

THE FLORIDA SOCIETY OF ANESTHESIOLOGISTS

ANNUAL MEETING 2023

June 9-11, 2023 | The Breakers | Palm Beach, Florida

PRESIDENT: **Brence Sell, MD**

PROGRAM CHAIRS: **Luis Rodriguez, MD** and **Steven Porter, MD**

FINAL PROGRAM

JOINT PROVIDERSHIP

This meeting is jointly provided by the American Society of Anesthesiologists and the Florida Society of Anesthesiologists.

2023 ANNUAL MEETING

June 9-11, 2023
The Breakers Resort & Spa
Palm Beach, Florida

ABOUT THE FSA

The Florida Society of Anesthesiologists is an educational, research and scientific association of physicians organized to elevate and to maintain the standards of the medical practice of anesthesiology and to improve the care of their patients. Since its founding in 1948, the Society's achievements have made it an important voice in Florida medicine and the foremost advocate for all patients who require anesthesia or relief from pain. For more information about the society, please visit www.fsahq.org.

WELCOME TO THE FSA ANNUAL MEETING

On behalf of the Florida Society of Anesthesiologists, we welcome you to our 2023 Annual Meeting! The theme this year is "Eclectic Diversity"!

Once again, our Program Committee has been led by Luis Rodriguez, MD and Steven Porter, MD. The committee has created an exceptional offering of lectures, workshops, panel discussions, and symposia that will appeal to our diverse members and guests!

Topics include airway management, pediatric, obstetric, geriatric, and cardio-thoracic anesthesia. There will be sessions on environmental issues, cognitive bias and diversity, equity, and inclusivity concerns. A broad range of topics with the latest information to pique everyone's interest!

Our Resident's Track will include sessions on employment contracts, locum tenens employment, and practical advice on "Weathering Turbulent Times in Healthcare". New and innovative uses of peri-operative ultrasound (POCUS) will be covered and there will also be discussions regarding the present and future roles of Physician Anesthesiologists in the Anesthesia Care Team. Another session addresses the advantages and differences between academic and private practice. The basics of anesthesia billing and pitfalls in compliance with regulatory requirements will also be covered.

Another addition this year will be an introduction to the organization and functions of the FSA. Healthcare in the United States is facing many challenges and the future of our profession will depend on our engagement in Legislative affairs. This session will discuss professional citizenship and provide practical tips about getting involved in the FSA and professional affairs. Michael Champeau, MD, the President of the American Society of Anesthesiologists, will also join us this year. He will provide us with an update on national affairs in anesthesia along with new initiatives and programs in our specialty.

As always, our scientific program will end with a perennial favorite: Anesthesia Jeopardy! We thank you for your loyalty, your membership, and your support and we hope you enjoy the 2023 Annual Meeting!

Brence A. Sell, MD, FASA
FSA President

GENERAL INFORMATION

FSA PROGRAM COMMITTEE

Brence Sell, MD, President	Osama Hafez, MD
Luis I. Rodriguez, MD, Program Chair	Jennifer Hochman Cohn, MD
Steven Porter, MD, Program Chair	Asha Padmanabhan, MD
Mo Azam, MD	Yong Peng, MD
Angela Camfield, MD	Alicia Stein, MD
Ryan Chadha, MD	Cindy B. Yeoh, MD

MEMBERSHIP IN THE FSA

The Florida Society of Anesthesiologists has a membership of over 3200 members, and includes not only practicing anesthesiologists, but also residents, research scientists, anesthesiology assistants, nurse anesthetists, and students. The benefits of membership to the FSA are many, and include:

- A supportive environment for practitioners and students of anesthesiology to present their research and to network with others in the profession;
- Participation in the committees and leadership roles that guide the direction of anesthesiology in Florida;
- Representation – through the FSA Political Action Committee – along with relevant, up-to-the-minute information about current state and federal legislative issues affecting anesthesiology;
- Promoting interactions and facilitating mentorships between students, trainees and senior anesthesiologists;

As a state component of the American Society of Anesthesiologists, FSA members must also belong to the ASA. The FSA uses the ASA membership application for state membership. There are several available categories for membership, and you can find your appropriate category on the FSA website at www.fsahq.org/join-fsa.

FSAPAC is the political component of the Florida Society of Anesthesiologists. Federal law as well as Florida state law prohibits associations such as FSA from involving themselves in the political process. Only PACs can participate, and FSAPAC strives to play a key role in shaping the policies important to Florida anesthesiologists. Compensation, regulatory issues, the role of non-physician providers in the practice of anesthesiology – these and other vital issues are the focus of FSAPAC, and the committee provides direct contributions to incumbents, challengers and open-seat candidates for office who have proven that they are willing to listen to FSA's message and share the vision of providing the highest quality anesthesiology care.

To learn more about how to donate to this most worthwhile endeavor, visit the FSA website at www.fsahq.org/donate-fsapac.

Friday, June 9, 2023

9:30 am – 2:00 pm

5:00 pm – 6:30 pm

Saturday, June 10, 2023

9:30 am – 2:00 pm

For any questions, please contact the FSA Meetings Department at michelle@fsahq.org.

ABOUT THIS MEETING

The Florida Society of Anesthesiology Annual Meeting hopes to provide a forum on topics of importance for those in anesthesiology. Participants will be able to hear and participate in discussions on ongoing research, legislative updates, critical care, neuroanesthesia, professionalism, diversity, obesity, and pregnancy.

OBJECTIVES

At the end of this activity participants should be able to:

1. Describe and apply pre-operative cognitive assessments.
2. Explain and apply best practice assessment and management of post-operative delirium and cognitive dysfunction.
3. Communicate and apply best practices on opioid prescribing and administration.
4. Utilize best practices and improve patient outcomes of the pediatric patient with a foreign body aspiration.
5. Update current practices and improve management in development of an acute pain service.

TARGET AUDIENCE

This workshop is designed for anesthesiologists, fellows, residents, and medical students.

ACCREDITATION AND DESIGNATION STATEMENTS

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of American Society of Anesthesiologists and the Florida Society of Anesthesiologists.

The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of **13.50 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

MOCA ACCREDITATION STATEMENT 2023

Maintenance of Certification in Anesthesiology® and MOCA® are registered certification marks of the American Board of Anesthesiology®. MOCA 2.0® is a trademark of the American Board of Anesthesiology®.

This activity offers up to 13.50 CME credits, of which 2.25 credits contribute to the Patient Safety CME component of the American Board of Anesthesiology's redesigned Maintenance of Certification in Anesthesiology® (MOCA®) program, known as MOCA 2.0®.

Please consult the ABA website, www.theABA.org, for a list of all MOCA 2.0 requirements.

COMMERCIAL SUPPORT ACKNOWLEDGEMENT

The CME activity is not supported by any educational grants from ineligible companies.

JOINT PROVIDERSHIP

This meeting is jointly provided by the American Society of Anesthesiologists and the Florida Society of Anesthesiologists.

ANESTHESIOLOGY

TO RECEIVE YOUR CREDITS

This year's evaluation and certificate process are completely electronic. To access the course, claim your credits, complete the activity evaluation and print your certificate, you must log in to the ASA Education Center.

Directions for Claiming Credit

Please follow the directions below to complete the evaluation, claim your credits, and print your certificate.

Once ASA has received the final registration list from the meeting, learners will be enrolled into the FSA course page and a notification will be sent to the email address associated with your ASA account.

- Access the course the course by clicking the link in the email and logging in with your ASA email and password.
- Complete the evaluation, claim credits, and print your certificate.
- If your ABA ID is included in your ASA account, the CME and patient safety credit will automatically be reported to the ABA.

