FROM THE BOARD CHAIR

I am looking forward to my second term of serving as Board Chair of the Houston East End Chamber of Commerce for 2024-25. I have been on the Board of Directors since 2016 and have watched it serve businesses and more importantly the people who live and work here in the East End. All our events are well received and the opportunity for networking

gives us all one more reason to look forward to the many exciting events coming this year. Please visit the chamber website to stay up to date on the upcoming events. The annual golf tournament is held at Gus Wortham Golf Course here in the East End and it is my favorite event each year. I have served as the golf tournament co-chair in the past and this year it is an honor to be one of the recognized honorees. Since I attend most of the signature events, I am able to see just how much work it takes to run a successful event, and I am really proud of what the staff has been able to achieve.

The diverse make up of our board which includes maritime industry, banks, restaurants, small and large businesses as well as representatives of many elected officials allow us to have a dynamic team who are well equipped to help make the East End the place to live and work in Houston.

We are committed to continuing to promote and sustain business growth here in the east end and am really pleased to see so many new businesses coming to the east end and joining our chamber. The opportunities, as we move forward, are unlimited and I know the Chamber will be proactive in helping our members take advantage of the future. One of the key ingredients for our future growth is a well-educated workforce and we will be working to enhance our partnerships with our educational board members and growing our scholarship program.

The East End has a rich history and is known for its diversity, great food, small family businesses, thriving industry of Port Houston and our many refineries. It is the place to be. My employer is H-E-B which we believe stands for **Here Everything is Better**. I think that phrase can equally well describe the future of the East End because our Chamber will be working along with all our members to make sure it's better. If you are not yet a member, we hope you will join us because I am convinced our future is bright.

It is an honor to begin my 15th year as the President of the Houston East End Chamber of Commerce. I am proud to work alongside an incredible team of board members, volunteers, community leaders, and staff to drive progress by engaging, educating, and uniting the diverse leaders of our region. For over three decades, the Houston East End Chamber has been a cornerstone of our community, championing local businesses and making connections that make a lasting impact.

Our Chamber stands as a bridge between the East End's rich history and its promising future, with our members leading the charge. Having grown up and remained rooted in the East End, I hold a deep affection for our community. It is a place that feels like a close-knit hometown within the great city of Houston. One of the things I treasure most is the ability to support local businesses—many of which have been fixtures of our neighborhood for decades—while also celebrating the arrival of new business that bring fresh energy and opportunity.

To our members, I extend my sincere thanks for your continued partnership. Your engagement with the Chamber is invaluable, fuels the Chamber's success and strengthens the entire East End community. We truly appreciate your unwavering support!

Our Chamber team is committed to helping businesses thrive by offering a wide range of networking, advertising, educational, and social opportunities over the course of the calendar year. Additionally, we partner with other Chambers and organizations in the East End to create even more opportunities for collaboration and growth. We always welcome your ideas and feedback as we strive to enhance the ways we serve both our members and the wider community.

Looking ahead to the year ahead, I am thrilled about executing our Signature Programs and continuing our education and workforce initiatives. The East End continues to grow with exciting developments and new businesses, and we invite you to join the movement that's driving this growth! If you're not yet a member, consider making 2025 the year you join us. For our current members, I encourage you to deepen your involvement and help us create meaningful change.

It is truly an honor to serve as your President and to carry forward the mission of the Houston East End Chamber— connecting businesses and promoting economic expansion and prosperity in the East End. Together, we are building a foundation for a thriving and dynamic East End, and I look forward to continuing this journey with all of you.

Please feel free to reach out to me anytime at frances@eecoc.org. I look forward to seeing you at one of our many upcoming events and working together to achieve even greater success in the year ahead.

A DEVELOPING COMMUNITY BY KATHERINE MENZER

EAST RIVER DEVELOPMENT

One mile from downtown, at the corner of Jensen and Clinton Dr., the Fifth Ward is home to East River—an emerging 150 acres of urban, mixed-use development. East River has space built for inventors, builders, creators, and connectors, as well as sites for corporate and medical office, high density residential and other uses found in a master planned urban environment. Named the largest mixed-use development in Houston, East River has continued its expansion. With its eclectic charm and industrial landscaping, East River is paving the way for work, play and live, to coincide in Houston's central core, bringing together a multitude of industries and businesses in one place. With over a mile of frontage along Houston's Buffalo Bayou waterfront, East River provides a unique community connection access to this vibrant community asset.

