YIP OF THE QUARTER SPOTLIGHT

Meet
Jeff Griffith

WHY DID YOU JOIN THE YOUNG INDEPENDENCE PROFESSIONALS?

In July of 2017, I founded the YIPs with a lot of help from the Chamber staff to bring more young professionals into the chamber and get young professionals more active within the chamber. I remember my first day walking into a Chamber luncheon nervous because I did not know anyone. I wanted future young professionals to not have to deal with that feeling. Our group gave young people a chance to make connections with their peers and then when they came to a luncheon, they would already have familiar faces to connect with.

HOW LONG HAVE YOU BEEN A MEMBER OF THE CHAMBER?

About five and a half years

ABOUT YIPS

WHAT IS YOUR FAVORITE THING ABOUT INDEPENDENCE?

I love how unique this city and community is. Independence is a community full of down-to-earth good people with unique businesses that you do not get anywhere else. People step up for each other in this community and work together. That is special. I am so glad that I get be part of this amazing community.

WHAT IS SOMETHING INTERESTING OR UNIQUE ABOUT YOU OR YOUR STORY?

I was born to parents who lived in Independence at the time and while my mother taught in the Independence School District her entire career of over 35 years, we left when I was about 3 years old, and I have not ever moved back to Independence since. But that never stopped us from being part of the community. Independence is where my family has always chosen to spend most our free time. Whether it is restaurants or shopping, my family continues frequent Independence businesses, consistently. And while I do not live in Independence, no one has ever made me not feel part of this community and that is special. Thank you for that!

Member Spotlight

Lynne Baker
Business to
Education Connector

Your eyes scan the room, and among the blond, brown and occasional red headed individuals, your eyes will be drawn back to an unexpected color in the midst. You find the turquoise or bright pink or even a bright lime green, and you know you are about to meet a lovely, beautiful, welcoming and upbeat Charline Gray.

Charline, a member of the Independence Chamber of Commerce, has been a strong supporter of our Chamber, since coming on as a new member. She is from Kansas City, MO and graduated from Metro Tech where she learned the art of hairdressing. It was not long before Charline knew that being a beautician was not her “jam”. She went on to do a variety of other careers, twenty-one years retail management with Casual Corner and twelve years as a personal banker, where she ended as a branch manager. Meanwhile, Charline was married and raising her own family, including her daughter and two of her cousins children who were foster children to her.

One of Charline’s gifts is “gathering” friends along her journey through life. As her daughter became older, Charline’s home became the “center” for her high school age friends. When her daughter’s friends were short on cash, naturally they reached out to the person who had been there for them historically...Charline. Rather than becoming just a financial resource, Charline thought it was important for the girls to learn a better way of living, rather than depending on the generosity of others.

Originally, a cleaning company owned by Charline’s friend, would find employment for the girls. However, Charline, decided in 2015, she would organize her own cleaning company and the girls would realize a greater percentage of income. In May 2022, Charline got the licenses, bonded and insured herself, as a cleaner for commercial businesses. Three months later, she quit her own corporate managerial post to become a full-time owner of The Cleaning Crew of KC.

Asking Charlene what she has learned as a business owner, she gave me a few tips which she has learned over the many years of working:

- As a business owner, you must have a passion for what you do!
- Don’t start a business you don’t know how to do, because, very likely, you will be called upon to step-in and do the job.
- Love people where they are in life! All of us have experienced problems, so it is important.
- To let them know they have value and worth.
- As a business owner, you need to have a position of “servant leadership” so people will know they are valued at work.

Charline is quite active in our Chamber. She told me it is like a “family, where everyone knows your name.... like Cheers”. Charline, in action, illustrates what great networking is all about. She will tell you, it is like “talking to friends and family”.

Charline’s own values and principles have made her a very strong business owner. In August of 2022, she had one account. In less than a year, as of today, Charline is now managing fourteen accounts. Building her business relationships with integrity and honesty has been a cornerstone of her business principles. She also focuses on hiring workers who are transitioning through difficult circumstances. Like each of our Independence Chamber members, Charline brings a unique and experienced insight to her business. She thrives in learning and teaching others to make the most of their own talents, which can lead them to individually have more productive lives! We are glad you are one of us, Charline!

LEAD INDEPENDENCE

The L.E.A.D. class of 2022-23 is drawing near the end. For the past 8 months, the Independence L.E.A.D. class has gained insight to many industries within our community, such as education, health care, government, tourism, social services and economic development. Many were able to meet and build relationships with other talented like-minded Chamber members and leaders in their class throughout the year and beyond. In the end, everyone benefits as the class receives an expanding wealth of information, which in turn helps to achieve a better community for Independence.