- Forgot your password? Enter the email address on your ASA account at the following link: **<https://www.asahq.org/member-center/forgotpassword>**
- If you no longer have access to the email on your account:
- Contact ASA Member Services at (630) 912-2552 or email info@asahq.org.
- Office Hours: Monday through Friday, 7:30 a.m. to 4:30 p.m. CT.
- Please do not create a duplicate account it will significantly delay credit processing.

If you experience difficulties logging in, don't hesitate to contact **jpmeetings@asahq.org**, we will be happy to assist you.

Deadline to claim credit is December 31, 2023. You will NOT be able to claim credits after this date.

HOTEL FLOOR PLAN

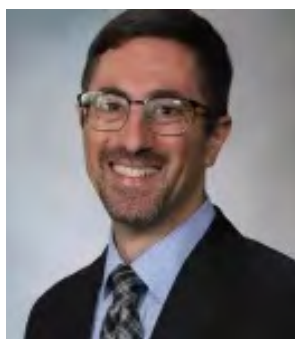

PROGRAM CHAIRS AND DISTINGUISHED SERVICE AWARD

LUIS I. RODRIGUEZ, MD
PROGRAM CHAIR

Luis I. Rodriguez, MD is an Assistant Professor of Anesthesiology. He obtained his Medical Degree at the Universidad Central de Venezuela, Luis Razetti School of Medicine. He moved to the US and completed his anesthesia residency and Pediatric Anesthesia Fellowship at Jackson Memorial Hospital. Joining the University of Miami faculty as a member of the Division of Pediatric Anesthesiology in 2012. Dr. Rodriguez also serves as the Co-Director of Informatics, helping manage the Intraoperative records for Jackson Memorial Hospital. His research interests are using the EMR to improve patient safety and physician quality metrics, awareness and OR efficiency.

Dr. Rodriguez serves as a Faculty Mentor for medical students, residents and fellows. In his free time, he enjoys spending time with his wife Melissa, and children Ignacio and Alejandro outdoors, running, stand-up paddleboard, and camping.

STEVEN PORTER, MD
PROGRAM CO-CHAIR

Dr. Steven Porter is Associate Professor of Anesthesiology in the Department of Anesthesiology and Perioperative Medicine, at Mayo Clinic in Jacksonville, FL. He received his undergraduate degree from Johns Hopkins University and his medical degree from the University of Pennsylvania. He completed an internship in general surgery and a residency in anesthesiology at Mt Sinai Medical Center in New York where he was an Eliasberg Clinical Scholar. He then went on to complete a fellowship in regional anesthesiology and acute pain medicine at Mayo Clinic in Florida where he joined the faculty.

He is the program director for Mayo Clinic Florida's ACGME-accredited Regional Anesthesiology and Acute Pain Medicine Fellowship, the medical director for Mayo Clinic Florida's Quality Academy, and the chair of his hospital's Controlled Substance and Pain Oversight Team. He also sits on his hospital's Risk Management Committee and Mortality Review Committee. He is active at the committee level within the Florida Society of Anesthesiologists, ASA, and ASRA.

ALECIA STEIN
PROGRAM CO-CHAIR

Dr. Alecia L. S. Stein is an Associate Professor of Clinical Anesthesia in the division of Pediatric Anesthesiology at the University of Miami in Miami, FL. She is currently the Associate Program Director of the UM Residency training program, Director of Resident Simulation Education, and Director of Education for the UM/Jackson Memorial Center for Patient Safety. Dr. Stein serves as a faculty mentor to medical students and residents and is a member of the Dean's Faculty Council. Dr. Stein serves on the Florida Society of Anesthesiology Board of Directors as Co-Meeting Chair and Alternate-Delegate to the ASA and is a member of the Education Committee for the

Society of Pediatric Anesthesia.

PROGRAM SCHEDULE

FRIDAY, JUNE 9, 2023

6:30 AM – 7:30 AM	Breakfast	Ponce de Leon 1-3
8:00 AM – 8:45 AM	Intraoperative LMA Utilization: Spontaneous Ventilation Versus Mechanical Ventilation Indication and Concern <i>Yong Gang Peng MD, Ph.D. FASE, FASA</i> » Review standard vs non-standard use and the limitation of supraglottic airway (SGAs) » Discuss the risk of aspiration with SGA and the strategies to mitigate the risk » Translate knowledge into practice: practical consideration of SGA in selective surgeries	Ponce de Leon 1-3
8:45 AM – 9:30 AM	Controversies in Obstetric Anesthesiology <i>Jennifer Hochman MD and Paloma Toledo MD, MPH</i> » To describe the epidemiology of maternal mortality in the United States » To describe the role of safety bundles in reducing maternal morbidity and mortality » To describe current controversies in obstetric anesthesiology	Ponce de Leon 1-3 
9:30 AM – 10:00 AM	A Primer in Geriatric Anesthesiology <i>Michael C. Lewis MD, FASA</i> » Describe demographic trends in the elderly » Outline the normal aging process » Review age-related physiologic changes » Describe some of the unique responses of the aged population to anesthesia/surgery » Outline distinctive tools available to the response of the elderly to anesthesia	Ponce de Leon 1-3
10:00 AM – 10:30 AM	Break	Ponce de Leon 4-6
10:30 AM – 11:15 AM	Pediatric Congenital Cardiac Anesthesia Panel <i>Joseph Dayan, MD, Michael Kuntz MD, and Amanda Saab MD, FAAP</i> » Understand the inherent increased risk involved with anesthetizing patients with congenital heart disease. » Identify major risk factors for patients with congenital heart disease undergoing non-cardiac procedures. » Develop physiologically conscientious anesthetic plans for patients with congenital heart disease	Ponce de Leon 1-3
11:15 AM – 12:00 PM	Pain Management for Oncologic Surgery <i>Anastasia Jones MD</i> » Define the role of regional anesthesia in oncologic surgery based on current evidence » Outline current evidence on multimodal medical management in oncologic surgery » Discuss future directions of acute pain management in oncologic surgery	Ponce de Leon 1-3
12:00 PM – 12:30 PM	Updates in Lung Transplant <i>Harish Ram MD</i> » Review recent changes in lung transplant anesthesia and surgical outcomes » Understand the anesthetic concerns during critical periods of lung transplant surgery » ECMO and anesthesiologist: A case based approach involving patients with end stage lung disease	Ponce de Leon 1-3
12:30 PM – 1:30 PM	Lunch	Exhibit Hall

INDICATE SESSIONS ELIGIBLE FOR MOCA "PATIENT SAFETY" RECERTIFICATION

PROGRAM SCHEDULE

FRIDAY, JUNE 9, 2023

1:30 AM – 12:00 PM	Blink! Recognizing When Our Intuitive Judgements Misguide Us <i>Joni Maga MD, FASA</i> <i>Moderator: Rosemarie Garcia-Getting MD</i> » Recognize differences amongst concepts of diversity, inclusion, and equity » Recall the concepts and relationships of privilege, implicit bias, microaggressions and allyship » Examine implicit bias and identify the ways that it affects how people perceive, evaluate and react to others (as it relates to the workplace) » Recognize the undermining effects of unchecked bias on diversity efforts	Ponce de Leon 1-3
2:30 PM – 3:30 PM	Perioperative Care of the Long Covid Patient <i>Dora Syin MD and Anna Shapiro MD</i> » Review the prevalence, pathophysiology, and multisystem manifestations of Long COVID » Describe the clinical impact and perioperative concerns for patients with Long COVID » Summarize the available data and recommendations for perioperative management of patients with Long COVID	Ponce de Leon 1-3
4:00 PM – 5:00 PM	Abstract Podium Session 1	Ponce de Leon 1-3
5:00 PM – 6:30 PM	Reception	Exhibit Hall

