Michael Fernandez
Department Chair/Instructor
Logistics, Materials and Supply Chain Management
Alvin Community College
3110 Mustang Road
Alvin, TX 77511

Mr. Fernandez,

The Pearland Chamber of Commerce has assisted ACC in the development of their Logistics Program through my membership on their Advisory Committee.

The Pearland Chamber of Commerce supports Alvin Community College's (ACC) efforts to develop new short-term Manufacturing Skills Standard Council (MSSC) credentialed certifications in the logistics field. The two courses identified articulate into both the Logistics Certificate I and Certificate II and the A.A.S. Degree.

Upon completing the Introduction to Business Logistics course, students can take the MSSC Certified Logistics Associate Exam. Additionally, upon completing the Introduction to Business Logistics course and the Warehouse and Distribution Center Management course, students are eligible to take the Certified Logistics Technician Exam. These mirror courses available to both continuing education and credit students will be offered to start August 2022.

Funds will be utilized to develop and align the curriculum with MSSC requirements, instructional design, and instructor/employee travel to a related industry conference.

Sincerely,

A handwritten signature in black ink that reads "Jim Johnson". The signature is written in a cursive style with a large initial "J".

Jim Johnson, CCE, IOM
President and CEO
Pearland Chamber of Commerce
