business, civic involvement and most importantly many great friendships.

As we enter this new year my challenge to our members is to get involved. Chamber membership can be the catalyst for many opportunities going forward. I encourage you to attend a business before or after hours, a Chamber luncheon, legislative briefing, or any of the many opportunities offered throughout the year.

Now is a great time to be a Chamber member. I encourage all members to get involved at whatever level is the right fit. The Chamber has many committees and opportunities that need your input and time to make them successful. **Now is the time!!**

Your Chamber is poised to enter 2022 strong and ready to tackle the challenges and opportunities this new year will bring.

The Chamber Board is dedicated to increasing membership, being a strong advocate for business and the community at City Hall, and looking at ways to continue strong community involvement for our members.

It is my honor and privilege to serve as Board Chair this year. I look forward to working with our Board, Chamber Members and the awesome Chamber Staff to make this a great year !

I have met very interesting people while being a part of the Independence Chamber, and I will add Brett Starr, owner of Auto Beauty Center to that list! Brett, a native of Oregon, came to the Midwest, through a set of fortuitous circumstances! A D-I Basketball Player (Oregon State Beavers), Brett came to the Kansas City area to work at Meyers Laboratories. Brett traveled a very circuitous route...living in Hawaii, then LA and then to Blue Springs, MO... to work with Meyers Labs. His spirit of entrepreneurship has been a leading force in his life, leaving his job with Meyer Labs, to follow his next vision. His company, Auto Beauty Center is a one stop service business for automobiles, which is defined by his belief in providing every possible car service for the satisfaction of his customers!

Auto Beauty Center, provides auto body repair, cosmetic repair, paint less dent removal, as well as a detailing service. In addition, Auto Beauty Center has expanded into windshield repair, auto mechanical repairs, as well as rental of cars to customers, bed liners, undercoating and rust proofing. Brett's ultimate satisfaction is seeing the face of an appreciative and happy customer.

Brett has molded his own business after two very well know brands, Southwest Airlines and Beauty Brands. He noted Southwest Airlines employees are always friendly, and helpful and provide customer service extraordinaire! Beauty Brands and their concept was brought to his attention, because his wife and two daughters would travel to one place and find all the services and products needed to keep them as "young and beautiful" as possible! Brett also noted Auto Beauty Center is one of the few companies continuing to provide the Ming Paint Protection Process. He has customers come from great distances to receive that protection service for their vehicles, even from California.

With my work for the Academies of ISD, I was particularly interested in his explanation of himself as an "entrepreneur at heart"! Brett explained that having an entrepreneurial spirit is a person who is willing to take a risk, has a visionary mind, evaluates a business and measures how that business can be made more attractive, to separate it from the competition.

Dillion, the oldest of his three children, also works at Auto Beauty Center. He has done every job at the business and Brett is very proud of the strong work ethic his son has demonstrated. As Brett says, "There are no silver spoons in this family"!

Brett and his wife, who is from Boston, MA, never envisioned living in the Midwest! They have found a "great quality of life" here and really enjoy the friendliness that we Midwesterners offer.

Brett's goal for his company is to create an environment where his customers can receive all the services their cars need, saving them time and money, as well as keeping their cars in the best possible condition, both inside and out. Brett, we are so pleased that you have established your company, Auto Beauty Center, in this area. We, further appreciate your membership in the Independence Chamber of Commerce.

Independence Chamber of Commerce 2022 Membership Directory and Resource Guide

Dear Valued Independence Chamber Member,

In 2021 the Chamber produced a beautiful Directory and Resource Guide. This year we are including more updated stories to attract visitors and new businesses to our area.

The magazine style publication will continue to feature us and why our community is so welcoming and wonderful for business. Readers will also learn why we are so vibrant and inviting for our way of life.

Our gorgeous, quality photos will tell our story. The new publication will be mailed out to all Chamber members as well as distributed to government offices, realtors, hospitals, visitor centers, major area employers, schools and other businesses. We will reach up to 15,000 readers! We also send copies to those requesting various information.

We will have sections on tourism, commerce, education, history, recreation, demographics, transportation, health, along with a detailed membership and business directory.

Reserve a space in your favorite section to promote your business to fellow members, consumers, as well as businesses seeking to relocate. Contact Chamber member Tammie Eason at 417-629-7935 or teason@metromediapublishers.com to secure the best placement in our 2022 publication.

Thank you for supporting the Chamber as we continue to promote our area as a great place to live, work, shop and play.