SATURDAY, JUNE 10, 2023

6:30 AM – 7:30 AM	Breakfast	Ponce de Leon 1-3
7:30 AM – 8:00 AM	Break	
8:00 AM – 8:30 AM	Environmental Impact of Anesthesia. <i>Alexander Williams MD</i> » Illustrate the negative effects that plastic waste and anesthetic gasses have on the environment » Analyze current practices that minimize the waste and their efficacy » Plan how we can improve our environmental impact in the future	Ponce de Leon 1-3
8:30 AM – 9:00 AM	Alpha Women of Anesthesiology <i>Ellen Basile DO</i> Lecture Objectives: » Discuss Gender Gaps specific to anesthesiology » Define Qualitative Research » Review Gender Gap study results	Ponce de Leon 1-3
8:30 AM – 10:00 AM	Resident's Track Part 1 Employment Considerations <i>Shena J. Scott MBA, FACMPE and Judith Jurin Semo PLLC</i> » To understand the different types of employment arrangements, and pros and cons of each » Develop a list of pertinent questions to ask future employers to help select one that best aligns with your values and objectives. » To understand contractual considerations when finalizing your employment arrangement. Anesthesia Payments 101: How Your Case Gets Billed and How you get Paid <i>Kelly Dennis MBA, CPC</i> » Learn how anesthesia documentation becomes a claim. » Understand the anesthesia payment formula. » Discuss the disparity between Medicare and Commercial Payers	Gold

PROGRAM SCHEDULE

9:00 AM – 9:30 AM	Calm in the Chaos: Key Strategies for Weathering Turbulent Times in Healthcare <i>Asha Padmanabhan, MD</i> » Develop a personalized self-care plan: Attendees will learn how to prioritize self-care and identify specific strategies to take care of their physical and mental health, even in the midst of a demanding work schedule. » Learn how to manage stress better: Attendees will learn how incorporating mindfulness techniques into their daily life will help them manage stress by helping them focus on what they can control. » Build a supportive network: Attendees will learn how to cultivate a network of colleagues, friends, and family members to lean on during tough times. They'll learn how to identify the people who can support them and how to communicate their needs effectively.	Ponce de Leon 1-3
9:30 – 10:00 AM	Living La Vida Locum <i>Angela Camfield, MD, MS, FASA</i> » Determine if working as an independent contractor fits both your personal and career goals. » Improve your work/life balance at optimal times during your career by working as an independent contractor. » Navigate your negotiation as an independent contractor by applying your knowledge to capitalize the pros and mitigate the cons of work as an independent contractor	Ponce de Leon 1-3
10:00 AM – 10:30 AM	Break	Exhibit Hall
10:00 AM – 10:30 AM	Poster Session 3	South Foyer
10:30 AM – 11:30 AM	Updates in NMBD <i>Lawrence Caruso MD, Fouad Souki MD, and J. Ross Renew MD, FASA, FASE</i> » Identify optimal neuromuscular blockade reversal techniques » Discuss available objective/quantitative monitors » Address strategies to update your practice based on ASA guidelines	Ponce de Leon 1-3 
10:30 AM – 12:30 PM	Resident's Track Part 2 Working in the Anesthesia Care Team <i>Rob Wagner DHSC, MMSc, CAA</i> » The role of the physician anesthesiologist and the non-physician anesthesia provider in the Anesthesia Care Team. » How the Anesthesia Care Team can successfully expand perioperative services Academic Physician vs. Private Practice <i>Zachary Deutch MD, Alecia Stein MD and Ryan Chadha MD</i> » Highlight similarities and differences in private vs academic settings for jobs in anesthesia. » Answer questions regarding approaches to choosing private vs academics. How to Get Involved in FSA <i>Mo Azam MD, MBA, FASA</i> » How to get involved in the FSA - types of committees, leadership positions, running for an election and where to find mentors Q&A	Gold

PROGRAM SCHEDULE

SATURDAY, JUNE 10, 2023

11:30 AM – 12:30 PM	How Current Market Forces have Impacted the Peri-operative Environment <i>Mark Rice MD</i> » Explain the genesis of the current peri-operative staffing challenges » Describe how these staffing challenges directly affect peri-op operations » Understand why operating room construction costs have vastly increased	Ponce de Leon 1-3
12:30 AM – 1:00 PM	Poster Session 4	South Foyer
12:30 AM – 1:30 PM	Lunch	Exhibit Hall
1:30 PM – 2:30 PM	ASA Update <i>Michael Champeau, ASA President</i> <i>Moderator: Brence Sell, FSA President</i> » To learn about topics of ASA members interest including, "Who We Are", ASAPAC Update, advocacy focus areas for 2023, and updates on key member-focused initiatives and programs.	Ponce de Leon 1-3
2:30 PM – 3:00 PM	POCUS Basics: A primer for Peri-operative Ultrasound <i>Cameron Howard MD, MBA, CPE, FASA</i> » Understand the most frequent use cases for POCUS » Appreciate the quality improvement potential of POCUS » Describe the differences between POCUS and formal ultrasound studies	Ponce de Leon 1-3 
3:00 PM – 4:00 PM	Abstract Podium Session 2	Ponce de Leon 1-3
3:00 PM – 4:00 PM	FSAPAC Reception	Gulfstream 1 & 2
4:00 PM – 5:30 PM	Jeopardy <i>Albert J. Varon MD, MHPE, FCCM, FASA</i> <i>Moderator: Christina Moore MD</i>	Ponce de Leon 1-3
5:30 PM – 6:30 PM	Networking Happy Hour	Venetian

DISTINGUISHED SERVICE AWARD RECIPIENT

JON JOHNSON

Jon Johnson formed Johnson and Associates in 1995, which became Johnson & Blanton ten years later. Jon's lobbying and political consulting experience includes diverse areas such as healthcare, managed care, worker's compensation, professional regulation, insurance, telecommunications, utilities and criminal justice.

A dean's list student at Florida State University, Jon entered politics through the Republican Party of Florida, where he served as a fundraiser for significant donors and as a campaign consultant to legislative candidates. At only 20 years old, he was appointed deputy finance director, one of the youngest people in the nation to hold such a position with the party.

Jon went on to serve the administration of Governor Bob Martinez, overseeing the Department of Professional Regulation's external and political affairs, including the public relations office and a selection of members for 32 professional boards.

After his government service, Jon coordinated state agency relations and lobbying as the director of government relations for the Florida Medical Association, assisting the association in developing Political Action Committee campaign strategies and grassroots programs.

POSTER SCHEDULE

FRIDAY, JUNE 9, 2023

South Foyer

10:00am – 10:30am: Poster Session 1

P001: PERICARDIAL WINDOW: AN APERTURE TO ETIOLOGY OF ANEMIA

Harrison I Dermer (University of Miami)

P003: HOW DOES SMOKING AFFECT SURVIVAL IN HEAD AND NECK CANCER? A POPULATION-BASED STUDY ANALYZING SURVIVAL OUTCOMES BY CIGARETTE USE, DEMOGRAPHICS, AND TUMOR CHARACTERISTICS.

Connor B Christensen, BS (University of Miami Miller School of Medicine)

P005: USE OF VENOVENOUS ECMO AS INTRAOPERATIVE OXYGENATION FOR RIGHT-SIDED ESOPHAGEAL AND LEFT-SIDED BRONCHIAL INJURY REPAIRS AFTER MULTIPLE GSW'S

Adriana Grossman, MD, MPH, MHA (University of Miami Department of Anesthesia)

P007: TAVR AND THE TRAGIC SEQUENCE OF UNFORTUNATE EVENTS: CORONARY OCCLUSION, AORTIC DISSECTION, CARDIAC TAMPONADE, AND VASCULAR INJURY RESULTING IN MAJOR INTRA ABDOMINAL HEMORRHAGE.