FIFA WORLD CUP

The FIFA World Cup 2026 will be one of the largest sporting events in the history of the world. Seven matches will be played at NRG Stadium over the course of 20 days, from June 14 through July 4. While the seven matches are the main event, the primary ancillary event is the FIFA Fanfest which will be held in East Downtown (EaDo). This will take place over the course of 39 days, from June 12 through July 19. Thousands of soccer fans per day will descend upon EaDo to celebrate the World Cup. It will be a great opportunity to showcase EaDo to residents and visitors from around the world. Event organizers continue to work on the final details and more plans will be available as the event approaches.

PORT HOUSTON

Port Houston has long been a driving force in Houston's economy, managing the public wharves and terminals along the Houston Ship Channel for more than a century. In 2026, Port Houston will move to the Historic Fifth Ward, nestled along the scenic Buffalo Bayou. The relocation is part of the vibrant East River development, a dynamic 150-acre mixed-use project. In collaboration with real estate partner Midway, Port Houston's new headquarters will feature six floors of modern office space, housing key departments such as Government Relations, Community Relations, Legal, Accounting, Business Equity, Economic Development, Human Resources, and more. This move signals a new chapter of growth and innovation for Port Houston and its continued impact on the region's success.

TEJAS BREWERY

Tejas Brewery is located in the heart of vibrant Sawyer Yards, offering three stories of exceptional food, handcrafted beer, creative cocktails, artisan coffee, and versatile event spaces—all with a stunning view of downtown Houston. Known for its locally brewed Tejas Beer, a beloved favorite with a stellar reputation and loyal following, the brewery

and taproom boast an impressive lineup of beers on tap, alongside premium spirits, craft cocktails, a full dining menu, and exclusive Tejas merchandise.

Tejas Brewery is more than just a place for great drinks, it's a cornerstone of the Houston community. Visitors can enjoy guided brewery tours, unwind in a welcoming atmosphere, or gather with friends and colleagues for memorable experiences. Whether it's a casual lunch, dinner, a corporate reception, or catching a game of your favorite sports team on one of the many big-screen TVs, Tejas Brewery has you covered.

NAVIGATION / JENSEN / RUNNELS ROUNDABOUT

EAST END ROUNDABOUT

Following recommendations from the 2011 Second Ward Livable Centers Study, the East End District conducted a thorough East End Mobility Study in 2012, which resulted in the Navigation/Jensen/Runnels Roundabout safety improvement. The roundabout addresses current and anticipated issues, including roadway capacity bottlenecks, dangerous intersection and roadway geometry, and network connectivity, which makes the intersection safer for all users, including pedestrians, bike riders, and drivers. The roadway achieves safety by simplifying turning movements and forcing vehicular traffic to slow as they approach, yielding to pedestrians, bike riders, and drivers who are already moving in the roundabout ahead of them. The East End District is proud to aid in creating a denser, transit-oriented, pedestrian-friendly community in order to accommodate the influx of new commercial concepts as well as improving the community for long standing property owners.

JONATHAN'S THE RUB

COMMUNITY PARTNERS

EAST DOWNTOWN MANAGEMENT DISTRICT

Nestled between Downtown and East End, East Downtown has a unique charm that differentiates this little pocket of Houston. Five of EaDo’s restaurants were featured on the Houston Chronicle’s Top 100 Restaurants in 2023. Visit our multitude of small businesses for mouth-watering Vietnamese, Italian, Tex-Mex, and other restaurant concepts unique to Houston. Shell Energy Stadium is home to the city’s professional soccer teams. Come out to see the Houston Dynamo or Houston Dash play this season! While you are here, walk around on the Bastrop Promenade or Columbia Tap Trail and see what all EaDo has to offer you. We have a little bit of something for everyone.

