ABOUT US

The Indigenous Chamber of Commerce is a unique organization, with a unique, and growing membership. The businesses and organizations that belong to the ICC are Indigenously owned businesses, companies that work within the Indigenous community, or organizations that provide support or services to our community.

As the “Voice of Indigenous Business in Manitoba”, the ICC represents these businesses to ensure that they have an opportunity to play a significant and relevant role in the economic development of this Province.

We have a proud list of members who are impacting business and business decisions in this province. Over the years, we have also built a strong list of partners in the business community, who support our mandate and who make a genuine effort to work directly with our members.