Madina Akhmetkaliyeva, MD (HCA Florida Kendall Hospital)

P009: LIFE-THREATENING PERICARDIAL EFFUSION LEADING TO CARDIAC TAMPONADE AFTER ANTERIOR AORTOPEXY

Harshvardhan Rajen, MD (HCA Florida Kendall Hospital)

P010: MANAGEMENT OF DIFFICULT INTUBATION IN A PATIENT WITH ANKYLOSING SPONDYLITIS AND CEREBRAL ANEURYSM

Harshvardhan Rajen, MD (HCA Florida Kendall Hospital)

P012: ANESTHETIC CONSIDERATION FOR CARDIAC DISEASE IN PREGNANT PATIENTS

Katherine Medrano, MD (Kendall Regional Medical Center)

P014: ANESTHETIC CONSIDERATIONS AND MANAGEMENT OF EMERY DREIFUSS MUSCULAR DYSTROPHY

Matthew Maggio, MD (Kendall Regional Medical Center)

P016: INTRATHECAL PUMP TREATMENT OF COMPLEX REGIONAL PAIN SYNDROME AFTER FAILED INTERVENTIONAL MODALITIES

Brandon Valls, OMS (Lake Erie College of Osteopathic Medicine, Bradenton)

P017: PERIPHERAL NERVE STIMULATOR FOR THE TREATMENT OF RADIATION INDUCED ADHESIVE CAPSULITIS OF THE SHOULDER

Brandon Valls, OMS (Lake Erie College of Osteopathic Medicine- Bradenton)

P019: THE IMPACT OF A SINGLE DOSE OF INTRAOPERATIVE METHADONE ON POSTOPERATIVE PAIN MANAGEMENT: A RETROSPECTIVE COHORT STUDY

Shahrukh Bengali (University of Florida)

P021: ANALYSIS OF HEALTH ECONOMICS AND PATIENT OUTCOMES FROM STANDARDIZED AWAKE CRANIOTOMY PRACTICES: MOVING BEYOND THE ASLEEP AWAKE ASLEEP TECHNIQUE

Han G Kim (Clinical Research Intern Scholar Program, Mayo Clinic, Jacksonville, FL)

P023: EMERGENT ANESTHETIC FOR PATIENT WITH MYASTHENIA GRAVIS AND HISTORY OF MALIGNANT HYPERTHERMIA

Michael S Ibrahim (University of Florida Health Jacksonville)

P026: TAKOTSUBO/ACUTE STRESS CARDIOMYOPATHY PRECEDING A ROUTINE EGD/COLONOSCOPY SCREENING

Gabriel Garcia Barrera, MD (Cleveland Clinic Florida)

P028: THE ANESTHESIOLOGIST ROLE AND CONSIDERATIONS FOR RECURRENT SUBCLAVIAN PSEUDOANEURYSM FOR LEFT CAROTID-SUBCLAVIAN BYPASS ERODING INTO THE LEFT MAIN BRONCHUS

Elham Shams, MHS (Novasoutheastern University college of Osteopathic Medicine)

POSTER SCHEDULE

P030: ANESTHETIC MANAGEMENT OF FEMORAL ARTERY INJURY DURING TOTAL HIP ARTHROPLASTY RESULTING IN MASSIVE HEMORRHAGE AND COMPARTMENT SYNDROME.

Evan Maisel, MD (HCA Florida Kendall Hospital)

P032: ENHANCED RECOVERY AFTER SURGERY IN EXTREME LATERAL LUMBAR INTERBODY FUSION SURGERY (XLIF): A RETROSPECTIVE ANALYSIS

Juan C Acosta, MD (University of Florida)

P034: FIBRINOLYSIS TRENDS IN DCD VS DBD LIVER TRANSPLANT. A 5-YEAR SINGLE CENTER RETROSPECTIVE STUDY

Eslam Fouda, MD (Department of Anesthesiology, University of Miami, Jackson Memorial Hospital)

P036: A CASE OF UNDIAGNOSED TRACHEOMALACIA AFTER INDUCTION OF ANESTHESIA

Bernardine Cabral (University of Florida)

FRIDAY, JUNE 9, 2023

South Foyer

1:00pm – 1:30pm: Poster Session 2

P002: CURRENT TRENDS AND FUTURE DIRECTIONS FOR OUTPATIENT TOTAL JOINT ARTHROPLASTY: A REVIEW OF THE ANESTHESIA CHOICES AND ANALGESIC OPTIONS

Brian M Osman, MD (University of Miami)

P004: SPINAL ANESTHESIA FOR A 3-MONTH-OLD WITH OSTEOGENESIS IMPERFECTA AND CERVICAL INSTABILITY

Taimoor A Khan (Memorial Healthcare System)

P006: MANAGEMENT OF A PATIENT WITH REFRACTORY SYMPTOMATIC VENTRICULAR TACHYCARDIA FOR ELECTIVE VIDEO ASSISTED THORACOSCOPY FOR SYMPATHETIC CARDIAC DENERVATION

Karina Kohn Cordeiro, MD (Jackson Memorial Hospital/University of Miami)

P008: transcatheter valve-in-valve mitral valve replacement via transapical approach in a patient with an extensive cardiac surgical history and severe pulmonary hypertension: A case report.

Miguel A Escanelle, MD (University of Miami Miller School of Medicine)

P011: POSTERIOR CRANIOTOMY: OVERCOMING AIRWAY CHALLENGES

Tilman Chambers, MD (Memorial Hospital System)

P013: THE IMPACT OF PREOPERATIVE RENAL IMPAIRMENT ON THE INCIDENCE OF POSTOPERATIVE DELIRIUM

Will S Roberts (Nova Southeastern University Kiran C. Patel College of Osteopathic Medicine)

P015: NEUROGENIC PULMONARY EDEMA POST CEREBRAL INFARCT WITH HEMORRHAGIC CONVERSION

Keyan Shasti, BS (Nova Southeastern University)

P018: CHRONIC PELVIC PAIN SYNDROME: A CASE REPORT ON A PATIENT SEEN OVER TELEMEDICINE WITH LIFE-THREATENING PATHOLOGY

Jacob Topfer, DO (University of Miami, Department of Anesthesiology, Perioperative Medicine and Pain Management)

P020: STRIDOR: AN UNUSUAL PERIOPERATIVE DIAGNOSIS

Alexander Hernandez, OMSIII (Edward Via College of Osteopathic Medicine)

P022: PERIOPERATIVE ANESTHESIA CONSIDERATIONS DURING SURGICAL RESECTION OF LARGE PERICARDIAL CYST

Oleg Desyatnikov, DO (HCA Florida Kendall Hospital)

P024: LEVETIRACETAM INDUCED ACUTE LIVER INJURY AND RHABDOMYOLYSIS

William A Perez Morales, MD (Palmetto General Hospital)

P025: PNEUMOCEPHALUS FOLLOWING EPIDURAL ANALGESIA

William A Perez Morales, MD (Palmetto General Hospital)

POSTER SCHEDULE

P027: KRATOM USE AND ANESTHESIA: CONSIDERATIONS FOR PERI-, INTRA-, AND POST-OPERATIVE CARE

Rudresh Patel, BS (Nova Southeastern University Kiran C. Patel College of Osteopathic Medicine)

P029: A CASE REPORT OF BRACHIAL PLEXUS INJURY TREATED BY SPINAL CORD STIMULATOR DEVICE.

Abuzar Baloach, DO (Mayo Clinic)

P031: PERICARDIAL WAFFLE, IT'S WHAT'S FOR BREAKFAST!