EAST END DISTRICT

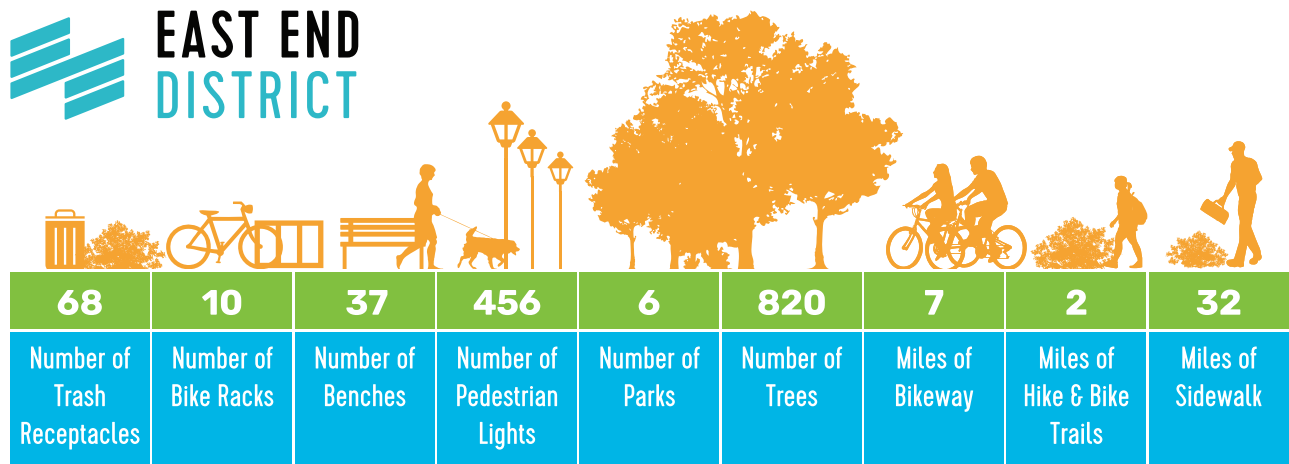

The East End District helps commercial property owners within its 16-square-mile area by controlling litter and dumpsites, removing graffiti, and providing 24/7 security patrols.

The District leads community projects by using local funds along with public grants and private partnerships. Since Fall 2018, 98% of their project costs have been covered by these partnerships, with the District paying the remainder. For every \$1 of local funds spent, the District has raised and invested \$44 from these partnerships. This money supports projects that improve safe access to transit, enhance public green spaces, create pocket parks, and build better-connected hike and bike trails.

With plenty of available land, existing warehouses and former manufacturing spaces ripe for mixed-use developments, as well as opportunities for pedestrianized placemaking and making our roadways safe for those traveling without the use of a car or truck, the East End is an incubator for new businesses to thrive, and a significant place for existing businesses to grow.

CHAMBER MEMBER CONNECTIONS: IGNITING INNOVATION AND GROWTH IN THE EAST END

BY KATHERINE MENZER

At the Houston East End Chamber of Commerce, the excitement of connecting with fellow members is a constant presence in our daily routine, whether through luncheons, expo tables, or even casual email exchanges. There's always a chance to build meaningful relationships that ignite innovation and fuel growth throughout the East End. Here are just a few Member Connections that have made a lasting impact on our local businesses and community.

Alexander "Alex" Sandoval, a Business Development Officer at **METRO**, has spent over 25 years helping small businesses navigate the complexities of public sector procurement. His role is crucial in guiding local entrepreneurs through the process of securing contracts with METRO, connecting them to valuable opportunities and providing the essential support needed to thrive in the competitive world of public sector bidding.

Through his work, Alex has seen countless success stories, including his collaboration with **Frank Vazquez**, President and Sales Manager of **VICO Manufacturing, Inc.**, a local metal fabrication shop and fellow Chamber member. Frank's business had been working with METRO in smaller capacities but found new growth after Alex encouraged him to pursue larger contracts. With Alex's guidance, VICO secured a multi-million-dollar contract with METRO, helping them scale and stabilize their operations. Frank credits much of VICO's success to Alex's mentorship, which helped them unlock their full potential.

