TRAINING AND EDUCATION TO MEET YOUR BUSINESS NEEDS

Webinars and In-Person Trainings

The Michigan Chamber offers a wide variety of free or discounted webinars and workshops featuring experts and Q&A opportunities on many of the biggest topics or emerging issues facing employers. Most courses are eligible for a range of HR certification or re-certification credits.

Customized Programming

The Michigan Chamber can connect you with trusted consultants to provide on-site or customized training that can be designed to meet your business' specific learning needs. We work together with you and your team to help assess and understand your unique needs and then match you accordingly with those who craft tailored programming to fit your culture and/or industry while making the greatest impact.