Muna Oli (University of Florida)

P033: BI-PLANE ULTRASOUND UTILIZATION IMPROVES ACCURACY AND SAFETY FOR PERIPHERAL VASCULAR ACCESS ON PHANTOM SIMULATION IN ANESTHESIA CLINICIANS

Amanda M Frantz, MD (Department of Anesthesiology, College of Medicine, University of Florida)

P035: URGENT SURGERY IN THE SETTING OF DISSEMINATED MONKEYPOX INFECTION

Jessica V Bonilla, DO (Memorial Healthcare System)

P037: CONTINUOUS STELLATE GANGLION BLOCK AS TREATMENT FOR VENTRICULAR TACHYCARDIA STORM IN A PATIENT WITH LEFT VENTRICULAR MASS

Asad H Bashir, MD (University of Florida)

P038: NEUROLOGICAL SEQUELAE AFTER ELECTIVE THORACIC PSEUDOANEURYSM REPAIR

Mariah Gosling, MD (University of Miami)

FRIDAY, JUNE 9, 2023

Ponce de Leon 1-3

4:00pm – 5:00pm: Podium Session 1

S001: INTRACARDIAC THROMBOSIS DURING LIVER TRANSPLANTATION IN THE SETTING OF RAPID INFUSER OVERHEATING. A CASE PRESENTATION

Gabriela Guanchez, MD (Jackson Memorial Hospital)

S002: COMBINED LUNG AND LIVER TRANSPLANTATION, A CASE REPORT

Hayden Dohnalek, MD (University of Florida College of Medicine)

S003: MULTIMODAL PREHABILITATION TO IMPROVE PATIENT-REPORTED OUTCOMES FOR A FRAIL OCTOGENARIAN UNDERGOING MULTILEVEL LUMBAR SPINAL FUSION SURGERY: A CASE REPORT.

Regina Knudsen, MS (University of Florida)

S004: SOCIAL DETERMINANTS OF HEALTH AND THEIR EFFECT ON POST-OP READMISSION RATES

Carlos A Archilla, MD (Nemours Children's Health)

S005: CASE REPORT: WHISTLING FACE SYNDROME AND CHALLENGES TO ANESTHETIC MANAGEMENT

Taimoor A Khan, MD (Joe DiMaggio Children's Hospital)

SATURDAY, JUNE 10, 2023

South Foyer

10:00am – 10:30am: Poster Session 3

P039: CONSERVATIVE MANAGEMENT OF AN UNCOMMON CASE OF HELLP SYNDROME COMPLICATED BY LIVER HEMATOMA CAUSING GASTRIC OUTLET OBSTRUCTION

Charles Caltagirone, MD (Mount Sinai Medical Center)

P041: UNDIAGNOSED BICUSPID AORTIC VALVE WITH SEVERE AORTIC STENOSIS IDENTIFIED DURING A CABG

Valentina Rojas Ortiz, MD (HCA Florida Kendall Hospital)

P045: CARBON DIOXIDE EMBOLISM IN ROBOTIC HYSTERECTOMY

Kevin Lukose, MD (Memorial Healthcare System)

P046: ANESTHETIC MANAGEMENT OF AN ADULT WITH ISOLATED PULMONARY VALVE ENDOCARDITIS REQUIRING POST-OPERATIVE PERICARDIOCENTESIS: A CASE REPORT

Kevin Lukose (Memorial Healthcare system)

POSTER SCHEDULE

P048: COMPLEX COAGULATION MANAGEMENT IN ADULT LIVER TRANSPLANT

Brandon Lopez, MD (University of Florida)

P050: UNRAVELING THE MYSTERY: A CASE OF BILATERAL PULMONARY EMBOLISM LINKED TO ANABOLIC STEROID USE AND ELEVATED HOMOCYSTEINE

Guillermo Loyola, OMSIII (Nova Southeastern University Dr. Kiran C. Patel College of Osteopathic Medicine)

P052: PERIOPERATIVE CONSIDERATIONS FOR A PATIENT WITH CONGENITAL AFIBRINOGENEMIA

Scott T Golden, DO (Nova Southeastern University College of Osteopathic Medicine)

P054: MODULATION OF THE USE OF SUGAMMADEX AT AN AMBULATORY SURGERY CENTER

Stuart Van Der Greeff, MD (University of Miami)

P056: IMPLEMENTATION OF PROTOCOL IN PACU WITH AMISULPRIDE AS RESCUE TREATMENT FOR REFRACTORY PONV

Giselle Helo, MD, FASA (Envision Physician Services)

P058: AN UNUSUAL POSTPARTUM HYPERSENSITIVITY REACTION TO TRANEXAMIC ACID

Stephan Mouhanna, MD (Memorial Healthcare System)

P060: AORTIC EMERGENCY: DISSECTING THE CONNECTION BETWEEN HYPERTENSION AND AORTIC DISSECTION TYPE B

Guillermo Loyola, OMSIII (Nova Southeastern University Dr. Kiran C. Patel College of Osteopathic Medicine)

P062: BRAIN DEATH DETERMINATION ON VENO-VENOUS EXTRACORPOREAL MEMBRANE OXYGENATOR

Emily Chung, DO (Kendall Regional Medical Center)

P064: DELAYED RECOVERY FROM OPIOIDS AND BENZODIAZEPINES IN SMITH-MAGENIS SYNDROME: A CASE REPORT.

Sae-In Kay, DO (University of Miami / Jackson Health System)

P067: PLANNED VENOARTERIAL EXTRACORPOREAL MEMBRANE OXYGENATION FOR LIVER TRANSPLANTATION IN THE SETTING OF PULMONARY HYPERTENSION

Jennifer Lee, DO (Mayo Clinic Florida)

P069: FABRY DISEASE: A CASE REPORT OF PAIN UNRESPONSIVE TO TRAMADOL BUT SUBSEQUENTLY RESPONSIVE TO GABAPENTIN AND DULOXETINE

Jacob Topfer, DO (University of Miami, Department of Anesthesiology, Perioperative Medicine and Pain Management)

P071: A CASE REPORT OF RARE BIATRIAL MYXOMA RESECTION

Amy Quintero, MD (HCA Florida Aventura Hospital)

P073: PERIOPERATIVE MANAGEMENT OF WILLIAMS SYNDROME IN AN ADULT

Michael I Aguad, MD (Memorial Health System)

P075: THE CURRENT STATE AND SENTIMENT REGARDING ARTIFICIAL INTELLIGENCE (AI) IN NORTH AMERICAN ANESTHESIOLOGY RESIDENCY PROGRAMS: A MULTI-NATIONAL, MULTI-PROGRAM SURVEY.

Tyler V Elliott, BS (University of Florida College of Medicine)

SATURDAY, JUNE 10, 2023

South Foyer

12:30pm – 1:00pm: Poster Session 4

P040: GSW TO THE RIGHT CHEST AND LIVER WITH AAST GRADE 5 LIVER INJURY AND AAST GRADE 5 RENAL INJURY

David McDougal, DO (HCA Florida Kendall Hospital)

P042: WHEN TWO BECOMES THREE: THE IMPORTANCE OF INTRAOPERATIVE TRANSESOPHAGEAL ECHOCARDIOGRAM DURING SURGERY FOR CARCINOID HEART DISEASE

Anna S Jenkins (Mayo Clinic Alix School of Medicine)

POSTER SCHEDULE

P043: ANESTHETIC MANAGEMENT OF A 13 YEAR OLD MALE WITH EPIDERMOLYSIS BULLOSA UNDERGOING GENERAL ANESTHESIA

Ethan T Lubanski, MD (Jackson Memorial Hospital)

P044: A PRE-OPERATIVE FRAILITY SCREEN TO IDENTIFY AT-RISK OLDER ADULTS AND POST-DISCHARGE REFERRAL FOR REHABILITATION

Connor J Voirin, DO (University of Florida College of Medicine-Jacksonville)

P047: ANAPHYLACTIC REACTION TO PROTAMINE DURING CARDIAC SURGERY REQUIRING CARDIAC MASSAGE AND REINSTITUTION OF CARDIOPULMONARY BYPASS

David T McDougal, DO (HCA Florida Kendall)

P049: PERIOPERATIVE MANAGEMENT AND PREEMPTIVE ECMO CANNULATION OF A PARTURIENT WITH CYSTIC FIBROSIS UNDERGOING CESAREAN DELIVERY

Danielle Rioux, MD (Department of Anesthesiology, University of Miami, Jackson Memorial Hospital)

P051: NEW ONSET INTRAPROCEDURAL DIABETES INSIPIDUS: CHALLENGES OF DIAGNOSIS AND TREATMENT IN THE OPERATING ROOM.

