ABOUT US

The Indigenous Chamber of Commerce is a unique organization, with a unique, and growing membership. The businesses and organizations that belong to the ICC are Indigenously owned businesses, companies that work within the Indigenous community, or organizations that provide support or services to our community.

As the “Voice of Indigenous Business in Manitoba”, the ICC represents these businesses to ensure that they have an opportunity to play a significant and relevant role in the economic development of this Province.

We have a proud list of members who are impacting business and business decisions in this province. Over the years, we have also built a strong list of partners in the business community, who support our mandate and who make a genuine effort to work directly with our members.

2023 Conference & Joint Venture Symposium

In the spirit of building partnerships between Indigenous and Non-Indigenous businesses, the Indigenous Chamber of Commerce is proud to present the 2023 Moon Naasaasyii (partner) conference and joint venture symposium.

The ICC is excited to share with you the unique opportunity to participate in an event where you will engage with industry leaders who have successfully completed joint ventures and established strong partnerships between Indigenous and Non-Indigenous businesses alike.

The ICC conference and symposium is more than just an information sharing event, it includes a business oriented afternoon that will provide you with opportunities to learn and collect resources to help you succeed or identify your next joint venture. Ending the evening with the ICC annual gala, allowing you to relax and enjoy time in the company of your new prospective partnerships.

If you are a business who has previously engaged in a successful joint partnership and have current opportunities available, we invite you to look over our vendor package and contact us to secure your spot at this event.
