

NURSE ANESTHESIA PRACTICE IN CALIFORNIA'S 58 COUNTIES

Key Takeaways

- Four California counties (7%) rely solely on CRNA anesthesia services: Colusa, Lassen, Modoc, and Trinity.
- CRNAs administer anesthesia independently of physician anesthesiologists in all practice settings in the 51 counties (94%) where surgical, obstetric and trauma services are provided.
- Four counties do not currently offer anesthesia services (Alpine, Glenn, Mariposa, and Sierra)

Updated January 2024

-  CRNAs are the sole providers of anesthesia services
-  CRNAs practice independently of physician anesthesiologists and as Licensed Independent Practitioners (LIPs)
-  No anesthesia services available