Rodolfo Prado Torres, MD (University of Miami / Jackson Memorial Hospital)

P053: CASE REPORT: INTRAOPERATIVE ANAPHYLAXIS TO SUGAMMADEX

Giedre Laurinaitis, MD (University of Miami/Jackson Memorial)

P055: ULTRASOUND-ASSISTED THROMBOLYSIS FOR PULMONARY EMBOLISM AFTER CESAREAN SECTION

Guillermo Loyola, OMSIII (Nova Southeastern University Dr. Kiran C. Patel College of Osteopathic Medicine)

P057: A PARTURIENT WITH VON WILLEBRAND DISEASE (VWD) TYPE 2B FOR EMERGENT CESAREAN DELIVERY

Nicholas Baltera, DO (University of Miami/Jackson Health System)

P059: PULMONARY ARTERY CATHETER ENTRAPMENT DURING AN LVAD CASE

Mariana Rubini Silva Ceschim, MD (University of Miami/Jackson Health System)

P061: PAIN MANAGEMENT IN MONKEYPOX: CASE REPORT

G Castella, MD (University of Miami, Miller School of Medicine)

P063: MANAGEMENT OF ACUTE RESPIRATORY FAILURE FOLLOWING ULTRASOUND GUIDED SUPRACLAVICULAR NERVE BLOCK

Dwayne C Young, MD (Jackson Memorial Hospital/University of Miami)

P065: POST FREE FLAP AIRWAY CONSIDERATIONS

Gianfranco Molfetto, DO (Memorial Healthcare System)

2022 Jeffrey Jacobs, MD, MBA,
FASA

POSTER SCHEDULE

P066: BILATERAL PNEUMOTHORAX AFTER ULTRASOUND-GUIDED PECTORALIS BLOCK

Gianfranco Molfetto, DO (Memorial Healthcare System)

P068: INTRAOPERATIVE MANAGEMENT OF CHANGING MOTOR-EVOKED POTENTIAL DURING SPINAL SURGERY AND MITIGATING POST OPERATIVE CONSEQUENCES: A CASE PRESENTATION

Christopher P Emerson, MD (UHealth, Department of Anesthesiology and Perioperative Pain Medicine)

P070: CURRENT TRENDS AND DEMOGRAPHICS IN LEADERSHIP AT ADULT CARDIOTHORACIC ANESTHESIOLOGY FELLOWSHIPS

Phillip Cifuentes, BA (Florida International University Herbert Wertheim College of Medicine)

P072: A CASE OF STRESS INDUCED CARDIOMYOPATHY FOLLOWING INDUCTION OF GENERAL ANESTHESIA

Rahul Gupta, MD (Cleveland Clinic Florida)

P074: PNEUMOPERICARDIUM IN THE SETTING OF TRACHEO-GASTRIC FISTULA

Juliana Morales, MD (Jackson Memorial Hospital)

P076: AGAINST THE ODDS: SUCCESSFUL LIVER TRANSPLANT IN A PATIENT WITH ACUTE LIVER FAILURE AND INTRACEREBRAL HEMORRHAGE

Sindhura Sharma Bhat (Jackson Memorial Hospital/University of Miami Miller School of Medicine)

SATURDAY, JUNE 10, 2023

Ponce de Leon 1-3

3:00pm – 4:00pm: Podium Session 2

S006: LONG-TERM COGNITIVE DECLINE WITH INHALED ANESTHETICS: A SCOPING REVIEW

Viktor Kunder (Dr. Kiran C. Patel College Of Osteopathic Medicine)

S007: CASE REPORT: AN INNOVATIVE USE OF REMIMAZOLAM AND REMIFENTANIL IN THE MANAGEMENT OF A PATIENT WITH ANTICIPATED DIFFICULT AIRWAY

Bao Tran Ho, DO (Mayo Clinic)

S008: VARIATION IN PERIOPERATIVE BLOOD PRESSURE WITH ADMINISTRATION OF INTRAVENOUS DEXMEDETOMIDINE FOR CATARACT SURGERY UNDER MONITORED ANESTHESIA CARE

Dylan J Shaw, BS (University of Central Florida College of Medicine)

S009: THE ASSOCIATION BETWEEN ANESTHESIA TECHNIQUES AND UNPLANNED HOSPITAL READMISSIONS IN FEMUR FRACTURE REPAIR IN THE US BETWEEN 2016 AND 2020

Alexa Ovalles, BA (Herbert Wertheim College of Medicine)

S010: EVALUATION OF ACTIVATED CLOTTING TIMES WITH A HEPARIN REVERSAL PROTOCOL DESIGNED TO CONSERVE PROTAMINE DURING DRUG SHORTAGES: A RETROSPECTIVE, COHORT STUDY

Kabir Bedi, BS (University of Miami, Miller School of Medicine)

FACULTY AND MODERATORS

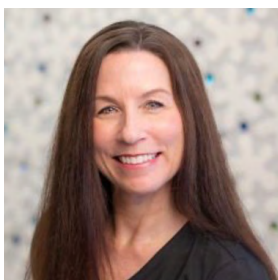

MO AZAM

Dr. Azam is an attending anesthesiologist at AdventHealth Orlando and shareholder physician at US Anesthesia Partners. He has had a strong involvement with national clinical quality and health IT, currently serving on both the national and state Clinical Quality Committee for his practice. He has served as the Director of Liver Transplant Anesthesiology since the program's inception at AdventHealth over a decade ago. His advocacy experience comes from serving as District Director and the Board of Directors for the Florida Society of Anesthesiologist, and co-chairing the Legislative Affairs committee this year.

ELLEN BASILE

Dr. Basile is a pediatric anesthesiologist. She graduated from the Philadelphia College of Osteopathic Medicine, completed her anesthesiology residency at Drexel University, Hahnemann Hospital in Philadelphia and her pediatric anesthesiology fellowship at St. Christopher's Hospital for children.

ANGELA CAMFIELD

Dr. Camfield, MD, MS, FASA is a locum tenen physician anesthesiologist at Oklahoma Children's Hospital at OU Health. Dr. Camfield is an active East District Director for the Florida Society of Anesthesiologists (FSA) and a member of three active FSA committees. She has presented in the FSA's "Hot Topics in Pediatric Anesthesia" webinar series, 2022 FSA annual meeting MOCA lectures, and ASA's Advance Business Event 2023. She is an active member of the Society for Pediatric Anesthesia, the Congenital Cardiac Anesthesia Society, and the Society for Pediatric Pain Medicine.

LAWRENCE CARUSO

Dr. Caruso is currently Associate Professor of Anesthesiology and Physician Director of Quality for Department of Anesthesiology at the University of Florida. Has special interest in Neuromuscular blockade management, patient safety, human factors, and clinical decision-making.

