PEARLAND CHAMBER ENDORSES PEARLAND ISD'S PROP A

Pearland, TX, October 18, 2021 —

The Pearland Chamber of Commerce supports Pearland ISD's Prop A on the November 2 ballot.

As the Voice of Business, the Pearland Chamber has a long history of advocating for businesses. Those businesses recognize the importance of high-quality education in the development of our workforce. Prop A will result in a nearly \$7.4 million increase in funding for the District, while still decreasing the total tax rate by 0.33 cents.

"The additional funds will ensure programs like Turner High School, dual language, and the G/T Academy continue in our district. All of these programs should be safeguarded so that we create the next generations of workers in Pearland," explained Jim Johnson, the Chamber's President and CEO.

The Pearland Chamber of Commerce is an independent 501(c)6 nonprofit organization with a mission to serve business and promote growth.
