UTILITY BILL REVIEW

The Michigan Chamber can connect members and businesses with a proven program to help assess and significantly reduce utility costs. A comprehensive analysis of current billing, including the complex rules, regulations and tariffs of respective utility providers, can help find savings and refunds – or provide peace of mind. There's no risk and zero obligation.

Discovery

Gather and share with us, one (1) recent bill copy of your electric, natural gas, sewer/water, waste removal, and telecom bills (including wireless and internet).

Analysis

Our expert team further evaluates your billing data, verifies the charges and investigates each line item on your invoices.

Report

Once the analysis is complete, you are provided with a detailed report highlighting savings and refund opportunities.

Savings

Savings and refunds are in your hands – you are given a portfolio of options, implementation is at your discretion.

MI CHAMBER MULTIPLE EMPLOYER 401(K) PLAN – THE MIMEP

How's your 401(K) performing?

The Michigan Chamber offers a Multiple Employer 401(k) plan called MiMEP exclusively to members. It's a great retirement benefits solution for small to medium-sized businesses with 2-150 employees.

With newer federal regulations, employers with commonalities can now band together and have their 401(k) plans treated as a single retirement plan. By participating in the MiMEP, small businesses can offer the same 401(k) benefits larger companies can at a competitive price.

Save money, avoid taking on the administrative costs and challenges of establishing a standalone retirement plan, and be able to offer robust retirement benefits too.

- The MiMEP allows companies to save on 401(k) administrative fees – in most cases up to 50%.
- Enhanced tax credits available, including up to 100% tax credit for plan start-up costs (SECURE Act 2.0 of 2022).
- Reduce your risk along with your administrative time and costs – all while enhancing your retirement benefit offerings.

EMPLOYMENT LAW POSTERS AND PUBLICATIONS

Stay Compliant – We Can Help

Thousands of Michigan employers trust the Michigan Chamber for their labor law poster needs. We consolidate every mandatory state and federal notice into one high quality, easy-to-read 27x30 laminated sheet. Special Bonus: Your purchase includes a 12-month compliance subscription that ensures you are informed of any required changes and either provided a custom, color-fit sticker for your poster or a fully updated poster if necessary.

Go Digital – Ideal for Hybrid and Remote Employees

The Michigan Chamber also consolidates all mandatory state and federal notices into one downloadable and searchable PDF for easy sharing with your remote or hybrid colleagues. You will receive an updated digital packet anytime included notices must be updated or additions are made.

Employment Law E-Handbook – A Must-Have Resource

This virtual guide offers the latest employment law information as well as sample forms and policies from trusted partner and law firm, Miller Canfield. Use the find feature to quickly navigate to the topic you need.

EMPLOYMENT LAW ASSISTANCE

Employment laws are complex and ever-changing, putting businesses at risk for huge financial penalties as a result of non-compliance. Through our partnership with Bodman PLC, Michigan Chamber members can receive free information to protect your business and ensure compliance with current federal and state labor employment laws.

Depend on the Employment Law Assistance for access to information such as:

- New and pending labor and employment laws and decisions which significantly impact your business;
- Protecting your business against discrimination claims in such areas as sex, sexual harassment, race, handicap, age and others;
- Dealing with drugs, alcohol and substance abuse testing in the workplace;
- Maintaining a union-free workplace;
- Avoid employee lawsuits;
- Development of employee handbooks and policies;
- Affirmative action programs;
- Unions, union activity, collective bargaining and arbitration.