RYAN CHADHA

Dr. Chadha, M.D. is a consultant and Assistant Professor of Anesthesiology and Perioperative Medicine at the Mayo Clinic in Jacksonville, FL. He is member of the liver transplant division and currently the Division Chair of Multispecialty Anesthesiology at Mayo Clinic in Florida. He is the Vice-Chair of Mayo Clinic Florida Hospital Practice Subcommittee and Vice-Chair of the tri-site Mayo Clinic School of Medicine Student Promotions Assessment and Review Committee (SPARC).

FACULTY AND MODERATORS

MICHAEL CHAMPEAU

Dr. Champeau, M.D., FASA, adjunct clinical professor of anesthesiology, perioperative and pain medicine at Stanford University in Palo Alto, California, and president of Associated Anesthesiologists Medical Group, is president of the American Society of Anesthesiologists (ASA). Dr. Champeau is a member of ASA's Executive Committee and Administrative Council.

JENNIFER HOCHMAN COHN

Dr. Hochman Cohn is an Assistant Professor of Anesthesiology at the University of Miami Miller School of Medicine. She is the Chief of Obstetrical Anesthesiology at Jackson South Medical Center and the Associate Director of the Preoperative Anesthesia Testing Unit.

JOSEPH DAYAN

Assistant Professor

Departments of Anesthesiology and General Pediatrics.

A dual trained and works specifically in the Divisions of Pediatric Cardiac Anesthesiology and Pediatric Critical Care. He is a part of a specialized cardiac team that provide surgical and anesthetic care for children/adults born with congenital heart disease at the Holtz Childrens' Heart Center at Jackson Memorial Hospital in Miami, Florida. Dr. Dayan is an active educator at the University of Miami Miller School of Medicine. He provides both didactic and hands on clinical training for UM medical students. He currently holds active board certification in all four specialties.

ZACHARY DEUTCH

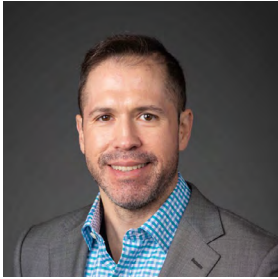

Dr. Deutch is a faculty member at the UFCOM-Jacksonville with interest in ambulatory and regional anesthesia, as well as in perioperative operations and practice management. He is active in the ASA and the FSA, serving on a number of committees for both societies, and is an ASA delegate at-large. He is also on the editorial board of the ASA Monitor.

KELLY DENNIS

Kelly Dennis has over 34 years of experience in anesthesia coding and billing and speaks about anesthesia issues nationally. She has a Master's Degree in Business Administration, is a certified coder and instructor through the American Academy of Professional Coders. She is also a certified healthcare auditor and owns her own consulting company, Perfect Office Solutions, Inc.

FACULTY AND MODERATORS

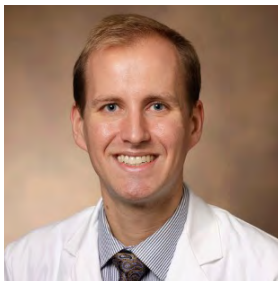

CAMERON HOWARD

Dr. Howard is the district director of enhanced recovery in the Memorial Health System and the Vice-Chief of Anesthesiology at Memorial Hospital West. He is core faculty for the MHS Anesthesiology residency and serves on the Admissions, PEC and CCC committees.

ANASTASIA JONES

Dr. Jones is an Assistant Faculty at Moffitt Cancer Center in the Department of Anesthesiology, and an Assistant Professor at the University of South Florida. Dr. Jones's research interests include acute pain management in cancer surgery, disparities in acute pain treatment, and regional anesthesia to facilitate functional recovery post-surgery.

MICHAEL KUNTZ

Dr. Kuntz is on the faculty at Vanderbilt University Medical Center, in the Division of Pediatric Cardiac Anesthesia. He serves on the Department of Anesthesiology Faculty Council, the Pediatric Heart Institute Quality Council, the Department of Anesthesia Grand Rounds planning committee, and as division representative to the Center for Evidence Based Anesthesia.

MICHAEL LEWIS

Dr. Lewis is the Chair of Anesthesiology at Henry Ford Health and interim chair at Michigan State University. He has held leadership positions in various professional societies, including the Florida and Michigan Societies of Anesthesiology, Society for Education in Anesthesia, and the American Society of Anesthesiology. Dr. Lewis has been recognized for his contributions to the field of geriatric anesthesia, and he serves as the President of the Society of Academic Associations of Anesthesiology and Perioperative Medicine.

JONI MAGA

Dr. Maga is an Associate Professor in Clinical Anesthesiology at the University of Miami/ Miller School of Medicine. She also holds multiple leadership roles within the University and the Department of Anesthesiology, heads the UM/JMH Center for Patient Safety, and serves as Vice Chair in the Department for quality and process improvement as well as Vice President for the University of Miami Hospitals and Clinics medical staff.

FACULTY AND MODERATORS

ASHA PADMANABHAN

Dr. Padmanabhan, MD, FASA currently serves in several leadership roles including Medical Director of Anesthesiology, Vice President of the Florida Society of Anesthesiologists and Chair of the Committee on Women Anesthesiologists for the American Society of Anesthesiologists.

YONG GANG PENG

Dr. Peng, M.D., Ph.D. FASE, FASA Chief of Cardiothoracic Anesthesia division and Professor of Anesthesiology at the University of Florida Health. His clinical and research interests included hemodynamic monitoring and management of complex cardiovascular procedures. He is also interested in perioperative echocardiography and POCUS training.

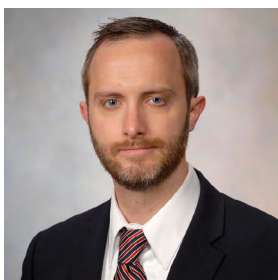

STEVEN PORTER

Dr. Porter is Associate Professor of Anesthesiology in the Department of Anesthesiology and Perioperative Medicine, at Mayo Clinic in Jacksonville, FL. He is the program director for Mayo Clinic Florida's ACGME-accredited Regional Anesthesiology and Acute Pain Medicine Fellowship, the medical director for Mayo Clinic Florida's Quality Academy, and the chair of his hospital's Controlled Substance and Pain Oversight Team. He also sits on his hospital's Risk Management Committee and Mortality Review Committee. He is active at the committee level within the Florida Society of Anesthesiologists, American Society of Anesthesiologists, and American Society of Regional Anesthesia.

HARISH RAM

Dr. Ram is currently an associate professor at the University of Miami. He is affiliated with the Miami Transplant Institute and is in the forefront of a robust lung transplant program that is rapidly growing. Dr. Ram also serves as the director of medical student clerkship for cardiac anesthesia, teaching clinical anesthesia in the operating room to medical students, residents and fellows. He is certified with the American Board of Anesthesiology and is a Diplomate of National Board of Echocardiography.

J. ROSS RENEW

Dr. Renew is currently an Associate Professor of Anesthesiology at Mayo Clinic Florida. Dr. Renew serves as the Vice Chair of Research and Associate Program Director for the department's residency program. His research interests involve neuromuscular blockade and monitoring, transesophageal echocardiography, and caring for the cardiac patient undergoing non-cardiac surgery.

FACULTY AND MODERATORS

MARK J. RICE

Dr. Rice is Professor of Anesthesiology and the Executive Vice Chair at Vanderbilt University Medical Center in Nashville, Tennessee, as well as being on the American Board of Anesthesiology's MOCA Minute Committee editorial board. He has published over one hundred research articles, reviews, and editorials, mostly regarding the use and statistical analysis of various glucose and hemoglobin POC devices. Dr. Rice holds nine US patents.