Another success story is with **Raquel Boujourne**, Co-founder and CEO of **Indi Construction**, a women-owned business and Chamber member. After meeting Alex

RAQUEL BOUJOURNE, INDI CONSTRUCTION

at a local event, Raquel's company was introduced to a group of construction vendors seeking a Houston-based partner. With Alex's expert guidance, Indi

Construction secured a multi-million-dollar contract for a METRO shelter project, a testament to the impact Alex has on business growth. For him, the most rewarding aspect of his work is seeing small businesses thrive and contribute to the local economy.

We also had the opportunity to speak with **Callie Perez**, CEO of **S&H Manufacturing**, about their long-standing partnership with CenterPoint Energy. S&H, based in Houston since 1957, produces high-quality steel products for electrical infrastructure, supporting the energy sector's growth for the next decade. With a focus on customer trust, supplier diversity, and operational excellence, S&H has solidified its role as a key player in supporting utilities and their end users.

As a family- and woman-owned business, S&H actively participates in **CenterPoint Energy's Supplier Diversity Program**. This partnership has not only expanded their capabilities but also contributed to the local economy through job creation and community support. For over 40 years, S&H has provided innovative solutions, including storm response support, while strengthening their competitive edge through supplier diversity.

Jack May, who oversees **CenterPoint's** supply chain partnerships, speaks highly of S&H, praising their adaptability and reliable service. Jack values working with small businesses like S&H because they offer flexible solutions that larger suppliers often cannot. Their commitment to quality and customer satisfaction has made them an essential partner, particularly during critical

storm seasons, where their local presence allows for faster product delivery. S&H's consistent product quality and reliability make them an integral part of CenterPoint's supply chain.

Another powerful connection was formed between **Rafael Olivo** of **Rockpoint Marketplace** and **Mitchell James** of **L-K Industries**. Rockpoint, a Houston-based business specializing in corporate branding through

embroidery and screen printing, built a meaningful collaboration with L-K Industries, a manufacturer of industrial products. The connection began through email, and their partnership quickly proved to be exceptional. L-K Industries partnered with Rockpoint to produce promotional hats for an upcoming event, and Rockpoint exceeded expectations by delivering the hats needed in just one week, well ahead of the original three-week timeline. For Mitchell, working with a family-owned business

like Rockpoint deepens his appreciation for the sense of community that small businesses foster, while also supporting the local economy and sustaining jobs in Houston's East End.

Lastly, we spoke with **Demetrius Navarro**, Owner of **Navarro Insurance Group**, founded in 1999. Demetrius began his career in 1986 with Cigna, later transitioning into executive/employee benefits, and as of January 2025, expanded into commercial risk products. Navarro Insurance has significantly benefited from its membership in the **Houston East End Chamber of Commerce**, with networking events and opportunities enabling them to connect with business owners and executives throughout the community. Under Nathan Navarro's leadership, the company upgraded to Chamber Founders in 2023, further supporting the Chamber's mission. Navarro Insurance has formed strong partnerships with local businesses, such as

VICO Manufacturing, Inc. and **Indi Construction**, offering employee benefits by consulting and addressing insurance challenges. These partnerships reflect shared values of community support and the growth of small businesses. Navarro Insurance has also worked with **Rebecca Roberts**, President of **All Points Warehouse**, to improve their benefits package with personalized, concierge-level service. As a multi-million-dollar operation, All Points Warehouse values its Chamber connections, which have opened doors to new opportunities and business growth. Through their involvement in the Houston East End Chamber of Commerce, Navarro Insurance has fostered relationships that lead to mutual success, strengthening the local business community.

In addition, Demetrius wanted to take a moment to acknowledge Sam Pineda, who is celebrating his 20th anniversary with Navarro Insurance Group. Sam, a Vietnam War veteran, has been an invaluable asset to the company and to the East End Chamber of Commerce. His active involvement with the EECOC has provided support to the local business community, and he has played a key role in developing relationships with both the Chamber and many of the clients highlighted in this article. Beyond his professional contributions, Sam's dedication to supporting his hometown community is deeply appreciated.

The stories shared here are just a few examples of the countless connections that fuel growth and innovation in the East End. Through collaboration, mentorship, and a shared commitment to supporting small businesses, the Houston East End Chamber of Commerce continues to be a driving force in helping local businesses thrive. These relationships not only empower businesses but also contribute to the ongoing success of the community. Together, we grow stronger and create lasting impact across Houston's East End.