SHENA SCOTT

Shena J. Scott, MBA, FACMPE, Founder & CEO of Scott Healthcare Consulting, Inc., has been actively involved in medical group practice administration for over thirty years. Ms. Scott assists anesthesia practices and hospitals to align incentives and modify staffing expectations to minimize the need for facility support and optimize utilization of scarce and expensive anesthesia resources. She currently serves as Vice Chair of the American Society of Anesthesiologists (ASA) Committee on Practice Management and is a frequent lecturer at ASA, MGMA and other conferences.

JUDITH SEMO

Judy Semo is an attorney in private practice in the Washington, D.C. area specializing in health care law and representation of physicians and, in particular, anesthesiologists. As counsel to anesthesiology practices and anesthesiologists nationwide, she has extensive experience in business and legal issues relating to medical practice and anesthesiology, including negotiating contracts with hospitals and ASCs & negotiating employment agreements.

ANNA SHAPIRO

Dr. Shapiro is currently a Senior Associate Consultant at Mayo Clinic Florida in the Department of Anesthesiology and Perioperative Medicine and the Department of Critical Care Medicine.

FOUAD SOUKI

Dr. Souki is an Associate Professor and Director of the Abdominal Organ Transplant Anesthesia Fellowship Program at Jackson Memorial Hospital/ University of Miami. Dr. Souki has authored several peer-reviewed articles and book chapters. He has particular interest in monitoring and management of neuromuscular blockade and has lectured about it on several occasions.

FACULTY AND MODERATORS

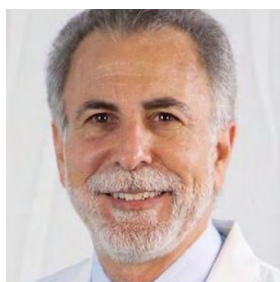

DORA SYIN

Dr. Syin joined the Mayo Clinic Florida in 2018, where she currently works as an anesthesiologist intensivist with joint appointments in the Department of Anesthesiology & Perioperative Medicine, the Department of Critical Care Medicine, and Department of Transplant Medicine. She is passionate about medical education and has been actively involved in residency and fellowship program leadership, curriculum design, and performance evaluation improvement. She is a strong advocate for diversity, equity, and inclusion in critical care.

PALOMA TOLEDO

Dr. Toledo is an obstetric anesthesiologist at the University of Miami. Her research has focused on improving the quality and safety of care for women delivering infants in the United States and reducing peripartum racial/ethnic disparities. She is a past chair of the FAER Board of Directors, was the ASA liaison to the ACOG Council on Patient Safety in Women's Healthcare, and her research has been funded by the Robert Wood Johnson Foundation, the Agency for Healthcare Research and Quality, and the National Institute on Minority Health and Health Disparities. She is an Executive Editor for Anesthesia & Analgesia.

ALBERT J. VARON

Dr. Varon is Miller Professor and Vice Chair for Faculty Development in the Department of Anesthesiology at the University of Miami Miller School of Medicine, and Chief of Anesthesiology at the Ryder Trauma Center. He is also Immediate Past Chair of the ASA Committee on Trauma and Emergency Preparedness. Dr. Varon is a Fellow of both the ASA and the American College of Critical Care Medicine and a founding member of both, the Society of Critical Care Anesthesiologists and the Trauma Anesthesiology Society.

ROBERT WAGNER

Dr. Wagner has been a CAA for 32 years working in the Anesthesia Care Team. Over the decades he has been the President of the American Academy of Anesthesiologist Assistant (AAAA) from 2000-2004, and then again in 2009. He has served on the AAAA Board of Directors and has been on numerous American Society of Anesthesiologists committees, including the ACT committee. In 2005, he joined Nova Southeastern University (NSU) to start the first AA program in Ft. Lauderdale, FL., and then additional AAs programs in Tampa (2009), Jacksonville (2020), and Denver (2022).

ALEXANDER WILLIAMS

Dr. Williams is a resident that is currently finishing his PGY-3 year at the University of Miami/ Jackson Health System Anesthesiology Residency program. He is interested in cardiothoracic anesthesia.

SunMed (formerly Vyair Medical) is a leader in medical device manufacturing, offering one the most comprehensive portfolios of consumable anesthesia products. SunMed offers a complete line of anesthesia circuits, laryngoscopes, ET Tubes, supraglottic airways, patient monitoring supplies and the SuperNOVA - Nasal Positive Pressure Device.

TeamHealth

Booth #105

<https://www.teamhealth.com/join-teamhealth/>

At TeamHealth, our purpose is to perfect the practice of medicine, every day, in everything we do. We are proud to be the leading physician practice in the U.S., driven by our commitment to quality and safety and supported by our world-class operating team.

UF Health

Booth #110

<https://ufhealth.org/>

Being at UF Health means working with one of the most prominent and respected academic health systems in the Southeast. Here, you'll be part of a team that is on the leading edge of medicine and at the forefront of Discovery. Forbes ranks us as one of Florida's "Best Places to Work".

University of Miami Health Systems

Booth #401

<https://umiamihealth.org/about/why-choose-uhealth>

UHealth – University of Miami Health System delivers leading-edge patient care by the region's best doctors, powered by the groundbreaking research of the University of Miami Leonard M. Miller School of Medicine. As South Florida's only university-based medical system, UHealth is a vital component of the community that is leading the next generation of health care.

UHealth combines exceptional patient care, breakthrough research, and novel education to create an innovative approach to health care. Within the UHealth system, patients can participate in clinical trials and benefit from the latest discoveries that are fast-tracked from the laboratory to the bedside.

UHealth is made up of more than 1,800 providers and scientists who are highly trained specialists focused on providing state-of-the-art medical care. From diagnosis to treatment and follow-up, physicians work in teams to deliver care that is tailored to each patient.

Patients from around the world turn to UHealth in their search for expert care from our top ranked physicians. UHealth is home to the number one eye hospital in the United States, Bascom Palmer Eye Institute, the only NCI-designated cancer center in South Florida, Sylvester Comprehensive Cancer Center, a pioneering minimally invasive cardiac surgery program, and offers expertise in more than 100 medical specialties. UHealth's comprehensive network also includes more than 30 outpatient sites in Miami-Dade, Broward, Palm Beach, and Collier counties, including The Lennar Foundation Medical Center.

UHealth – University of Miami Health System is ranked among the best hospitals in the region by 2022-23 by U.S. News & World Report, earning High Performing ratings for 11 areas of care. Hospitals that earned a High Performing rating were significantly

EXHIBITOR PROFILES

better than the national average, as measured by factors such as patient outcomes, complication rates, patient experience, and level of nursing care.

US Anesthesia Partners

Booths #207 & #209

<https://www.usap.com/>

USAP was built by physicians, for physicians. Our single focus on your specialty means that you are not lost in the bureaucracy of a larger, mixed-specialty organization. When you become a part of USAP, you become part of a group of over 1500 dedicated anesthesiologists focused on one thing-- providing the best quality anesthesia care in the country.

This image shows a full page of blank, lined paper. It features approximately 28 horizontal blue or grey lines spaced evenly apart, typical of notebook paper. The lines extend across the entire width of the page, leaving small margins at the top and bottom. There are no vertical lines, text, or other markings on the page.

"We came together to combine our resources to build a more resilient practice supported by business, clinical and financial experts."

We are stronger together as a sustainable partnership of practices—sophisticated, high quality, each with their own local governance."

—Sherif Zaafran, MD
USAP Physician Owner
Vice-Chair, Gulf Coast
Clinical Governance Board

Learn more about becoming part of the highest quality anesthesia group with locations across the U.S. and advantages like superior support infrastructure, single-specialty focus, work-life balance and partnership opportunities.
